#### ROBBED.

TREASURER VICE OF THE HOME AID ASSOCIATION SKIPS OUT.

GONE WITH THOUSANDS.

In Eighteen Months Kansas City Folks Paid in \$11,000, of Which Very Little Fver Went Back to Them-All the Cash Carried Off by the Rescally Fraud-Was a Missouri Corporation.

KANSAS CITY, Sept. 25 .- Charles H. Vice, treasurer of the Home Mutual Aid association, which had offices in the Temple block at Missouri avenue and Walnut streets, has disappeared and taken with him the books of the association and thousands of dollars which have been wrung from the publie by false representations within the past eighteen months. He left not a dollar in the treasury with which to pay the claims against the association.

All that he did leave was several bushels of printed matter, a cheap desk and a couple of chairs in a bare, uncarpeted room.

The Home Mutual Aid association was incorporated under the laws of Missouri, February 14, 1894. Its first officers were Frank Sullivan of Edina; Mo., president; M. D. Hollister, Kansas City, secretary; C. H. Vice of Edina, treasurer, and W. C. Hollister of Edina, financier. It was incorporated as a fraternal beneficial order. It insured men and women between the ages of 14 men and women between the ages of 14 and 55 years. An insurance policy for \$1,000 in the concern cost the insured \$3 a month, and for that he got \$1 a day during sickness, not exceeding ninety days in any one year, and \$1 a day when temporarily disabled by accident. If he was totally disabled he got the full amount of his policy, or the full amount was paid to his beneficiary at death. The benefits to wom in members were as liberal as to men.

Before the association was a year colonel Adonis Anderson, an aged justice of the peace of Mendon, Mo., because its president, J. F. Snow was made vice president, T. J. Randolph secretary, W. L. Griggs attorney and Dr. C. A. Ritter, supreme medical director. Vice was always its treasurer. August 26 last there was another change in the official staff. Anderson and Vice continued as president and treas-urer, but L. Villeroy and William West of Oklahoma were made re-spectively vice president and secretary of the association. Villeroy and West seem to have been innocent of the condition and purposes of the association when they went into it. They say they were and they have remained here to face the consequences of Vice's flight and to lay the matter before the criminal prosecutor.

Vice is from Edina, Mo., where his father is a farmer.

W. L. Griggs, who acted as attorney for the association up to six weeks ago, says he resigned because he discovered that Vice was grabbing every dollar he could get his hands on and paying out nothing. Mr. Griggs is familiar with the business of the concern since its inception. He says the association had as high as 500 members at a time and that in the eighteen months since its incorporation Vice has taken in \$11,000 and paid out \$3,000 in sick claims. The association never paid a death claim, although several have been presented and there are two death claims for \$500 each now pending. Claims against the association for sick and accident benefits are coming in daily and \$800 worth of them have accumulated since the departure

#### FOUGHT A DUEL.

Rival Beaux Quarrel Over a Belle and Both Are Killed.

ATLANTA, Ga., Sept. 25 .- A duel to the death was fought near Camilia, Mitchell county. Beversly Ragan and William D. Shaw are prominent young men living in the southern part of that county. Both have been in love with Miss Netta Carter, the belle of the community. They were at a bachelor's dinner, given by a friend, and the wine flowed freely. Just how the two men got into a discussion over the young lady does not appear, but it soon became a quarrel and then Ragan dared Shaw to shoot it out. Without any unnecessary preliminaries they walked out into the road, took their positions about thirty paces apart and at a signal agreed upon both began firing. Ragan was instantly killed. Shaw was so badly wounded that he has since died. The affair has created great excitement.

#### ILLINOIS TAXATION.

Startling Report Made by the Bureau of Labor Statistics.

SPRINGFIELD, Ill., Sept. 25.-The most sensational report ever issued by a state bureau was made public by the Illinois bureau of labor statistics.

It charges that the great majority of the wealthy taxpayers of Illinois, and more especially of Chicago, are perjurers; that the assessors are guilty of malfeasance in office, that the present financial condition of Chicago is directly traceable to the corrupt system of taxation, and that the "deplorable condition of work is due to the liberty-destroying methods of taxation which prevail in Illinois.

The report is made up of a mass of tables compiled from official reports of assessors, banks, real estate transfers, boards of equalization and the various municipal departments to which the agents of the bureau had access. After declaring that "it is the purpose of the report to expose existing methodt of taxation in Illinois, with special reference to their effect upon the labor interests," the board proceeds to review the work of former bureaus. The stand is taken that it is idle to dwell upon the wages and condition of the average wage earners of the state. The bureau contends that the condition "is proved by evidence so clear and abundant that the compilation of any further statistics would be wasted effort." The bureau takes the position that "taxation is the chief instrument of tyranny."

Stock Fountain Co., Lake City. Ia.: Gentlemen.—We are pleased to say that we have in operation on our two hog farms 12 of your fountains, and some of other make, but all things considered, the Lake City is as far ahead of them as a Self Binder is superior to the old Cradie.

We are pleased to note that the majority of stock breeders and farmers are now using them to the exclusion of all others, as undoubtedly the best. We wish you could convince all to try one, as the great saving of time, labor and food and increase of fat by giving fresh water, is wonderful. We have followed very carefully your directions and used our own judgment recarding the watering of stock the same as feeding. A great many hog raisers pay too much attention to feeding and not enough to watering. We find old and young pigs work them in a few hours, and we never think of watering our chickens when using the fountains. Rings in hog's noses do not inconvenience them from using the fountain. The fountains are Multum in Parvo, par excellence.
