Havelock, Oct. 15th, Berge and Miller. Walton, Tuesday, Oct. 15th.

West Lincoln, Thursday, Oct. 17th, Davey, Saturday, Oct. 19th. Ex-Congressman McKeighan will speak in Lincoln on October 23rd, and we hope every voter will make arrangements to hear him. He is making a gallant fight for the People's party, giving his whole time to the campaign.

The issue in the present county campaign is honest government economically

The People's party goes before the voters of the county with a ticket that cannot but command respect and one that is deserving of the support of all fair minded citizens. The administra-tions of Judge Tibbetts, Sheriff Miller and Clerk Baker are above reproach, and with Polly in the treasurers office, Walters as county clerk, Richardson as commissioner, Judge Berge in the office of the county judge, a position to which he was honstley elected a year ago, we feel safe in predicting that the county will have the best and most competent officials that ever filled its court house.

Do your whole duty as Populists and citizens, and on November 5th, see that your vote is east and counted for the People's Independent ticket.

Vote for Elias Baker for clerk.

Vote for Miller for sheriff and Berge for county judge. Don't forget it.

G. H. Walters is the best man that was ever nominated for clerk of this county. Vote for the best man.

It now looks like the reported gold find near Lincoln may not be as big a "fake' as was at first supposed. Hundreds of persons went out from the city to see the new mine. One man sold one hundred and sixty acres of land near the mine for \$12,000 and others who have land refuse to sell at \$75.00 per acre.

In nominating Mr. Hiram Polly for the office of county treasurer, the party in this county made a wise selection. Mr. Polly is one of the best known farmers in this part of the state. Capable, conservative and if elected he will make an official of which the Populists will be proud, and one that will add dignity and strength to the party. We predict for him the hearty support of Lancaster county citizens.

Hon. Geo. H. Walters addressed a large and enthusiastic meeting at Panama on Saturday. Over one hundred voters were present and the cordial recep tion given him by the people of that vicinity is a good indication of the growth in popular favor that the princi-

ples of our party is now experiencing. The lesson of Cleveland's bond issue supported as it has been by the financiers of the Republican party is being learned, and the people must look to some other source for relief. The financial question will not down and the voters are studyiug the legislation along these lines as they never have done before. Everything indicates a substantial increase in the state of our party in every precinct in Lancaster county.

GENERAL MAHONE DEAD.

THE VIRGINIA EX-SENATOR SUC-CUMBS TO PARALYSIS.

SKETCH OF HIS CAREER.

He Was One of the Best Known and Bravest Officers of the Confederate Army During the War-His Sensational Exploits in the United States Senate Chamber

as a Republican.

WASHINGTON, Oct. 9. - General William Mahone, ex-United States senator from Virginia, died here at 1 o'clock this afternoon from paralysis. He was stricken during the night of September 29 and only partially rallied. His case had been hopeless for some

General Mahone emerged from the war with the halo of glory about his name. The citizens of Petersburg, his home, through the city council offered him a lot to build on. It was a recognition of the services of the gallant Mahone brigade. He was a son of the state and, after Lee and "Stonewall" Jackson, her greatest fighter in the rebellion. The night before the surrender at Appomattox General Lee called Mahone into his tent. There the two went over the situation together. They agreed that surrender was the only thing. General Mahone did not accept the lot offered by the city, but the citizens united again and by subscription bought a house and lot and presented it to Mrs. Mahone. She likewise declined to accept the gift. But the general bought on Mar-ket street and built the residence which he had since occupied, together with Mrs. Mahone and his two sons, William and Butler, and his daughter,

Mahone and the exploits of the Mahone brigade were celebrated in prose and song. For years the "Little Wizard" was the idol of his people. But he became a Republican. Then the idol of Virginia and of the South was

pulled from its pedestal. General Mahone was the son of a fine old fashioned tavern keeper, who lived on the Jerusalem plank road in the black belt below Petersburg. The boy passed through the Virginia military institute as a free scholarship man and began life as a civil engineer. He built the railroad from Richmond up to the Southern terminus of the Pennsylvania over back of Alexandria. In the rebellion he was known as a hard fighter. For exceptional bravery at the time of the explosion of Grant's mine underneath Lee's works, July 30, 1864, he was given the sobriquet of the "hero of the crater." He was commissioned a brigadier general in March, 1864, and major general in August of the same year.

This man, who was a major general little more than two streaks of iron rust. He nade it the powerful Richmond and Danville. He showed the quality of the born leader at the first start off. He sent the agents of the Adams Express company and of the Baltimore and Ohio flying from his trains and went into the express busother moguls froze him out. There is was posted about the movements of the syndicate and made handsomely. There is another tradition that young Butler pocketed a good \$60,000 himself.

General Mahone made an unsuccessful attempt to secure the nomination for governor of Virginia in 1878, espoused the cause of the Readjuster party and became its leader and by devious methods the object of many an attack, he found a seat in the United States senate in 1880. He served six years in that body, being retired by defeat at the polls. He was like a firebrand cast into a mass of dry tinder, and from the peculiar attitude that he at once assumed he caused one of the most bitter controversies and stubborn deadlocks ever known in the history of that body. He at last acted with the Republicans, and gave them the organization of the senate. His course brought down upon his head the wrath of the Democrats, but the Republicans received him with open arms and the federal patronage leadership in Virginia and in 1890 was a candidate for governor. He was best known here of late years by his efforts to secure the purchase by the of a square of ground owned by him. The quaint figure of its owner was always seen in the lobbies of both house and senate at the close of every session, and he was considered a great power in the third house. Exceptionally slight in stature and frame he was a marked man in great assemblages. His peculiar style of dress, and especially his hat, attracted attention to him. This broad brimmed, soft felt head gear seemed out of proportion to the tiny form beneath it.

FUSION IN NEW YORK.

Republicans and State Democrats Agree

On a County Ticket. New York, Oct. 9.—There was considerable excitement before the formal opening of the Republican county convention in Lyric hall last evening, when the report was received that a fusion ticket had been decided upon. It was a great disappointment to the straight tieltet men. Three places had been conceded to the State Democrats and one to the committee of fifty and one to the good government clubs. There were left fourteen Platt Republicans on the ticket. The Stecklers independent county organization and the Jimmie O'Brien and anti-Tammany Democrats were refused a place on the ticket. The Republicans and State Democrats both held county conven-tions and formally placed in nomination the fusion ticket. It is expected that the German-American Reform union will indorse the ticket because the excise plank of the State Democracy is indorsed.
