

FOR PLANNING A FELONY

WARRANTS FOR THE PRIZE FIGHT MANAGERS IN TEXAS.

KEEPING UP THE FIGHT.

Governor Culberson and the Attorney General Call Wheelock, Brady, Julian and Probably Stuart and Vendig Before the Grand Jury at Austin—Sporting Managers Surprised.

DALLAS, Texas, Oct. 9.—W. E. Wheelock, secretary of the Florida Athletic club, was served with papers this morning to appear before the grand jury at Austin. Papers are also out for William A. Brady, manager of James J. Corbett; Martin Julian, manager of Bob Fitzsimmons, and presumably for Dan A. Stewart, Joe Vendig and others, all of whom may be arrested before night.

The penalty for such conspiracy by the Texas criminal code is "confinement in the penitentiary for not less than two years nor more than five years."

Governor Culberson and Attorney General Grant have apparently determined on a war to the knife against Stuart and propose prosecuting him and his associates in the opera at Austin for alleged violation of the new anti-prize fight law, which makes prize fighting a felony.

There is much uneasiness at the Florida athletic club and the new developments have caused a sensation. It looks as if the only way out of the trouble is to test the new law on the ground of unconstitutionality.

EMBEZZLEMENT IS DENIED.

Mr. Priest Wagner Proposes to Fight His Old Church's Charges. St. Joseph, Mo., Oct. 9.—Ex-Priest Wagner has employed attorneys to defend him in the charge made by the trustees of St. Mary's church that he is short \$2,000 in his accounts.

The ex-priest's father is living at Washington heights, near Chicago. The elder Wagner was a shoemaker in Chicago for many years, where Wagner learned the printing and plumbing trades.

A fourth indictment was returned against Wagner by the grand jury this morning. This charge embezzlement of \$1,500 of the funds of St. Mary's church, of which he was pastor. The prosecution claims to have a strong case. It is alleged that Wagner began to misappropriate money entrusted to him during the first year of his pastorate and that the shortage may exceed the sum mentioned.

Mrs. Nickells Settles. FABO, N. D., Oct. 9.—The suit of Mrs. Clint Nickells of Kansas City, against Mrs. Maud Graham, for \$50,000 for alienating the affections of her husband, was taken up at 2 o'clock this afternoon in the United States district court in this city.

The attorneys on both sides stated that an amicable agreement had been arranged. They refuse to give figures, but the plaintiff's attorneys claim a very satisfactory arrangement has been made.

Mrs. Graham is the daughter of the late A. L. Mason, the Kansas City millionaire.

Saloon Keepers Ask for Pardon. St. JOSEPH, Mo., Oct. 9.—Applications for pardons have been forwarded to President Cleveland by the fifty-one saloon keepers in this city who pleaded guilty last week in the United States court to failing to cancel stamps on whisky barrels, not knowing that the punishment was one year in the penitentiary and a fine of \$500. Judge Phillips has granted them a stay of sentence until the president can be heard from.

Septuagenarian Charged With Assault. MACOMB, Ill., Oct. 9.—Dr. S. L. Babbitt, a 70-year-old resident of Bushnell, was arrested yesterday, charged with attempting to rape Mrs. Amelia Barnes, 65 years of age and a resident of that place. He was a former practitioner. He is now under \$500 bonds.

The Income Tax Payment. WASHINGTON, Oct. 9.—The records of the treasury department show that 1,232 persons paid income taxes aggregating \$77,130 before the adverse decision of the supreme court as to its constitutionality was rendered. Of the whole number 709 have applied for and been refunded the amounts paid, aggregating \$48,545.

A Noted Sculptor Dead. LONDON, Oct. 9.—William Wetmore Storey, the American sculptor, died at Vallombrosa, at the residence of his daughter, the Marchesa Peruzzi.

MISSOURI SUPREME COURT

The October Term Opened—The Capital Removal Matter Advanced. JEFFERSON CITY, Mo., Oct. 9.—The October term of the supreme court began this morning with a full bench. It was decided to at first dispose of eleven cases pending before the court in banc. This will take up nearly the entire week, as most of the cases will be argued.

A matter of importance was the filing of a motion to advance the injunction proceedings involving the validity of the proposed capital removal amendment to the constitution. The motion filed to-day was by consent of all parties interested and the matter was taken under advisement by the court.

Foiled by the Engineer. KALAMAZOO, Mich., Oct. 9.—A bold attempt was made last evening to hold up the Grand Rapids and Indiana north bound passenger train two miles north of this city. The engineer opened the throttle and rushed through the band of robbers, which consisted of four men. The headlight was extinguished and the cab was riddled with bullets, and shots were fired into the baggage car, but no one was seriously hurt.

Actors Go to Church. CHILLICOTHE, Mo., Oct. 9.—The Sunday theater business received a quietus in Chillicothe Sunday night. A company advertised to appear at the opera house was notified by order of Mayor Leeper that the moment the curtain went up the actors would be arrested. They desisted and attended one of the churches in a body. Here they heard a denunciation of theatricals in general and Sunday theatricals in particular.

Mandarins Must Be Checked. LONDON, Oct. 9.—Dispatches received here from Shanghai are that Captains Halifax of the British ship Undaunted and Newell of the United States cruiser Detroit have been instructed to ask the viceroy to order the Mandarins, who are said to be openly menacing with vengeance those Christians who give information of the Ku Chung outrage, to stop these obstructive tactics and to allow the inquiry to proceed.

Electricity for Diphtheria. CHICAGO, Oct. 9.—Dr. J. W. Was, of West Pullman, claims to have discovered a cure for diphtheria, which far exceeds anti-toxine in efficacy. Dr. Was' remedy is electricity, which is applied directly to the throat. It is claimed to have been successful in a large number of recent virulent cases. A conference of physicians will pass on the alleged cure during the week.

An Editor Kills a Druggist. WILLOWS, Cal., Oct. 9.—W. A. Goshorn, editor of the Journal, fired three shots at J. E. Putnam, druggist, and president of the municipal board of trustees, killing him. An altercation over a disputed account amounting to a few dollars caused the shooting.

Pat Crowe Held for Jail Breaking. St. JOSEPH, Mo., Oct. 9.—Pat Crowe, diamond thief, train robber and all around crook of national reputation, was indicted to-day by the grand jury for jail breaking. The authorities fear that he cannot be convicted of the Burlington train robbery.

CONDENSED DISPATCHES.

Indiana has 627,073 legal voters. Another chapter has been added to the charges against Judge Kilgore. United States supreme court judges have arrived in Washington and are preparing to open court.

A program of maneuvers has been laid out for the North Atlantic squadron in Venezuelan and Cuban waters. The son of Senor Pulido, Venezuelan foreign secretary, has been made secretary of the Venezuelan Washington legation.

At Wilnot, Ark., a 16-year-old boy killed one man and badly wounded two others in a crap game. Representative Gibson of Chicago, was indicted by the Sangamon county, Ill., grand jury for alleged boodling.

Opera Singer Bettina Gerard is made co-respondent in a divorce suit filed by Mrs. Wm. Crichton, wife of the secretary of the British legation. The Engineering and Mining Journal shows that the output of South African mines cannot pay more than .09 per cent on the present inflated value of stocks.

Emmett D. Hennessey, secretary of the St. Joe Maccabees has absconded with \$200 of the lodge funds. William Lyman, the millionaire contractor and president of the Irish National Alliance, was badly licked by a New York policeman and locked up for interfering in an arrest.

After taking 7,135 ballots the Republican representative convention of Humboldt and Pocahontas counties, Iowa, adjourned sine die without a choice. Arrangements are under way for the construction of a \$150,000 home at Eureka, Ark., for superannuated school teachers.

W. A. Brawner, one of the wealthiest men of Orange county, Florida, was fatally horsewhipped by citizens for writing obscene letters to their wives. A movement is on foot in Chicago to force the mayor and police to enforce the Sunday saloon closing law.

Frank Padgett, secretary of the Columbia Typographical union of Washington, is short about \$2,000 in his accounts, and is believed to have gone to Chicago. Because of errors, the court martial which tried Captain J. T. Kirkman at Fort Leavenworth has been dissolved and a new court martial ordered at Fort Riley, Kan.

The Republicans of the Tenth New York congressional district have nominated Robert A. Creason for congress, to fill the vacancy caused by the death of Andrew Campbell. William Smith, 60 years old, one of the oldest citizens of Copper Harbor, Mich., shot his wife and then blew his own brains out with a revolver. He died instantly and the woman is alive, but will die. Jealousy is the cause.

The Guard's Story

There is probably not a stronger man or more trustworthy guard employed at the Nebraska State Penitentiary than J. T. Ralston. To a stranger he appears a very good example of the man who boasts that he never was sick a day in his life. For many years Mr. Ralston lived at Syracuse, Nebraska, and the old residents there remember him as one of the strongest and healthiest of their number.

In '89, or thereabouts, when the "grip" first broke forth in this section of the country, it claimed him as one of its earliest victims. Like most men with a strong physique, he sneered at the disease and did not guard properly against it. For days he lay in bed and left it only as a confirmed invalid.

About this time he moved with his family to Peru, Nebraska, where one of his children were attending the State Normal School. He hoped the change would do him good, but he was disappointed. He doctored with the local physicians, and even with his own son who was practicing medicine. All seemed to no avail, and miserable in mind and body the poor man told his family that he feared there was no hope for him.

A happy thought of his own led him to try some stimulants. He was again able to work. But he soon found that his relief was but temporary, and when bad weather came on he was subject to severe attacks of the "grip" as before. Two years ago Mr. Ralston was employed at the Nebraska State Penitentiary at Lincoln, the state capital, and enjoyed comparative ease while performing the duties of usher. Last fall, however, he was put out on the wall, and with the change of work came his old trouble in even more aggravated form. He was not only troubled with the usual miserable feelings of the "grip," but he found himself short of breath and generally weak, these things unfitting him for the duties of his position.

Once more, almost in despair, he sought a cure and purchased a box of Dr. Williams' Pink Pills for Pale People. He used them according to directions and felt better. Five more boxes followed the first and the long sufferer was a well man.

Said he to a journal reporter, to whom he had just given the above facts: "I feel now as though I could stack more hay than any man in Nebraska; and if I needed a position now I would hunt one on a 'harvest field. Why, only last Sunday night I took a severe cold which a year ago, would have laid me up a week with the 'grip,' but now it causes me only temporary annoyance and I simply live it off."

Mr. Ralston has been long and favorably known in many parts of Nebraska both as a private citizen and as a leader in the original Farmers' Alliance movement, and hosts of friends rejoice with him in his remarkable recovery for which he unhesitatingly gives the credit to Dr. Williams' Pink Pills.

Dr. Williams' Pink Pills contain; in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, (50 cents a box, or six boxes for \$2.50—they are never sold in bulk, or by the 100) by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

Experience teaches that an article is best and meets all claims made, when sent out on its merits by a company, their preparing express and requesting no money forwarded until same proves satisfactory after trial. This we do with our fountain, if not satisfactory only requesting it returned to express office. The Lake City Automatic Stock Fountain waters 50 to 150 pigs daily; performs the same service for sheep, calves and poultry. HORSES AND CATTLE. DRINK FROM TANK. Has the right sized drinking cup; can be attached to tank, barrel or pipe in five minutes, and each time delivers water direct from receptacle. Valve seat being two inches in body of water (as with no other fountain) cannot freeze in winter; also acts as locknut, making all solid. The price of our fountain, if satisfactory, is \$3.00, and will pay for itself each week in a herd of ten pigs. As it costs nothing to try, send for one and be convinced by your own judgment. Agents and dealers wanted in every locality. Order through implement dealer or STOCK FOUNTAIN CO., Lake City, Iowa.

WEST LIBERTY, Ia., July 23rd, 1895. Stock Fountain Co., Lake City, Ia. Gentlemen.—We are pleased to say that we have in operation on our two hog farms 12 of your fountains, and some of other make, but all things considered, the Lake City is as far ahead of them as a Self Binder is superior to the old Cradle. We are pleased to note that the majority of stock breeders and farmers are now using them to the exclusion of all others, as undoubtedly the best. We wish you could convince all to try one, as the great saving of time, labor and food and increase of fat by giving fresh water, is wonderful. We have followed very carefully your directions and used our own judgment regarding the watering of stock the same as feeding. A great many hog raisers pay too much attention to feeding and not enough to watering. We find old and young pigs work them in a few hours, and we never think of watering our chickens when using the fountains. Rings in hog's noses do not inconvenience them from using the fountain. The fountains are Multum in Parvo, par excellence. W. M. LAMBORN & SON, Proprietors Black Rod U. S. Poland China Hogs.
