DR. JAMESON ON TRIAL.

FORMAL ARRAIGNMENT OF THE RAIDER AND HIS ASSOCIATES.

A BIG JINGO-CROWD OUT.

Sir Richard Webster Opens for the Crown and the Prisoners Show Marked Uneasiness as the Prosecutor Proceeds-Sympathy for the Accused-Adjourned for

LONDON, March 11 .- There was a big jingo crowd in and about Bow street police court to-day. The occasion for the turning out was the formal arraignment of Dr. Leander S. Jameson and his officers charged with violating the foreign enlistment act, passed in 1870, "to regulate the conduct of her majesty's subjects during the existence with which her majesty is at peace."

Mr. Chamberlain and Mr. Jameson are associated, by the jingo minded, and therefore not only were the Transvaal filibusterers loudly cheered whenever recognized by the crowds in the streets leading up to Bow street, but there were hearty applause for "Joe" Chamberlain for his "vigorous colonial

There was a buzz of admiration, almost awe, when Dr. Jameson and Sir John Willoughby, the military com-mander of the expedition, and their fellow raiders mustered together at the opening of the court, and had it not been for the stern demeanor of the chief justice, a popular demonstration would have occurred.

The array of council on both sides is formidable. For the defense there are Sir Edward Clarke, Q. C., Sir F. Lockwood, Q. C., Edward M. Carson, Q. C., and C. F. Gill. In behalf of the prosecution there are Sir Richard Webster, Q. C., R. B. Finlay, Q. C., Sir Charles Matthew, Q. C., and others. Sir John Bridge, the chief magistrate,

Sir Richard Webster opened for the crown. He dweit in forcible language upon the gravity of the charge against the prisoners, contending that the South African republic was a friendly state within the meaning of the for-eign enlistment act, and holding that Bechuanaland, from whence most of Dr. Jameson's troops came, was un-doubtedly part of the British do-

There was no mistaking the earnestness of the leading counsel for the prosecution, and if any of the defendants had the idea that the legal action against them was to be a mere formality, that notion was soon dissipated Sir Richard Webster's remarks.

When Sir Richard sat down there was a quickly suppressed murmuring of surprise among the friends of the raiders. Evidently they had not realized the gravity of the situation.

The first witness called was Sergeant Hay of Bechuanaland, a typical trooper of the British South African well built and smart looking. He testified to the mustering of the troopers at Mafeking and to the endeavors of Dr. Jameson and Colonel Grey to induce him and a few of his comrades to join the body of men being equipped for the march toward Johannes-

Soon after the hearing was adjourned one week.

ry Chairman-He Delivers a Hot Republican Speech-He Roundly Scores the Last Populist Administration-Presidential Candidates.

WICHITA, Kan., March 11 .- The Republican state convention was called to order at 11:30 o'clock by Chairman Cyrus Leland. The Rev. J. F. Sage of Ottawa, a minister of the African Methodist church, invoked the divine blessing. The selection of a temporary chairman next being in order, H. L. Gordon of Sedgwick county placed Albert H. Horton of Shawnee county in nomination. There being no other nominations, Mr. Horton was elected by acclamation. Mr. Horton said:

"I hail with infinite pride and intense pleasure the presence here to-day of so many strong and sturdy representatives of the stalwart Republicans of Kansas, because I am able to congratulate the members of the first State convention held since the memorable election of 1894, upon the complete overthrow of that incompetent and corrupt party, which at the ses-sion of our last State convention, occupied the State house at Topeka as its citadel of power and which in its few short months of official life brought so much discredit and dishonor upon the good name and fair fame of this great commonwealth.

"I congratulate the members of the first State Republican convention held since the election of November, 1894, not only upon the fact that by the votes of the intelligent and patriotic citizens of Kansas the State house has been cleansed and purified from the hungry brood of cormorants spawned upon our State in its days of misfortune and disaster, but also upon the further fact that our charitable and other public institutions have been freed from these corrupt officials, who were destroying the usefulness of these institutions, and with their de-pendent families were unlawfully consuming the substance of the honest taxpayers of the State.

"Whether our standard bearer in the coming presidential campaign be the able, popular and successful governor of the Empire State, Morton of New York; or whether it be that prince of parliamentarians and the greatest of all speakers that ever presided in the halls of Congress, Reed of Maine; or whether it be that distinguished citizen of our neighboring State, whose stalwart Republicanism, excellent judgment and lofty character have won the admiration, not only of the Northwest, but of all the people of the Union; or whether it be that over our land, that standard bearer will be victorious. When the votes of November shall have been counted, the Republican nominee for President will be declared elected. Grover Cleveland will be replaced by a sturdy American, more interested in the industries of this country and the advancement of our financial interests than the free trader now occupying the Presidential chair. Then no American will be tried by a court martial and the record of such a trial refused a single day from immediate inspection when demanded.

"The producers of our state have become weary, very weary, of the markets of the world upon a free trade basis, which only permits them production. They are anxious for a home market with a good price and fair compensation for their labor. The people, as McKinley says, 'are hungry to vote' at the next Presidential election. That the vote of the Republicans of Kansas will be with the majority of the nation it goes without saying. Therefore, I trust your deliberations to-day will be of such a character as befits the seriousness of this occasion and the importance of the re-

Judge Horton's address gave the convention great pleasure. Enthusiastic delegates punctuated his remarks with frequent applause, and were especially demonstrative when he ailuded to McKinley.

Mr. Leland offered the following telegram of greeting to the Ohio convention in session at Columbus to-day: "Convention hall, Wichita, Kan, March 10 .- The Republican state convention at Columbus, Ohio: The Republicans of Kansas, in convention assembled, having perfected their temporary organization, as their first official act, send you greeting and as-sure you that Ohio is no more loyal and devoted than Kansas to that gallant champion of Republicanism and patriotic defender of the prosperity of the American home, William McKinley of the United States. (Signed)-A. H.

Scandal and immorality result. The bill will abolish these temporary divorce colonies and establish in the territories a safeguard found necessary in nearly all the states."
