THAT'S THE NUMBER OF PHYSI-CIANS WHO USE THE NEW PREPARATION FOR DYS-PEPSIA AND WASTING DISEASES

They do so Because it is not a Secret Patent Medicine

And Because They Know it Cures Every Form of Indigestion and Stomach Trouble.

It has been recently stated that not less than 40,000 physicians are using or indorsing the new discovery for indigestion sold by druggists under the name of Stuart's Dyspepsia Tablets. Dr. Tomlin-son gives the following reasons why physicians regard this new remedy with

so much favor.

First, because it is not a secret patent medicine but a scientific combination of vegetable essences, pure aseptic pepsin, free from animal impurities and of very high digestive power, bismuth and golden

It has been tested repeatedly and the experiments have proven that one grain of the digestive principles in Stuart's Dyspepsia Tablets will digest three thousand times its own weight of lean meat, eggs, oatmeal and similar wholesome

The tablets act wholy upon the food taken into the stomach, digesting it thoroughly no matter whether the stomach is in good working order or not, and cure all forms of dyspepsia and stomach troubles on the common sense plan that they nourish the body and rest the stomach at the same time.

Stuart's Dyspepsia Tablets do not act upon the bowels like the old-fashioned after dinner pills; nor are they an artificial stimulant like "stomach bitters," nor are they in any way similar to so-called pre-digested foods, which consist of 85 per cent. of "glucose," the stuff that cheap candies are made from, but Stuart's Dispepsia Tablets do what none of these do, they act wholly upon the lood eaten and digest it completely and the cure of ndigestion is an assured fact, because the the food being promptly digested, it cannot lie for hours in the stomach, ferment-ing, decaying, filling the system with the germs of disease, but is assimulated, nourishing and invigorating not only

the body and brain, but the stomach itself as well. The tablets are absolutely harmless and can be given and are given with benefit to little children and infants suffering from indigestion, as shown above they contain no mineral poisons, nor

anything in any way injurious. Dr. Wuerth says he has noticed in many cases that the tablets not only cured the indigestion, but that a very notice able increase of flesh resulted where peo-ple who used the tablets, were thin and run down in flesh before taking them, and it is not at all surprising that such sould be the case when it is remembered that most people are thin because their stomachs are out of order, and when perfect digestion is brought back an increase

sh is the natural accompaniment. dyspepsia have been cured by Stuart's Dyspepsia Tablets and their convenience and popularity is such that druggists everywhere are now selling them. price is 50 cents per package and if your druggist has not yet ordered them he will get them for you from his wohlesaler; they are manufactured by Stuart Co.,

Marshall, Mich. Your druggist, if he is honest, will tell you that Stuarts Dyspepsia Tablets is the only preparation now befor the public recommended and designed solely for the cure of indigestion and stomach troubles, no other claims are made for it, it is not claimed to be a cure-all.

THAT GREAT WAVE.

How the Bi-Bonds-Chloride Cure is Progressing.

Days, weeks, and months have gone by and that great wave of prosperity has not reached us yet. The bi-chloride of bonds was a fine thing for a few, but all hands to join in the rescue, but, to business would revive, failures cease, and skipper never came from below. everything would boom.

Here's What R. G. Dnnn & Co., say

"The returns of failures are somewhat disappointing. Several of magnitude were mentioned a week ago and they or not, at some time, I doubt not, you have swelled the aggregate of defaulted have read long articles or short items liabilities for three weeks of March to heard the steamer's shrill whisties. on the curious theory advanced by \$12,383,614, against \$11,271,121 last year. Chickens in China.

D'afaces Cannot be Cured

by local applications as they cannot reach the
diseased portion of the ear. There is only one
way to cure deafness, and that is by constitutional
remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian
Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is
entirely closed. Deafness is the result, and unless
the inflamation can be taken out and the tube restored to its normal condition, hearing will be
destroyed forever; nine cases out of ten are caused
by catarrh, which is nothing but the inflamed condition of the mucous surfaces. The keeping of poultry of some kind or other is almost universal in China. The poorest householder has wherever practicable, its pert cock and three or four lean hens, which stalk in and out of the mud shanty in search of anything eatable that no one else of the 'amily may happen to be able to digest.
Delinquent subscribers must pay up, at least in part.

A CUNNING ELEPHANT.

Can Run a Penny-in-the-Slot Business But Cannot Count.

The tricks of the marvelous performing elephants exhibited in London a few years ago seem fairly eclipsed by the feats of the elephants at the Belle Vue Gardens, Manchester, of which, by way of an example of the intelligence of brutes, Mr. George Fremantle has sent an account. When a penny is given to one of these animals it puts the coin into the slot of the box, where, as it falls, it releases a biscuit, which the elephant takes

with evident satisfaction. Some of the visitors occasionally give the animals a half penny, and as experience has taught them that this coin is of no value for the purpose of obtaining biscuits, it is generally thrown contemptuously back to the giver. A more marvelous fact, however, is to come.

One day a visitor gave the "baby" elephant a number of half pann'es in succession, each of which was thrown at him again as soon as received. The visitor then gave the animal two half pennies at the same time.

The animal's demeanor immediately changed. For more than five minutes he held the two coins in his trunk, rubbing them together, now rocking from side to side, and presently seeming to be pondering deeply while perfectly still. At last he dropped the two halfpence in the box together, with the result that their combined weight gave him the desired biscuit, at which he gamboled about in a manner which exhibited extravagant delig'd. As yet it appears that the baby e'ephant has not yet learned to hold on half-penny in reserve until he gets a tother. "In other words," says Mr. Freemantle, "he has not yet learned to count."

FAME IS EXPENSIVE. Why a Poet Was Obliged to Desert the FACE STEAMERS Muse.

There were quadrilles danced by women only to a mixed chorus, without instrumental accompaniment. A young girl sang entrancingly a rondeau, which must have begged for its pitiful rhymes; a young girl recited an ode wherein the rhyme rang like bells of gold

"You wrote beautifully then," said to a poet a woman in white a lk, whose chestnut colored hair was streaked with golden locks, "and doubtless write beautifully now, but I have not seen a new poem by you for a long, long time."

"I have ceased to write poems for lack of money," he replied, simply. "Oh!" she exclaimed with unfeigned surprise. "I supposed that poetry and money had nothing in common. "They haven't," he said "When I

wrote poems I lived with \$400 a year. I was wealthier than Astor, and would buy books bound by the Samblanex-Neekesser, but since I became famous -I beg your pardon for the expression -I became a poor man. I and to furnish a bachelor apartment, to buy silverware and the rest, and in order that Within the last six months many I may keep these things I am comthousand cases of stomach trouble and pelled to write articles for guide books, encyclopedias, dictionaries, and novels published in newspapers that, fortunately, no New Yorker ever reads. Meaning of the Word "Either." The legal meaning of the word

"either" has been gravely argued in an English court of record. A certain testator had left property, the disposition of which was affected by the "death of either" of two persons. One lawyer insisted that "either" meant both, and in support of his views he quoted Richardson, Webster, Chaucer, Dryden, Southey, the story of the crucifixion and a passage from The judge Revelations. gested that there was a song in "The Beggar's Opera" which took another view, "How happy I could be with either were t'other dear charmer away." In pronouncing judgment the court ruled that "either" meant one of the two, and did not mean both. He said that it might have that meaning occasionally in poetry, but never in an English court of record.

What Kid Gloves Are Made Of. Kid gloves are not all made of kid; in fact, few of them are. The cheap ones are not kid, and neither are the dearest ones. Ladies gloves that cost under \$1.50 or \$2 a pair are all made of lamb skin. It is likely that gloves paid for at a higher price than that will be of kid, but the very best and most expensive kid gloves are made of the skins of young colts.

ARMAGEDDON

The new industrial and political song

It contains 150 pages 7x9 inches size. Splendid new words and new music. Pronounced by all incomparably superior to any book that has yet appeared.

H. E. Taubeneck says of it: "It is the best song book yet published. " Introduce it into every household in the land. Our local campaign ppeakers and committees ought to see that it has the widest circulation."

Hartford City Arena: "Any glee club supplied with it will com mand the crowds."

Rocky Mountain News: "Best of anything in the line that we have seen."

Missouri World: "It fills a long felt want."
Gen. Van Dervoort: "I congratulate you on your great work. The whole country will sing this music."

New York Voice: "A collection of songs for the times, with bright, eatchy words and good stir-

The Siedge Hammer: "Every one [of the songs] gem. No chaff in the whole book." Marshalitown (Iowa) Populist: "Should be in the hands of everyone who wishes to make a hit during the campaign."

during the campaign."

Prof. George D. Herron: "I believe your book of songs will be of immensurable and divine service in quickening and pervading the great movement for the social change which is manifesting itself everywhere among the common people. It will inspire the people with courage and cheer and fellowship in the great struggle that is before them."

Prof. W. M. Ross of Indiana, the great solo singer of "The Van Bennett Nationals Team," says: "Have taken pains to ran through the work and pronounce it a grand collection of words and a high order of music."

The Farm Field and Fireside says: "It has

words and a high order of music."

The Farm Field and Fireside says: "It has been left to Mr. George Howard Gibson to introduce a new tons into the songs of the party, and to write a series of patriotic songs which are hardly surpassed by any in our literature for intiness of motive and real merit from a literary point of view, while at the same time they are not at all lacking in the musical quality which must necessarily be present before any song touches the chord of popularity. They are remarkable for their fervid patriotism and broad humanity. In fact, if the People's party rises to the patriotic level of these songs, we have little doubt of its ultimate success as a party. The songs strike the whole octave of human sympathy. Sparkling humor, keen wit and biting sarcasm, as well as the loftler patriotic themes, are touched in turn by the taleated author."
