HIDE BOUND REPUBLICANS.

OPEN" SALOON TICKET AT LINCOLN.

The Gamblers in Full Control of The Party.

The election in Lincoln last Tuesday proves the statement of the INDEPENDENT that the gamblers, boodlers, and thugs nearly all belong to the republican party and have a nice working majority in it. The issue was clearly defined. The contest for the office of police judge is a fair example. The republicans had re-nominated the present police judge, who is a member of the boodler's gang, favoring the loose, and characterless element, and the wide open policy that has already made Lincoln famous. The populist candidate was a man whose honesty, integrity, and character could not be doubted. But character was not considered. McKinley's election next fall list principles.
depends upon the election of the entire The business republican ticket, and enough of the church people, and business men lined up with the "old rounders" to put it through.

The statement that the republican candidate represented the characterless element is borne out by the following figures: The first, the saloon ward, the second, containing the reservation, and the third, the famous "Bud" Lindseys ward, each gave Waters the republican nominee a large majority amounting in all to 431. The respectable wards, fourth, fifth, sixth and seventh, gave the populist candidate, Schwind, a majority of 106. What an honor to belong to the republican party; to be one of "Buds" constituents!

HOW THEY USE A WHIP.

The Way it is Done in Lancaster County.

The following from the State Journal in the morning before the city election in Lincoln shows the way the bosses control things in that city:

"Every republican will want to take a hand in the nomination of a mayor and other city officers next spring. Under the Lincoln system every republican voter will have as much influence as any other republican voter. Now when the primaries are opened next year it may be asked very frequently: "Did you sup-port the full republican ticket in 1896? The man who cannot answer that question in the affirmative will be shorn of influence in the big fight that we are likely to have at that time. It doesn't pay in the long run to bolt, and we are glad to see that there is no disposition among republicans to fly the track in the city election which takes place tomorrow.'

The above was made necessary because many of the respectable people who claim to be republicans had expressed themselves as being opposed to the reelection of the present police judge, one of the "wide open" kind of fellows, a member of the gang that elected the mayor last spring and have since been allowing the saloons, gambling houses, wine rooms, brothels, etc., to run wide open without restraint or regulation, ex-"rake off." By the article in the Journal it will be seen that it is the plan of the bosses to compel every man who offers to take part in the republican primaries in the future to be able to answer the question "Did you support the FULL republican ticket in the preceeding election?" in the affirmative, or be denied the right to participate in the nomination of candidates. What a scheme! If the Bud Lindsey outfit can succeed in nominating a rotten candidate, all the good people must support him, or quit the party. The negro ex-saloon keeper and dive manager "Bud" was recently elected to represent the republicans of this district in their national convention at St. Louis. What an honor, to be numbered among Bud's constituents!

Senator Allen's Home.

Madison; Neb,. April 4, 1886.

Special to Nebraska Independent:-Madison was reached by your representative on the night of the 3d inst. and upon inquiry I found the court house in possession of republicans and democrats, the latter in the minority but by the way very clever gentlemen.

Madison is a very thrifty little city in the south part of Madison county with a population of about 1000 and situated at the junction of Union and Taylor creeks surrounded by a good farming country and a thrifty and progressive people and is the home of Senator Allen, and is a good field for missionary work along the line of financial politics. The NEBRASKA INDEPENDENT is growing in J. M. D.

To The Reading Public:

Do you wish to become acquainted with the leading Agricultural and Poultry papers? For ten cents in silver, or postage stamps your name will be placed on the press circulator list, and the leading Agricultural and Poultry papers of the United States will send you sample copies free. Get on this list at once, and you will sesecure lots of good literature, and are sure to be more than pleased with the investment. Write your name and address plainly, and address your letters to, POULTRY,

Lock Box 1034, Des Moines, Ia.

What we Owe.

According to the last U.S. census [1890] the minimum private and public debt of the United States was over \$20. 000,000,000. Nearly one-third of this amount is covered by mortgages on real estate. The total wealth of the United States, at this same period, is placed at \$65,000,000,000. The total per capita debt of the United States (both public and private) is \$323, or \$1,594 per family of 4.93 persons.

BANE & ALTSCHULER,

Attorneys-at-Law, 1101 0 Street.

SHERIFF SALE, Notice is hereby given. That by virtue of an or-der of sale issued by the Clerk of the District Court of the Third Judicial District of Nebraska, within of the Third Judicial District of Nebraska, within and for Lancaster County, in an action wherein Hiram Bailey is Plaintiff, and Kate Hall et. al. defendants. I will, at 2 o'clock p. m., on the 12th day of May A. D. 1896, at the East door of the Court House, in the City of Lincoln, Lancaster County, Nebraska, offer for sale at public auction the following described real estate, to-wit Lot ten (10) and eleven (11) in block sixteen (16) in Junction Place addition to the city of Lincoln, Lancaster county, Nebraska.

Given under my hand this 8th day of April A. D. 1896.

JOHN J. TROMPER.

Sheriff.

POLK COUNTY.

THEY ELECT THE "WIDE Populist Manage All Its Affairs Satisfactorially.

> OSCEOLA, Nebr., April, 1, '96, Mr. EDITOR:-Your representative reached this little city this morning. Osceola the seat of government of Polk county is located near the geographical center of the county on a rich table land about ten miles south from the Platte river and claims a population of 1,250 and is nicely built in its business as well as its resident portions. The public square is nicely set to forest trees and the court house ornaments the center of the square, the house is not large but very neat in its appearence and is at present occupied by a very gentlemanly and efficient set of county officals all of whom are of the populist faith and it might be said now and here that old Polk is good on a forced run to roll up from 700 to 800, majority for the popu-

The business men as a class are clever and progressive among which I might especially mention H. F. Henderson, lumber and coal dealer who is the owner of and operates one of the most convenient best equiped lumber and coal yards in the state of Nebraska. The structure is a two story brick nicely arranged and for stores on first floor, and offices on second floor, all under roof, with all the modern improvements and conviences.

M. A. Mills, attorney and councillor at law, is an old resident of the city and county and has made a success of his chosen profession, having by close attention to business accumulated considerable property, owning a large farm adjoining the corporation. His residence is palatial in its proportions, equiped with all the modern improvements, and convienences.

The farmers of Polk county are generaly well fixed in their homes, and as a class are industrious, sober and law-abiding citizens, and to a large extent vote the populist ticket, and read the NEBRESKA INDEPENDENT and other reform journals.

Republican Bosses at Work

COLUMBUS, NEB., April 3, 1896.

Special to the INDEPENDENT: Permit me to give you a few items concerning this beautiful little city of the platte, but before I do so let me tell you a few things that I have heard and seen on my jour. ney from Osceola the capitol of Polk to to this place. I boarded the U. P. at Osceola, together with about fifteen of her citizens who appeared to be on a pilgrim age to the east, but I did not learn whether they were going to form the Jerusalem colony or not, and before I own satisfaction, the brakeman cried out "David City."

I had a few hours in Davidcity and wanone individual whom they dubbed "Mike" and upon inquiry as to who the important personage could be, I learned that he was a goldbug Irish Democrat who had recently espoused republicanism high tariff, for the protection of the few together with McKinley and all, upon further inquiry I found that the gathering was for the purpose of holding a county convention to select delegates to the republican congressional convention to be held at York on the 9th inst. I also further have just received new goods. Two learned that republican voters of Butler county favored Harlan of York but the bosses would give the delegation to Hainer. Columbus is holding her own as well as any city in the interior of the state. She has several solid business enterprises, among them is the Columbus State bank, one of the oldest Hardware Co., corner O and Ninth and best banks in Platte county, Leander Gerard is president. The bank is doing a good, profitable and ligitimate banking business and is worthy the confidence of the general public. The firm of Way & Hockenberger, coal dealers, are doing a moving business J. M. D.

Who Wears the Belt.

Nebraska leads all the states in the union in the proportion of its educated people, and in Nebraska there is a greater proportion of populists to the population than in other states. It takes education and intelligence to make populists.-Nebraska Independent.

Right you are, Bro. Tibbles. Now give Custer county credit for being the daddy of populism in this state, We claim the best populist record of any county in the union.-Callaway Tribune.

Not just yet, Bro. Webb, You're in too big a hurry. Polk county wants a little to say in an affair of that kind, She was electing antimonopoly county officers-who were populists in all but name-when your county wasgoing republican by a larger majority than any other western county. Polk county is by far the banner county and some of our people helped to organize the reform forces of Custer .- Polk County Independent.

Now don't you get too "floosy," Bro Walrath. Custer county was the first county in the state to strike for independent political action. It has elected more populist officials than any county in the state. It is the incubator of liberty and the hot-bed of populism. It is the birth-place of statesmen and the home of patriots. It can swallow five counties like little Polk, and have landenough left for g. o. p. burial lots all around the edges. We have more active pop workers; more good looking pop women; and produce more fat pop babies than any county in the union. If all this don't entitle us to wear the belt, what will?-Custer County Independent.

Forty Per Cent. Gain.

We understand the republicans have made a poll of the city vote and have granted the populists a gain of 40 per cent. over their vote of two years ago .-West Plains Quill.

You will need some good musicat your populist meetings this year. It will be a hot, lively campaign. Get ready for it in each town and neighborhood by buying a dozen copies of Armageddon, the populist song book. Thirty cents a copy. See ad in this issue.

The above cut sows a field of onions on the farm of H. W. Buckbee, Seedman Rockford, Ills. From the days of most ancient Egypt down to the present time, the onion has been more widely known and had a more extensive use for culinary purposes than any other plant. It makes wholesome food at all times of the year and enters, in one form or another the palace of the rich and the hovel of the poor Large quantities have been imported in this country from Spain, Mexico and the the Bermudas. But now that Buckbee's New Golden Globe Danvers variety has proved such a success, we will stop that business and keep our money at home. Before the New Golden Globe Danvers, the products of the Burmundas. Spain Mexico and even California will have to go into retirement.

Great Bargains for Those Who Need Monographs by General A J. Warner Phaetons, Carriages, Buggles

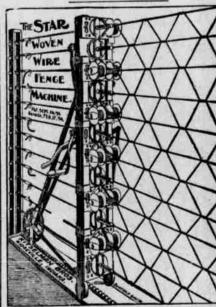

and Wagons.

Three second hand extension top cutunder carriages, A grade, full leather tops; two are Columbus makes and one Amesburg. These carriages are nearly as good as new. One cost \$300, one \$250 and one \$240. Will sell \$125, \$135 and \$115; also one canopy top cut-under surrey \$85, one extension top surrey \$50. all of these carriages are a bargain. Parties were compelled to sell them; also one bicycle top buggy, cost \$175, for \$60; one phaeton leather top in good repair \$60; one canopy top phaeton \$75, nearly new; one top buggy \$20: one \$55, cost \$90; one \$40: one \$40; o one for \$25; one road wagon good as new \$35; also 2 S. H. delivery wagons \$50 and \$70 each. We carry the largest stock in the state of latest styles of carriages, buggies, phaetons, road wagons, spring, delivery and milk wagons. Stu-debaker, Moline and McFarland makes had time to settle that question to my cheaper than ever. Four floors, power ment for bimetallism at 16 to 1. elevator.

new and fist class. One park extention for quantity price. dering about the streets I noticed a large top two-seated wagon for \$90, original number of very earnest and patriotic looking citizens, button-holeing, winking and laboring earnestly each trying to original price \$125; one three-spring farmer's buggy, two seats, extention top, \$90, original price \$125; 3 3-spring wagons, probably the regular monthly outdo his neighbor in doing honor to two seats, \$62.50 each, original price \$90: one canopy top road wagon \$40, original price \$60.

Best Kentucky blue grass, alfalfa, red and white clover timothy, cane seed and

All of the above goods are still on hand except two buggies, \$20 and \$55, sold. In addition to the above, we have one S. H. cut-under canopy top surrey, spring back, painted and varnished new, for \$80, perfectly sound, cheap. We straight-body surries, one canopy and one extension top, spring back and cushion, steel axle and tire. A grade light one-horse Pontiac, Mich., make for \$85 and \$95, former price \$140 and \$150; two road wagons, same make, beauties, \$37.50. Humphrey Bros. streets, Lincoln, Neb.

Fence the World in 20 Days.

We consider the Star Woven Wire Fence Ma-chine as shown above, deserving of special men-tion and for that reason the sale of it pushed as it has been by the manufacturers, Messrs. Kitselman Bros., Ridgeville, Indiana, has done more in recent years to enable the farmers of this country to get their fencing at the actual cost of country to get their fencing at the actual cost of the wire than all other fence manufacturers in the country to get their fencing at the actual cost of the wire than all other fence manufacturers in the county because they figure and show how cheap the various styles of fence can be made, of what the actual cost of the wire is to make them while those who make and sell the fence must add the cost of labor and their profit to the actual cost of the wire. The manufacturers claim to be able to sell a machine and enough wire to make 100 rods of the best Woven Wire Fence on earth, Horse High, Bull Strong and Pig Tight, for the same money that will buy 100 rods of any good woven wire fence on the market. In the one case you have the fence alone. In the other you have not only the fence but a machine which enables you to be your own fence manufacturer and with which you can make over 50 different styles including several styles of ornamental yard or lawn fences. Too show how the farmers of this country appreciate this machine it is only neceslawn fences. Too show how the farmers of this country appreciate this machine it is only necessary to say that if all the machines sold by this firm were run for twenty days, each machine making 46 rods per day, they would make enough fence to go around the world, being an average of 400,000 rods or 1,250 miles per day. If all of the machines were run only 60 days during the year, making 40 rods per day each, they would make a grand total of 24,000,000 rods, which would make an average of 76,800 rods or 240 miles would make an average of 76,800 rods or 240 miles for every working day in the year. The com-bined product of all the Loom Fence Factories in the United States would not equal this. Sand for their large illustrated catalogue, giving full information, which they send free.

THE NEBRASKA INDEPENDENT, 1122 M St. Lincoln, Neb.

Not Correct History.

Belvidere, Neb., April 2, 1895. EDITOR INDEPENDENT:-We desire to make a change in regard to U. S. history in our public school. Certain parties are very anxious to have us adopt a work called "The Leading Facts of American History," by D. H. Montgomery and published by Ginn & Co., Boston, Mass. In the prefatory note of the author, he says accuracy of statement and impartiality of treatment were two of his chief

On page 360 he says "two other note worthy events occurred during Mr. Harrison's presidency. One was the great strike (1892) for higher wages by the workmen in the Carnegie Steel works at Homestead, near Pittsburgh.

Again on page 360 he says: "Shortly after this, several thousand workmen employed in building Pullman cars at Pullman, near Chicago, struck for higher

I was of the impression that the two strikes above referred to were to prevent the reduction of wages. Am I right or wrong. Let us have the facts. M. C. DILL.

[The first strike 1892 was for higher ages, but the statement concerning the Pullman strike is very unfair. While the men struck nominally for an increase in wages, it was in fact only to maintain the old rate. The company owning al the houses in town raised the rents which was in fact a reduction in wages' and that was the principal cause of the strike. -EDITOR INDEPENDENT.]

What Weaver Says.

The Oregon state convention met March 26. A telegram from Gen. Weav. er dated March 27, says: "The Oregon delegates are instructed to do all in their power to secure a union with silver forces on a common ticket. The national committee fully indorsed John C. Young, state chairman. Martin Quin and Vanderburg, nominees for congress, will be elected." General Weaver will remain in the northwest until April 15.

One More Pop Congressman.

WASHINGTON, April 4.-The election contest from the Fifth Alabama district was passed on today by the house committee on elections No. 1, which voted to unseat James E. Cobb, the democratic incumbent, and seat Goodwin, who ran against him as a populist. The decision was reached by a party vote. There was no republican candidate in the district, but the republican vote was largely cast for Goodwin. According to the returns the vote was, Cobb, 10,651; Goodwin, 9,903. Allegations of ballot box stuffing and intimidation were made and the committee decided that Goodwin should have a majority of about 2,200. Cobb is now serving his fourth term in con-
