

A. P. A.-MCKINLEY ROW.

JUDGE STEVENS KEEPING UP THE FIGHT AGAINST THE OHIO MAN.

A FIGHT FOR PRINCIPLE.

McKinley Is Declared to Be the Very Weakest Man the Republican Convention Could Nominate Because of the Opposition of the Order—His Boom Has Reached Its Zenith.

WASHINGTON, May 6.—Judge J. H. D. Stevens, chairman of the Supreme judicial board and of the National advisory board of the A. P. A., which will meet here next Tuesday simultaneously with the National A. P. A. convention, said to-day: "The A. P. A. will assuredly take a hand in the presidential election. The part our organization will take is not to advance the interests of any particular candidate. We are making this fight for principles, and the ambitious individuals do not concern us."

ITS FIGHT ON MCKINLEY.

The A. P. A. National Advisory Board Sends Out a Circular.

KANSAS CITY, Mo., May 6.—The Kansas City council of the A. P. A. has just received the latest circular of the national advisory board, backing up its fight on Major McKinley's nomination for the presidency. Despite the hostility which the advisory board has stirred up in the order, the board gives no indication of weakening; instead it calls on members to stand by it.

CAHOON FAR AHEAD.

Easily Leads in the Race for Governor of Missouri So Far.

ST. LOUIS, Mo., May 6.—The St. Louis Globe-Democrat gives the following as the strength of the various candidates for governor with the delegates thus far instructed:

"Almost one-half of the delegates to the Republican State convention at Springfield have been elected, and these represent more than half the counties of the state. Thirty-two counties have instructed their delegates to the gubernatorial candidates. Of these, sixteen counties, with sixty-one delegates, are for Cahoon; six counties, with forty-two delegates, are for Upton; six counties, with twenty-four delegates, are for Davis; one county, with ten delegates, for Hale; one, with nine delegates, for Pettigorn; one, with six delegates, for Warner; and one, with five delegates, for Tubbs—a total of 157 instructed delegates. Thirty-four counties, with 187 delegates, send them uninstructed."

"NITRATE KING" DEAD.

Colonel J. T. North Secumbs Suddenly After Eating Oysters—His Career.

LONDON, May 6.—While presiding at a meeting of his nitrate company in the Woolpack building, Colonel T. J. North, the "Nitrate king" fainted in his chair and died at 4 o'clock. Although death is believed to have been due to heart disease, it is stated that shortly before his demise he ate a dozen oysters, sent to him from a restaurant in the vicinity of the company's offices. The shells have been kept and may be examined. A couple of doctors were summoned almost immediately after the colonel fainted, but their efforts were useless. There will be a post mortem examination. The death caused great excitement in financial circles and also created a sensation when it was announced in the House of Commons.

MILWAUKEE'S STRIKE.

Electricians Join the Street Car Handlers—The Tie-Up More Complete.

MILWAUKEE, Wis., May 6.—At 8 o'clock this morning the street car lines were tied much more closely than at the same hour yesterday. Only three cars had been run all morning, while yesterday twelve or fifteen were in operation before 9 o'clock.

All of the electrical workers in the employ of the street car companies, 275 in number, went on a sympathetic strike. The railway has enough men, however, to supply the motive power. Stragglers were moving on all lines at 11 o'clock, but, as a rule, people are not riding on them and busses are well patronized. The streets are free from excitement.

MME. RUPPERT DEAD.

The Woman Who Treated Queen Victoria Passes Away in Missouri.

PLEASANT HILL, Mo., May 6.—Mme. Ruppert, the noted beauty specialist, is dead from consumption. Amy B. Shelton was born here in 1864. At 15 she went to St. Louis as a clerk in a sewing machine establishment and became later a saleswoman in a music house. While employed in the latter capacity she made the acquaintance of an old woman, who revealed to her a secret facial remedy and urged her to engage in its manufacture. Miss Shelton did so and made New York her headquarters. Her success was such that she was summoned to England to treat Queen Victoria and succeeded here also. This made her position secure and she established agencies throughout England and Europe. She lectured in a number of European cities also.

Miss Shelton's first marriage was to a rich Philadelphia German named Ruppert, whose name she retained, although she was subsequently divorced from him. Later she married Richard Armstrong, an Englishman, with whom she lived until she died. When ill health overtook her she came back to Pleasant Hill to spend the rest of her life, but the end was not long in coming.

JUDGES IN PERIL OF JAIL.

The St. Clair County Bench Must Provide for Bonds or Take Consequences.

KANSAS CITY, Mo., May 6.—Unless the county judges of St. Clair county obey a peremptory writ of mandamus served on them yesterday at Osceola, Mo., by Deputy United States Marshal Colt, they will stand in danger of being put into jail for contempt of court by Judge John F. Phillips.

The writ was based on a judgment for \$240,727.25 in favor of Joseph M. Douglass of the State of Nevada, rendered in the federal court at Kansas City, February 9, 1894. Mr. Douglass is a purchaser of bonds issued by St. Clair county to aid in the construction of the Tebo & Neosho railway, which was never built.

TRANSVAAL PARLIAMENT

THE SOUTH AFRICAN LEGISLATURE IN SESSION.

ADDRESSED BY KRUGER.

Warmly Congratulated by the Boers on His Diplomatic Victory Over Secretary Chamberlain—His Speech Very Moderate and Conservative, Meeting Every Situation Firmly and Squarely.

PRETORIA, South African Republic, May 6.—The Volksraad (parliament of the Transvaal) was opened to-day by President Kruger. Great interest was taken in the proceedings because of the recent disclosures of the cipher telegrams exchanged between Cecil Rhodes, then premier of Cape Colony, and others who took part in the Jameson raid. The town was crowded with Boers, many of whom had ridden hundreds of miles to be present. The vicinity of the parliament building was crowded with a picturesque gathering of Boers long before the hour set for the opening, and the commendations passed upon the diplomacy of "Oom Paul," who has so cleverly outfenced the British secretary of state for the colonies, Joseph Chamberlain, and is now so completely master of the situation that he towers head and shoulders over everybody and everything connected with South Africa, were many and warm.

The President, in his speech, said in brief that the recent events, due to malice and selfish objects, had seriously interrupted the rest and peace of the South African republic, adding: "It has ever been my wish to promote the development and prosperity of the republic in the most peaceable manner possible, so I am firmly convinced that it is your shure wish to co-operate with me in this policy and that you expect with the fullest confidence that the session of the Volksraad will contribute in no small manner to the restoration of peace in this state in order that, through our united co-operation, our country may flourish and prosper for the benefit of all."

The president then touched upon the foreign relations of the South African republic, the most delicate portion of the speech, saying: "In spite of past troubles the republic continues to maintain friendly relations with foreign powers."

The president then turned to the relations between the South African republic and its sister republic, the Orange Free State, remarking: "I hope that a meeting between representatives of the Orange Free State and representatives of the South African republic will shortly be held and plans for a closer union between the two countries will be discussed."

This utterance of President Kruger was looked upon as confirming the report that negotiations have for some time been on foot for an alliance, offensive and defensive, between the South African republic and the Orange Free State to resist any attempt upon the part of Great Britain to interfere with the internal affairs of either country. The President's speech was very well received, being considered most moderate in tone, although meeting every situation firmly and squarely.

SHORN OF THEIR POWER.

Rock Island Passenger Conductors Cannot Collect Fares.

KANSAS CITY, Mo., May 6.—The Rock Island railway conductors have been shorn of considerable of their authority. On many of the Rock Island trains entering and leaving Kansas city uniformed collectors take up the tickets and collect cash fares from the passengers, while the conductors simply look after the running of the trains, see that they are on time and help the passengers on and off at stations. The Rock Island conductors are indignant over the introduction of the ticket collectors and consider it almost a direct charge of dishonesty.

African Methodists in Conference.

WILMINGTON, N. C., May 6.—The general conference of the African Methodist Episcopal church convened here yesterday morning with over 1,000 delegates, alternates and visitors present, every State except Maine, New Hampshire and Vermont being represented. Bishop Turner called the body to order and conducted the services. In the afternoon the Rev. L. H. Reynolds of Galveston was chosen secretary with seven assistants. Eight bishops are present. The conference will continue about three weeks.

Stewart, who died on April 10, 1876, have brought suit in the Supreme court to obtain a share of his estate. They say they are entitled to one-half of all the real estate. Judge Hilton and a large number of beneficiaries under the will of Mr. Stewart are named as defendants.

MISSOURI NOTES.

The Populists of Johnson county have rejected all fusion overtures and will place a straight ticket in the field. Voluntary contributions for the Bland campaign fund are coming in quite frequently says Treasurer Stevens.

At the Chillicothe city election the Republicans elected the mayor and four out of five councilmen. The A. P. A. figured largely.

SEVEN CRUSHED TO DEATH

A Cincinnati Building Wrecked by Gasoline Explosion.

CINCINNATI, Ohio, May 6.—At 8 o'clock last night the five story building, 430 and 432 Walnut street, between Fourth and Fifth streets, was blown to the ground by an explosion of a gasoline engine. The shock was so terrific that it was felt all over the city, and not one brick upon another is left in the front and rear walls of the building, while the adjacent buildings are badly damaged and the glass in the windows in the Gibson house and the large Johnson building across the street were all broken. The glass was broken out of street cars that were passing at the time, and one of the cars was badly wrecked, but none of the passengers was seriously hurt. All the horses in the immediate neighborhood broke from their fastenings and ran away, and there was not only intense excitement, but the greatest confusion. Seven were crushed to death and twenty injured, among whom several fatalities may develop.

The family of Adolph Drachs suffered most severely. Drachs and his wife are numbered among the dead, his 5-year-old daughter is dead and his 3-year-old boy is believed to be dying. Noland Davit, a traveling man for the Columbia Carriage company, of Hamilton, Ohio, and two others, unidentified, complete the list of those known to be dead.

A most touching scene occurred when Fireman John McCarthy found his brother pinioned under a heavy beam and begging the men above to kill him. McCarthy said there were three other men near him and they were alive. The most heroic efforts to liberate these sufferers were continued up to midnight. Jack McCarthy, Peter Burns and Charles Tilley were taken out of the ruins about midnight, but it is feared that none of them will live.

Workmen report at 12:45 that one of Mrs. Drachs' children was certainly still alive, as they could plainly hear it calling "mamma."

SENTENCE COMMUTED.

Instead of Hanging Punshon Will Serve Twenty Years in Prison.

ST. JOSEPH, Mo., May 6.—Governor Stone has commuted the sentence of Thomas Punshon, sentenced to hang next Thursday, to twenty years in the penitentiary. Punshon was convicted on circumstantial evidence of having killed his wife. At his first trial he was given twenty years in the penitentiary, but appealed the case. Being granted a new trial by the supreme court, he was sentenced to hang at the second trial, and the governor has interfered as stated.

Tragic Deed of Mrs. Sailer.

STURGEON BAY, Wis., May 6.—Mrs. E. X. Sailer, the wife of a business man, yesterday drowned her two children, and then committed suicide by the same method. The woman had gone down the bay shore, a distance of three miles from here, and had evidently walked out into the bay with her children and held them under the water until life was extinct, after which she lay down and deliberately suffered herself to drown. Mrs. Sailer was about 25 years of age. The tragedy is supposed to be the result of domestic unhappiness.

Object to the Clock System.

NEWPORT NEWS, Va., May 6.—About 1,000 men stopped work and demanded salary at the shipyard of the Newport News Ship Building and Dry Dock Company yesterday. This action on the part of the employes was brought about by the new time system, which went into effect yesterday. This system is called the clock system and each man has a key and registers his own time. The men claim that much time is lost in the morning and at dinner hour on account of having to wait in turn to register.

Elections in Indiana.

At Knox, Winamac, Gosport, Albion, Monon, Linton and other towns there were Democratic gains. At Thorntown and Spencer citizens tickets were elected and in other sections there were Republican gains. At Irvington and Brightwood, suburbs of Indianapolis, the Republicans tickets were elected, while Hanghville, another suburb, went Democratic.

Defeat For Harvard Seniors.

CAMBRIDGE, Mass., May 6.—The annual Harvard class races on the Charles river last night resulted in one of the biggest surprises in years. The freshmen eight, for the second time in the annals of Harvard athletics, won quite handsly, rowing with a right stroke, and excellent watermanship. The senior crew, with its six ex-varsity oarsmen, was the prime favorite. The freshmen were not even expected to finish third.

HAVANA, May 6.—The insurgent leaders, Mora, Villanueva and Delgado, at the head of about 1,000 men, have burned the village of Punta Brava, near this city. THE WOMEN DEBATE ON.

METHODIST LEADERS EXPRESS THEIR VIEWS ON THE ISSUE.

CONSTITUTIONAL ISSUE.

Strong Opposition Developed to Seating the Fair Delegates—Laymen Demand Full Rights in the Conference—No Other Business to Be Done Until This Is Settled by Conference.

CLEVELAND, Ohio, May 6.—No sooner had Bishop Andrews called the general Methodist Episcopal conference to order this morning than C. W. Bennett of Cincinnati presented a resolution providing for the appointment of a special committee to pass on all communications from the laymen, this committee to consist of one minister and one layman from each district. After a good deal of debate in which the Rev. Dr. Shier of Detroit expressed regret that any feeling existed between clergy and laity an effort was made by Dr. James of Philadelphia to have the committee consist of fifteen members to be appointed by the bishop. The lay delegates would not agree to this and Mr. Bennett's resolution went through.

The woman question was again brought forward and President Daniel Stevenson of Union college, Kentucky, criticised the action of the bishops in deciding against the action of the women in 1888.

The Rev. G. Neely led the fight against the women. He held that the question was one of law purely. He took up the question of the bible argument and said that it was true that the bible said men and women were one in Christ, but not in the general conference. He held that in the church the status of women was different from that of men. The question was a constitutional one and no one was to be admitted unless specifically mentioned. Judge Caples of Oregon, Senator Harlan, Dr. Buckley of New York, Dr. Leonard of Cincinnati, the Rev. Dr. Harris of Maine, the Rev. Dr. James Cawley of Minneapolis, the Rev. Dr. J. W. Hamilton, Dr. R. J. Day of Syracuse, Dr. Emery Miller of Iowa, and several other men prominent in the councils of the church spoke upon the question.

When the hour for adjournment arrived the conference discontinued the debate and will resume it to-morrow morning where it was left to-day. No business was transacted by the conference to-day and nothing will be done until the woman question is settled.

WYANDOTTE NOT IN IT.

Second Kansas Republicans Organize Very Quietly.

LAWRENCE, Kan., May 6.—Although candidates and delegates to the Second district congressional convention and an army of log rollers have packed the Eldridge house here since yesterday morning, the contending factions had not been able to agree upon a rule of action looking to harmony and a speedy dispatch of business, when the convention met this morning, except W. B. Carpenter, a farmer of Miami county, and a Funston supporter, should be temporary chairman. This was agreed upon by candidates Jack Harris, E. T. Metcalf, Eldon Lowe and E. H. Funston early last evening. W. J. Buchan and C. W. Trickett of Wyandotte county and their respective friends were not consulted, for by common consent it had been agreed that neither of the contending delegations from that county should have a voice in the temporary organization.

The contending delegations from Wyandotte county were admitted to seats in the convention hall as spectators only, the sixty-six delegates representing the other counties of the district effecting the temporary organization.

As soon as the temporary organization was effected the Wyandotte contest was taken up by the credentials committee. Convention adjourned till 5 o'clock.

The committee on credentials is anti-Buchan, but whether Trickett will be able to handle it is a question. Buchan's friends throughout the district, especially those of Wyandotte and Douglas counties, favor a new election.

Linhardt's Murderer Confesses.

JEFFERSON CITY, Mo., May 6.—Ed McKenzie, the negro who was put in the penitentiary last week to thwart a mob, confessed to-day that he killed Nick Linhardt, a wealthy farmer a few miles from here. He said that he knew Linhardt's habits and lay in wait for him near the road and knocked him in the head with a club. The body was robbed of over \$500, all of which has been recovered.

ELECTRICAL EXHIBIT.

Governor Morton Inaugurates an Interesting Display in New York.

NEW YORK, May 6.—The national electrical exposition, under the auspices of the National Electric Light Association, opened at the Grand Central palace last night. It was opened by the pressing of a golden key by the chief executive of the State—Governor Morton—which sent out an electric current that discharged cannon in San Francisco, New Orleans, St. Paul, Augusta, Me., and London, Eng., and from the roof of the exposition building. An immense crowd attended the opening.

Dispatches were received from Augusta, St. Paul, London and New Orleans, declaring that the guns had gone off satisfactorily. When Governor Morton turned the key a volume of fluorescent light danced through the tubes that enveloped the place where he stood. Simultaneously the electric lights around the different exhibits blazed out in different colors and created a sight that looked like a scene from Fairyland.

One of the most interesting exhibits was that of Edison, showing the telegraph and telephone apparatus, the earliest form of electric lighting, transmission motors, models and miscellaneous exhibits, together with four sets of apparatus, with which experts gave exhibitions of the Roentgen rays so arranged that by taking the fluorescent into their hands people were able to inspect their own anatomies.

SURPRISE IN BRYAN CASE.

The Defense Presents Some New and Sensational Testimony.

NEWPORT, Ky., May 6.—A surprise sprung in the Jackson trial yesterday was that of William R. Trusty, who testified that on January 31 he drove an old man whom he supposed was a doctor, out to the Fort Thomas region, where the beheaded girl was found. The witness only knew one person in this connection, and that was a woman with whom he had been acquainted six years, whose name was George Baker, alias Emma Evans. He knew nothing of the old "doctor" or the cab drivers. He did not even know the name of the house where the corpse was taken; he only knew the house was on the south side of George street, near Elm street. Trusty testified that they drove a gray horse and a rig similar to the one George Jackson described. The old doctor, whose name Trusty never learned, gave him \$10 for the job. Trusty afterward returned to his home in Urbana, Ill., where he told the story about this midnight drive to his father.

Young Girl's Throat Cut.

WASHINGTON, May 6.—Elsie Kreglo, a white girl, 16 years old, was murdered yesterday in a ravine near the National Zoological park. The body was found in a small creek about 100 yards from the girl's home, with her throat cut six times. The victim's clothes were partly torn from her and strewn about for quite a distance, showing that she had made a desperate resistance against the attempts of her assailants, who, the officers believe, sought to assault her. The Kreglo family are industrious working people and the victim was one of five sisters. No clue.
