For the Young People.
 Every neighborhood needs to be waked up by a choir of singers who use Armageddon, the song book of the great industrial class. It is a large book, full of new songs, words and music fresh, and full of humor, fire, pathos, patriotism and love of liberty. Every home where there are lovers of truth and justice and opposers of oppression should contain one or more copies of this song book. Get the young people to singing its songs.

SAVE DOCTOR BILLS.
THE BOOK FOR EVERYBODY.

An Encyclopedia of Medical Instruction by the Leading Medical Men of the Country.

A helpful companion for all classes and a storehouse of the latest medical knowledge, a complete encyclopedia on home nursing, on infant feeding; tells you what to do in cases of accident, how to nurse and treat the sick. It gives the anatomy and physiology of both the sexes. Hygiene of the home and of the sick room. Children's diseases and how to treat them by simple and safe remedies. Over five hundred prescriptions.

A Few of the Remedies Advised.
ADVICE TO MOTHERS—The book is worth many times the price asked for it to mothers who have the care of small children. The section devoted to children's diseases is the most modern of anything yet published. It is brought up to date—1896.

NURSING—Nothing is more conducive to the comfort of the sick than to have an able nurse. By following the instructions and studying carefully the section devoted to this branch of the healing art, you can become perfectly proficient in this science. Every woman should know what to do and the best way of doing it in case they are suddenly called upon to care for the sick.

INFANT FEEDING—This section alone is worth many times the price asked for the book. Here the mother, whether she be young and inexperienced, or whether she may have had a world of experience, will find words of wisdom. She will find what is the best food for the baby, and the very latest and best way to prepare it.

DISEASES OF CHILDREN—The treatment of children's diseases has been revolutionized during the past few years; all that is new and by experience proven to be the best, has been incorporated in this section. No book of recent date, not even for doctors, is as advanced in its treatment of this important branch as this book. This late treatment for that dreaded disease—Diphtheria—which has proven so fatal to so many, is here given.

DISEASES PECULIAR TO WOMEN—In this section will be found invaluable information for every woman and for every maiden just merging into womanhood. The advice and treatment here given is the latest and best. It is by a physician who has long been a specialist in this class of diseases.

THE STOMACH—There is no one but what recognizes the fact that a sound stomach is the prime requisite for a sound body. The diseases of this important organ have been dwelt upon at great length. The very best means are minutely described for restoring this organ to a healthy state after being once deranged.

THE LIVER—Every individual knows the vast role this organ plays in the human organism. If it be out of fix the whole family and most of the neighbors know it, for he is a nuisance to himself and all about him. This book gives a minute description of this all-important organ, and a clear portrayal of its varied diseases. It then tells how these may be corrected and the organ restored to its healthy condition.

HUNDREDS MORE.

There are Prescriptions and Simple Remedies for Asthma, Cholera, Croup, Diarrhoea, Ear Ache, Erysipelas, Hay Fever, Indigestion, Kidney Troubles, Worms, Measles, Nose Bleed, Whooping Cough, Pneumonia, Ringworm, Scalds, Sprains, Sunstroke, Tonsillitis, etc., etc., any one of which might save not only a doctor bill, but a life as well. Can you afford to be without it?

It treats of all the summer diseases, and gives the very latest prescriptions for all slight as well as serious ailments. What you pay for one prescription will more than pay for over 500 of the latest and best prescriptions, and a wealth of valuable information besides. The book is meeting with an enormous sale in the east. Price \$2.50.

By special arrangement with the publishers we are enabled to offer this valuable book, and a year's subscription to the NEBRASKA INDEPENDENT for only \$1.75. Send for a copy. MAIL IS TOO LARGE

MR. BRYAN ISSUES AN APPEAL TO THE PUBLIC.

More Letters Received than Can Possibly be Attended to—Asks that The Public Send Suggestions Regarding Conduct of Campaign to National Committee.

LINCOLN, Neb., July 22.—More letters come to W. J. Bryan each day than he and his wife and secretary can open and read, and in order to let those who have written to him know the situation, he gave out the following yesterday:

"Lincoln, Neb., July 20, 1896.—To the public: My daily mail has grown so large that I find it impossible to read all letters received, and still more impossible to reply at length to each. Those who are interested in the success of our cause will appreciate the situation and pardon me for making the following suggestions:

"First—As time will not permit a full discussion of political questions in so large a number of private letters, I shall, in order to avoid discrimination, reserve all such discussions for public occasions.

"Second—All offers of service and suggestions regarding the conduct of the campaign should be made to the national committee representing various states and territories. All requests for campaign literature should be addressed to the secretary of the national committee at committee headquarters as soon as headquarters are opened.

"If friends will be kind enough to observe the above suggestions I shall be able to devote my time fully to the work of the campaign.—William J. Bryan."

THE REUNION PROGRAM

An Attractive List of Noted Speakers to Be Present.

LINCOLN, July 22.—The following program has been adopted by the G. A. R. reunion and program committee:

Monday, August 24, dedication day, at which Governor Holcomb, all ex-governors and all state officers of Nebraska will be present. Judge Hayward will deliver the dedicatory address and turn the camp over to Commander Culver.

Tuesday, Shiloh day; speakers, General Prentiss, Governor Thayer and Commissioner H. C. Russell.

Wednesday, Chickamanga and Chattanooga day; speakers, General Palmer and General Anderson.

Thursday, Gettysburg day; speakers, General Sickles, Senators Thurston and Allen, and General Cole.

Friday, Appomattox day; speakers, General Henderson, Paul Vandervoort, and J. H. Caldwell.

Falls City Reunion.

FALLS CITY, July 22.—The southeastern Nebraska G. A. R. district reunion opened last evening at Hinton park. Michael Sicafoose delivered the address of welcome and an interesting program was presented and the campfires were not extinguished until midnight. A great many soldiers came in yesterday, filling all the tents on hand, the attendance in every way exceeding the hopes of the local committee. The woman's relief corps furnished yesterday's program. Visitors are pleased with the reception accorded them and pronounce themselves satisfied with the location of the reunion. A splendid program is on for today and a very large attendance is expected.

Captured the House-Breakers.

LYONS, Neb., July 22.—City Marshal Davis arrested two young men near town night before last who had broken into a house near Craig and stolen valuables to the amount of \$65. When found the parties were playing cards in a cornfield, and each had a revolver. Davis got the drop on them and ordered "hands up," which order was promptly obeyed and they were marched to the lockup. The sheriff of Tekamah was notified and took them to Tekamah.

Quick Change Man in Lincoln.

LINCOLN, Neb., July 22.—The quick change man who has been here for several days worked several people. Depot Ticket Agent Ziemer escaped being beaten out of \$5 by having his wits about him. The stamp clerk at the postoffice donated him \$5 on the old game.

Many Bridges Damaged.

PAWNEE CITY, Neb., July 22.—Reports keep coming in of considerable damage being done to bridges in various parts of the county in the last rain. Six inches fell at this point and some report more.

Good Rain at Elwood.

ELWOOD, Neb., July 22.—This section was visited by a much needed rain last night, the precipitation being one-half inch. Some early corn is made and the late corn greatly benefited by this rain.

Omaha Man Killed.

OMAHA, July 22.—A special from Atleboro, Vt., states that Joseph Acton of Omaha was killed there by being struck by an overhead bridge while riding on top of a freight train.

STATE NEWS NOTES.

Ebenezer Hull of Hastings died yesterday morning at the advanced age of ninety-two years.

J. C. Clark, once a well known citizen of Lincoln, died at Winters, Cal., on July 13 from the effects of a sunstroke.

The remains of Jonathan Chollette, of Wahoo, who died in Denver of heart failure, arrived in Wahoo Monday. He was an old resident of Saunders county.

James Hall, the five-year-old son of James Hall, an employe of the Cudahy Packing company, South Omaha, was drowned while bathing in the river at the Douglas street bridge.

KEARNEY COTTON MILLS

A Good Showing Made by that Institution the Past Week.

KEARNEY, Neb., July 21.—During the week just passed the Kearney cotton mill turned out more cloth than any other week since it has been in operation. The amount taken from the looms was 1,765 bolts of fifty yards each. At an average price of 4 cents a yard, the week's output would bring \$4,678, which is considered pretty good for a factory in central Nebraska.

The water in the Platte river south of town is so low that it is covered with sand bars, and the boys are having rare sport fishing from the numerous holes with pitchforks. A party of young people went fishing in this manner a day or two ago, and brought back a number of fine fish, two or three weighing nearly forty pounds each.

Indians Have a Powwow.

LYONS, Neb., July 21.—A great crowd of people assembled on the Omaha Indian reservation Sunday to witness the annual powwow of that tribe. About one thousand Indians were present including a number of Poncas, who are frequent visitors. The enterprising white man, with his merry-go-round, kindly took care of what change he had after his appetite had been satisfied. The gamblers did some business. One boot-legger had four jugs of fire water spilled on the ground. The price of a dance was one pony which was donated to some poor Indian.

A Waste of Good Whisky.

LINCOLN, Neb., July 21.—Since his return to Lincoln Mr. W. J. Bryan has been the recipient of numerous presents from enterprising merchants. Chief among these are the manufacturers of cigars and whiskies. As Mr. Bryan uses neither tobacco nor whisky, he cannot attest to their quality, and so the whisky finds its way to the sewer and the cigars he distributes among the newspaper correspondents. He said he did not desire these gifts, or gifts of any kind, and in order to discourage the sending of them he has decided not to acknowledge receipt.

Tramps Capture a Train.

OMAHA, Neb., July 18.—Two hundred tramps captured an Omaha mixed freight train north of here last night and refused to get off. This train carries mail and passengers. The freight cars were cut off and left at Blair and the engine, pulling the cabooses, mail and passengers, continued to Sioux City. United States Marshal White has been requested by Superintendent Jaynes to send deputies to Blair to protect the train.

Eulogized Mr. Bryan.

LINCOLN, Neb., July 21.—In the midst of his sermon at the First Presbyterian church here yesterday, the Rev. Thomas P. Williams paid a high compliment to the character of William J. Bryan, the Democratic Presidential nominee. Mr. and Mrs. Bryan and their three children occupied the family pew in church, and when the divine began his eulogium both Mr. and Mrs. Bryan showed signs of embarrassment.

Extending the Telephone Lines.

YORK, Neb., July 21.—The Nebraska Telephone company began work here this morning with a large force of men to build a new telephone line from here to David City. Connections will be made with intermediate towns along the route of the Union Pacific. A line will also be extended south and connect McCool and Fairmont. It is an improvement which has long been needed.

Think Chicory Profitable.

HASTINGS, Neb., July 18.—Mark Levy, who is at the head of the company which has undertaken the raising and manufacturing of chicory in this county, has placed the order for the necessary machinery and expects to have the plant in readiness for operation by the time the crop is ready to gather.

Injured in a Runaway.

GRAND ISLAND, Neb., July 21.—While driving his fathers delivery wagon Saturday evening, Will Veit was thrown forward upon the shafts and then under the wagon. The horse became frightened, ran away and upset the vehicle, which fell upon the boy, cutting him quite severely about the head.

A Wedding at Tate.

TATE, Neb., July 21.—Last night occurred the marriage of Henry Yother, a teacher near Liberty, to Miss Lida Gibson, an estimable young lady of this place, at the home of Jonathan Mort, Rev. Mills of Liberty officiating. About forty invited guests were present.

Killed His Baby Sister.

BUTTE, Neb., July 21.—Sunday afternoon the twelve-year-old son of Charles Mays, northeast of Butte, was playing with a revolver and accidentally shot his little sister through the head. She died a few hours later.

STATE NEWS NOTES.

A new paper has been started at Doniphan by Seth P. Mobley, called the Index.

Anton Zikovsky, aged fifty years, a veteran Union Pacific shop carpenter and prominent Bohemian, whose home was at 1447 South Fourteenth street, Omaha, was discovered by his son, Anton, a lad of fifteen, dead in bed with a bullet wound in his heart and a revolver lying near at hand.

At Lincoln Saturday John Currie and some men went down to the Missouri Pacific to unload the marble for the Lincoln statue. They got one of the big blocks on the wagon and started up town with it. The block was so heavy that it forced the wagon through the pavement and compelled the horses to stop. The block weighs over 23,000 pounds.

An Unprecedented Gain in Weight.

A TRAINED NURSE GAINED FIFTY-THREE POUNDS BY USING A NERVE FOOD.

One of the Most Remarkable Results on Record.

From the Gazette, Yonkers, N. Y.

"I don't look much like a living skeleton now, do I? and yet two years ago I weighed just seventy-two pounds," said Mrs. J. W. Coffey, of 55 Warburton avenue, Yonkers, N. Y., to a reporter. And we agreed with her, for she certainly looked anything but a living skeleton, but rather bore the appearance of a plump and attractive lady in excellent health and spirits. Continuing, she said:

"I had lost my appetite and was wasting away in flesh, losing some fifty pounds in a few months. Doctors said I was threatened with consumption. I was under what was regarded as first class medical treatment, but it had apparently had little or no effect, for I kept getting worse until I could not attend to my household duties and could hardly walk. My husband and everybody who saw me thought surely that I would die, and there seemed no help for me.

"Tonics and stimulants and medicines all seemed useless, and I grew worse and worse until at last I resolved to seek some new remedy—one entirely out of the usual line of nauseous drugs and doses of stuff which seemed to take away what little relish I might perhaps otherwise have had for food. A friend told me of some wonderful cures effected by Dr. Williams' Pink Pills for Pale People, and I bought a box. The effect from their use was noticeable from the first and soon appeared almost miraculous, for it seemed pretty nearly like the raising of one from the dead.

"I soon commenced to eat, something I had scarcely done before for weeks, and soon began to gain in flesh and strength. I went one day to the doctor's office and he was surprised at the change in me for the better. I had to confess that I had been taking the pills, and he was broad-minded enough to advise me to continue what was evidently doing me so much good. I took, in all, six boxes, and increased in weight from 72 to 125 pounds which is my regular and normal weight."

"Are you sure the cure is permanent?"

"Well, yes. My work is that of trained nurse, which means, as you probably know, irregular hours, and at times great exhaustion. During the two years since my recovery I have had many engagements, and through them all have continued in good health. I take pleasure in bearing testimony to the remarkable power of this great medical discovery. I know of other cures effected by it. A friend of mine suffered greatly at her monthly periods. One box relieved and three boxes cured her. But I know of no case equal to mine, for my case was critical, desperate, and almost hopeless."

Mrs. Coffey has lived in Yonkers for sixteen years, and for twelve years has followed the business of attending the sick, excepting only the period of her illness. She has hundreds of acquaintances and friends who know her to be capable and trustworthy. Many of them know how very ill she was and how remarkable was her recovery. The pills have a large sale in Yonkers and Westchester county, which will be greatly increased as their merits become better known, for they seem to be one of the medical marvels of the age.

Dr. Williams' Pink Pills contain in a condensed form all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effect of la grippe, palpitation of the heart, pale and sallow complexion, all forms of weakness either in male or female. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, 50 cents per box or six boxes for \$2.50—(they are never sold in bulk or by the 100)—by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

Not Perfect.

The famous baseball pitcher had walked the floor with the youngest of his family for an hour or so. "Mary," said he, "if the manager saw me now I bet I'd get soaked with a fine." "Why?" asked his wife, sleepily. "I don't seem to have any control of the bowl at all, I don't."

HURRAH FOR BRYAN.

Billy Bryan went to Chicago, upon the silver train, to do the convention as best he could for Lincoln's fame. And when upon the floor he quickly did his best, Then quietly stepped aside and let the convention do the rest. To the west as well as to the east The importance of silver he told, And demanded that labor at least, Should not be crucified on a cross of gold. Now let each and every Nebraskan With shoulder to the wheel do his part, To see Billy, our young statesman, Inaugurated as president the 4th of next March.

It is a Shame
 That so many people will comb out a nice head of hair, and are content to wear a bald pate the rest of their lives.
Don't You Know
 The crowning beauty of man or woman is a nice head of hair? Why go without when you need not?
 Testimonials from parties who have been bald for years, but now have a good head of hair from the use of our treatment, will be sent on application.
 Mrs. H. Converse, seventy years old, of 223 N. 25th St., Lincoln, Neb., writes as follows:
 "Ten years ago I was afflicted with a disease of the scalp and falling out of my hair, and having consulted a professional dresser of this place, she informed me that I had hypochondria of the scalp, and that I would be entirely bald-headed within two years and that she would treat me for the disease for the consideration of \$25, but thinking this sum a little too much, I declined the offer, and seven years ago commenced using Pratt's Treatment for the Scalp, and it has produced a permanent cure. Many of my friends and acquaintances are quite astonished to see such a head of hair growing upon one of such advanced age as seventy years."

Send \$3 for one bottle of Pratt's Treatment for the Scalp. It will stop your hair from falling out, and will renew its growth. One bottle will thoroughly convince you. Our Remedy is not the cheapest but it is the BEST. Address,
