

Nervous Prostration

Cured by Dr. Miles' Nervine. Prolonged derangement of the nervous system not only affects the brain and mental powers, but develops disease in some of the vital organs.

"Fourteen years ago I had a slight stroke of paralysis. Overwork brought on nervous prostration. I was exceedingly nervous and the exertion of public speaking caused heart palpitation that threatened my life."

NEBRASKA CROP REPORT.

FINE RAINS AND GREAT CROPS

Except in Southwestern Part of the State. The Week Ending Monday, August 10, 1896

The past week has been very warm the temperature showing a daily average excess (above normal) of five degrees in the western part of the state and nine degrees in the eastern part.

The rain fall has been very unequally distributed. Heavy showers, with one to three inches of rainfall, have occurred quite generally over the southeastern section and in small areas in the central and western sections.

REPORT BY COUNTIES.

SOUTHEASTERN SECTION.

Butler—Crops have formed and matured rapidly during the week and promises a heavy crop.

Case—Crops continue in most promising condition. Thrashing has made good progress.

Clay—Crops going on to maturity in good shape and promise well.

Filmore—Pastures good. Thrashing of small grain well under way.

Hamilton—Soil in good condition for plowing. Corn immense.

Jefferson—Crops are earing and filling well and the early corn is out of danger of drought.

Johnson—Crops in as fine condition as it could be and will make a heavy crop if nothing further happens to injure it.

Lancaster—Favorable weather for everything. Corn promises to be the largest crop ever raised in the county.

Nemaha—Hot, sultry weather. Corn splendid. Wet weather has done some damage to stacked grain.

Nuckolls—Thrashing delayed by rains. Prospect for biggest corn crop ever known in the county.

Otoe—The week has been one of more sunshine and at times of intense heat.

Pawnee—Grain thrashing progressing as fast as the weather permits.

Polk—Crops are still making rapid growth and the prospects now are for one of the largest corn crops ever raised in the county.

Richardson—The corn crop throughout this county is the best ever raised.

Saline—The week has been favorable for corn and for the harvester.

Saunders—Seasonable rains and high temperatures have been favorable for corn.

Seward—Rather favorable week. Some localities too dry for best growth of corn but generally crop doing well.

Thayer—Hot winds have damaged corn in spots but a large per cent of the crop is safe and a good crop.

York—A good week for corn which has made rapid progress.

Antelope—Wheat and rye a good crop and oats a poor crop.

Burt—A busy week stacking and thrashing. Most all grain being thrashed out of shock.

Cedar—Stacking about done and thrashing in progress.

Collfax—Corn is doing well except where planted in stocks.

Cuming—Good corn weather. Small grain about all stacked.

Dodge—Small grain all out and stacking in progress.

Douglas—Conditions for corn perfect and the crop is in No. 1 condition.

Holt—Small grain all out and most of it stacked.

Knox—The rains the first of the month have damaged the grain in shock some.

Madison—Early corn is hardening. Late corn coming on nicely.

Pierce—Wheat harvest is over and thrashing has commenced.

Platte—Week very favorable for pushing the corn along.

Washington—The wet weather has done some damage to small grain.

Wayne—Hot and dry all the week. Wheat cut and some thrashed.

Buffalo—Week mostly hot. Good rain on the 4th.

Custer—Week has been very hot, favorable for stacking and thrashing.

Dawson—A very dry, hot week. Much grain has been stacked.

Hall—A very hot week, but rain enough for the crops.

Howard—Most of the small grain in stack and thrashing commenced.

Loup—Recent rains have improved corn prospects.

Merrick—No harm from the unusually hot weather.

Sherman—Small grain about all in the stack.
