

600 FUNERALS IN ONE DAY

RESULT OF THE HOT SPELL IN NEW YORK AND BROOKLYN.

1,000 DEATHS FROM HEAT.

Undertakers Overtaxed and Cemeteries Almost Unable to Furnish Sufficient Graves—Grave Diggers Work Night and Day—Nearly 2,700 Deaths in One Week—Weather Record.

NEW YORK, Aug. 18.—Though the forces of grave diggers were largely increased and the men worked night and day, graves could not be supplied to fill the demand at the cemeteries yesterday. There was also a shortage in hearses and it was necessary to borrow thirty-six from New Jersey town and twelve from Philadelphia. There were 400 funerals in New York during the day and over 900 in Brooklyn. These were greater than on any day in the history of the two cities. Friday, Saturday and yesterday saw more burials than any seven days of which cemetery bookkeepers can find any record. Children and aged people were comparatively little affected, for the number of children and old people among the dead had never in the hottest of weeks of any year been as small as last week. The average age of the persons interred was 47 years. There were nearly twice as many men as women buried.

All yesterday Father Costello stood in the tiny chapel at Holy Cross cemetery and pronounced benediction for the dead. The funeral trains approached the chapel in double lines, the hearses massed around the entrance. Of the total number of dead in the two cities and vicinity since August 8, nearly 1,000 of them were directly due to heat prostrations.

In the Charleston, S. C., earthquake there were 41 deaths; in the great blizzard of March, 1835, 100 people perished; in the blizzard which swept over the West January 11, 1885, 100 were killed; the Chicago fire caused 208 deaths; the St. Louis tornado of May 27 last, killed 338 people. These figures look small when compared with the 1,000 stricken here by the heat. In the same period the total deaths in this city and Brooklyn were 2,639, more than ever recorded in America in twice that period during times of the worst epidemic.

Of the 1,210 persons who died in this city last week, nearly 500 died Thursday night, Friday, and Saturday. In Brooklyn in the same length of time there were 879 deaths.

Hot Weather in Oklahoma. GUTHRIE, Okla., Aug. 18.—The heat has been intense over the entire territory for ten days, ranging from 104 to 110. The late crops will be somewhat affected, but there is not enough of them to materially affect the general result of an abundant yield.

RIOTING IN BELFAST.

Nationalists Stoned by Opponents—Spears Used—Police Wield Batons. BELFAST, Aug. 18.—This morning there were several processions of Nationalists in favor of granting amnesty for the Irish political prisoners. They were finally merged into a large procession, headed by bandmen armed with spears.

The procession attracted immense crowds of people and stone throwing was begun. This enraged the Nationalists and their bandmen attacked the crowds with their spears, wounding many people. The police charged the rioters and used their batons freely and several persons were hurt before order was restored.

Grave Robbers at Work.

KANSAS CITY, Mo., Aug. 18.—Now that the medical colleges are getting ready to reopen the grave robbers are beginning to operate to supply the demand for bodies for the dissecting rooms. One night last week ghouls visited the Rickett cemetery, five miles north of Harlem, in Clay county, and stole the body of Ralph H. Woods, 20 years old, formerly a clerk in the employ of the National Security company of this city, an auxiliary of the Missouri, Kansas and Texas Trust company. The body was recovered on condition that no arrests should be made and no questions asked.

An Aeronaut Hanged by a Tree.

DALLAS, Aug. 18.—Guy Borson, an aeronaut, was descending in a parachute at Oak Cliff, yesterday afternoon and was within forty feet of the earth when the parachute struck an electric wire pole, throwing him into a fork only ten feet from the ground, dislocating his neck and causing instant death.

Stone Not Likely to Resign.

JEFFERSON CITY, Mo., Aug. 18.—Local politicians scout the idea that Governor Stone will resign to take a place on the Democratic national executive committee. They say that should he leave the State, Lieutenant Governor O'Meara would fill his place and it would not be necessary for him to resign.

An Army Officer Dismissed.

WASHINGTON, Aug. 18.—The president has approved the findings of the court martial sentencing to dismissal Captain M. F. Jamar of the Fourteenth Infantry. He was stationed at Vancouver, Wash., and the charges against him were the non-payment of debts.

Yorks Cockran to Make a Tour.

NEW YORK, Aug. 18.—Ex-Congressman Bourke Cockran has agreed to speak in the Democratic gold standard party's interest in Illinois, Michigan, Ohio, Virginia and Indiana. He may possibly extend his tour into other Western States.

ACT AS FOSTER PARENTS

Strange Conduct of Bees in Providing for Young Woodpeckers.

STROMSBURG, Neb., Aug. 18.—S. D. Clifford, an intellectual farmer who tills the soil a couple of miles from here, has recently astonished citizens with a story that has caused local Munchausens to turn green with envy. According to the tale that Mr. Clifford unfolds a pair of red-headed woodpeckers took up their abode in a hollow tree in front of his house in the early spring. Four eggs had been laid when a colony of bumble bees took possession of the tree and drove the woodpeckers forth into the world to hustle as best they could. Although the bees had treated the woodpeckers in a very scurvy manner, they showed more regard for the eggs that were left behind. In the course of time they succeeded in hatching them. No sooner had the four young woodpeckers opened their eyes to the world than the bees began to hustle food for them. It was no uncommon sight, says Mr. Clifford, to see six or seven patriarchal looking bees heroically carrying an immense wad to the expectant and always hungry little woodpeckers. In fact the colony of honey gatherers deserted the flowers altogether and engaged in a hunt for slugs, beetles, grasshoppers, and other delicacies so dear to a young bird's heart. The woodpeckers at length grew big enough to fly, and when they finally left the nest there was much mourning among the foster parents. The bees are now working overtime in order to make up for the valuable time they lost. Mr. Clifford is of the opinion that despite their remarkable handicap they will accumulate a respectable store of honey before the days become too cold for further effort.

GRAND ARMY REUNION

The Grounds Ready to be Dotted With Thousands of Tents.

LINCOLN, Neb., Aug. 18.—J. H. Culver, department commander of the Grand Army, visited Lincoln Saturday to consult with members of the local committee which has been making arrangements for the reunion. During the afternoon he inspected the reunion grounds, accompanied by Adjutant General Gage, O. E. Goodell, who is one of his aides, and J. B. Ferguson and other local committeemen. The grounds were found in good condition. Three thousand tents will be pitched this week.

A great many bands have usually attended the reunion. This year the commander and local committeemen have worked hard to secure transportation, but it is likely that the number of bands to be carried free will not exceed ten, and the railway officials will probably have something to say about their selection. The western passenger association has refused to carry bands free and any concessions made must come from Nebraska roads.

Tried to Break Jail.

PLATTSMOUTH, Neb., Aug. 18.—Lewell Adair, a young one-armed man confined in the county jail here on the charge of burglarizing the B. & M. depot at Greenwood last week, made an unsuccessful attempt to break jail night before last. Sheriff Holloway suspected that he would attempt to get away and so placed a guard outside the jail. Adair broke one of the iron legs off the bedstead in his cell and pried off several bars from the iron door. Just as he was in the act of crawling through the opening the watchman fired a shot from under the window, nearly searing the young man out of his wits. He will probably not make another attempt.

Found by the Roadside.

STROMSBURG, Neb., Aug. 18.—The other evening as H. G. Lowe was driving home he discovered a wrecked buggy by the side of the road about a mile northwest of town. Further investigation revealed Mrs. Charles Quist and baby in the weeds by the roadside. Mrs. Quist was badly injured about the face and back. The baby was unharmed. The unfortunate persons were brought to town and cared for. Local physicians say the woman's injuries will not result fatally.

Left His Bills Unpaid.

NORFOLK, Neb., Aug. 18.—One O. W. Hennings came here a couple of weeks ago proposing to open a wholesale grocery house for Chicago men whose identity he did not disclose. He rented rooms in the Pacific house block and engaged workmen and gathered material for fitting them up for the purpose. Then he left town and has not been seen since.

Bought a Stolen Team.

McCook Junction, Neb., Aug. 18.—Colonel Nelson yesterday paid a stranger good dollars and quite a few of them for a fine team of horses. Later in the day a David City liveryman came and proved to the colonel that the team had been stolen from him. And the colonel is now looking for the suave individual who buncoed him.

Found Dead in Bed.

FALLS CITY, Neb., Aug. 18.—Henry F. Gagnebin of Auburn, seventy-two years old, was found dead in bed Sunday morning at Mrs. Down's boarding house. The cause of his death was heart failure. He was engaged in making a map of the county.

McCook, Neb., Aug. 18.—The house of A. S. Mahans, in South McCook was destroyed by fire at an early hour yesterday morning entailing a loss of \$900.

PLATTSMOUTH, Neb., Aug. 18.—The May term of the district court which was adjourned on account of the serious illness of Judge Ramsey, convened yesterday morning.

SUPERIOR, Neb., Aug. 18.—Past Department Commander Adams has been invited to address the national encampment at St. Paul at a date not yet fixed.

IS HELD FOR MURDER.

THE CASE AGAINST HAGEY VERY STRONG.

The Clark Sisters Weaken and Make a Confession—Eyster Was Brought in Drugged—Claim Hagey Said He was Going to Have the Old Man's Money.

LINCOLN, Neb., Aug. 19.—Maude Clark and her sister confessed last night in the presence of the county attorney, the coroner and the police officers who have been working on the mysterious murder of W. F. Eyster, that, to the best of their knowledge, Cliff Hagey administered the drug which resulted in Mr. Eyster's death. She says that Hagey and Eyster came to her house and shortly afterward Eyster showed symptoms of being violently sick, finally falling over onto a bed in a stupor from which he could not be aroused, that while Maud was out to call her sister the robbery was committed; that they were thoroughly frightened and ordered Hagey to remove the man. They claim that Hagey at first refused to do so, but when they threatened to call the police, he took Eyster out and deposited him in the alley, where he was found later. They claim that Eyster was drugged before the parties came to their house.

The police are very certain that the girls have told the truth. The time when they state the body was carried out tallies exactly with the time the tinier, Bullard, testified he saw it done. It is not thought that the man was drugged in the Clark resort, as it generally takes an hour or more for morphine or drugs of a similar nature to act. Eyster was not in the house altogether more than an hour. He was probably drugged on the outside and suspicion falls most heavily on Hagey as the man who did it.

The coroner's jury sitting on the case decided yesterday noon that Cliff Hagey was the man who administered the poison to Eyster which caused his death. Maud and Laura Clark were held as accessories to the deed.

The county attorney will soon draw up the complaint. The complaint will charge murder in the first degree by poison. The Clark women will be charged with being accessories after the fact.

TOO MUCH RAZOR

An Omaha Colored Man Runs Amuck and Carves a Woman.

OMAHA, Neb., Aug. 19.—Early yesterday morning Julia Lankens, a colored woman, met a razor which was held in the hands of Bert Lamb, also colored, and she is now nursing a very sore head as a result. She received three cuts, one in the forehead, another on the cheek and the third in the back of the neck. After an examination, a physician decided that none of the cuts were fatal or even serious. Lamb has been infatuated with the woman, but she had not returned his love. Recently she had taken up with another and he decided to do or die and went after the woman with his razor. Lamb went to the house where the woman was and upbraided his love, but as his words apparently produced little effect he seized the woman in his arms and proceeded to disgrace her. He then fled and has not yet been captured.

Town of Dannebrog Burns.

ST. PAUL, Neb., Aug. 19.—The village of Dannebrog, nine miles southwest of here, was almost wiped out by fire about 3 o'clock yesterday morning. The fire, which was undoubtedly of incendiary origin, started in the hardware store of C. Diercks and was not extinguished until it had consumed an entire row of six substantial store buildings. Among the heaviest losers were the Dannebrog State bank, J. Jensen, general merchandise, Carl Christensen, furniture, C. Diercks & Co., hardware, and the Danish newspaper. The total loss, without insurance, will probably reach \$5,000. A thorough search will be made for the culprit responsible for the disaster.

Fell From a Scaffold.

EDMONTON, Neb., Aug. 19.—D. L. Weaver, superintendent of construction of the Edgemont company, was assisting the building of the M. E. church at this place. While working a lot of boards slipped from the roof, striking him on the head and knocking him off the scaffold. He fell onto the rocks below and was severely injured.

Damaged the High School.

KEARNEY, Neb., Aug. 19.—During a severe thunderstorm night before last lightning struck a chimney on the new high school building, knocking off a part of it, then jumping off onto the roof, making a couple of holes and escaping to the ground by the eave spout.

Accidentally Shot.

STANTON, Neb., Aug. 19.—While hunting yesterday afternoon Sherman Porter aged fourteen, was accidentally shot by Tom Stevens. The shot passed the leg just below the groin, and the wound, though severe, is not regarded as fatal.

Found Dead in Bed.

LYONS, Neb., Aug. 19.—Harry Parker was found dead in bed about noon yesterday. It is not known what caused death.

Greeley County Teachers.

GREELEY CENTER, Neb., Aug. 19.—The Greeley county teachers' institute opened here yesterday with an attendance at the opening session of sixty-five teachers. Superintendent Stotzler is assisted in his work by Prof. Roemane of Greeley and Miss Rooney of Omaha. The session will last two weeks.

Eight Freight Cars Ditched.

ABURN, Neb., Aug. 19.—As a result of so much rain the Missouri Pacific track spread near Julian yesterday morning and eight freight cars were ditched.

Money Made in a Minute.

I have not made less than sixteen dollars any day while selling Centrifugal Ice Cream Freezers. Any one should make from five to eight dollars a day selling cream and from seven to ten dollars selling freezers. As it is such a wonder, there is always a crowd waiting cream. You can freeze cream elegantly in one minute and that astonishes people so they all want to taste it and then many of them want to buy freezers as the cream is smooth and perfectly frozen. Every freezer is guaranteed to freeze cream perfectly in one minute. Anyone can sell ice cream and the freezer itself. My mixer makes from ten to fifteen dollars a day. J. P. Casey & Co., 1148 St. Charles St. Louis, Mo., will mail you full particulars free, so you can go to work and make lots of money anywhere, as with one freezer you can make a hundred gallons of cream a day, or if you wish they will hire you on a salary.

A Good Wind Mill—Make it Yourself?

I made one of the People's wind mills which I saw recommended in your paper recently, only cost me \$9.40 and is a splendid mill; my well is deep but it pumps it all right and with very little wind the neighbors all like it, and as I am a kind of a carpenter, I have been able to put up nine mills already, on which I can make a nice profit, and there are many others for whom I have put up mills this fall. I don't see why every farmer should not have a wind mill, when they can make it themselves for less than \$10. Any one can get diagrams and complete directions for making the wind mill by sending me five-cent stamps to pay postage etc., to E. D. Wilson & Co., Allentown, Pa., and there are dozens of them put up in any locality by any one that has the energy to do it. A Farmer.

For the Biennial Encampment

of the Knights of Pythias Uniform Rank at Cleveland August 23d to 30th the Nickel Plate road will sell tickets, available on all trains August 22d, 23d and 24th from Chicago to Cleveland and return at \$8.50 for the round trip, good returning until August 31. This is a saving of \$1.50 on the round trip as compared with other lines and our passenger service includes fast trains, drawing room sleeping cars and unexcelled dining service. For further particulars address J. Y. Calahan, Gen'l agent, 111 Adams St., Chicago, Ill.

The New Hook Spoon Free to All

I read in the Christian Standard that Miss A. M. Fritz, station A., St. Louis, Mo., would give an elegant plated hook spoon to anyone sending her ten 2-cent stamps. I sent for one and found it so useful that I showed it to my friends, and made \$18.00 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is something that housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home. 11-151 Very truly, Jeanette S.

One Fare to Cleveland and Return.

For the Biennial encampment of the Knights of Pythias, Uniform Rank at Cleveland August 23d to 30th, the Nickel Plate road will sell tickets August 22d, 23d and 25th at \$8.60 for the round trip, Chicago to Cleveland and return, being \$1.50 lower than via other lines. Tickets available on all trains, returning until August 31st. Further information cheerfully given on application to J. Y. Calahan, Gen'l Agent, 111 Adams St., Chicago, Ill.

One Honest Man.

Dear Editor: Please inform your readers that if written to confidentially, I will mail in a sealed letter the plan pursued by which I was permanently restored to health and manly vigor, after years of suffering from Nervous Weakness, Loss of Manhood, Lack of Confidence, etc. I have no scheme to extort money from any one whomsoever. I was robbed and swindled by quacks until I nearly lost faith in mankind, but, thank heaven, I am now well, vigorous and strong, and anxious to make this certain means of cure known to all. Having nothing to sell or send C.O.D., I want no money. Address Jas. A. Harris, Box 825, Delray, Mich.

Churning Done in One Minute.

I have tried the Lightning Churn, you recently described in your paper, and it certainly is a wonder. I can churn in less than one minute, and the butter is elegant, and you get considerably more butter than when you use a common churn. I look the agency for the churn here and every butter maker that sees it buys one. I have sold three dozen and they give the best of satisfaction. I know I can sell 100 in this town, as they churn so quickly, make so much more butter than common churns and are so cheap. Some one in every township can make two or three hundred dollars selling these churns. By addressing J. P. Casey & Co., St. Louis, Mo., you can get circulars and full information so you can make big money right at home. I have made \$80 in the past two weeks and I never sold anything before in my life. A Farmer.

ARMAGEDDON.

The new industrial and political song book. It contains 150 pages 7x9 inches size. Splendid new words and new music. Pronounced by an incomparably superior to any book that has yet appeared. H. E. Taubenschlag says of it: "It is the best song book yet published. . . . Introduces it into every household in the land. Our local campaign speakers and committees ought to see that it has the widest circulation." Hartford City Arena: "Any glee club supplied with it will command the crowds." Rocky Mountain News: "Best of anything in the line that we have seen." Missionary Review: "It fills a long felt want." Miss Van Dervoort: "I congratulate you on your great work. The whole country will sing this music." New York Voice: "A collection of songs for the times, with bright, catchy words and good stirring music." The Sledge Hammer: "Every one [of the songs] a gem. No chaff in the whole book." Marshalltown (Iowa) Populist: "Should be in the hands of everyone who wishes to make a hit during the campaign." Prof. George D. Herron: "I believe your book of songs will be of immeasurable and divine service in quickening and pervading the great movement for the social change which is manifesting itself everywhere among the common people. It will inspire the people with courage and cheer and fellowship in the great struggle that is before them." Prof. W. M. Ross of Indiana, the great solo singer of "The Van Bennett National Team," says: "Have taken pains to run through the work and pronounce it a grand collection of words and a high order of music." The Farm Field and Fireside says: "It has been left to Mr. George Howard Gibson to introduce a new tone into the songs of the party, and to write a series of patriotic songs which are hardly surpassed by any in our literature for loftiness of motive and real merit from a literary point of view, while at the same time they are not at all lacking in the musical quality which must necessarily be present before any song touches the chord of popularity. They are remarkable for their fervid patriotism and broad humanity. In fact, if the People's party rise to the patriotic level of these songs, we have little doubt of its ultimate success as a party. The songs strike the whole octave of human sympathy. Sparkling humor, keen wit and biting sarcasm, as well as the loftier patriotic themes, are touched in turn by the talented author."

YELLOW STONE PARK

Is more and more impressing itself upon the public, as the years go by, as being the great park of the land. The strong feature of it is the fact that it is not a man made park. True enough man has built roads and bridges and hotels in order that he may see the park, but he has not yet tried his hand at constructing new-fangled geysers, or re-adorning or resculpturing the Grand Canyon of the Yellowstone. These are as God sent them. There, too, the elk, bear, deer and other animals are not enclosed in wire fences. They wander free and unfettered, whether roofter they will. Man's handiwork is but a little upon the park is the grander forer. Send Chas. S. Fee, Gen. Pass. Agt. Northern Pacific R. R. Co. for Wonderland '96 and read about the park.
