RALLY AT PAWNEE.

A Grand Silver Rally was Held at Pawnee City Yesterday.

e speakers were United States Sen-William V. Allen, Hon. J. H. broady, free silver candidate for congress from the First district, and Hon. Judge Gregory, a free silver republican

Judge Broady opened with an address to a large audience, which was listened to with marked attention for two hours.

NINE-TENTHS FOR BRYAN.

Wonderful Showing of a Poll of Railroad Employes in Chicago.

CHICAGO, Ill., Sept. 26.—The polls taken by railroad employes in Chicago, on roads which are not exercising intimidation and bulldozing, show that more than nine-tenths of the railroad men will vote for Bryan and free silver. A vote was taken yesterday by the employes of the Belt Line railway. Three hundred votes were cast, and of these 287 were for Bryan and the remainder were for McKinley and Palmer.

A prominent member of the American Bailway union who brought this information to national democratic head-

mation to national democratic head-quarters asserts that when the railroad men of Chicago come to cast their votes in November this will be found to be the proportion of the entire railroad vote in this city.

IN STARK COUNTY.

The Silver Sentiment Unusually Warm in that Locality.

about the great crowds that are flocking to Canton to greet the goldbug nominee are requested to read the following letter written to the secretary of the Lincoln Bimetallic League:

Dear Sir: Will you mail me at once your best literature for distribution through our silver club of seventy-five members. This is McKinley's county and the silver sentiment is beginning to "boil". A silver club at nearly every cross roads school house.

M. M. BAUER, Lake, Stark Co., O. All Join Hands.

NELSON, Nebr., Sept. 25, 1896. TO THE EDITOR: As the election approaches all the reform forces become more closely united and more enthusiastic for Bryan, Sutherland, and free silver. We have recently had two rousing rallies. The first addrassed by G. M. Hitchcock of the Omaha World Herald and the other by J. V. Wolfe, W. M. Porter, and J. Smythe candidate for commissioner I public lands and buildings, secretary of state, and attorney general. Each of these speakers discussed the issues of the campaign in a logical forcible manner and won the favor and confidence of the voters of Nuckolls county. Mr. Porter and Mr. Wolfe touchedlupon state issues and showed clearly that Governor Holcomb is handicapped in his endeavor the legitimately invest the state school

Nuckolls county has been in the van of reform since the inception of the populist party and may safely be counted upon for 500 majority for the entire ticket this fall. A school house campaign is being taade by able local speakers who are winning may votes from the opposition. C. G. Sooy.

A GREAT REMEDY.

For Sufferers from Piles.

Dr. Radmond, a specialist in the study and treatment of Piles and rectal diseases, recently stated that the Pyramid Pile Cure, the new discovery for the cure of piles, was the most remarkable remedy he had ever seen or tried in one respect; and that was the instant relief experienced in all cases, no matter how severe, from the moment the remedy was applied; this was the more surprising to him, because he had carefully analyzed cod line or similar poison could be de-terted.

Physicians look with great favor upon the Pyramid Pile Cure, because it is pidly taking the place of surgical operations and because it is so simple, so easily applied and contains no mineral or other poisons so commonly used in pile cures.

Dr. Esterbrook reports that the Pyramid Pile Cure not only cures the various forms of Piles, but never fails to give immediate relief on the first application, no matter how severe the pain or discomfort may be.

People who have suffered from piles for years are often astonished at the instant relief experienced from the first application. Another important advantage is the fact that anyone can use the remedy without detention from business or interference with daily occupation. Sold by druggists at 50 cents per pack-

age. Send for free book on cause and cure

of piles.

Bryan's Boston Welcome. Boston, Mass., Tep., 26.-One stop only, and that South Framingham, was made by candidate Bryan on his trip from Worcester to Boston. Three cheers were given him there by a gathering of several hundred. Mr. Bryan did not speak. George Fred Williams, Alexander Troup of New Haven and Jeremiah T. O'Sullivan of Lawrence, one of the free silver men in the Massachusetts delegation at Chicago, accompanied Mr.

Bryan to Boston. Concerning a number of inquiries about the condition of his health, Mr. Bryan said last evening that he was feeling strong and well and was reducing exertion to a minimum by resting at every opportunity. Between stations yesterday he would lie down in the drawing room of his special car, and manage to recuperate in that way.

Mr. Bryan arrived in Boston at 5:87 yesterday afternoon. He came over the A Boston & Albany railroad and was met at the station by a delegation of the Bryan-Sewall-Williams club. About 20,000 people assembled to get a glimpse of the democratic candidate.

A greas deal of care had been exercised by the police to handle the crowd at the station. When the train rolled in the crowd surged upon the police and swept them away. Again and again they made a noble stand to control the crowd, but each time they were forced up against the side of the train that had brought

Mr. Bryan in.

When Mr. Bryan appeared upon the platform of his car there was a cheer platform of his car there was a cheer but the crowd. The platform of his car there was a cheer and a mighty rush by the crowd. The police resorted to force, and at last pushed the crowd back and made way for Mr. Bryan and Mr. Williams. The candidate then walked through the station, the crowd yelling all the time. When he finally reached the street, where his carriage was waiting, the crowd cheered vociferously.

Mr. Bryan quickly entered the carriage and was driven to the American house, where, after a short reception, at which a lew members of the bimetallic union and Hon. Arthur Sewall of Bath, were

and Hon. Arthur Sewall of Bath, were present, he took luncheon with prom-

Mr. Bryan was due to begin speaking on the common at 6:42, but it was 7:30 before he finally arrived there, and he found gathered about the temporary stand that had been erected from 50,000 to 75,000 people. Police officers said that the crowd numbered at least 75,000. Mr. Bryan said it was the largest gath-Mr. Bryan said it was the largest gathering he had addressed.

After the cheers had subsided he de livered his speech.

IS IT A TRIFLE?

Silver people who have been reading | That Common Trouble, Acid Dyspepsia or Sour Stomach

> Now Recognized os a Cause of Serious Disease.

Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indi-gestion resulting from fermentation of the food. The stomach being too weak to promptly digest it, the food remains until fermentation begins, filling the stomach with gas, and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic and being an every day occurrence is given but little attention. Because dyspepsia is not immediately fatal, many

pepsia is not immediately fatal, many people do nothing for the trouble.

Within a recent period a remedy has been prepared solely to cure dyspepsia and stomach troubles, It is known as Stuart's Dyspepsia Tablets and is now becoming rapidly used and prescribed as a radical cure for every form of dyspepsia.

Stuart's dyspepsia Tablets have been placed before the public and are sold by druggists everywhere at 50 cents per package. It is prepared by the Stuart Chemical Co., Marshall, Mich., and while it promptly and effectually restores a vigorous digestion, at the same time is perfectly harmless and will not injure the most delicate atomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

Blue Springs, Neb., Sept. 25 .- Judge Trusdale of Chicago spoke to a large and enthusiastic crowd of citizens at the Bryan headquarters Tuesday night, and the candid way in which he presented the silver question carried conviction to the minds of the republicans. And it was a sight to hear an ex-official trying to answer the arguments.

THE MORNING PREVARICATOR.

A Little Instance of the Terrible Habit it Has Gotten Into

In this Morning's Journal appears the following:

CORTLAND, Neb., Sept. 24 .- (Special.) The ladies of Cortland have organized a McKinley and Hobart glee club with a membership of forty-five. At their last meeting they elected the following offi-cers: Miss I. L. Grotjan, president; Miss Su-ie Mickel, vice-president; Miss Edith McNickle, secretary; Miss Adelia Clark, treasurer. The Bryan club organized last night with an enrollment of twenty-seven, there being persons in it from the

age of six to forty-six."
In the Cortland Herald published last evening appeared the following:

"A young ladies' McKinley glee club of twenty-two members was organized on Saturday night a week ago, and they making a neat and imposing appearance. It enthused the Bryan young ladies to activity and on Tuesday night of this week they met and formed a rousing Young Ladies' Bryan club of thirtyfour members."

It will be seen from the above that the Journal has only placed the number who joined the McKinley club twenty-three above the actual number and those who joined the Bryan club at seven below the total enrollment.

But, then, that is pretty reasonable Journal. It usually magnifies things all the way from five to twentyfive times their actual size.

One Honest Man.

Dear Editor: Please inform your readers that if written to confidentially, I will mail in a sealed letter the plan pursued by which I was permanently restored to health and manly vigor, after years of suffering from Nervous Weakness, Loss of Manhood, Lack of Confidence, etc. I have no scheme to extort money from any one whomsoever. I was robbed and swindled by quacks until I nearly lost faith in mankind, but, thank heaven, I am now well, vigorous and strong, and anxious to make this certain means of cure known to all. Having nothing to sell or send C.O.D., I went no money. Address Jas. A. Harris, Box 825, Delray,

10 campaign subscriptions \$1.00. Send in your orders.

LET THEM ANSWER.

Writer Wants the Republicans to Give Him Some Reasons.

CENTRAL CITY, Neb., Sept. 25, 1896. To THE EDITOR:-Will you give me space to ask a few questions of our.opponents on the political issues of the

First-Will our republican friends tell as why we need an international agreement to establish a ratio of silver to gold? All the leading nations of the world have changed their ratio and so has the United States up to this time without any assistance from an outside party. Why do we need help now? Are we in our second childhood and need a guardian? Must we go back to bib and

Second-All the great statesmen (?) in the republican party who have spoken this fall say that to have free comage of both metals will raise the price of products at least 50 per cent, and some say 100. Now, if these great men tell the truth, then we must infer that when the free coinage stopped our products were cut down one-half in price, for one prop-osition follows the other. Do the repub-lican leaders lie to us? Now if they do not, then one can see the crime of 1873. We producers now ask that this injustice be repealed, and give us back what was illegally taken from us and make restitution after twenty-three years of class legislation and legalized robbery.

Mr. Sherman says that free coinage means "fraud and robbery," that we must put a 53 cent dollar on par with a

means "fraud and robbery," that we must put a 53 cent dollar on par with a gold dollar. Now he says we have kept this 53 cent dollar at par since 1879, in fact we have, as a nation, been committing "fraud and robbery" for seventeen years, and must go on until we can clean our record by an international agreement! And still he wishes to preserve our nation's "honor." If a man or na-tion has been guilty of "fraud and robbery" for seventeen years, has he much

honor to preserve?
Again, he says that free coinage means that a man may bring his bullion to the mint and bave it coined free, and then the government ceases to control the coin in any respect. Does Mr. Sher-man know that he is telling a falsehood? No man can debase a coin without being guilty of counterfeiting. This is very good evidence that the government has a claim on every dollar we have in our

Again, Mr. Republican, why is it that the nations using silver are the most prosperous? That is, have the least debt compared with assessed valuation. The debt of Europe is twenty-seven times our own, and the valuation two and onehalf times our own-eleven times less

prosperous.

Do you wish to engage in business with parties whose debts average over one-eighth of their capital while our own

is about one-sixtleth? Show me conclusively that we Americans should not stand up for America every time. That we must now with one-fourth of the wealth of the world go back to the cradle and bottle and cringe and creep up to those devils, who during our civil war encouraged the south to fight on until we were all dead, and then they would reap the reward of blood. Such are these loving friends of Europe whom we wish to kiss and slobber over. Go to the polls and vote for England the other friends we had in 1861 and 1865, and when you come from the booth ask for a glass to see your face and notice the blush of shame and cowardice on it, if you have a drop of red blood in your veins. Then go home and see if your food will not taste sweet, and if your wife don't brand you a coward. One hundred and twenty years ago we had "sand" and now we creep and cringe and crawl up to our enemies and ask them to snub us again.

M. M. HALLECK.

A Happy Couple.

'Aquire Moore and His Estimable Wif-Interest a Reporter. From Tribune, Greeley, Colorado.

Among the many good people residing in Greeley, Colorado, Squire Moore and his amiable wife are the best known and the most respected. This happy couple were born in West Riding, of New York, England, in 1820. In 1848 they emigrated to this country and settled in Derby, Conn., where they resided for a number of years. While there Mr. Moore,

bors, was elected a member of the state egislature in 1867. least exertion fatigued me. At times the approach of a mysterious cavelcade sang at the Saturday night meeting, like the pricking of pins in hands, feet of St. Louis for a triumphant march arms and legs. Occasionally I would through its avenues of wealth and beauty,

> purpose. I was going from bad to worse. anything with my hands and my husband was fearful that I was suffering

> from partial paralysis. "One evening while, reading the New York Tribune, he read to me a state ment of a wonderful cure perfected by Dr. Williams' Pink Pills. He and I had at times read similar testimonials describing the great powers and virtue of these pills. But this night in particular. was impressed with what he read and told him it wouldn't do any harm to try a box. The next morning he purchased box of the Pink Pills and I commenced taking them according to directions. three times a day. Within a week I felt better, and when I had finished that box I asked my husband to get me another

some good there is a great relief exper some good there is a great relief experienced.' After that he purchased for me about a dozen more boxes, and for nearly two years I continued taking them. The result was I regained my strength, the tingling in arms and legs, hands and feet ceased and the frequent sweats which I had been subject to left me. "That is," she laughingly remarked, "as new as you can make a woman who is new as you can make a woman who is now in her seventy-sixth year." And in truth, Mrs. Moore's closing remarks are well founded, for she is as hale and healthy looking as any woman could be who has lived her great age.

ANNA MOORE (Signed) ANNA MOORE. Subscribed and sworn to before me a Notary Public, this 23d day of May,

My commission expires May 14th 1900. Mu. TON A. LYONS, Notary Public Dr. Williams' Pink Pills are sold by al dealers, or will be sent post paid on re-ceipt of price, 50 cents a box, or six boxes for \$2.50 (they are never sold in bulk or by the 100,) by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

GIVEN M'MINLEY BUTTONS

Employes at Swift's Packing House at Kansas City Influenced.

KANSAS CITY, Mo., Sept. 25 .- AtSwift's nacking house, yesterday, when the time ecks were given out, each employe was offered a McKinley button. Some refused them, some took them, but said they would not wear them, and many others refused point blank. Reports of the matter caused a good deal of agitation in labor circles in Armourdale today. It was stated that some who had refused the buttons had been discharged last night, but this is denied by the firm. This method of campaign work was This method of campaign work was severely criticised among workingmen, a majority of whom are for Bryan.

F. W. Wilder, acting manager of the Swift plant, said this afternoon to a Re-

public correspondent that the firm was for McKinley and proposed to use every honorable means to bring about his elec-

tion. This, the members thought, they had a right to do. The buttons were bought in Chicago and one had been offered to each of the men.

"Will a man's support of Bryan affect his job?" he was asked.

"No, sir." answered Mr. Wilder. "We are not that narrow minded a house."

are not that narrow-minded a house."

The men, however, believe that the distribution of the McKinley buttons was an attempt to bulldose.

FALL PESTIVITIES AT ST. LOUIS. September 9, to October 24th, 1896.

A Grand Continuous Reign of Mirth, Melody and Mystery.

The committee having in charge the St. Louis Fall Festivities, which have contributed so much to the pleasures of the good people of the Mississipi Valley, as well as those residing in adjacent states, again announces its program covering the nineteenth annual season of mirth, melody and mystery. After voluminous correspondence, carried on with the aid of Uncle Sam's postal service and mysterious messengers from for-eign lands, it was decided that all the novelties of the world, including the queens of song, kings of humor, princes of melody, and wiseacres of mystery could by land, water and aerial flight, reach St. Louis September 9th, 1896, and take their places on her carrival stage, where no curtain will drop be tween the twilights of September 9th and October 24th.

The first attraction announced on the program of gilt is the opening of the thirteenth annual St. Louis exposition, which throws its doors open to the public September 9th, and for forty days and nights, until October 24th, will be the home for all wishing to be delighted with its magnificent displays and enraptured by the strains of Gilmore's and Innes' peerless bands.

The master of ceremonies next announces our newly discovered but highly esteemed friend, King Hotu, supreme high chief of the Funny Fellows. The jolly king with his band of humorous chaps will entertain the young and old on Saturday afternoon, October 3d, by a mirth-provoking parade through the decorated thoroughfares of the city. Act No. 3 of the program of gold will be delineated by the St. Louis fair association through its thirty-sixth annual exhibition. The stage for this event will be set on the morning of Monday, October 5th, and will not be disturbed unwho was nighly respected by his neigh- til Saturday, October 10th, when the curtain drops on a pleasing feature of St. Louis camival. A blaze of light A reporter called on them recently and athwart the darkened eastern skies, was received cordially and in response strange creatures of inconceivable forms to his inquiries, Mrs. Moore said: "For darting to and fro in the heavens and darting to and fro in the heavens and four years I was miserable, hardly a weird sounds on discordant tomtoms week passed during that time butwhat wafted on the breezes on the seas an-I suffered from extreme lassitude. The nounce on the evening of October 6th, when I was sewing or reading, I would of beings from another sphere. As this be troubled with tingling sensations, mighty army settles on the streets of from profuse perspiration, the His august highness, the mightiest of water fairly running from my face and the mighty, the astute Veiled Prophet. Then for days it would seem im- is seen in its van, robed in purple and gold possible for me to enjoy a minute of warmth. I would sit in a rocking chair alongside a roaring fire in the stove wrapped up in blankets, yet while my face would be scorched, the rest of my body would be chilled. body would be chilled.

"Finally despite my opposition, my edict ordering the Missouri Pacific rail-husband called in a physician, who attributed my ailment to rheumatism and | tickets to St. Louis and return at greatprescribed for that complaint. Townsend, general passenger and ticket agent, St. Louis, Mo. 19

Ex-Republican at Madison.

Madison, Neb., Sept., 25.-Ex-Senator Frank Fuller of Wayne spoke here last night on the issues of the day from the standpoint of a republican who had seen the error of his ways and joined the forces of bimetailism. The house was crowded and at every telling point the speaker was heartily applauded. Mr. Fuller was met at the train by the local Bryan club with torches and a brass band and escorted to the opera house. The senator was until recently chairman and he laughingly complied, saying, of the Wayne McKinley club, which po-'conceit is as bad as consumption, but even if you think they are doing you Bryan.

THE GOLD STANDARD WOLF.

Why the Bently Crowd Got so Many Railroad Passes.

It is wonderful what a change has taken place in the hearts of republican eaders. There is nothing too good for any bedy who proposes to vote for Bentley or Levering. Even the Journal weeps tears bigger that potatoes over the prospect that the prohibition vote will suffer a falling off, and the railroad companies are so interested that they give transportation to every prohibition worker, his aunts and his cousins. It was once, "you can't win and what is the use of throwing away your vote."

the use of throwing away your vote."
It is now. "stick, you are right and sure to win in the end." The difference is Bryan is now getting the votes, while then the republicans hoped to get them.
For the last fifteen years there has not been a snap's difference which old party won the fight. They were both equally corrupt and the temperance man had no better place to put his ballot than to cast it for the prohibition candidates. In doing so he was certain to help to work no wrong. It is different, Bryan represents a needed reform, which we can help to accomplish with a single ballot, then other reforms will follow more easily.

But the Bently and Levering men say keep on voting whether there is a possi-bility of accomplishing anything or not. They remind us of the man who undertook to teach his boy how to kill bear. The boy was to follow the old man through the woods to take the first lesson. After tramping all day long, the boy saw a big gray wolf only a short shot away. "Papa," he whispered, "do you see that wolf?" "Hush, my boy" cried the old man in an angry voice, "never stop to kill a wolf when you are hunting bear."

The gold bug wolf stands at the doors of a million homes in this country to.

of a million homes, in this country to-day, and it is the duty of every Chris-tian patriot to give him a shot. The saloon bear is more than ten years away. Help us kill the wolf and the bear will

die more easily.

We have worked faithfully for more than fifty years to save drunkard's homes and have voted the prohibition ticket for the past twelve years, now it is our purpose to give one vote for the homes of sober men. And who will suy that it is not right?

We will consider any suggestion from him who has voted against license, but not a word from the saloon crony.

We would suggest to the Bentley and Levering men that it is not more hon-orable to hunt bear without killing any than it is to kill a wolf the first day of the hunt. The reason you get your re road transportation is not through love of temperance but of the gold standard. Anything to keep you from voting for Bryan. H. W. HARDY.

Where They Stood in 1894.

Numerous correspondents ask the Post what were the views of the republican party on the money question in 1894. The Post has several times answered the question and takes pleasure in again reviewing the ground.

Let us see what the republican party favored in 1894:

allism, "both gold and silver as a standard money.

the free and unlimited coinage of silver at a ratio of 16 to 1." Colorado: "The republican party of Colorado demands the free and unlimited

coinage of silver and gold at a rate of Connecticut: "That American silver as well as American gold should be used

as standard money."

Delaware: "We favor bimetallism and favor the use of gold and silver as stand-

ard money."
Illinois: "We favor bimetallism." Iowa indorsed the Minneapolis play form of 1892 and the "largest- possible

use of silver."

Kansas: "The American people favor bimetallism and the republican party demands the use of both gold and silver

as standard money. Massachusetts: Republicans rece nized the "gold and silver dollars of the constitution"—the existence of which i

now denied. Michigan republicans in 1894 said: "We pledge the republican party of Michigan to use every effort in its power to restore silver to its proper position in the United States as a money metal. We pledge this in the belief that permanent prosperity will not be assured or justice be done until silver takes its time honored place side by side with gold as one of the two great money metals of

the world." The restoration of the American bi metallism of 1792-1873 was supported by Minnesota as by Michigan. Minnesota republicans in 1894 said: That the party "believes in bimetallism, and that the restoration of silver as ultimate money to the currency of the world is absolutely necessary for business prosperity, proper rate of wages and the welfare of the people." In 1896 Minne sota republicans repudiate the restora-tion of silver and go back to the gold standard.

Missouri: "We pledge ourselves to continue to work for bimetallism." "Nebraska: "We favor bimetallism and demand the use of both gold and

silver as standard money.' Ohio: "We favor bimetallism. Silver coinage should be steadily maintained and constantly encouraged by the national government. We advocate a policy most speedily which will restore to silver its rightful place.

Pennsylvania republicans indorse the bimetallic plank of the Minneapolis platform and demand the expansion of the currency to "40 dollars per capita of our population."

Tennessee favored bimettalism and "both gold and silver as standard

South Dakota, Montana and Washington republicans have always supported free coinage, along with California, Colorado and Wyoming; while a majority of the republicans of North Dakota and Kansas have always favored free coinage.

Such was the attitude of the republican party in 1894, before Wall street got complete possession of the conventions and platform making. The same soulless and powerful machine which de-

monetized silver in 1873, stopped silver coinage in 1893, issued \$262,000,000 of gold bonds, now owns the republican party - platforms, bosses, candidates and all.

An Open Letter.

Anont the recent comments made by the goldbug press in this state concern ing Mr. A. R. Talbot and the desire expressed that he come out and allow himself to be heard in this campaign, w herewith publish the following open

Hon. A. R. Talbot-Dear Sir: If the attitude of the goldbug press is any indication of what the local party machine which calls itself the republican party, yet fails to put into practice asingle principle of that party, is demanded of you, you will soon be called upon to go about the small, envious politicians who nightly abuse, malign and misquote your old associate for no other reason than that he has dared to be consistent, honest, loyal and brave in his defense of the rights of the people of this great country, in the face of all opposition and in spite of all persecution, as he understood and now understands the interests of the people. You may not agree with him in all things but you know that he spoused and defended these same ideas when he had everything to lose, even harmony in his business life, patronage of his congressional district and the friendship of his president and party leaders.

You know that he is honest, that he is clean in all his acts and thoughts; that he is so able in his delense of the right as he sees it that these men with whom you are expected to co-operate in a campaig of buildozing, misrepresentation as mud slinging, do-not try to me his arguments, because they cannot. You know they cannot, for you have worked for months trying to store your mind with facts out of which to make mind with facts out of which to make one able honest argument to the people of this state which would prove him wrong upon the real issues to be settled in this campaign and you have been unable to do so. I will not insult you by asking if you will abandon facts and follow the illustrious example of the machine, by calling Mr. Bryan a demagogue and dishonest politician and his supporters cranks, anarchists and repudiationists, but can you prance around the country trying to convince the people that a money which we produce and which our constitution recognizes, which has been recognized by all civilization for 6,000 years, is a dishonest money when all the world still uses it at a higher valuation than we propose, and only in when all the world still uses it at a higher valuation than we propose, and only in the country that produces it is there talk of its dishonesty? Can you go to the people now overburdened with the weight of taxation, low prices for their production and general destruction of values caused by the very trusts which we have been built up by protection, forming themselves into one gigantic money trust for the purpose of restricting the currency and further depreciating prices to maintain the destructive gold standard; a policy which destroyed Rome, brought the after darkness, destroyed Portugal, ruined the agriculturalists and all producing classes of Austria-Hungary, drives the German from his father land. depopulates Sweden, Norway and Denmark, destroyed prosperity in Australia and enslaved Egypt. A policy that has caused the decay of Spain, sown the seeds of financial distrust and ruin in United States, placed a dozen small and fore prosperous countries in the hands of British receivers, to works impoverish-British receivers, to works impoverishment of the producing population of the world? If you can do this then you will be strong enough to listen to the small bore polititions, dealing out personal abuse of candidates (and calling it duty), uttering treason to the interest of this commonwealth, in the name of patriotism. Appealing to the old soldier who for love of country threw life property ism. Appealing to the old soldier who for love of country threw life, property, home associatious, health, all into the balance to save his country, to come to the support of a policy which destroys the prosperity of his children for the purpose of increasing the purchasing power of the miserable pittance the government pays him in his declining years. Appealing to the teachers of your children to teach them that because your neighbor teach them that because your neighbor has a conviction and the courage to defend it, he is dishonest, because he wants to pay his debts in 100 cent dollars and complains when a 200 cent dollars is demanded that he is a repudiationist, while the neighbor who reluses tionist, while the neighbor who refuses to decorate his house with a donated picture of the apostle of protection to the million heir trusts, is branded as disloyal to his country. We join the gold bug press in asking you to name the date on which you will wrap the mantle of the party which once stood for human liberty, about you and go forth to destroy human liberty, because the local machine, which was never loyal to anything but the interest of political bossism demands the sacrifice.

O. P. DAVIS.

In answering a correspondent the New York World quotes from the census of 1890 to show that 3,000 families own over \$12,000,000,000,000-over twelve thousand million dollars-of the wealth of the United States.

Plutocracy Illustrated.

At such a time as this, the World is not likely to be accused of assisting the Democratic party. So, accepting its figures, let us see what they mean.

The total assessed value of all real and personal property in Nebraska under the census of 1890 was \$184,000,000; of Missouri, \$887,000,000; of Illinois, \$809,000,000; of Kansas, \$347,000,000; of Kentucky, \$547,000,000; of Tennessee, \$382,000,000; of Colorado, \$220,000,000; of Texas, \$780,000,000; of Alabama, \$258,-000,000; of Mississippi, \$166,000,000; of Indiana, \$856,000,000, and of California,

\$1,101,000,000. The combined assessed wealth, real and personal, of these twelve great states of the west and south, as show. by the census of 1890, foots up between six and seven billions, while the combined wealth of 3,000 plutocratic famlies foots up over twelve billions-

nearly twice as much. What more need be said?-St. Lou

Post-Dispatch.
