### \$100,000 WORTH OF SILVER

A Rich Montana Man Will Agree to Pay \$1.10 Per Ounce in Gold for It.

HELENA, Mont., Sept. 26.—[Special to the St. Louis Post-Dispatch.]—Mr. Charles E. Ely authorizes the publication in the Post-Dispatch of the following letter:

HELENA, Mont., Sept. 17, 1896.—Mr. Charles E. Ely, Helena, Mont.—Dear Sir: I hereby authorize you to publish that I will make a contract for one hundred thousand dollars (\$100,000) worth of silver, for which I will agree to pay one dollar and ten cents (\$1.10) per ounce in United States gold coin, and to be taken as soon as W. J. Bryan, as president of the United States, has signed a coinage bill, which will provide for the free and unlimited coinage of silver at a ratio compared with gold at 16 to 1, and if any of those who are talking about 50-cent dollars desire this contract, and are willing to put up a forfeiture, I am prepared to secure this offer by a forfeiture of twenty thousand dollars (\$20,000.)

I feel confident that I can arrange similar contracts among my circle of business acquaintances for twenty million dollars (\$20,000,000) to be taken one million a month for twenty months after the signature of such a bill. Truly yours, R. H. KLEINSCHMIDT. (This offer was sent by Mr. Kleinschmidt to the New York World. The editor of the World declined to publish it, but wired to Helena to ascertain if Mr. Kleinschmidt is responsible. When the World found out that Mr. Kleinschmidt is entirely responsible, it dropped the matter. Mr. Kleinschmidt is one of the leading merchants of Helena and owns large interests in gold mines in this state, and his ability to form a syndicate of Montana millionaires that will agree to take \$20,000,000 worth of silver at \$1.10 per ounce in gold, as soon as a bill providing for the free coinage of silver is signed, is unquestioned. What is left now of the so-called 50-cent dollar?—Editor Post-Dispatch.)

### AN OLD VETERAN

Gives His Reasons for Joining the Bryan Forces.

LEXINGTON, Neb., Sept. 26, 1896. TO THE EDITOR:—There has been so many gold bug speakers and writers claiming that all the old soldiers must and will support the gold monometallist ticket, that I wish to state through the columns of your valuable paper that there are many of the most intelligent of the old soldiers who read and think for themselves and therefore cannot support the single gold standard. Not that

they have left the republican party but the party has left them. I am an old soldier, lost a leg in the war and was wounded three times and still have my old 1862 hat with two bullet holes through it which exactly fit the scar on my head. I have for the last ten years read the papers and speeches of all parties, and am as I always have been a Lincoln—Blaine—Teller republican. As I view the situation it is simply this, viz: four years ago Grover sold out to the millionaires of the east who secured his election, made him a millionaire and bent back on party and platform and like the lawyer that he is, worked for his clients. All parties have denounced him for his perfidy and it became apparent to the millionaires that they could not help to elect another like him from the democratic party. McKinley was not exactly the man they wanted but he was popular and stood a good show of being elected and they proceeded to buy out the republican leaders and dictate their platform and lay their plans to control the next administration. Now the republican party after denouncing Grover for four years are expected to vote for serfdom. I, for one, cannot do it. I expected to refrain from voting at all, but on reading of the outrageous conduct of those sons of the millionaires, the Yale students on the 25th at New Haven, I made up my mind to not only vote for Bryan but work for him. The republican party needs to be beaten; then if they come back to the good old principles of 1861, I will vote with them again but never will I vote to strike down silver the time-honored money of the poor, the product of America, which all Americans should uphold.

If England, instead of us, owned the silver mines she would uphold them with every man and gun in her army and navy; but we are expected to vote against our own interests, depreciate our own property and impoverish ourselves to please eastern millionaires. Old soldiers don't do it. Principle first, party next. J. F. LAMBSON.

## The Reasons Why.

What's the reason we sold clothing to nearly a hundred people from Lincoln last week? What's the reason we sent out more than three thousand packages to people in different parts of the country last week? What's the reason we are selling more suits, more overcoats, more clothing of all kinds, to people right here in Omaha every day than all the clothing stores in Omaha combined, and what's the reason people who trade here once make it a practice to trade here twice? It isn't because our store is handsome—for it isn't. It isn't because our windows are large—for they ain't. It isn't because we take a big space in the papers—for we don't—and it isn't because "The Nebraska" humbugs the people—for we don't and we couldn't if we were to try. Why is it then? Because it pays. Because people have found out that "The Nebraska" goods are the best, that "The Nebraska" prices are the lowest and that "The Nebraska" methods of doing business are absolutely and unalterably square. No trickery here, no sharp practice, no taking advantage of man, woman or child. If you haven't got our Catalogue B send for it. If you want to see right prices on clothing see ours. If you have any clothing to buy this winter buy it here if you want the most for your money—somewhere else if you don't.
