Caught While Herding in Colorado.

Cling to Him While a Commercial Traveler in the Middle West, Notwithstanding all Efforts to Get Rid of It—Hot Springs of Arkansas, of no Avail—Cured by Dr. Williams' Pink Pills.
From the Chronicle, Chicago, Ill.
Mr. William Clement, of Freeport, Illinois, is a well-known commercial traveler, and represents the large Chicago house of Reed, Welsh & Lange. In his early life Mr. Clement migrated to the breezy west and became a cowboy in Colorado. After doing as much at cow punching as he desired, he turned his attention to mining, the exposure from which and his life on the plains undermined a one strong constitution, and rheumatism, liver and kidney trouble and dropsy made their unwelcome appearance.

The Hot Springs of Arkansas were visited in the hope of relief, but he was disappointed, and so he took up his residence in Illinois, and obtained employment as a drummer for a large house in Chicago that has long since gone out of business. Physicians were consulted both at home and while on the road, with only pecuniary benefit to the doctors, for Mr. Clement grew worse instead of better, and constantly had to lay up for weeks at a time.

It was then that from reading the advertisement in the papers the sufferer conceived the idea of trying Dr. Williams' Pink Pills for Pale People and did so. "I thought," Mr. Clement said to the reporter, "that fifty cents would not be much expenditure, so I bought a box of the pills and began taking them according to directions. "I had not to wait many days before I found a marked improvement in my condition, so I kept on with the treatment. First my kidneys began to do their work thoroughly and well, and all blood left me. Then the rheumatism and pain in the region of the heart went, my liver is cured, and I may say I am as well as ever I was. If I had only known of Pink Pills a few years before, I should be a good many thousand dollars richer." As usual, when such testimonials are received at the office of Dr. Williams' Medicine Co., they are sent for verification to the leading druggists of the vicinity or other persons in good standing. The above was not an exception, notwithstanding Mr. Clement's excellent reputation, and the returned reports certified that all of the foregoing statements made to the reporter were strictly true.

Dr. Williams' Pink Pills contain in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. In men they effect a radical cure in all cases arising from mental worry, overwork or excess of whatever nature. Pink Pills are sold in boxes (never in loose bulk) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.

A BIG DAY FOR BRYAN.

Foured Northern Illinois and Made Nine Chicago Speeches.

CHICAGO, Oct. 31.—After a hard day's campaigning William J. Bryan returned to Chicago last night, arriving at the Northwestern station at 7:15 p. m. The nominee made nine speeches on the north and northwest sides last night. At each meeting he was enthusiastically greeted by large crowds. Mr. Bryan's progress from hall to hall grew more and more difficult. At times it seemed to be a question whether the crowds on the outside would admit him to the inside of the different halls. Finally it became necessary to send for a special detail of police, and keep patrol wagons filled with bluecoats in close proximity to his carriage. The patrol wagons dashed ahead of his carriage and opened a passageway apparently regardless of consequences to the crowds through which it forced its way.

During the day Mr. Bryan made speeches at Wheaton, Geneva, Maywood, Polo, North Dixon, Rochelle, De Kalb, Freeport, Rockford, Belvidere and Elgin.

IS IT A TRIFLE?

That Common Trouble, Acid Dyspepsia or Sour Stomach.

Now Recognized as a Case of Serious Disease.

Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to promptly digest it, the food remains until fermentation begins, filling the stomach with gas, and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic and being an every day occurrence is given but little attention. Because dyspepsia is not immediately fatal, many people do nothing for the trouble.

Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets and it is now becoming rapidly used and prescribed as a radical cure for every form of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by druggists everywhere at 50 cents per package. It is prepared by the Stuart Chemical Co., Marshall, Mich., and while it promptly and effectually restores a vigorous digestion, at the same time is perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

TORNADO IN OKLAHOMA.

Five Persons Killed at Mitchell—Was a Terrible Storm.

GUTHRIE, Okla., Oct. 31.—Wednesday night a disastrous tornado swept over the little town of Carney, thirty miles east of here, which was recently held up by outlaws.

The tornado came from the southwest and traversed northeast. Its track was about six miles long, and varied from 100 to 150 feet in width. The first house struck was that of a farmer named Miles Tobe. Tobe's house was blown down and Tobe, with his 10-year-old son Millard, was killed in the ruins. The barns and fences were razed, and fourteen head of stock were killed.

One mile from Tobe's place is the Mitchell postoffice. M. T. Mullin kept the postoffice, which was in his store. Postmaster Mullin's residence was lifted from its foundation and carried seventy-five feet, where it was smashed to smithereens. A bedstead which was in the house was blown over a mile.

Yesterday morning the bodies of Mr. and Mrs. Mullin were found in the rain and mud about sixty feet from where the houses were shattered to pieces. The two bodies were locked together, and a stick a yard long and two inches thick was driven through Mullin's head.

THE MONEY STRINGENCY.

High Rates Reached Again To-Day, but There Is No Alarm.

NEW YORK, Oct. 31.—There was a notable absence of excitement in Wall street at the opening to-day, considering the extreme stringency of money yesterday. Higher London quotations, scarcity of stocks offering in the local market and rumors of financial relief measures to be taken by the banks caused a confident sentiment. The first call loan was 50 per cent. The rate advanced to 100 per cent and then dropped back to 80 before noon. Not much business was done.

A Veteran Democrat Passes Away.

ALLENTOWN, Pa., Oct. 31.—Ex-Congressman John D. Stiles, who was the oldest member of the Lehigh county bar, died last night from the effects of a paralytic stroke. He was 75 years of age. In 1856 he was a delegate to the convention which nominated James Buchanan for president, and was the same year elected to Congress to fill the unexpired term of Thomas B. Cooper and was re-elected in 1858 and 1863. In 1864 he was a delegate to the Democratic national convention which nominated General McClellan for president.

In turning around, as it appears, the horse, buggy and driver were precipitated to the ground beneath, a distance of about thirty feet, and killed.

ETHEL SPRAGUE MARRIED.

The Young Actress of Noted Family Becomes a Physician's Wife.

BALTIMORE, Md., Oct. 31.—A San Francisco dispatch announcing the hasty marriage in that city of Dr. Frank Donaldson and Ethel Chase Sprague, the actress, daughter of Kate Chase Sprague, did not surprise the Maryland friends of Dr. Donaldson. He is the son of a Baltimore physician.

Upon his graduation from Harvard he practiced his profession for several years in this city with success. In early life he married Miss Nannie B. McDonald, member of an old Virginia family. They spent several years abroad, but upon their return from Europe Mrs. Donaldson procured a divorce from her husband. One of the sisters of Dr. Donaldson three weeks ago received a letter announcing that he had accepted a professorship in one of the medical colleges of San Francisco. Prior to this he lived for some months in New York city. He has written several plays and was quite a noted amateur actor, though he was never known to aspire to the professional stage.

It is understood that a secret marriage was contracted by the young people in July. The opposition of the bride's mother and the fear that it might injure her professional career have been given as the reason why an announcement was not made at the time of the marriage several months ago. The discovery that the facts were known is said to be responsible for the hurried religious ceremony performed last evening.
