

FIRED THEM ALL OUT

Omaha's Jacksonian Club Firing Its Membership of Political Devils.

Cannot Pass as Jacksonians.

OMAHA, Nov. 15.—The political fur began to fly Saturday evening, when the Jacksonian club, one of the local democratic organizations, inaugurated a series of expulsions designed to purge the honorary membership of those who had forfeited their rights and standing in the club by refusing to support the regular nominees of the democratic party in the recent election.

The resolution set out the names of the political traitors as follows: John A. McShane, John P. Irish, Thomas Patrick, George E. Pritchett, E. Wakeley, Albert Walkins, B. B. Wood, James M. Woolworth and H. W. Yates.

The following resolution, introduced by I. J. Dunn, was also adopted, and a committee comprising I. J. Dunn, W. S. Shoemaker, L. J. Piatti, Harry Miller and J. O'Connor was appointed to carry it into effect.

"The Jacksonian club was organized for the purpose of inculcating and maintaining inviolate the fundamental principles of democracy, and to co-operate with other organizations in the support of democratic men and measures, and not for the purpose of extending aid and assistance to the enemies of democratic principles, either through active support of the candidates of the republican party or by the indirect support of the candidates of that party resulting from placing before the people a ticket made up of boaters from the democratic party and labeled 'democrat' for the purpose of misleading and deceiving the voters.

"We recognize as fundamentally democratic the right of every voter to independent action in politics, and honor the citizen who changes his political opinions when in his judgment the opinions previously adhered to will no longer serve what he conceives to be the best interests of all the people.

"We claim, however, that when a member of a political society, organized for the purpose of upholding the principles of a political party, changes his political opinions and affiliations and no longer expects to live up to the pledges of political faith given when he became a member of the club, honesty and candor and a decent regard for the pledges given should impel him before taking any action in carrying out his changed political principles to resign his membership in the club, and no longer by his presence and apparent affiliation pretend to be supporting those principles which he has deserted and is laboring to destroy.

"While we respect the man who refuses to support the candidates and platform of his party for reasons based upon honest motives, and respect his right to cast his influence wherever he will, we denounce as the essence of political chicanery and worthy only of the deepest contempt the action of those who proclaim to the world that their love for democracy is so great that it compels them to place in nomination against the regular nominees of their party men whom they call democrats, that they may have an opportunity to vote for someone who represents the real principles of democracy as they claim to understand them, and then with hypocrisy deeper than their pretended love for democracy and democratic principles, cast their influence and their votes, not for the ticket they have placed in the field, but for the candidates of the republican party for the sole and only purpose of defeating the regular nominees of the democratic party.

"This we denounce as political dishonesty on the part of self-constituted leaders of the democratic party, who failing to rule seek to ruin both democratic men and measures. Such conduct plainly and simply described is political treason, a violation of the constitution of this club and a violation of every principle of political honesty and decency.

"It is the sentiment of the members of this club that the persons who have thus proven themselves false to democratic principles can no longer justly claim membership in the democratic party and are entitled to no voice in its councils.

"We congratulate the democratic party of the state of Nebraska that those in the ranks who in the past have followed the policy of rule or ruin have at last been forced to stand before the world in their true colors that all men may understand and appreciate the depth of their sincerity and the real reasons for their pretended love for democratic principles.

"We congratulate the democratic party of the state and of the nation that it has at last arisen in its might and cast forth the political barnacles and political devils that have heretofore retarded its growth and progress.

"We recognize the fact that a number of persons who belong to the class heretofore described in these resolutions are now members of the Jacksonian club, and we declare that the future of this club as a factor in politics, and the respect due to its members who are in fact democrats, demand the expulsion of those whose conduct has disgraced the club and the party and who have sought by every means to bring defeat upon democratic men and measures.

"Resolved, That a committee of five be appointed by the president of this club to ascertain the names of members of this club who have violated the constitution and bylaws as above set forth and report said names forthwith."

THE BUSINESS OUTLOOK

A Bright Day Is Dawning Declares Dun & Co. in Their Regular Weekly Report.

It Looks Hopeful.

New York, Nov. 14.—R. G. Dun & Co. in their Weekly Review of Trade say: "No one now doubts that a brighter day is dawning, and it is a common remark that never before has business shown so great a change for the better within a single week. Dispatches telling of about 500 works which have opened or materially enlarged their forces, give only a partial report, for throughout the country the gain has been surprising even to the most hopeful.

Foreign demand of American wheat continues an important factor, and the price went to 88 cents, gaining 6 cents for one week, 10 cents for two weeks, and 24 cents early in September. The price is the highest since June, 1892. Western receipts were only 4,494,033 bushels, against 8,202,864 last year, but the election cut off much work during the days in which these receipts were started to market. Man textile works have been started or increased in force, many on orders booked weeks ago.

But there has been much increase in the demand. After purchases of 64,000,000 pounds of wool in five weeks, the transactions fell to 6,243,700 pounds last week, but prices were strong and in some grades 1 cent higher, and even greater advance is demanded in the west, while foreign markets are higher and Australian fully 1 cent for pound.

COTTON MARKET QUIET. The market for cotton goods is not yet active, but more liberal estimates of the cotton crops are generally credited causing a 1/2 cent decline to 8 cents. The output of iron furnaces in blast November 1 was 124,077 tons weekly, having been increased 11,295 tons, or 10 per cent, in the latter part of October by confidence in the future. All the markets were stronger, although the enormous purchase of pig iron in advance of needs causes comparative inactivity at present.

Steel bars are \$1 to \$3 per ton higher, and sheets in better demand. Anthracite and Bessemer pig have advanced a shade, and the average of prices is 2 1/2 cents higher. The billet pool is in protracted meeting here this week to decide upon its course and is still undorsed. The beam, bar, rail and wire nail associations meet this week, and the underselling of wire nails by outsiders has gone so far that a decline of 45 cents is openly quoted.

WILL REDUCE PRICES. It is noteworthy that the prevailing expectation, notwithstanding the general improvement in business, is that some, if not all combinations, will decide to reduce prices. The coke combination, it now appears, has not permitted large contracts for future delivery at less than \$2, its fixed price, and even less than \$1.75, but the output last week decreased. A heavy sale of copper to foreigners, said to cover 10,000,000 pounds, has raised the price to 1 1/2 cents and tin actually sells at 18 cents, though less is quoted.

The change in the money market is striking. Instead of \$2,500,000 going out to the interior as before, \$2,500,000 have come in this week; instead of 80 cents discount, New York exchange at Chicago is at 70 cents premium; instead of merchants and manufacturers vainly hunting lenders, banks are hunting for more commercial paper. Commercial rates are down to 5 per cent on best paper. Foreign exchange is higher owing to sales of \$4,000,000 government bonds taken by the Bank of England as a member of the syndicate in 1895, to payments of \$3,000,000 sterling loans and to foreign realizing on \$2,000,000 of securities, but all these are in effect taking profits for confidence in American honor.

Failures for the week have been 276 in the United States against 283 last year, and forty-six in Canada against forty-nine last year.

PARIS, Nov. 14.—The Temps to-day expressed itself as being greatly concerned at the "enormous extension of Monroeism involved in the Anglo-American entente," adding: "It confers upon America the right to settle any difference between an American state and European power without the authority of the American state interested. This is a big innovation in international law and endows the United States with absolute supremacy in their hemisphere. It must be a bitter pill to British pride to consent to this."

In conclusion, the Temps expresses a doubt as to whether Europe will accept this agreement as a precedent.

Word reached Omaha Saturday to the effect that Dr. W. S. White, chief of the government microscopical department; John Jellar, a tagger, and two of the women in the microscopical department Mary Plum and Miss Dalton, had been removed from office. The removal occasioned great surprise in Omaha where Dr. White has been for the past three years. He has always borne the reputation of attending strictly to business.

OMAHA WIDOW'S ROMANCE.

After Forty Years She Is to Marry Her First Lover.

Chicago, Ill., Nov. 13.—Judge Enoch Dutton, the first lawyer to be admitted to the bar of Vigo county, Indiana, has been accepted as a suitor by Mrs. Margaret Snyder, a wealthy widow, said to reside in Omaha. Next Monday afternoon he will lead her to the altar. The marriage ceremony will be performed by Judge Gregory at Hammond.

Back of this announcement lies a romance which began forty years ago, when Margaret Browning was a maiden in short frocks and the groom her most ardent admirer. They quarreled one evening in 1856 while on their way home from the district singing school, and they parted. The boy lover packed up his belongings quit the old homestead and came west. Four years later Margaret was married to a wealthy manufacturer in the west. His name was Snyder.

Dutton became a judge and married, moving to Indiana. A year ago Mr. Snyder and Mrs. Dutton died. During the years the judge and his early love have been parted they have never met or exchanged a word. A little three line notice in a western paper sent to Judge Dutton by a friend was the means that reunited them. Mrs. Snyder will reach Chicago next Monday morning. Judge Dutton will be there to meet his bride and will take her to Hammond. They will live at Ross Station, where the judge has just completed a home.

TEMPORARY DEFEAT.

Hill City's Silver Club Enlisted for the Four Years' Conflict.

The free silver club of Hill City, S. D., has written Mr. Bryan as follows: "Hon. W. J. Bryan, Lincoln, Neb.—Honored Sir: We, the members of Hill City Free Silver club, herewith tender to you our earnest admiration for the patriotic devotion with which you served our cause during the recent campaign. We propose to remain organized and shall as zealously in the future as we have in the past revered the principal you advocate. The result of the campaign is but a temporary defeat, and we firmly believe: "Truth crushed to earth shall rise again. The eternal years of God are hers, But error wounded, writes in pain, And dies among his worshippers."

LET US GIVE THANKS.

Gov. Holcomb Issues the Regular Annual Thanksgiving Proclamation.

Governor Holcomb issued a Thanksgiving proclamation yesterday in this form: "Whereas, it is provided by statute that the governor shall by proclamation set apart one day in each year as a day of solemn and public thanksgiving to Almighty God for His blessings to us as a state; now, therefore, I, Silas A. Holcomb, governor of the state of Nebraska, in conformity to law and in harmony with the proclamation of the president of the United States recently issued, hereby designate and set apart Thursday, the 26th day of the present month of November, to be observed as a day of thanksgiving and praise to the All-wise Creator for the many blessings so graciously bestowed upon the people of our commonwealth.

"It is fitting and proper that we should as a people render upon Him humble thanks and sincere gratitude for the many evidences of divine favor which we are permitted to enjoy. "The labors of all of our citizens for the year now drawing to a close in the various branches of husbandry have not been without recompense. Bountiful crops have rewarded the toil of the husbandman. Peace and tranquility prevail. The spirit of progress and advancement to a higher and better civilization exists among our people.

"Let us, therefore, on this day abstain from secular employment of all kinds and assemble together in our accustomed places of worship or around the family altar and render unto God praise and thanksgiving for these many evidences of His kindness and humbly petition to the throne of grace for a continuation of the favors of divine providence unto us as a people, as a great commonwealth and as a great nation.

"Let us also remember the needy poor, the sick and the distressed, and by our supplications, but by deeds of charity and substantial gifts of those things which will alleviate suffering and distress, for 'inasmuch,' says the Lord, 'as ye have done it unto one of the least of these my brethren, ye have done it unto me.'"

RESIGNS AS CLERK.

Elmer D. Frank of the Federal Court Steps Down and Out.

Elmer D. Frank, for the past seventeen years clerk of the United States circuit court in Omaha, has tendered his resignation to the judges of the circuit, to take effect on the appointment of Judge Dundy's successor. For a number of years past Mr. Frank has been under the care of a surgeon and his work has run behind considerably. This fact occasioned considerable friction between him and the government and to end the whole matter he decided to take the step mentioned above.

The judges who have the appointment of Mr. Frank's successor are Sanborn of St. Paul, Thayer of St. Louis and Caldwell of Little Rock.

A ready there are a number of applications for the place and many more are expected within the next few days. R. R. Bittenger, who has been a deputy under Mr. Frank for the past three years, is one of the candidates for the vacancy and his chances are said to be among the best.

FOUND INSANE.

A. J. Stoutenberg Will Escape a Criminal Trial Thereby.

The commissioners of lunacy have found that A. J. Stoutenberg, the eccentric genius who was awaiting trial for shooting at an old man named Ballard, was insane when the act charged was committed. The finding was this morning reported to the court, and Stoutenberg will be sent to the asylum.

Babcock's Estimate of Congress.

CANTON, Ohio, Nov. 14.—Among the many thousands of messages received by Mr. McKinley, the most important was one from Hon. Joseph W. Babcock, chairman of the national congressional committee, Washington, D. C., saying: "I have the congressional campaign wound up, the bills all paid and a little balance left in hands of the treasurer. We have elected 201 sound money Republicans, 20 sound money Democrats, 145 Democrats and Populists and six free silver Republicans, with three districts in doubt, one from Wyoming and two from South Dakota."
