

AT THE STATE HOUSE

Jenkins said he could not understand why any employe should be allowed for overtime. Speaker Gaffa responded that employes were often required to work extra hours. The assistant engineer has been working twelve hours a day without intermission. At times during last session engrossing clerks were required to work twenty-three hours without cessation. He thought certainly the gentleman would not insist that under such circumstances such employes should not have extra pay. Jenkins replied that the explanation was satisfactory and the motion prevailed. Smith of Douglas moved that 5,000 copies of the governor's message be printed, that each member be supplied with ten and that the rest be left with the secretary of state for distribution. Pollard moved a substitute that a committee be appointed to act with a committee already appointed by the senate to ascertain the cost and report how many should be printed. The amendment was rejected by a viva voce vote and the motion by Smith prevailed on roll call by 74 to 19. The house then adjourned to 2 p. m. In the senate Wednesday Morning. In the senate this morning Beal offered a motion for a committee of three on joint rules, and it was agreed to. Weller moved enforcement of the rule excluding the public from the floor of the senate, suggesting that admissions should be by ticket signed by the lieutenant-governor. The motion prevailed. Senator Mutz resolution to simplify explanations of votes and prevent partisan political discussions and stump speaking thereon was on motion of Senator Ransom referred to the committee on rules. The following additional list of employes was recommended by Graham for appointment, with the understanding that if it should be found that their services were not needed in the capacities in which they were named they should do whatever duties the officers of the senate required of them: Committee clerks: J. H. Seaton, finance, ways and means; J. P. Nelson, public lands; L. J. Platt, municipal affairs; J. C. Gowan, school lands; W. H. Stout, printing; G. B. Beveridge, enrolling bills; E. S. It takes a two-thirds vote to dispense with the reading of the journal, and as there were only 61 votes for and 30 against it this morning, the journal was read. After the clerk had been reading for half hour the further reading was dispensed with on motion of Waite. Memorials were read from the people of Grand Island and Hall county asking that the legislature provide for the payment of the bounty on beet sugar manufactured during the past two years so that the producers of the beets may receive the full \$5 per ton, instead of the \$4 per ton paid them. They were referred to the committee on finance, ways and means. A resolution by Billings directed the secretary of state to furnish each member five 2-cent stamps and five 1-cent stamps per day. Jenkins of Jefferson raised a point of order, alleging that it is no more the province of the house to furnish its members with postage stamps than to furnish theatre tickets, railroad tickets and other conveniences for the members. Hull of Harlan maintained that they were for official business and were not to be likened to theatre tickets or other personal conveniences. Clark of Lancaster, republican, favored the resolution, as members from out of town were obliged to reply to many letters concerning official business. Soderman thought legislators were as much entitled to postage for official business as state officers. Sheldon thought that the postage should be allowed for official business. Jenkins replied that if it were deemed advisable to have the state pay the postage as on official business, postage should only be paid on correspondence actually sent. Each member should be put on his honor to draw only such postage as he absolutely used. He did not wish the postage stamps laid on his desk whether he had use for them or not, and thus added to his pay. He demanded a roll call on the motion. Gaylord denounced the demand as a "fool" way of consuming time at an expense greater than would be inflicted by the motion. Eager of Seward opposed the motion and referred to the constitutional provision prohibiting increasing pay of members. On roll call the resolution prevailed by a vote of 48 to 46. Among the other bills offered was one by Soderman for the temporary issue of non-interest bearing warrants upon the state treasurer and provides for their redemption and re-issue; by Hull to provide for an exhibit at the Tennessee centennial; by Stebbins to provide for redemption of real estate sold on execution, order of sale and decree of court and repeal the stay law; by Stebbins, to provide for more equitable appraisal of real estate under judicial sale. Today in the Senate. After the reading of the journal Senator Spencer offered a motion commending ex-Secretary Piper and Custodian A. C. Wright for their excellent care of legislative supplies and furniture. It was agreed to without opposition. A Farmer's Hearty Tribute to Bryan. LORTON, Neb., Jan. 14, 1897. EDITOR INDEPENDENT:--Hon. William J. Bryan, the leader of the greatest political campaign for the presidency known to American history, who although he has not won in the race this time yet his unparalleled labors both in extensiveness and brilliancy in spreading the light among the people, stands unequalled as the greatest achievement on this line ever performed by any one man. The light and truth which he has so abundantly spread broadcast among the people of the United States will take root and bear abundant fruit that will in due time result in the rescue of our country from the enemies of good government. Mr. Bryan's weapons of warfare are truth and righteousness. This two-edged sword, keen, burnished and glittering, the terror of opponents, and wielded by a master's hand in the very front ranks of oratory, will in due process of time most assuredly result in a gloriously triumphant victory. AN OTTOWA COUNTY FARMER.

Petition. To the honorable members of the state legislature of Nebraska: Whereas, the American federation of labor at its general convocation adopted by unanimous vote the initiative and referendum and believing that direct legislation through the initiative and referendum is in harmony with the declaration of American independence and Whereas, it has been adopted by the labor organizations of the United States and Whereas, it has been adopted by several other non-partisan organizations. Therefore, be it Resolved, that we as members of Lincoln Federal Labor Union No. 6332 American federation of labor do most respectfully petition your honorable body to pass a resolution submitting an amendment to the constitution of the state of Nebraska to a vote of the legal voter of the state of Nebraska for a system of direct legislation through the initiative and referendum. F. C. BROWN, JOHN FULLBRIGHT, LYMAN SELLER, Com. SNAP SHOTS. Some republican members who meant well, no doubt, moved to invite the outgoing republican state officials in to hear the governor's message. This was cruelty. To lick a man and then force him to sit still while you tell him all the mean things he ever did, is rubbing it in too deep. By the way, the governor talked rather plain about certain of the actions of Churchill, Russell, Piper and Bartley. He did not mince words, but called things by their names. The faces of the gentlemen above named were something of a study as they saw the searchlight turned upon them in turn and at least one of them looked as if its owner felt, "There are moments when we'd like to be alone: and this is one of them." Well, it is all over with our republican friends. They are gone. They are no longer in issue. It is cowardly to attack the dead. They belong to the past. Let us turn to the present and future. A post mortem examination is seldom interesting, never pleasant. The republican party, that ruled Nebraska with an iron hand for a quarter of a century, has no part or parcel in her government now. It betrayed the people, and the people arose and drove it forth into outer darkness; and there was weeping and wailing and gnashing of teeth. But it is better for the state that the republican party do the gnashing act than for the people to do it. So let it gnash. The new officers took their places as naturally as though they had been used to being pie dispensers from boyhood. Lieutenant Governor Harris gave the senate a lecture on charity and hammered the desk with his gavel like an old timer. Secretary of State Porter meandered into his office, cleared up his voice and leveled his front finger at Piper as he did in the old days at Church Howe. He would doubtless have followed this with a speech, out of mere force of habit, but Piper went in. Auditor Cornig gathered his Richardson county deputies about him and went over into the place of "Gene Moore and Peter Olaf Hedlund. State Treasurer Meserve, folded his whiskers around him, took Sam Patterson and went into the sanctum of Joe Bartley, but Bartley, like Longfellow's Arab, silently stole away. It is not yet known whether he stole anything else or not. Attorney General Smythe, (who pronounces his name "Smith") took Deputy Attorney General (who also pronounces his name "Smith") and went in search of Churchill; but Churchill had deserted the field and gone to Omaha. Land Commissioner Wolfe, who has thought so much that he has worn the clinches off his hair and this becomes bald-headed, went in a like manner after "Col." Russell, but the colonel wrapped a McKinley flag around him, waved his whiskers and fled. Uncle Jake made a speech to Russell's employees, assuring them that he did not fire them because he did not love them (for he did) but because he needed the pie which they were consuming for the pieless multitudes who had made his life a barren waste. And last of all State Superintendent Jackson drifted over into the office so lately vacated by Prof. Corbett; and the mill went right on grinding as though nothing particular had happened; though the crowning act of a political revolution was just ended. In the meantime Governor Holcomb, after reading a message which rivaled Senator Allen's fifteen-hour speech, went back to the desk which he has occupied for two years and listened to the tale of woe of pie hunters for the remainder of the evening. That night each of the newly elected officers stood up for two or three hours, smiled, had his fingers squeezed and his arm pumped by several thousand enthusiastic people, was told how glad everybody was to see him, how well he looked, how much everybody wished his two years of office would be pleasant and successful, etc., etc. This ended the day. SHATTERED. THE PRECARIOUS CONDITION OF PROF. A. H. NYE. A Prominent Iowa Educator's Painful Experience as Related by Him to a Newspaper Man. From the Gazette, Cedar Falls, Iowa. The la grippe, that dread disease that had such a run throughout this country three or four years since, left many who were previously in robust health, with shattered constitutions and seemingly confirmed invalids. Prof. A. H. Nye, living at No. 2500 Olive Street, Cedar Falls, Iowa, was among the number left in a precarious condition by the disease. No strength, feet and limbs badly swollen, in fact almost helpless. Prof. Nye is a native of New York State, having come west in 1886--a healthy, robust man. He is a school teacher by profession, having served as county superintendent of schools of this (Black) Hawk county several terms, and he has the respect of all with whom he comes in contact. His helpless condition called forth the sympathy of the entire community. He tried the best medical skill procurable, and spent most of his ready means in the vain endeavor to recover his health, and had about given up completely discouraged. He had stopped taking medicine, being fully convinced in his own mind that there was no help for him, and that he would have to spend the balance of his days as an invalid, a burden to family and friends. Some one who had heard of Dr. Williams' Pink Pills, spoke to him about them and urged his giving them a trial. His poor success with eminent physicians made him skeptical and he had no faith in what was called proprietary medicine, and would not listen to this sisseton, however, and having faith in the Pink Pills, would not let up, until he had finally prevailed upon the sufferer to send for a box, which he reluctantly did, and after receiving them decided to give them a fair trial. The first box relieved him in a surprising manner; yet he was not convinced that it was the medicine that had helped him, but the weather which had turned pleasant, and did not send for a further supply until he was again about as bad as before taking the pills. Then he concluded he would make another trial, and took three boxes, and today is nearly if not quite as well as before the attack of la grippe. It is needless to state he cannot say too much for Dr. Williams' Pink Pills for Pale People, for people who have been left in poor health from la grippe or any other cause. Anyone wishing to test the validity of this letter can write Mr. Nye, No. 2,500 Olive Street, Cedar Falls, Iowa, and he will cheerfully recommend the medicine, and state his condition before and after using. Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus dance, sciatica, neuralgia, rheumatism, nervous headache, the after effect of la grippe, palpitation of the heart, pale and sallow complexion, all forms of weakness either in male or female. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price 50 cents a box, or six boxes for \$2.50 (they are never sold in bulk or by the 100), by addressing Dr. Williams' Medicine Company, Welchensetady, N. Y. RESOLUTIONS ADOPTED. By the Polk County Bimetallic League --Bartley Should Turn Over the Cash OSCEOLA, Neb., Jan. 2, 1897.--(Special to the INDEPENDENT)--A mass county convention of the Polk county bimetallic leagues was held in the court house in Osceola, the following resolutions were passed: Resolved, that it is the sense of this convention that our delegates to Lincoln be instructed to use all honorable means to pass such resolutions as will convey to our incoming state treasurer that we demand that he do not accept any certificates of deposit from the outgoing state treasurer but the cash, shall be counted out, also be it further resolved that we are strictly opposed to any legislation in favor of any sugar bounty. Further, we favor mutual insurance. Be it further Resolved, that we call our legislators attention to the fact, that some chance should be given the mortgage debtor to convey him over these times of depression; and further We denounce the influence of capital on the legislative branches of our government, which is illustrated by the cry of the sacredness of contract, etc., while capital can be charged with a long and criminal list of violations of contracts in favor of corporations, always against the people, for instance: The violation of contract by the credit mobiler. The present attempt to legalize fabricated values, by legalizing (?) extensions of them. Gold payments. Further, a list of trusts whose extortions are ruinous and collectively unbearable. Be it further Resolved, we denounce the anarchists who are discharging wage earners and putting additional burdens on the employed, to get money to pay the dividends on fabricated stock and bonds. Be it further Resolved, That the innocent purchasers (?) of speculated values have no legal or constitutional rights, which the expected innocent payor is bound to respect. Therefore we call on our legislators both state and national, to repudiate the fabricated values of transportation companies and manufacturers, and save us from the ruin and corporation slavery with which we are now threatened by taxing our earnings and incomes stolen from us to maintain a system of robbery by supporting said forged values. Be it further Resolved, That we call attention of the citizens of the states of the Mississippi Valley to the utter inability of any administration bringing prosperous times while a gigantic system of robbery by trust and corporations exist. We therefore demand laws, making it a felony, to organize, or be a member of a trust or combination to destroy competition to control prices. And WHEREAS, it has been declared by the courts of Nebraska that the laws by this state "should not be construed as to

make paupers of the citizens of the state" and whereas exemption laws have been enacted for the purpose of so protecting our citizens, and it is plain to be seen that Section 6368 of Compiled Statutes of the state of Nebraska has been enacted to pauperize such unfortunate people as become victims of our foreclosure proceedings and get a deficiency judgment put on record against them. Be it therefore, Resolved, That we demand that the above mentioned act on the statutes be repealed. INSURANCE DEPARTMENT. The printer made me say that the annual meeting of the Mutual Insurance association would be held on January 1, when it should have been January 20 at 10 a. m. in the Ideal Hotel, Lincoln. I have word from several who will be here and take part in the program. Many members of the legislature will attend if possible, as there are members of mutual companies from all parts of the state. Every company in the state should be represented by at least one delegate. One dollar rate at the Ideal. A PLAGUE OF THE NIGHT ITCHING PILES AND OTHER RECTAL TROUBLES EASILY CURED BY A NEW AND SAFE METHOD. A Remarkable Number of Cures Made by the Pyramid Pile Cure. About one person in every four suffers from some form of rectal disease. The most common and annoying is itching piles, indicated by warmth, slight moisture and intense, uncontrollable itching in the parts affected. The usual treatment has been some simple ointment or salve which sometimes gives temporary relief, but nothing like a permanent cure can be expected from such superficial treatment. The only permanent cure for itching piles yet discovered is the Pyramid Pile Cure, not only for itching piles, but for every other form of piles, blind, bleeding or protruding. The first application gives instant relief and the continued use for a short time causes a permanent removal of the tumors or the small parasites which cause the intense itching and discomfort of itching piles. Many physicians for a long time supposed that the remarkable relief afforded by the Pyramid Pile Cure was because it was supposed to contain cocaine, opium, or similar drugs, but such is not the case. A recent careful analysis of the remedy showed it to be absolutely free from any cocaine, opium, or in fact any poisonous, injurious drugs whatever. For this reason the Pyramid Pile Cure is probably the only pile cure extensively recommended by physicians, because it is so safe, so prompt in the relief afforded and so far as known the only positive cure for piles except a surgical operation. In one year the Pyramid Pile Cure has become the best known, the safest and the most extensively sold of any pile cure before the public. Nearly all druggists now sell it at 50 cents and \$1 per package. Address the Pyramid Co., Albion, Mich., for book on cause and cure of piles and also hundreds of testimonials from all parts of the United States. If suffering from any form of piles ask your druggist for a package of Pyramid Pile Cure and try it tonight. For Sale FARM of 160 acres, First class land, 83 acres under cultivation. The law compelling our state treasurer to furnish an approved bond of \$2,000,000 is only a sham, it is not for the safety of the public funds, but is a deep laid scheme of the most designing gang of robbers that ever scuttled a ship. The very fact that a public official is compelled to give such an enormous bond is plain to an observer, that such bonds must be signed by bankers--aya that is just it. The law was passed at the behest of the bankers and the state treasurer is merely a puppet in their hands, as when they sign his bonds they dictate who shall handle the cash and make their own terms, and no one can blame them for it, its their business and they know how to attend to it. But even their signing the bonds has never yet protected the people. Every move being made by Mr. Meserve is being watched by the people, and they will most assuredly be disappointed if he follows in the old rut.--South Omaha Daily Sun. Wife Advertiser.
