

WHO ARE COPPERHEADS?

In conversation with some of my republican friends I expressed my ideas on the war in the Philippines in a rather forcible manner, and was then and there called a copperhead. I took issue with my opponents, and I think that before we closed the controversy I had shown these expansionists that a few people did not like the actions of the powers that be. I may be wrong in my interpretation of the Declaration of Independence, and the rights of man, but if I am, my friends could not show wherein I was wrong, only to say that we must uphold the nation's honor(?) and the old glory we call the flag.

VOX POPULI, VOX DEI

Nothing less than a purely democratic system will establish and maintain "government by the people, of the people and for the people." I do not mean a democratic system patterned after the Roman forum or Grecian Agora. This would be impracticable in our country. But I do mean a system which will enable all the citizenship to freely determine by what laws they shall be governed; and under which the people may promptly depose unfaithful and disloyal servants. Anything less than this will not be democratic.

Fell From a Scaffold.

From the Herald, Watertown, N. Y. John Young, of Le Roy, N. Y., is 72 years old, and is well known in that and neighboring towns. While putting some weather boards on a barn, standing on a scaffold 22 feet from the ground, he felt dizzy, lost his balance and fell to the ground. The side of his face, arm, and the entire side of his body on which he struck, were badly bruised. Picked up and carried to the house, he was under a doctor's care for several weeks. The doctor finally came to the conclusion that his patient had received a stroke of paralysis and was beyond medical aid. He could not use one arm, or turn over in bed. One day, while lying on the bed, he read of a case something like his having been cured with Dr. Williams' Pink Pills for Pale People. He coaxed his grand daughter to get him a box of the pills. After that box had been used he secured another. In three weeks he began to feel a little life in his arms; at the end of four he could use his fingers; at the end of two months he could walk, and in three months he could shave himself with the injured hand.

DID THE RIGHT THING

Editor Independent: I enclose \$1.00 for your paper of which I have been a constant reader for ten years. I have read the letter in the last weeks issue from C. A. Patriek of Woodville, Cal., lamenting over the peoples party in the past. I can sympathize with him. Six or eight years ago I saw things just as he sees them now. I thought I would stay right in the middle-of-the-road. Long since I have been very much convinced that the better way was right the reverse. No states in the union have been plundered as Kansas has and Nebraska have been. The state was robbed, county treasuries looted, state institutions burglarized and even the funds devoted to the support of the blind, and the school children taken. Was this not enough to make the populists get right out of the middle of the road, call upon all good citizens for help and refuse longer to be run over by the so called old political parties? Was it not enough to cause us to call on all people to arise in a sense of duty and unite all law abiding citizens to save us from a gang of robbers? The state of Nebraska is better posted in political economy, history and knowledge of the bible than any other state in the Union not accepting even Kansas.

SCHOOL LANDS

As soon after the first of July as practicable I will hold public auctions for leasing about 695,000 acres of school land under the provisions of the new law in the following counties: Antelope, Banner, Blaine, Box Butte, Brown, Chase, Cherry, Cheyenne, Custer, Dawes, Deuel, Dunday, Garfield, Grant, Hayes, Hitchcock, Holt, Hooker, Keith, Keya Paha, Kimball, Knox, Lincoln, Logan, Loup, McPherson, Pierce, Perkins, Rock, Scotts Bluff, Sheridan, Sioux, Thomas and Wheeler. Under the new law, if these lands will not lease at the public auction at 6 per cent upon their appraised value, they may be leased to the person offering 6 per cent upon the highest valuation.

DISLODGE THE ENEMY

Certainly Brother Ashby did not class Christ as a socialist in so many words, yet his references to Him as the only real "Radical man" formulating and promulgating socialistic law, would lead to that understanding. Although I still fail to see that this law was given with a view to establish socialism, or that it contains socialistic doctrine, yet I believe that it is. First, because the law of love may prevail in the individual under any condition of society or under other system of government. Second, this law does not convey the idea that society has any claim on the product of the individual skill or labor except incidentally on the surplus earned. That is, society, from the nature

PILE CURE FREE

of things, has a claim on what I over-produce. But I deny society any right or claim on what I need, or on the necessities of life, whether by the law of love or by the law of the common. But notwithstanding this position taken I freely admit Mr. Ashby's contention in the capacity of this law "to put an end to human misery on this earth and in this life." If society stood as a unit in its submission and obedience together with the wisdom and justice of Jesus, who seeing the environments and needs of humanity declared "ye have the poor with thee always." But I will ask again as others have, if the question is not unanswerable and silly, how or in what way will you accomplish this thing? By revolution or evolution, in the wink of an eye or in a long drawn out process of teaching. It seems to me that the greatest barrier to the triumph of socialism does not lie with the individual to accept or obey this law, or any law for that matter, but in the society as a unit. For certainly you do not pretend to establish socialism with a good sized minority in opposition, if you do, then socialism means revolution and nothing else. On the other hand, if socialism is to come by teaching or through legislation then you will come out of it about like the Greek philosopher, who would move the world if you "give me a lever and a place to rest it on." But this, to me is all "talk," we must take the world as it is and not as it should be, let us grapple with its possibilities, there is now no time to whisper and speculate and philosophize and reorganize to change front or lead off. My Brother Socialists the people are in the "field" ready for action, there is even now a death-like apell, their cry is, let us alone, let us alone. The charge will be a life and death struggle, not for populism, not for democracy, not for socialism, but to dislodge the enemy from its present financial entrenchment.
