**DR. ONEAL MAKES HIM HEAR, Right here in Lincoln.**

You don't have to go away from home for evidence of Dr. Oneal's skill and ability.

Read what your neighbor, and an old resident of the county--J. M. BENDER, a farmer living near Milford--has to say:

"I have a boy nine years old who was born deaf and dumb. As far as I know he never could hear any sound or noise, whatever. I took him to Dr. Oneal at the Lindell Hotel in June. Dr. Oneal examined him and to my surprise and delight pronounced his case curable. I took time to make enquiry about Dr. Oneal. He gave me the very best of references, and I also wrote a party in Iowa. I found everything about the doctor straight and satisfactory and to make a long story short I accepted his terms and placed my son under his treatment. AFTER THE THIRD TREATMENT HE COULD HEAR, and we have noticed a gradual improvement ever since."

**CURED OF CROSS-EYES.**

Delmar, the 10 year old son of N. E. Whitmarsh, the engineer at the Sanitarium, and who lives at No. 333 South 18th street, was born cross-eyed. Dr. Oneal at the Lindell Hotel on the 23d day of August straightened his eyes perfectly without the least pain or inconvenience.

**Was Cross-Eyed Forty Years**

J. O. Purbaugh of Denton, Nebraska is a well known farmer and stock dealer, having lived in Lancaster county for fifteen years. Mr. Purbaugh has a large circle of friends and acquaintances who will be pleased to know that he has been cured of a deformity of over forty years duration.

He was badly cross-eyed in both eyes until July 1st when Dr. Oneal straightened them perfectly and painlessly at the Lindell hotel in Lincoln.

**WILL THEY STAY STRAIGHT**

This is a question often asked by those who are cross-eyed. In reply we will say that with the old methods of straightening eyes a large percentage are failures, but with Dr. Oneal's improved method they are straightened to stay straight.

**IRA G. LEE**

Son of Clinton R. Lee president of the Lee Broom & Duster Co., of Lincoln, who lives at No. 1944 E street had his eyes straightened by Dr. Oneal two years ago, and they are as perfect now as the day it was done. His eyes were badly crossed and very weak. He was wearing glasses and hadn't been able to go to school for four years. After treatment by Dr. Oneal he THREW HIS GLASSES AWAY, and his eyes are now as strong and perfect as anyone's.

**Performed Some Marvelous Cures**

Dr. Oren Oneal, the well known eye, ear and catarrh expert, now at the Lindell hotel, has had many years of experience and has performed some marvelous cures. The editor of this paper is familiar with the wonderful work he performed at Freeport and other points in Illinois and it was of such a character as to recommend him to any community in which he may locate. Dr. Oneal always does exactly what he says he will do.--Daily Post June 4th.

Dr. Oneal fits glasses when necessary. No one but an expert oculist is capable of fitting glasses to young people. Many cases of blindness are caused by improperly fitted glasses.

**All Other Doctors Failed to Help Him**

W. W. Diawiddie, a farmer living near Ticonia, Monona County Iowa, is well and favorably known all over that and adjoining counties, both in Iowa and Nebraska. Mr. Diawiddie says: "For a great many years I have been troubled with catarrh of the head, and a few years ago I commenced to grow deaf and to have noises in my head. I have doctored for years with many doctors for what they called chronic diarrhoea, but none of them ever helped me any. A short time ago I went to see Doctor Oneal at Sioux City, and he pronounced my trouble catarrh of the head, stomach and bowels. I began his treatment and am pleased to say that I was benefited AT ONCE. My head feels lighter, and the noises are gone and my hearing is normal again. My stomach and bowels have never bothered me since I began this treatment, and I now have more strength than I have had for four years."

**HIS SUFFERING STOPPED**

James Honey, well known about Hubbard, Neb., where he lives, came to Dr.

Oneal suffering almost death with an ulcerated eyeball, which had been affected for a long time. Other so-called specialists had tried to help him but failed. He could not stand the least particle of light. Dr. Oneal relieved him at once, and he never had a pain after the first time he saw Dr. Oneal, and his eye can now stand the light as well as any one's. Of course he feels very grateful to Dr. Oneal and praises him highly.

**Granulated Lids Cured.**

Joseph Gravelle is one of the substantial and well known citizens of Sloan, Iowa. His daughter was greatly troubled for many years with granulated eyelids, catarrh and headaches. Her headaches soon ceased to bother her, and in a remarkably short time her eyes were cured of all soreness, and so strengthened that they gave her no trouble whatever. Ask Mr. Gravelle what he thinks of Dr. Oneal and his treatment of his daughter's case.

**A WONDERFUL CURE.**

OTTUMWA, IA., May 29, 1899.  
To whom it may concern:  
This is to certify that I am a farmer living in Ash Grove, Davis county, Iowa; that I have lived here over twelve years. My little girl, aged 4 years, was born deaf and of course never learned to talk. As far as I know she could not hear anything when Dr. Oneal began treating her. I took her to Dr. Oneal March 2nd, and after a careful examination he gave it as his opinion that he could make her hear at the same time giving me a rational explanation of the cause of her being deaf and dumb. To make a long story short I accepted the doctor's terms at once. We noticed an improvement in a very short time, and now she can hear quite well, and is fast learning to talk. (Signed) J. B. COLLINS.
