**EVERYTHING

SIX LONG DAYS
OF FUN!**

AT LINCOLN, NEB. SEPT. 18 TO 23

IT'S THE GREATEST PLEASURE EVENT

EVER KNOWN IN THE STATE OF NEBRASKA. IT WILL ECLIPSE IN POINT OF BEAUTY, VARIETY, AND SPLENDOR ALL WESTERN EFFORTS FOR ENTERTAINMENT

**THREE MILES
OF FUN FREE!**

Three miles of our business streets will be gaily decorated with booths of grotesque designs. These decorated streets will be shut off from all regular traffic, and will be turned over to our guests for amusement and fun-making. No restrictions will be put on innocent amusement, but both young and old will join hands to have the best time ever accorded the people of this or any other state. It will quicken the pulse of the old and rekindle the fires of youth in their hearts. The middle aged will be suddenly brought back to an actual realization of pleasures seemingly beyond them; while the juvenile population will go wild with excitement and true happiness.

**WHAT MAY BE SEEN
FREE**

Everybody is in This Show, and
a Star Actor, Too.

You may be seen. You will see your friends, and wherever your eye may rest there will be a turbulent scene of animated jollification. The decorations comprise every conceivable phase of architectural beauty, so perfectly trimmed in rich and gay colorings as to be a feature within itself to make it worth your while to travel hundreds of miles to see

SPECIAL FEATURES

At one corner may be seen the Shapely Queen of the Saw Dust Ring in her difficult and blood chilling Equestrian feats; at another the Wierd Sword Dancers; at another the "Prize Cake walk;" at another the Hazardous feats of the Slack Rope-walker, or the awe-inspiring acts upon the Flying Trapeze. Again you may see the Juggler in his Marvelous Tricks. Trained Acrobats will show the highest possible development of human strength, to the wonderment of all; while here, there, and everywhere may be seen the Jolly Clowns who will crack their jokes and sing their songs. There will be music in the air, 23 full Brass Bands have been arranged for, among whom are Hagenow's Prize Band. Another feature of great importance is a \$50,000 Flower Parade, which promises to be of such dazzling beauty as to surpass all previous efforts in this direction.

**THE NIGHT
WHAT OF THAT?**

The nights will be turned into an actual Fairy Land of Dreamy Beauty. A million lights will add splendor to the September full moon, from the uncertain glow of Chinese Lanterns to fierce glare of the Arc Light arranged in such positions and numbers as to throw a Flood of Light on the most Charming Scenes ever beheld by the eye of man; under their influence the merry making will start afresh. The music will be sweeter. The Acrobatic feats more phantom-like. Sword Dancers will seem more weird, and the voices of the Clowns, and Colored Jubilee Singers will be clearer. 'Tis then the Cake Walk starts in earnest, and the Dusky Walkers will be seemingly coached by those departed, to such an extent that you may actually behold the Cake Walk of half a century ago.

IN CONJUNCTION

In conjunction with this Street Fair the Business Men of Lincoln have arranged for a County Exhibit of Agricultural Products or, to be more explicit, the Lancaster County Fair will be held on our Streets. Around the Government Square and in and about the Hay market Square can be seen the finest exhibit of Live Stock and Farm Products ever made in this county. After an abundant harvest; after months of uninterrupted prosperity, we cannot help but feel that it is the duty of every true Nebraskan to join hands with us in this great week of Frolic and Fun.
