

WHAT THEY SAID.

Remarks of Several Populist Editors on the Glorious Trouncing that the Republicans Received.

The populist editors who have made such a long, hard fight in this state, all had some remark to make after the election. Here are a few of them:

There won't be any more "per M. B. Reese" now.—Crete Democrat.

The magnificent victory in Nemaha county is due in a very large degree to the perfect organization of the party, and this is due to the splendid work of J. S. McCarty chairman of the democratic county central committee, and E. B. Quackenbush chairman of the populist committee. Never was there a better organization or more effective work in a campaign in the county and Messrs McCarty and Quackenbush are responsible for it. The fusionists of Nemaha county are surely to be congratulated on electing their candidates to the four principal offices—treasurer, county clerk, county superintendent and sheriff.—Nemaha Herald.

No defaulter or mis-user of public funds can hold office in Nebraska except in Omaha. That's the reason the law school at Lincoln will soon be purified.—Central City Democrat.

Cannot fool the American laboring men. Had to register as republicans to hold their jobs but they voted right. You can force a man to wear a yellow ribbon. When he is alone in the booth he votes for freedom.—Teller Democrat.

Will our friends from Missouri and Kansas, editors from the Times and Express please tell us when the funeral rites of the fusion party in Nebraska will be held?—Beatrice News.

A fusion of ripe peaches, sugar and cream makes a savory combination. Fusion isn't bad there. Likewise a fusion of silver republicans, silver democrats and silver populists makes a wholesome combination that will round to our mutual benefit.—Minden Courier.

About twelve per cent of the ballots showed no vote for supreme judge. Many other officers were also skipped by the voters and the ballot is conceded to be the most complicated and unwieldy one ever designed.—Holt County Democrat.

The entire fusion ticket has been elected in Adams county by an increased majority ranging from 19 to 500. Time will not permit of a detailed statement but we will give an official return next week. Wonder if they will ever say now that Bryanism is dead. Oh, ye mud-slingers, better ring off on your dirty work and join the pops and be good. People of Nebraska are sick of boodism and bribery.—Hastings Public Journal.

Tuesday was Holcomb day in Nebraska and the corn huskers sowed ballots to uphold Billy Bryan.—Blair Republican.

Again there is rejoicing as to the manner of campaign. The fusionists held meetings in every township in Valley county, and at all times pointed to the principles we were striving for, while the opposition carried on a hand-to-hand campaign, each one for himself. So the result is not only a victory but an endorsement of the principles of the reform parties, by raising the majority on the head of the ticket sixty over that of last year.—Ord Weekly.

The republican managers (and they are the old gang) played a cunning game, but the people became aware of their game soon after the campaign opened, when the unprincipled gang began to spring false affidavits and all kinds of hatched up lies against one of the grandest men and greatest reformers in the country—Silas A. Holcomb.—Fremont Leader.

After all the bluster and blow of a couple of middle of the road populists at Beaver Crossing the fusion county ticket was elected by a larger majority than two years before.—Seward Independent Democrat.

The sweeping victory of the peoples party is plain evidence that thinking men no longer submit humbly to being slandered for no other reason than the expression of their own opinions, differing from those outlined by the republican party. Charges must be sustained by facts in order to change the impression that one faction entertains for another. But notwithstanding all the evidence against their lying tactics, they persisted in abuse of the people's party up to the day of election and made one of the dirtiest campaigns ever known in the history of the state.—St. Paul Press.

The magnificent victory won in the state of Nebraska is of transcendent importance and significance upon the future political history of this state. In the first place it wrenches from the grasp of the corporations their last hold on the government and hereafter they will enjoy no further or greater privileges than is enjoyed by the humblest citizen of the state.—New Era.

The Nebraska republican politician sees no prospect ahead for his again being permitted to feed at the public crib, and he curses Bryan and fusion with a loud voice.—Howe's Journal.

Nebraska is herself again. From off the sun-kissed prairies of the golden-rod state the sturdy yeomanry gathered at the polls last Tuesday and registered their eternal disapproval of McKinleyism and the domination of the tyrant trusts and imperialism.—Plainview News.

Judge Holcomb's majority in Adams county is 374, a bigger majority than he ever got as governor. This is a fair answer to the slanderous malignity of the State Journal and its gang of editorial character assassins.—Adams County Democrat.

The expression of sentiment in Nebraska is clear-cut and unmistakable. The state by a majority of nearly 20,000

declares itself opposed to the present war and against the policies and principles of the present administration generally. Bryan is the ideal of the state as the leader and presidential candidate for 1900.—Cedar Rapids Outlook.

In the work of wresting Nebraska from the control of the republicans Charley Nownes has given more time and money than any democrat who voted against him last Tuesday. For ten years he has supported democratic nominees whenever the contest came to a show-down between democrats and republicans. And this; democrats, is the reward you give for honest effort in behalf of your political principles. Say, democrats, you who were seduced by the siren song of the republican choristers, are you not just a little bit ashamed of yourselves this morning?—Papillion Times.

It must be borne in mind that Nebraska thoroughly imbued with populism when the reform party first sprang into existence, and the republicans have not had a majority in the state since when a full vote was polled. The populist administrations of the state have managed wisely and judiciously, in striking contrast to the boodism and embezzlements of the preceding republican administrations. The supreme court was becoming too partisan and the majority of the people, having great confidence in Holcomb their candidate for supreme judge, determined to place him on the bench.—The Yeoman.

Mailley's chances for that permanent chaplaincy in the regular army have been somewhat lessened by the events of the past few days.—Madison Star.

The people can say now they have two men who will soon be on the supreme bench who will not be dominated by corporations and will deal out justice to all alike. This is the work of the people for the people.—Scribner News.

With J. H. Edmisten at the head of the state central committee the republicans always have a frost on their hands on election day. Much of the success of the fusionists of Nebraska is due to his persistent push.—The Quill.

Nebraska, this fall, was the scene of the greatest political battle ever waged in the state. Both parties regarded the contest as a test of the feeling of the people of the entire country on the question of expansion. There is no denying the fact that both parties felt that as Nebraska went, so the Union would go next fall. As a result, some of the greatest campaigners of the entire country took part in the campaign.—Custer County Beacon.

Keith county's monied institutions were most bitterly allied on the side of every important republican office seeker at the election last Tuesday. Every one connected with our defunct banks was out fighting for the election of those who are supposed to be looking after the county's interests with those institutions.—Keith County News.

What's the matter with Nebraska? Why! She's all right. She stands first in the union in that she has the lowest per cent of illiteracy; she is the only state in the union where all the state officers are under populist control, and at the polls last Tuesday she denounced trusts, militarism and imperialism by nearly twenty thousand majority.—Weekly Progress.

The result in Nebraska is an emphatic condemnation of imperialism, and, indirectly, an endorsement of W. J. Bryan.

The Journal wishes to inform the republicans of this county right now early in the campaign of 1900, that the populists are ready to meet them at any time and place in joint debate. For three years we have tried to get a joint debate out of the G. O. P.'s, and have failed. Next year we are going after their hides and get 'em or know the reason why.—Jefferson County Journal.

Fusion has triumphed in Exeter, in Fillmore county, and in Nebraska, only because it ought to. The principles for which our people stand are right; they were right 1,000 years ago, and they will be right 1,000 years hence.—Exeter Enterprise.

"Don't cheer boys; the poor fellows are dying."—Wilcox Herald.

Since the fusion ballots piled up as they did last Tuesday, the republican leaders in this state begin to realize that the record of their past administrations is still very loud-smelling and offensive, and is not yet reckoned among forgotten things.—Independent Herald.

Republican mud slingers never thought for a moment that their words of abuse and hateful outbursts would act as a boomerang and sink them still lower in the honest eyes of their countrymen. All those who sought to bestir the record and fair name of the best governor Nebraska has ever had, did it, not thinking how soon the records of other candidates could be examined and analyzed before a critical public which would not be willing to put up with a man who had little respect for honor and justice. Holcomb never reversed an opinion, but another fellow who felt an itching in his palm gave way to the temptation and fell.—Wahoo Democrat.

The Nebraska republicans resorted to all the dirt known to corrupt politics. They even went so far in Omaha as to arrest two colored men who were supporters of the fusion element, and hold them in jail until the polls closed.—Almena Lantern.

The fusion forces of Polk county have won a sweeping victory. From road overseer to county treasurer every man has been returned, mostly with much increased majorities. The rebuke administered to the administration forces was most withering. Thanks to the sensible people of the county and state, the administration can clearly see the wishes of the state upon its Philippine policy.—Polk County Independent.

Col. Gage and ex-Governor Lorenzo

Crouse came into the north part of this county and mixed medicine for the farmers but it proved an emetic.—Franklin Sentinel.

The Lincoln Journal, the Omaha Bee, the Fremont Tribune and the Beatrice Cambria Coal advertiser have lied in vain to the people of Nebraska. All the devilish schemes worked out by the rep. state central committee have failed of their purpose. The Proutsmut committee will from now on lay with Stebbins, Lichty, D. Clem Deavor, J. Sterling Morton and the chap Mailley, of Hong Kong notoriety, in a dishonored and despised political grave, under a terrible weight of a most decisive vote of distrust and public condemnation. The voters of Nebraska have decided most emphatically that slander, abuse and blackguardism will not be accepted in lieu of facts and arguments.—Courtland Herald.

Bryan is awful dead—almost as dead as the declaration of independence.—Nuckolls County Herald.

Dr. Bull's Cough Syrup is not a common every day cough mixture. It is a marvelous remedy for all the troublesome and dangerous complications resulting from a cold in the head, throat, chest or lungs. Sold for 25 cts.

Patriotism.

Havana, Nov. 13.—General Gomez writes to La Lucha that he has seen with great pleasure the announcement of a project to raise funds to meet his personal needs, but that such a proposition would not do him honor in the expectation, and that he must refuse the offer in advance. "This is not a time," he declares, "for Cubans to occupy themselves with the private concerns of any individual. When they become absolute masters of the island, which will be a glorious consummation, there will be opportunity to attend to personal matters."

Don't Want to Go

Washington, Nov. 10.—The Rev. J. S. Seibold, army chaplain, stationed at Fort Canby, and under orders for duty in the Philippines, has advised the war department that he is three years older than he supposed, and that he is entitled to be retired for age. He is the third chaplain of the ten recently assigned to duty in the Philippines, who has asked to have such orders revoked. The only chaplain now in the country to ask for duty in the Philippines, is Father W. D. McKinnon, who was in the Philippines as chaplain of the California regiment of volunteers.

A Good Joke.

The election went off very quietly at this place. The republican majority of 100 in the city of Aurora was wiped out by giving W. Z. Follard, fusionist candidate for sheriff, eight majority, F. W. Hammond, fusion candidate for treasurer, six majority and Tim McCarthy, fusion candidate for superintendent of public instruction, six majority. Marquett beat all other polling places. One ex-commissioner, a staunch republican, got a ballot and when in the booth he discovered that the ballot had been marked for Silas A. Holcomb, and he reported that the ballots had been tampered with. He telegraphed to republican headquarters at Aurora to the effect that the news was communicated to the county clerk. The county clerk wired the election board at Marquett, asking if the ballots had been broken. They replied that the seals were not broken till after the polls were opened.

Then the board sent to the Marquett bank and got a magnifying glass, and when placed on the marked ballot, or supposed marked ballot, by this ex-commissioner, to his surprise it was discovered that it was a stain of a straw in the ballot. Mr. H. D. H. did not hear the last of his straw stained ballot during the day, even the little boys of the town of Marquett would josh the man about the straw ballot. It is still a good joke after the returns of the election are known in this county.

Dr. K., who came here from Lincoln, says that he don't see how a pop can be taken to church. He told me that the populist principles were against the principles of the leading church, of which he was a member. I then thought that was the doctor in the insane asylum, and it took more coal for him in the month of July than it did in December. So this is clear why he thinks the pop principles are against the church to which he belongs.

Yours for justice between man and man. W. M. LAKIN.

The Pay is Big.

Jeffreys and Sharkey each spent about sixty days in active preparation for the fight. Then they fought two hours, Jeffreys receiving \$3,423 for his efforts and Sharkey \$11,141 for his efforts. The average college professor would have to work fifteen hours a day for twelve years in order to earn what Jeffreys received for the labors of two short months. The average minister would have to work night and day for about seventy years in order to earn as much as Jeffreys pocketed for eight weeks' work, and the average school teacher would have to teach school nearly 140 years to earn the sum secured by the big boiler maker. But Jeffreys and Sharkey are still on the make. Each owns a quarter interest in the biograph pictures of the fight, and each of them can get \$100,000 for his interest at any time within the next month. From a financial standpoint the vocation of prize fighting is about the best one known to the present generation.—World Herald.

THAT ALLIANCE.

There was a resolution introduced into the common council of Chicago extending the sympathy of that city to President Kruger and his brave followers in their struggle for independence. That resolution was voted down by a strict party vote, every democrat voting for it and every republican against it. This looks like there might be some truth in the charge of an Anglo-American alliance being fostered by the present administration.—Central City Democrat.

SIGNIFICANT ELECTIONS.

The newly elected mayors of Syracuse, Oswego, Watertown and Utica were all loyal to the democratic ticket in 1898. They were among its hardest workers for success. Judge Porter of Watertown was the regular democratic nominee for governor that year. Mayor McGuire of Syracuse was on the stump for Porter and Sewell all through the campaign. Hon. Richard W. Sherman of Utica was untiring in his efforts for the success of the ticket and Major Hall of Oswego, through his paper—the Palladium—gave it hearty support. The election of these men as mayors on Tuesday by good majorities is significant. The tide has turned strongly in favor of the principles for which the democracy under the leadership of Mr. Bryan is fighting.—Buffalo Times.

PROSECUTE HIM.

The fusion judicial ticket in this district was defeated by small majorities through the treachery of the county clerk of Douglas county, who put the name of C. R. Scott with the seven fusion judges. This was in direct opposition to the law, which says that each party should be separated from the other party one-fourth of an inch. As a result, over 2,000 ballots were thrown out in Douglas county because the hasty fusion voter voted for eight instead of seven. The fusion party tried to get this ballot straightened out before election but as all the judges were republicans and on the ticket and the trick was in their favor, they refused to have anything to do with the matter.—Burtonian.

A POP FOR REVENUE.

This paper has supported the populist party for the past seven years—ever since it has been under the present management—and for the past four years has received practically no encouragement from the officials whom it has assisted into office, and having full assurance that the populists elected to office this year are pledged to follow the advice of the gang and treat us just as their predecessors have, we hereby announce that until the party is reorganized and returns to original principles, we have severed our relations with the same, and shall hereafter use our feeble influence in the interests of the republican party, the reason for which we will set up more fully hereafter.—Perkins Co. News.

Increasing Taxation.

The authorities at Washington continually increase taxation without the consent or aid of congress. They do it just in the same way that the courts have usurped the legislative and executive powers of the government, that is by new interpretations of the laws. If the administration wants a few more million it has an attorney general who makes a new interpretation of some section of the law creating the war taxes and the thing is done. Neither the congress nor the people have any thing to say about it. The following taken from a New York paper shows how it is done and who pays the taxes in the end. "The government proposes to collect a war tax on call loans of twenty-five cents for each \$500 on amounts more than \$1,000. Those who are not interested in Wall Street can have no idea of the utter ruin this will bring to hundreds of brokers.

This tax will amount to 18 per cent a year, and no broker can afford to pay it. I would like to know who is responsible for this tax and why it is levied to such an absurd amount on call loans alone.

Nov. 6. To this the editor replied: "This tax is a rather late interpretation by the government of the war revenue tax law. In any event, its justice will be a matter for the next congress to settle.

"If congress upholds the interpretation we venture to say that the banks will not close their doors by reason of it.

"As in the case of all human taxation, the burden of it will ultimately fall upon the poor man.

"The banker will refuse to bear it, and will require the broker to pay it. The broker will require his customer to stand it. The customer, in order to get even on the deal, will call upon his employees to suffer a reduction in wages.

"It is the old, old story. Every evil load in the world of finance passes down from hand to hand until it rests on the shoulder of the laborer.

"In this particular instance it is not likely that the government will act without a thorough investigation."

Every Where Corrupt.

Wherever the republican party has long held sway in any of the states, the most horrible corruption exists. New York under the hand of boss Platt, Pennsylvania under Matt Quay and Ohio under Mark Hanna all have the same record. In Pennsylvania the ballot is completely in the hands of Quay and there seems to be no way of reformation without something like a revolution. Ballots are bought and sold there like any other article of merchandise. There is no such thing as a secret ballot in the state. This is a statement that can be fully substantiated, no honest man will deny. In support of it we produce a recent statement of John Wanamaker, ex-cabinet minister and a leading republican of the state. He says:

"We have not had an honest election in Pennsylvania for years. When the host of Pennsylvania freemen, supposed to be enlightened and independent, march to the polls, each individual voter knows that he is acting under a

No DISEASE has so baffled the medical skill of all ages as RHEUMATISM.

and no remedy has ever been known to cure it until "5 Drops," the Rheumatic Cure demonstrated its wonderful curative power. It has never failed to cure RHEUMATISM in any form, Acute or Chronic.

Here is what a Prominent Physician has to say who has had 35 years of active practice of medicine:

"I have never before in my 35 years of practice of medicine given my testimonial or recommendation to any patent medicine, but there is a remedy, the result of which has come under my own observation; for there is no Disease which has so baffled the medical skill of all ages as Rheumatism and to find a Reliable remedy for the same. At last we have found it in '5 DROPS,' manufactured by the Swanson Rheumatic Cure Company, Chicago, Ill.

"The '5 DROPS,' has proven itself wonderful for its curative power in Rheumatism, not as a Temporary Relief only, but to give a Permanent Cure even in chronic cases. Some time ago, I had among others several Rheumatic cases, under my treatment and prescribed for these patients the very best Remedies which I skillfully selected, but without desirable results. I then heard of '5 DROPS,' and of its Wonderful Cure, and prescribed it to a few patients who found relief from its use within a few days. After that I prescribed it to a great number and to my surprise, I will say that in the course of Two or Three Weeks after they had used '5 DROPS' and '5 Drop' Plasters they were Cured.

"Among these were a few who had, for a number of years, been suffering with Chronic Rheumatism, who had piloted themselves around on Crutches. They came to my office without Crutches and told me they were perfectly Well. They give all the credit to '5 DROPS' and '5 Drop' Plasters and this is their testimony to the Swanson Rheumatic Cure Company for their kindness and for the conscientious way in which they are placing these Wonderful Remedies among suffering humanity, which they told me to write to the Company as an acknowledgment.

"As I have seen the Curative Power of '5 DROPS' and '5 Drop' Plasters, in a great many instances, I can Truly recommend them and also that the firm is perfectly honest and reliable to deal with. C. A. JACKSON, Physician and Surgeon, Kearney, Neb., Aug. 29, 1899.

How Long Have You Suffered with RHEUMATISM? How Long Have You Read About "5 DROPS" Without Trying Them?

Do you not think you have wasted precious time and suffered enough? If so, then try the "5 drops" and be promptly and permanently cured of your afflictions. "5 Drops" is a speedy and Sure Cure for Rheumatism, Neuralgia, Sciatica, Lumbago (lame back), Kidney Diseases, Asthma, Hay-Fever, Dyspepsia, Catarrh of all kinds, Bronchitis, La Grippe, Headache, Nervous or Neuralgic, Heart Weakness, Dropsy, Erysipelas, Spasmodic and Catarrhal Croup, Teething, Nervousness, Sleeplessness, Creeping Numbness, Flatulency, and kindred diseases. "5 Drops" has cured more people, during the past four years, of the above named diseases than all other remedies known, and in case of Rheumatism is curing more than all the doctors, patent medicines, electric belts and batteries combined, for they cannot cure Chronic Rheumatism. Therefore, waste no more valuable time and money longer, but try "5 Drops" and be promptly CURED. "5 Drops" is not only the best medicine, but it is the cheapest, for a \$1.00 bottle contains 300 doses. Price per bottle \$1.00, prepaid by mail or express, or 6 bottles for \$5.00. remorseless espionage from which there is no refuge or escape; that he must answer to his party, his boss, or his industrial master, if he is in any wise dependent; that his ambitions may be crushed, his employment terminated, his bread stopped, if he consults his own conscience and votes according to his judgment; while for those who are liable to such temptations the bribes of money and drink are offered on every side. These transactions in votes—awful, terrible in the aggregate—go on before all eyes. We see an enormous proportion of the voters all over the state, a proportion increasing instead of diminishing, going into booths, each accompanied by another.

The self-respecting majority in the last legislature voted to submit constitutional amendments that would make registration and ballot reform laws possible, but Governor Stone, the republican governor, vetoed them. Mr. Wannamaker justly urges that the election of a legislature pledged to call a constitutional convention to provide for immediate ballot reform in the state's supreme court.

Carnegie and the Dutch.

New York, Nov. 9.—Andrew Carnegie and Mrs. Carnegie were passengers on the White Star steamer Oceanic, which arrived at her pier today from Liverpool.

Speaking of the present war between England and the Boers, Mr. Carnegie said:

"The war against the Boers is most infamous and unjust, and it was brought about by England's lust for domain and is on a par with our attack on the poor Filipinos. These two attacks are a disgrace to both branches of our race.

"The people in the Transvaal and the Orange Free State have a right to rule themselves. One war is an attack on an existing and the other on an embryonic republic.

"It is worse for us to attack the Filipinos than for England to attack the Boers, for we fall from a greater height, as we believe in government by the consent of the governed.

"The best men in England have spoken against the war in the Transvaal and everywhere it is deplored except by those whose interests are served by it. They are a small clique of jingoes, headed by a statesman, I am sorry to say, who sees in the war a chance to fortify his position."

Worse and worse

Saturday's statement of the New York clearing-house banks showed a little less than \$2,500,000 decrease in the reserve. This loss, added to the deficiency of the previous week, carried the reserve \$2,788,850 below the 25 per cent requirement of the banking act. This dwindling of the reserve appeared notwithstanding the calling of \$7,000,000 loans. The liability of the banks were diminished by \$11,000,000, the amount of the decrease in deposits. It seems likely that it will be necessary to call many loans this week.
