Let the Time and Place be Remembered

# THIS MONTH

We start December by making our first display of Holiday Goods and we can assure you that our line of sensible Holiday Goods are worthy of your most careful inspection. We shall offer bargains in these lines of Merchandise too, for that is our method of getting the big end of the business of Lincoln. Value for value we will sell you the same goods for less money or better goods for the same money than any other store. For example, look over our line of House Coats and Bath Robes. Nothing like them has ever been shown in our city. The charming color combinations, the rich trimmings and the handsome fabrics used in these garments make of this line the strongest and best that we have ever seen, while the prices as we name them make each particular garment a huge bargain in itself. We invite those who enjoy up-to-date Neckwear to glance down our 140 feet of showcases containing all the advance styles and latest fads shown. There you will find 20th Century Stripes and Persian Bars—truly gems from the Orient—made up in wide or narrow Four-in-hands, Puffs or Tecks; over 200 dozen of these beautiful Ties will go on sale at 50c. Oxford Mufflers will be a feature for the coming Holiday buying. They are comfortable, convenient and acceptable. We have them in all styles, colors and qualities, starting as low as 25c and as high as \$1.50. Another feature that should not be overlooked is the splendid bargains to be had in our Glove department. Gloves and Mittens made by "Dent," Dempster & Place, besides other reliable makes of fine Goods. We have them unlined for dress and street wear, but desire to call special attention to those which are intended for cold weather. They come either fleece, Jersey or silk lined, while some are lined with lambskin with a short fleece left on the inner side. Prices for rightly made Gloves and Mittens vary, of course, as to quality, but our lines from 50c to \$1.50 will be found in every way satisfactory and the Armstrong guarantee goes with every pair.

## SUBSTANTIAL GIFTS

The average woman regards the selection of a gift for a gentleman as an arduous task. Let us say that we will stake our reputation that there is not a young man in Nebraska that would object if on opening his Xmas box to find a handsome fancy Vest of faultless design or perhaps a half dozen Stripe or Plaid Hose, a half dozen E. & W. Cuffs, a bright tie and perhaps a half dozen Linen Handkerchiefs. These are the things that men buy for themselves almost every day in the year and as a gift are prized by them far more than trinkets of silver, which are at best of no practical value, easily lost and more often looked at, laid away and forgotten forever. Our goods are designed for men—it is a part of our business to keep in touch with all the new ideas, every "rakish" fad that appears on the market will be shown in our store or window first.

We desire to urge upon every one the necessity of early Xmas buying. Merchandise is far more scarce than money and when we urge you to make your selections early we do it without a selfish motive. The selections will be better and the prices will be lower than the same goods can be duplicated for later on.

## Underwear Bargains

If you buy your Underwear elsewhere you may get just as good goods as if you bought of us but you surely will pay more for the same thing. We actually save you one profit even in this staple department and we can but feel that it is your duty to give us your whole business in this line.
