

The Markets

Furnished by H. R. Penny & Co., 121 South 11th, St. Lincoln, Neb.

The past weeks market in wheat in Chicago has been dull, tending toward lower prices...

There has been a large falling off in primary receipts also. Total for the week 2,977,999 against 3,507,000 preceding week...

Corn as usual has been the active feature in the grain market, the fluctuations being nervous with a wide range of prices...

Receipts at primary markets were 4,637,000 bushels against 4,112,000 the preceding week and 1,989,000 a year ago.

they could establish their own independence in freedom and in honor.

"I stand here today to plead with you not to abandon the principles that have brought these things to pass. I implore you to keep the policy that has made the country great; that has made the republican party great; that has made the president great."

"If, when we made the treaty of peace, we had adhered to the purpose we declared when we declared war; if we had dealt with the Philippine islands as we promised to deal, have dealt and expect to deal with Cuba, the country would have escaped the loss of 6,000 brave soldiers, other thousands of wrecked and shattered lives, the sickness of many more, the expenditure of hundreds of millions, and what is far worse than all, the trampling under foot of its cherished ideals."

"I do not expect to accomplish anything for liberty in the Philippine islands but through the republican party. I believe not only that perseverance is the present policy will be the abandonment of the principles upon which our government is founded, that it will change our republic into an empire, that our methods of legislation, of diplomacy, of administration, must hereafter be those which belong to empires, and not those which belong to republics; but I believe persistence in this attempt will result in the defeat and overthrow of the republican party."

Touching upon the constitutionality of the question at issue, Mr. Hoar said: "I hold that this acquisition of territory, holding and governing, can be only a means for a constitutional end. And I maintain that you can no more hold and govern territory than you can hold and manage cannon or fort for any other than a constitutional end."

Adverting to the authority to be found in the Declaration of Independence for expansion, Mr. Hoar declared: "There is expansion enough in it, but it is the expansion of freedom and not of despotism; of life, not of death. It is the growth of an American history as that from the seed Thomas Jefferson planted. It has covered the continent. It is on both the seas. It has saved South America. It is revolutionizing Europe. It is the expansion of freedom. It differs from your tinsel, pewter expansion as the growth of a healthy youth into a strong man differs from the expansion of an anconda when he swallows his victim. Ours is the expansion of Thomas Jefferson. Yours is the expansion of Aaron Burr. It is destined to as short a life and to a like fate."

"In every accession of territory to this country ever made we recognize fully the doctrine of consent of the governed and the doctrine that territory so acquired must be held to be made into states."

"You have tried governing men of other races than your own at home for a hundred years. You have dealt with the Indian, you have dealt with the negro close at hand, knowing all about them. And now you go forth to lay your yoke on 10,000,000 of them. I suppose you feel encouraged by your success. There are 10,000,000 more, 7,000 miles away, of whom you know nothing. You go forth jauntily and boasting as Louis Napoleon went to meet his doom at Sedan."

Mr. Hoar discussed at great length the Filipino rebellion and the cause which in his opinion led up to it. He made an earnest and vigorous defense of the Filipinos, especially of Aguinaldo, who, he declared, was "brave, honest, and patriotic." In the course of his eulogy of Aguinaldo he said: "He deserves to be remembered with that small band who have given life and everything dearer than life to their country in a losing cause. He shall live with Kosciuszko, with Oom Paul, with Joubert, with Emmett, with Egmont and Horn, with all the great martyrs of history whose blood has been the seed of the church of liberty."

Mr. Hoar maintained his well known position that the Filipinos had achieved their independence, that the United States had made them its allies and was bound to recognize their independence and that they had proved themselves fit for such independence and capable of self-government. As one bit of proof of their statecraft he declared: "The state papers of Aguinaldo, the discussion of the law of nations by his attorney general, the masterly appeal of Mabini, are products of the Asiatic mind. They are not unworthy of the Asiatic mind, the vehicle through which came to us the scriptures of the old and new testament, the poetry of David, the eloquence of Isaiah, the wisdom of Solomon, the profound philosophy of Paul."

The senator presented an elaborate defense of the Filipinos against the charge that they were responsible for the present war, fully justifying their action in resisting the American forces. As to what he would do with the Filipinos, Mr. Hoar said: "I would declare now that we will not take these islands to govern them against their will. I would reject a cessation of sovereignty which implies that sovereignty may be bought and sold and delivered without the consent of the people."

"I would require all foreign governments to keep out of these islands. I would offer to the people of the Philippines our help in maintaining order until they have a reasonable opportunity to establish a government of their own."

"I would aid them by advice, if they desire it, to set up a free and independent government."

"I would invite all the great powers of Europe to unite in an agreement that independence shall not be interfered with."

"I would declare that the United States will enforce the same doctrine as applicable to the Philippines that we declared as to Mexico and Haiti and the South American republics."

"I would then, in a not distant future, leave them to work out their own salvation, as every nation on earth, from the beginning of time, has wrought out its own salvation."

BRYAN HOME GUARDS BALL

Auditorium Filled with Friends of the Club

The first annual ball of the Bryan Home Guards was given Monday night at the auditorium. The stormy night interfered considerably with the attendance, and there was a noticeable number of men unaccompanied by ladies. However there were plenty of dancers for a comfortable enjoyment of the big floor. The ball properly opened with almost a hundred couples in the grand march and from that time on as many dancers were in motion as the space would allow. The ball was well managed throughout and was successful in affording pleasure to the participants.

Some effective additions were made to the decorations already in the building. A wide band of red, white, and blue bunting extended around the hall beneath the balcony and served as a background for numerous portraits. A large portrait of Abraham Lincoln, was given the place of honor at one end, and pictures of Bryan were plentifully distributed. The only other decorations were large flags and palms on the stage. During the playing of the Star Spangled Banner, and at intervals later a beautiful electric flag formed a brilliant spectacle behind the orchestra. The lights revolved in undulating lines and gave the effect of a waving flag.

The Hagenow band played a fine program of popular numbers lasting about an hour for the promenade concert. The grand march was led by General P. H. Barry and Mrs. L. N. Wente and Mr. James Manahan and Mrs. T. S. Allen, preceded by Lieut. Col. Frank Eager and Lieut. E. O. Pace, in full uniform. The figures were different from those seen at previous balls. The couples first formed a large hollow square framing the floor space. The column broke into various figures, keeping the angles with military exactness. The scene was exceedingly attractive and interesting, although no elaborate toilettes were worn. A program of twenty dances was given by the Hagenow orchestra with a rhythmic swing that drew nearly every one irresistibly to the floor. All evening long the floor was crowded with couples.

Young Meier is well known in Lincoln and throughout the western part of the county.

Young Meier is well known in Lincoln and throughout the western part of the county. He was born in Highland Green Ct. where he was educated and also taught a country school. In 1893 he registered at the university and took his degree in the literary college a half year in advance of his class, and then began the study of law in the office of Talbot and Bryan. At the outbreak of the war he enlisted as a private in company H of the First Nebraska volunteers of which Colonel Frank D. Eager was then captain, and went to the Philippines where he served in the custom department under Lieutenant Colonel Colton. Before the trouble with the natives began, he received his discharge and returned to America by way of the Suez canal.
