The queen often spun upon the wheel in Scotland.

A few scattered extracts from the queen's jour sals, which have been published as books, will give some insight to her nature:

"I read to Albert the first three cantos of the 'Lay of the Last Minstrel,' which delighted us both.

"Oh, what can equal the beauties of nature? What enjoyment there is in them! Albert enjoy , it so much. He is in ecstasies here in Scotland. He has inherited this love of nature from his dear father.

"The Duke of Wellington is dead, God's will be done! The day must have come. The duke was 83. In him centered almost every earthly honor a subject could possess. His position was the highest a subject ever had-above party, looked up to by all, revered by the whole nation, the friend of the sovereign, and how simply we carried these honors!

"Our dear Victoria was this day (1855) engaged to Prince Frederick William of Prussia, who has been on a visit to us of 15 days. He had already spoken to unine days ago of his wishes, but we were uncertain, on account of her extreme youth, whether he should speak to her himself or wait till be came back again. frage. However, we felt it was better he should piece of white heather, the emblem of good luck, which he gave to her, and this enabled him to make an allusion to his hopes and wishes as they rode down the glen, which led to this happy conclusion.

"Every year (1856) my heart becomes more fixed in this dear paradise (Balmoral), and so much more so now that laying out, as at Osborne, and his great taste and the impress of his dear hand have been stamped everywhere.

"The beauty of the Irish women (1849) is very remarkable and struck us much. such beautiful dark eyes and hair and such fine teeth. Almost every third woman was pretty and some remarkably so. They wear no bonnets.

These familiar jottings show the plain nature of the queen's mind.

John Brown came into the queen' service in 1849 as "gillie," or urchin, and Prince Albert noted his reliability and sent him with the queen's carriage and pony. For 34 years this rare fellow. noble servant, served the queen wife and widow, and his love of her husband made him her reliance when alone. Low these simple household friendships.

Prince Albert was chancellor of Cambridge university from 1848 till his death. The queen's fiftieth or jubilee year of reign was long and lavishly celebrated. REPUBLICAN MORMONS

Combination Formed by the Mark Hanna Outfit to Encourage Polygamy in the United States.

A spirited incident occurred in the senate last week when the legislative bill was taken up. Mr. Rawlins (Utah) read a newspaper article saying there was a combination formed in the Utah legislature to elect Mr. Kearns senator, and that it was being forwarded by the Mormon church, which was now working with the republican party. He intimated that the church had reeived certain promises from the republicans relative to the practice of polygamy, and he said he thought a voice should go out from Washington a condemnation of the proceeding. A republican paper of the gentile

ersuasion at Salt Lake makes still ronger charges than Mr. Rawlins. The Salt Lake Tribune of the 23d in speaking of this alliance for polygamy's sake between the Mormon church and the republicans says that "the republicans of Utah who believe in decency, personal honor and American manhood, who have high respect for the exalted office of United States senator, and who believe attainment of that office should be in honor, desire to make clear to the country the fact that the senatorship from Utah has been purchased, and purchased direct-"They desire to announce to the

Reorganizing

Editor Independent: I have been thinking for some time of writing a few lines to state my views of the present situation. I have seen much in some papers about the necessity of rewas \$500,000 a year clear, 10 times our organizing the democratic party, and in others that it did not need reorganerty. The Prince of Wales receives izing. I agree with the latter. They \$200,000, his wife \$50,000, and each of may reorganize for years to come and be defeated worse than ever. Not that of \$6,000 a year she was allowed to give the democratic doctrine is not right, but the name will defeat any true doctrine. On the other hand they can very easily build up an empire or monarchy with the name republican. If any one wants the reason for my sentiments I think I can give them.
