

# SPECIAL PANTS SALE

## A WONDERFUL PURCHASE! A WONDERFUL SALE!

It has always been a part of our business policy to buy merchandise (no matter how much) when the price was named low enough to justify. OUR RECENT PURCHASE OF OVER 6000 PAIRS OF MEN'S PANTS is only another instance which shows that we live up to this policy most rigidly.

### STOP AND THINK OF THE MAGNITUDE OF THIS PURCHASE

Over 6000 Pairs of Men's Odd Pants actually on sale, not a pair in the whole lot but what was bought way below value; not a pair but what is being sold at from 25 to 40 per cent below the regular market price for goods of like quality; not a pair in the lot but what is new and tempting in style and pattern. They come in plain and fancy colorings and may be had in any sizes, 31 to 50 waist measure, and 29 to 37 length. Within this limit we can truly satisfy the trouser needs of the shortest, tallest, or largest men, and at such astonishingly low prices, too, that we feel warranted in saying that any man with a trouser need who will investigate the qualities and styles which are involved, and then hear the price plainly named, will be tempted to not only buy for the present, but will feel it a duty to lay in a supply for future use.
