the Boer defeats. They all belong to the same breed.

Fighting still seems to go on in the Philippines. One dispatch says: "By the treachery of a native guide Lieutenant Mills of company G of the Forty-third volunteer infantry was almost entrapped while pursuing insurgents in the interior of the island of Levte. After a sharp skirmish the attacking insurgents were defeated Surgeon Lewis Thompson and Private Prosset were severely wounded." It was by the treachery of native guides that Aguinaldo was captured, but now the shoe seems to be on the other foot. A Washington dispatch says that McArthur has forwarded a special report on saloons and the social evil in the Philippines, but it will not be made pubiic. That is in accordance with the imperial policy.

A MONEY MAKING DEAL ON VEHICLES. Highest Cross in the World. And on Everything You Use Too.

It does not take a good business man more than a few minutes to see why we can save him from \$10.00 to \$25.00 on a vehicle and the same per cent on everything he uses. The several profits between manufacturer and consumer are all boiled down, the fat taken out, and the result is a big saving. We are manufacturers' agents selling direct to consumer on the smallest margins possible. We do not depend entirely on our buggy profits to run our immense business. Our different lines each bear a portion, therefore, the margin on each is small and everything is sold in the same way. We have been in this business for years and know what we are doing. You cannot afford to be Hartz mountains. The cross is, in reality, a tower, and it commands a magnificent view of the country without the catalogue. around. The height of the tower is WE SEND SUBJECT TO EXAMINATION.

We are perfectly willing to ship our goods of all kinds for examination and comparison, guaranteeing cafe de-livery and if not found perfectly satisfactory, and just as represented. and the greatest values over offered for the money, fully guaranteed, the goods may be returned and the money will be refunded.

THIS BUGGY ONLY COSTS \$34.75.

This special job is found in catalogue, page 69. Has fine leather quarter top, steel socket, panel spring backs, % all Hickory wheels, guaranteed, extra fine finish, standard quality, and thoroughly reliable for this price. You would pay \$60 at retail. Why not save the differ-ence? We have cheaper jobs and better jobs of all kinds at correspond-ing prices. Every job quoted at factory prices to dealers. Do not buy anywhere without considering our catalogue.

### READ THIS CAREFULLY.

Our new No. 10 catalogues are now ready for mailing. The demand is enormoas, simply because in the last three years we have proved to the people that we were perfectly responsible and reliable and do as we agree. Proved to them beyond a doubt that it pays to buy direct and save 10 to 40 per cent. We have shown the people that a large mail order house at Omaina is a doubt that it pays to buy direct and save 10 to 40 per cent. We have shown the people that a large mail order house at Omitina is a great advantage whether they buy from us or not. Our catalogue shows just what the goods you want are worth and we prevent

YOU BETTER HAVE ONE, IT'S FREE. We only ask for 10 cents to pay postage. Better send now. Catalogues ready and every farmer should have one. Send today. Address.

THE WESTERN MERCANTILE COMPANY, DEPT. 5, OMAHA, NEB. "The House That Saves You Mo

# HOMES

The Independent Home Makers Company, as has been said before, is not organized for the purpose of exploiting some new theory or ism, but will be conducted on purely business principles and common sense. No common ownership of property will prevail or enter into the plans or conduct of the affairs of the home-making settlement.

Every member will receive title to his allottment and will be its sole owner, free from indebtedness when the title passes from the Home Makers Company to him or her. Neither is it the purpose of opening an avenue for speculators, but for the purpose of securing for its members good, comfortable homes. We desire only those as members who want homes for themselves or for their children to subscribe for location stock. The memtership of speculators is not solicited and not desired.

The actual settlement of the members on the lands selected, which he then improves, is one of the main essentials towards the success of the enterprise. While members will not be compelled to move on the lands immediately upon the location of the settlement and allottment of the lands, it is desirable that they do so as soon as they can arrange their affairs and can conveniently move their effects. This is a grand opportunity-one which may never be offered again.

Necessarily the number that can be taken in an enterprise of this kind must be limited; toomany makes it cumbersome and unwieldy; consequently, when the desired number is secured no more will be taken. Those who avail themselves of this opportunity will secure good homes at moderate outlay, much less than the actual cost of the land to the Home Makers Company. This whole enterprise will be managed for the best interests of the members, as on their success depends ours.

In order that no one person may become possessed of large tracts of our home settlement lands and thereby crowd out many who wish to avail themselves of this splendid opportunity to secure and build for themselves comfortable homes, we have limited the number of shares any one person can hold at TWENTY. This method gives all a fair chance.

Members are restricted to holding not to exceed twenty shares each. They may, however, make such selection or combination of selections of allottments as they may desire. They may apply

Membership in the Home Makers Company is secured by purchasing location stock at \$25 per share. No member may purchase more than 20 shares. Members are not required to make complete payment down, but application for location stock should be accompanied by an advance payment as follows:

> For twenty shares.....\$100 00 For eight shares..... 50 00

For five shares..... 50 00 For three shares or less.... 25 00

This is a guarantee that you mean business, because we cannot hold our books open indefinitely, or waste time with those who might otherwise join out of pure curiosity and later withdraw at the last moment. On our part we agree, in the event that we cannot secure a sufficient number of members to put the plan into practical operation, to return to you your advance payment, less a small amount to cover postage, advertising and little incidental expenses. None of the company's officers receive any salary out of this-their reward depending wholly upon the success of the undertaking.

Final payment on location stock must be made within thirty days after notice is given that a sufficient number of members has been secured and the location selected. There will, however, be no forfeitures should any member be unable to pay for the whole number of shares he subscribed for. For example, you have subscribed for twenty shares, and have paid down \$100; should you be unable to raise the remaining \$400 when call is made, payment of \$200 would entitle you to twelve shares (80 acres); \$100 would give you eight shares (40 acres); \$25 would give you five shares (20 acres); or you could ask for four paid up shares, without additional payment, and be entitled to a ten-acre tract and residence lot, or such other combination as the four shares would cover. However, we earnestly request members not to ask for more shares than they can pay for conveniently, as our purchase of lands will be based on the number of shares upon which first payment has been made.

RULES OF MEMBERSHIP. Shares of membership are placed at \$25 each, and will entitle members to allottments as follows

ONE SHARE gives you a city residence lot. TWO SHARES gives you a city business lot or a five-acre tract adjoining the city.

THREE SHARES gives you a ten-acre tract, or a five-acre tract and residence lot. If a tenacre tract is selected, the Home Makers Company will besides deeding vou the land, issu Guaranteed Bond for \$25, payable on or before five years, drawing interest at the rate of 5 per cent per annum. This bond will be accepted at par by the Home Makers Company at any time in payment on any lands or lots bought from the company. FIVE SHARES gives you a twenty-acre tract. Besides the Home Makers Company will issue to you its guaranteed bond for \$50, payable on or before five years, drawing interest at the rate of 5 per cent per annum. This bond will be accepted as cash at par by the Home Makers Company at any time in payment on any land or lots bought from the company. EIGHT SHARES gives you a forty-acre tract. Besides the Home Makers Company will issue to you its Guaranteed Bond for \$75, payable on or before five years, drawing interest at the rate of 5 per cent per annum. To the above bond will be added \$10 for each mile over two miles distant the

tract may be from the city limits. This bond will be accepted as cash at par by the Home Makers Company at any time in payment on any lands or lots bought from the company.

TWELVE SHARES gives you an eighty-acres tract. Besides the Home Makers Company will issue to you its Guaranteed Bond for \$100, payable on or before five years, drawing 5 per cent interest per annum. To the above bond will be added \$10 for each mile the tract may be distant from the city limits. This bond will be accepted as cash at par by the Home Makers Company at any time in payment on any lands or lots bought from the company.

TWENTY SHARES gives you one hundred and sixty acres. Besides the Home Makers Company issues to you its Guaranteed Bond, payable on or before five years, drawing 5 per cent interest, for a sum equal to \$10 for every mile the tract is distant from the city limits. No other rebate is given on 160-acre tracts. This bond will be accepted as cash at par by the Home Makers Company in payment on any lands or lots bought from the Home Makers Company.

APPLICATIONS.

Each member should designate in his application the kind of lots or the size of the land tract. he wishes to take. A great many people desire business and residence lots, while others will want city lots and small tracts adjoining the city which as the city grows (and this one will) can be laid out into additions to the city and be made to yield the owner handsome returns. Others will want the smaller tracts for fruit raising and truck farming. Others will take the 40, 80, and 160-acre tracts and later add more, which they will be able to do. from the company lands on long time and easy

All members cannot receive 160 acres, neither will all want tracts of that size. Not all people who will join the home makers will be farmers. It will require a great many business men, mechanics, professional men and laboring men who will find employment in factories we propose to locate and in the other ordinary avenues.

The Home Makers Company itself will for long time require the services of a number of people, and will of course employ only shareholders where it is possible. All this will bring many to the city and will take up the city lots. The building of a large city requires time and a vast amount of labor.

Every member will be given what he asks for and his shares of locating stock entitle him to. Each will receive a clear title from the Home Mak-Company for his allottment and will not hable for or required to pay any more money. All indebtedness and responsibility that may be incurred will be assumed and borne by the Home Makers Company. By this method any possible assessment for various purposes is eliminated and the settlers are free and secure in their holdings. The sale of location stock to members will of course not bring sufficient money to pay for the needed land, as we expect to pay in the neighborhood of five dollars and upwards per acre for the land. The Home Makers Company retains each alternate tract of land and makes up the extra amount necessary to pay for the entire tract-thus. giving the settlers their allottments clear of the settlement is located prices will immediately advance and it is by the sale of the alternate tracts at advanced prices, that the Home Makers Company expects to reimturse itself for the labor and expenses of conducting this large undertaking.

by this route is cheaper than by any other and you avoid the jam, rush and squeeze

their shares on city lots, suburban tracts, or farm tracts or any combination of all, just so they remain within the limit of twenty shares. THE PLAN.

About 50,000 acres of land will be needed for our undertaking. This will be in as compact a body as possible. Near the center, or at some point where natural advantages render it advisable, a section, or so much as may be necessary. will be surveyed and platted as the site for our city into business lots, residence lots, and surrounding them, five-acre and ten-acre tracts. Further out, twenty and forty-acre tracts will be laid out; and still further, the 80 and 160-acre tracts. The Home Makers Company will retain the alter-

nate land tracts, allotting the others to members according to their desires and the number of shares taken. But no allottment of a tract of land, manifestly inferior to that surrounding it, will be made to any member, as we desire to please and satisfy all our members if possible.
