

1876-1901

A Comparison of These Years With Each Other and With 1874—Have the Railroads Escaped Paying Their Share of Taxes

Based upon present assessed valuation of all property we will increase the assessed valuation of the railroad property of this state from 26 millions to at least 40 millions of dollars.

Table with 2 columns: Category (Acres, City and village lots, etc.) and Value. Total assessed value for 1874 is \$80,754,044.17.

Table with 2 columns: Category (Acres, City and village lots, etc.) and Value. Total assessed value for 1876 is \$75,064,529.18.

Table with 2 columns: Category (Acres, City and village lots, etc.) and Value. Total assessed value for 1901 is \$174,439,095.49.

Now, let us first see what happened in 1876 as compared to 1874. We find that Acres increased 625,183.94, or 5.7 per cent.

But the assessed valuation DECREASED \$2,415,515.02, or 5.6 per cent. It is very evident that the assessors were doing their best to crowd down the valuation of lands.

Now, it is evident that the railroads got the best of the crowding down process in 1876. Each acre of land was assessed on the average at nearly 11 per cent less than in 1874.

Suppose, however, we assume that the assessment of 1874 was unjust to the railroads and that the assessment of 1876 was an attempt to correct the injustice.

The assessed valuation of each acre decreased 11.02, or 29.2 per cent. But, in the 25 years, the railroads increased 4,590,855 miles, or 411.6 per cent.

Now, it is admitted that the railroad assessment of 1876 was fair, what shall we say for that of 1901? If the assessed valuation of each mile of railroad had been made on the same basis of decrease as lands per acre (29.2 per cent), the railroad assessment of 1901 would have been \$32,560,080.84.

acres of farm lands assessed in 1876 were located in the best part of Nebraska; and that the thirty-two millions in 1901 embrace a large amount of lands in western Nebraska.

Populist State Platform

It was somewhat refreshing to read Mr. De France's able articles upon the railroad taxation plank of our platform.

What is the matter with the plank on the initiative and referendum, which makes a specific pledge that "we will" enact this wholesome reform?

What is the matter with the plank stating that "we will" provide protection for working people against the inhuman blacklist?

What is the matter with its pronouncement against the competition of convict labor with free labor?

What is the matter with the other railroad planks, to-wit: its pledge to reduce freight rates, passenger rates, curtail the pass abuse and protect employees in life and limb from dangerous machinery?

Believe our last platform took a step forward, and it must follow up that step with more of the same kind of "poison" in the future.

While it is all very well to complain of certain abuses of taxation and of power, still these are only specks—only little fiscal discrepancies.

While we condemn the executive for the abuse of his authority, we place ourselves under the same condemnation if we fail to make it impossible for any executive to have the opportunity to exercise irresponsible power.

While we condemn the imperialists for stealing the lands of a helpless people, we prove our own unworthiness if we fail to restore to the people of our own land the homes and the farms and the highways of which they have been robbed by an iniquitous taxation system and the infamy of our public servants through governmental favoritism.

While we condemn those who fear to trust the people, we exhibit our own hypocrisy if we fail to restore to them the right to make their own laws, adopt their own charters, devise their own systems of taxation and control all public utilities.

While we condemn the executive for the abuse of his authority, we place ourselves under the same condemnation if we fail to make it impossible for any executive to have the opportunity to exercise irresponsible power.

DECEMBER THIRD

A Date that Will Never be Forgotten by One Woman

"I will never forget the third day of December, 1897, as long as I live," said Mrs. H. A. Fletcher, of No. 232 West Hancock street, Manchester, N. H., to a reporter recently.

"For on that day," she continued, "I received a shock of an apopleptic character. It was so severe that the sight of my right eye was affected, causing me to see objects double. I was confined to my bed about four weeks, at one time being told by the doctor that I could not get well. When I could leave my bed I was in such a nervous state that I could not sleep at night. I would get up and sit on a chair until completely tired out and then go back to bed and sleep from exhaustion."

"Nothing seemed to help you?" ventured the reporter.

"Nothing that the doctor gave me did much good," replied she. "After being under his care for six weeks and not seeing any improvement, I gave up hope until my sister, Mrs. Loveland, of Everett, persuaded me to try Dr. Williams' Pink Pills for Pale People. I began taking them with the result that I experienced relief the second day. The first night after taking the pills I lay awake only a short time and the second night I rested well. From that time I slept well every night and soon got well and strong."

"My niece has taken these pills for weak nerves and poor blood and found them very beneficial."

In order that there could be no doubt as to the genuineness of her statement Mrs. Fletcher affidavit to it before William W. Forbes, a notary public, at Manchester on July 25, 1901.

Dr. Williams' Pink Pills for Pale People will not only effect a cure in cases similar to the one above but, acting directly on the blood and nerves, are an unfailing specific for such diseases as partial paralysis, St. Vitus' dance, sciatica, neuritis, nervous headache, after-effects of grip, palpitation of the heart, pale and sallow complexion and all forms of weakness in either male or female. Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent postpaid on receipt of price, fifty cents a box, or six boxes for two dollars and fifty cents, by addressing Dr. Williams' Medicine Co., Schenectady, N. Y.

The Tax Levy

The state board of equalization has finished its labors in making the state levy against the various counties. The grand assessment roll shows an increase of over five millions, being now above the hundred eighty million mark and approaching the figures in the early nineties.

Increase ..... \$ 5,652,097

Over half of the total increase comes through the increased assessed valuation in Douglas county—the result of tax reform agitation in that county.

Increase ..... \$ 3,010,043

The board has not yet finished extending the tax, but it is almost certain that the total levy will be less than last year.

Even at 5 mills on the entire 180 millions, the general fund tax (if every cent should be paid) would be only \$900,000 and that is considerably short of being one-half of the appropriations made by the legislature of 1901 against the general fund.

Wasting Their Breath

Republicans are wasting their efforts when they talk to people about a democratic governor giving all the places to democrats. This sympathy is not wanted. The populists are not looking for appointive places and if they were the trouble-expecting republicans could do them no good.
