

CAMPAIGN FUNDS

Continuation of Report Begun a Few Weeks Ago—Accounts of the Various Counties With State Committee

Two weeks ago The Independent published part of the report of the chairman and secretary of the populist state committee showing the account of the various counties and the state committee. Chairman Weber reports that contributions are beginning to come in and the outlook is that the counties generally are getting awake to the fact that funds are needed.

Table listing campaign funds for various counties including Adams, Antelope, Banner, Blaine, Boone, Box Butte, Boyd, Brown, Buffalo, Burt, Butler, Cass, Cedar, Chase, Cherry, Cheyenne, Clay, Colfax, Cuming, Custer, Dakota, Dawes, Dawson, Deuel, Dixon, Dodge, Douglas, Dunbar, Fillmore, Franklin, Frontier, Furnas, Gage, Gosper, Grant, Greeley, Hall, Hamilton, Harlan, Hayes, Hitchcock, Holt, Hooker, Howard, Jefferson, Johnson, Kearney, Kimball, Knox, Lancaster, Lincoln, Logan, Loup, Madison, McPherson, Morrill, Nemaha, Nelso, Nuckolls, Osage, Pawnee, Perkins, Phelps, Pierce, Platte, Polk, Red Willow, Richardson, Rock, Saline, Saunders, Scotts Bluff, Sherman, Sioux, Stanton, Thayer, Thomas, Trego, Valley, Wallace, Waverly, Wheeler, York, and York.

Total heretofore reported. \$2,766.22 Continuing the itemized report for the remaining counties, the following explanation is necessary: "a" means "old debt of 1900;" "b" means "assessment for 1901;" and "c" means "assessment for 1902." Note the balance due from your county or your precinct, and consider yourself a committee of one to collect funds and clear up the balance. Send to the chairman, B. R. B. Uncle Sam's Mail Service

requires physical and mental ability of a high degree to withstand its hard labors. The high tension to which the nervous system is constantly subjected, has a depressing effect, and soon headache, backache, neuralgia, rheumatism, sciatica, etc., develop in severe form. Such was the case of Mail Carrier S. F. Swinburn of Huntsville, Ala., he says: "An attack of pneumonia left me with muscular rheumatism, headache, and pains that seemed to be all over me. I was scarcely able to move for about a month when I decided to give Dr. Miles' Pain Pills a trial. In three days I was again on my route and in two weeks I was free from pain and gaining in flesh and strength." Sold by all Druggists, Dr. Miles Medical Co., Elkhart, Ind

King Ak-Sar-Ben VIII

THE MAJESTIC MONARCH OF THE QUIVERA IN ALL HIS PUISSANCE AND GLORY. UNCOVERS TO THE PRESIDENT Upon the Occasion of His Visit to the Realm, Saturday, September 27th. The reign of each ruler of the Kingdom of Quivera lasts but a twelve-month. The glory of the coronation is enough to last his royal highness a lifetime and hence each succeeding year brings us a new king. The present sovereign, more gracious and more glorious than any predecessor, will be honored by an official visit from Theodore the strenuous, the mightiest of all the contemporaries of our present most puiasant king. THE BANKERS' RESERVE LIFE with a loyalty inborn and enthusiastic greets the distinguished occasion with more than ordinary interest. No ruler of the union has ever been more interested in the welfare of the whole people than the distinguished guest who comes to attend the coronation of King Ak-Sar-Ben VIII, and he will congratulate the people of the young, aggressive home life insurance company. He will learn that in its brief career it has achieved the distinction of building up in this community a \$5,000,000 LIFE COMPANY in five years. He will be pleased to know that the present prosperous year will add another million to this total. He will be more pleased to know that the available assets of the company are equal to five times its actuarial liability. Its losses are promptly paid. No company in the union has a smaller death rate or a more desirable class of risks. B. H. ROBISON, PRESIDENT, announces to the world that the Bankers' Reserve Life Association offers to its policy holders a liberal, up-to-date policy upon terms which the best insurance authorities of the land approve. He invites attention to the splendid names of business men included in its risk of policy holders. He needs more agents to push the business. The people believe in the policy of supporting home industry and they are particularly favorable to the BANKERS' RESERVE LIFE.

Valley County

(Issued under authority of those who are opposed to corporation domination in Nebraska.) The county of Valley is the home of the republican candidate for treasurer, Peter Mortensen. Mr. Mortensen was put on the ticket because the Union Pacific knew its man, and he was also eminently satisfactory to the Burlington. But Mr. Mortensen has troubles of his own which will take all the skill and manipulation of the tax bureau to settle for him. It would be hard to find a county where a hazy, misty, foggy condition would help the railroad out more, and we advise the editors to hurry out to Valley county and to take with them a machine that will manufacture not only fog, but smoke also, and if it will make smoke of the pitch pine variety, it would be better. It will take something pretty dark to keep the people from seeing it. Conditions in that county have required an increased amount of money for public purposes. The amount of railroad tax levied by the fusion administration in 1897 was \$6,109.51. In 1901 this amount was increased to \$6,598.15. But the private taxpayers of that county paid only \$22,808.69 in 1897, while they were compelled to pay \$34,257.87 in 1901. The railroad taxes were increased nearly \$500, but the taxes of the people increased nearly twelve thousand dollars. The railroad taxes were increased 8 per cent; the people's taxes were increased 50 per cent. The taxes of the people were increased six times as much as the railroad taxes. Yet, in the face of this abominable outrage, Mr. Mortensen refuses to promise any increase in railroad taxation. He is dodging it like Mr. Mickey, and every sensible man knows that the man who is dodging is with the railroads. What the corporations want is a dodger, and in that respect Peter Mortensen is an ideal candidate.—Investigator, in Omaha World-Herald.

Again Offered to Independent Readers

The Theo. Noel Company are again making their offer to send a package of Vitae-Ore on trial to every subscriber of the Nebraska Independent or friend recommended by readers, and every person in need of medicinal treatment of any kind should be certain to accept the same. Their offer occupies space on page 5, and all can profit by reading it through carefully. This medicine was discovered many years ago by Theo. Noel, the president of the company at the time a prospecting geologist, and since its introduction has been instrumental in giving relief to thousands upon thousands of ailing people throughout the country of all manner of diseases, a number of which are enumerated in the advertisement. The company desires no one's money whom Vitae-Ore cannot benefit, and for this reason do not offer the medicine for cash, but desire each person to test it before paying for it, and none need pay unless benefited and satisfied. The company is regarded as reliable, is well known to the reading public, have what they claim and will do as they agree. A large number of readers have already accepted the offer and can consequently testify concerning the merits of the medicine, but those who have not should not hesitate to give V. O. a trial according to the liberal offer made by the Theo. Noel Company. Write at once, mentioning The Independent.

Cedar County

(Issued under authority of those who are opposed to corporation domination in Nebraska.) The gentlemen of the railroad tax bureau who are manufacturing smoke in which to envelop the railroad tax question and make it look hazy to the voters might turn their attention to Washington county. It furnishes an excellent example of the amount of "distribution" which other counties get by way of distribution when property is taken from the local authorities for assessment and given to the republican state board. The Blair bridge has been assessed locally by the authorities of that county, but in 1901 the railroad company concluded that they would get rid of the local tax upon the theory that the bridge was a part of the completed railroad and ought to be distributed in value all along the road. They have gone into court and are contesting \$1,890 of taxes assessed by the county authorities on the Blair bridge on the ground that there was no authority for the assessment. But while they are seeking to evade these taxes not a single dollar of the value of the Blair bridge has been "distributed" among other counties. The republican state officials were too busy grabbing railroad passes for themselves and their families and friends to find time to look up the important matter of the mist disappearing in mist, and the republican state administration winked the other eye. In the palmy days of Benton, Hill and Mosher in 1891 the railroads and the Blair bridge paid in taxes to Washington county \$18,222.78. The amount paid last year on the same property was only \$14,724.11. Hence the railroads paid Washington county last year under the present administration of the so-called "redeemers," \$3,498.67 less than was paid ten years ago, under the reign and misrule of the Bentons, Hills and Moshers. Even while the railroad tax has been decreased it is not so with the private citizen. In 1891 the plain citizen of that county paid \$67,642.42, and in 1901 the plain citizens paid \$96,868.17. Hence the people paid on their property in Washington county last year \$29,225.75 more than in 1891. To reiterate in rather striking terms the railroad and bridge taxes have been reduced nearly \$3,400, while the taxes of the people are increased more than \$29,000. The fog makers might turn their attention to this county and do a little explaining.—Investigator, in Omaha World-Herald. BRYAN DATES The state committees announce the following dates for meetings to be addressed by Hon. William J. Bryan: October 8—Falls City, forenoon; Pawnee City, afternoon; Table Rock, evening. October 9—Tecumseh, afternoon; Auburn, evening. October 10—Springfield, forenoon; Papillion, afternoon; Plattsmouth, evening. October 11—Ashland, afternoon; Wahoo, evening.
