

# EVER FIND MONEY “LAYING AROUND?”

Did you ever, in your whole life, ever find any loose money just laying around to be claimed? We are offering you what is practically an opportunity to find money. It is through the medium of our February Bargain Sale. No need to tell you that the open winter was not conducive to the rapid movement of stocks bought in anticipation of real winter weather. Now we find it necessary to get rid of these stocks in order to make room for our new Spring and Summer stocks. To facilitate the movement, therefore, we are giving you this opportunity to find money. It comes in the shape of prices so far below the real value of goods offered that the careful buyer must, perforce, take notice. The makes of clothing we offer in this Bargain Sale are the best in America. Of the highest grade, in colorings, fabrics, make, fit, style and durability, they represent the cream of the clothing trades of the country. They are the goods we stand behind, stand by and stand for. Nothing better ever offered---and nothing like the price offerings ever before submitted to the buying public.

## FIVE LOTS OF CLOTHING, BARGAINS IN EACH LOT.
