its opponents jumping sideways. The resolution was as follows:

"Lincoln Central Labor union is regular session held this evening, by unanimous vote desires to express our thanks to you for the stand taken by you during the present session of the Nebraska legislature, upon all legislation affecting the rights of labor, and especially your courageous efforts in behalf of the bill requiring the Allied Trades label on all state printing.

"Could we but succeed in getting a few others like you in our legislatures we might hope to have laws in the interest of the masses instead of the classes.

"With our best wishes for your future and the hope of your further preferment, we remain, etc."

HOW ABOUT IT.

The big rewards posted for the apprehension of the Los Angeles dynamiters is causing the arresting of many men in various parts of the country. The parties arrested don't prove to be members of unions, and any other dynamiters are not wanted. Police officials should get that much through their noodles. Of course if a detective could be employed to work among the detectives of Los Angeles he might find out who caused the Los Angeles explosion; but if he did it would not be the kind of a man wanted, and there would be nothing doing. See?—Portland Labor Press.

HOW ABOUT IT.

A member of Omaha Typographical Union No. 209 is a member of the Nebraska legislature. He announced himself as opposed to the enactment of a law requiring the label of the allied printing trades on state work. Now what do you know about that?

UNION LABOR LEAGUE.

A Woman's Union Label league was organized Tuesday afternoon at Continental hall by C. M. Freider, national organizer for the Barbers' union. The temporary officers elected are: Mrs. Harriet Hale, president; Mrs. J. W. Light, vice president; Mrs. Tony Donahue, secretary. The object of the union is that all members pledge themselves to demand union made goods and refuse to buy anything that does not have the union label attached. "This means that the women who belong to the new league will be working for higher wages for women and children and more sanitary conditions in the various factories," said Mr. Freider. The speaker said that the Woman's Label league stood for the abolishment of child labor, the sweatshop and for better sanitary conditions in the factories, laundries, bakeries and for wages commensurate with the labor given. Jerry Howard gave a brief talk on a "Minimum Scale of Wages, Both for the Men and for the Working Girl." Tony Donahue spoke briefly of the good the unions are doing and urged the organization of the Woman's Label league. The next meeting of the union will be Tuesday, March 17, at Continental hall. At this time the permanent officers will be elected.—Omaha Western Laborer.

Industry and Thrift

How many men ever acquired wealth by working for wages? The men of wealth acquired it by investing their money—a little at first, perhaps, but something. Money begets money. And when you have money working for you, then you are on the road to affluence. As long as you have to keep working for money—paying interest instead of receiving it—you are up against it. Save a little chunk out of every week's pay check, even though it be but little, and put it to work for you. Deposit with us and we'll make it return you FOUR PER CENT INTEREST. It will be working every hour of the day for you, too. Interest doesn't pay any attention to the eight-hour day. A dollar a week for twenty years means a comfortable little home in your advanced years, and then some. Let us figure it out for you and explain our methods.
