DAN V. STEPHENS SAYS OF WILL MAUPIN'S WEEKLY

"I congratulate you on your splendid words for Nebraska from week to week. There is not a booster in the state for the state like you. You are doing a world of good. I find myself using your data every chance I have for speaking before the public. We ought to all do it, and you can be assured your preachments are having effect. Nebraska is a wonderful land, and everybody knows it when the elements of greatness are pointed out to him. Success to you and your Weekly."
