

OLD LINE BANKERS' LIFE INSURANCE CO.

OF LINCOLN, NEBR.

ASSETS, \$4,500,000.00

NO STOCKS OR BONDS

REAL ESTATE MORTGAGE SECURITIES

The lowest annual premium rate. Lowest period rate premium rate. Lowest net cost.

Has a lower death rate, has less expense in getting new business and more assets to pay each dollar of loss than the leading old line eastern companies.

The Old Line Bankers' Life will write you a policy two to ten dollars per thousand and per year cheaper. Will pay your estate the same if you die. Will return to you ten to twenty per cent more money if you live.

It will insure you for one thousand dollars or more, **guaranteeing** the net cost to you for twenty years will not exceed the amount shown by the rate card for your age, which rate card will be mailed on application, and which rate is lower than any other old line life insurance company. Better yet, it will apportion to your policy at the end of twenty years **all the surplus** earned which will be paid to you in cash. Should you die, it will pay to your beneficiary the full face of the policy.

Bankers Life Insurance Co.,
Lincoln, Nebr.

Gentlemen:

Your letter of Apr. 25, '10, with check for \$924.49 in settlement for Policy No. 1369 duly received. And must say that I was highly pleased with amount received as it was \$200.00 more than I expected it would return when it would be matured and the money came so prompt to me in such time to enable me to wipe the mortgage off my home and farm, for which I wish the Company best of success and its patrons luck and pleasure in being with such good company.

I am sincerely your friend,
Emanuel Zeman.

Eighteen years ago the Bankers' Life, compared with four of the big eastern companies leading in life insurance in Nebraska, was writing the smallest amount of business. Last year it wrote new business in Nebraska to an amount well up to the total amount written by all four of the other companies. The Eastern Underwriter, New York, says of the Old Line Bankers' Life Insurance Co.: "The company is one of the best managed life institutions of the country, reflecting great credit on President W. C. Wilson and his corps of lieutenants."
