## *The Workers' Work Clothes*

*We handle everything in the line of work clothes ---that is everything that is "right" and suited to the needs of the mechanic as he goes about his daily tasks. We have long made a specialty of this department of our institution, and we are better prepared than ever to supply the needs of the mechanic who must have*

### **Overalls, Work Shirts, Jumpers, Etc.**

*There is nothing in these lines we are unable to furnish the worker who insist upon seeing inside the pocket the little "bug" that is evidence of good wages, shorter hours, sanitary conditions of labor and a voice in the disposition of the laborer's sole product---his toil. While this little "bug" is one point in favor of these garments, there are others, among them quality, price and service.*
