The Red Cloud Encampment.

Red Cloud special: The third annual encampment of the Interstate District association of the Grand Army of the Republic convened here Friday. Many old soldiers from different points are in attendance and our own post here is seeing to it that the visitors are having a good time. The gathering is no doubt smaller than it would have been if the weather had been favorable, but as it is the representation from outside posts is very good. One of the objects of this convention is to locate the annual state reunion, which matter was thoroughly discussed by the members, some excellent speeches being made on the subject. It was decided to hold this reunion at Superior, August 13 to 17, inclusive. Among the prominent men in attendance are Major Clark of Omaha, Major Adams, W. S. Bloom and F. P. Bennett of Superior, ex-Congressman Hanback of Kansas and many others of note.

Hon. C. E. Adams, mayor of Superior, was elected commander, Hon. George W. Burton of Orleans, senior vice commander, and Samuel Church of Jewell county, Kansas, junior vice commander.

The lines were extended to embrace Thayer, Jefferson, Adams, Kearney, Clay and Phelps counties, Nebraska, and Washington, Republic, Phillips and Osborne counties, Kansas. The next encampment will be held at Red Cloud.

The mayoralty of Norfolk is the question of the day. Upon a recount being made it was found that there was one more ballot in the box than names on the poll book, and that one vote had two names upon it, one printed and the other written, neither being scratched. The matter may have to be settled in the courts.

There was consternation in the Presbyterian church at Scotia when it was discovered that the congregation had been dismissed without the contribution box having been passed, but a good deacon managed to corral most of the people at the door before they escaped and gave them a chance to contribute.

Peter Hennegon, who disappeared from Seward ten years ago with a lot of money belonging to other people and who was supposed to have been murdered, has turned up in Seattle, Wash., where he is engaged in the real estate business. The wife and child he deserted are now living in Iowa, but in spite of that fact Hennegon has married again.

Central City special: McKinstrey & Palmer's clothing store was burglarized Sunday morning and about \$1,000 worth of goods are missing. Entrance was gained by bursting open the back door. The missing goods consist of spring overcoats, pants, suspenders and jewelry. The tracks of a buggy were found near the store and with this as a clue parties have started in pursuit. A buggy with two men and a lot of goods was seen going south from Clark's in the morning and it is probable they have been overhauled by this.

The Work of a Cyclone.
AKRON, O., April 9.—A terrific wind storm visited Springfield township last night, doing considerable damage. Several farm houses and outbuildings were demolished and crops ruined.

Later reports show the storm was most severe about two miles northwest of Sharpsburg, Md., where it leveled everything in its track over seven miles of farm lands for a width of thirty rods, demolished dozens of buildings, and in one fatal case killed a man, woman and seriously hurt others.

Silver Ore Found.
MINNEAPOLIS, April 9.—A special to the Tribune from Mitchell, S. D., says: Silver ore has been discovered twelve miles southwest of Mitchell in four different places at a depth of sixty feet. Assays in Chicago who have tested the ore pronounce it genuine. The metal exists in large quantities. One farmer has been offered \$500 for his farm, but otherwise would not sell for over \$1,000.

Wheat Destroyed by Insects.
ST. LOUIS, April 9.—Advises from northern Texas state that 75 per cent of the wheat crop in the counties of Cook, Grayson, Collins, Denton, Wise and Montague has been destroyed by insects.

Argued Against the Anti-Option Bill.
WASHINGTON, April 9.—Messrs. Cullinan and Nelson of the Chicago board of trade today argued against the anti-option bill, forbidding privileged and class dealings. The section, however, which forbids dealing by any one but the producer and the purchaser direct from him, in any article not in possession of the seller, wiped out the business of himself and all legitimate dealers in the article. The bill would damage the farmer more than it would possibly aid him. If the producer should sell direct to the consumer, the farmer would lose his market and Nebraska, instead of receiving 10 and 15 cents a bushel this winter for corn, which was not enough, would receive only 5 and 6 cents a bushel. There must be middle men. The trouble sought to be alleviated by the bill arose from bucket shops, which were gambling transactions pure and simple. The Chicago board of trade is fighting the bucket shops, and the farmer is fighting the bucket shop. The bill would do both. The bill was given a copy of the amended bill to study, with a view to suggesting a product by which legitimate dealers should be protected and the business of illegitimate speculators abolished.

More Chinese Captured.
SAN DIEGO, Cal., April 9.—Another capture of ten Chinese was made early this morning at the wharf of the International fishing boat from Lower California. Twenty-three Chinese are now in custody here.

The End of Two Peculiar Cranks.
LITTLE ROCK, Ark., April 6.—A most singular suicide was committed in Columbia county, the particulars of which were received here today. A young man named McNeal went out hunting, carrying with him a double-barrel shotgun. Arriving at an isolated point in the woods he tied his body to a small tree with a piece of rope and fired the gun on the ground in front of him, fired both barrels, blowing the top of his head entirely off. A note was found in his pocket directing the disposition of his body and stating that he was prompted to the deed solely through an insatiable desire to explore the great hereafter.

INDIANAPOLIS, Ind., April 6.—Several days ago a man named E. B. Huffer, who lived at Pana, Ill., on another leaf was written: "I should die before I wake and send my soul to heaven. I know a number of people who are there. Bury me by the side of little Johnny." Another note is evidently written by his wife or some relative, whom he calls "Dear B," and says: "Never marry a man that drinks or allows Pearl to drink. I have been abused I should not have decided as I have."

Raum's Report.
WASHINGTON, April 6.—In his report to Secretary Noble, Pension Commissioner Raum says he will be able by the last of May to cause the examination of every claim pending in the office on the first day of January last, will have every claim allowed that is completed and calls for the evidence made in those not completed. This result has been secured largely by means of orders issued in the latter part of December requiring the examination of claims then pending and that all cases which were not completed by the first day of January last should be placed on the "completed files." A subsequent order directing that claims be placed on file upon application accompanied by a statement of facts showing the claims to be completed has up to date added 28,250 cases to those already on the "completed files." During the past three months 23,223 of these cases have been acted upon, leaving only 5,027 cases remaining upon the files. Applications at this rate of 450 a day are being received and hereafter every claim placed upon these will be taken up and acted upon within a week. The record of the past month shows 18,374 pension certificates, 8,188 of them original, being the largest number ever issued in one month by the pension bureau.

CONGRESSIONAL.

The Senate.

WASHINGTON, April 2.—In the senate this morning the judiciary committee reported back the anti-trust bill in the form of a substitute. It was used and Edmunds said that as soon as the Montana election case was disposed of the bill would be taken up.

The resolution offered yesterday to change back the daily hour of meeting to 10 o'clock was passed after some debate. The conference report on the urgent debt delinquency bill was presented and agreed to. The house recedes from its disagreement to the senate amendment as to irrigation surveys, with the provision that no part of the amount appropriated shall be expended on irrigation works, and that the government shall not be committed to any plan of irrigation until the whole matter is decided by the Montana election case.

The senate then proceeded to the consideration of the Montana election case. Hour stated the case on the part of the majority of the senate, by the construction of the Montana constitution, and the turning upon the question whether one set of delegates, who voted with the two republican delegates for Saunders and Power, were legally elected from Silver Bow county, or whether the other set, who voted with the twenty-four democratic delegates, were the legally elected delegates.

Gray, representing the minority of the senate, said he would not speak in support of the president's proclamation for the Montana election case. He did not accuse the president of being a participant in the election case, but he said that the president had been persuaded by the conspirators to make of himself an instrument in the execution of their designs.

Gray yielded the floor without concluding his argument, and the death of Representative Wilber being announced the senate adjourned.

WASHINGTON, April 3.—In the senate today on motion of Mr. Edmunds it was ordered that tomorrow being Good Friday the adjournment today shall be until Saturday.

Mr. Blair introduced a bill to regulate the per diem of laborers employed by the government, fixing the lowest wages at \$2 per day, and had it referred to the committee on education and labor.

The vice president announced that he expected to be absent from Washington several days.

Mr. Callahan offered a resolution, which was agreed to, declaring Mr. Ingalls elected president pro tempore. Mr. Ingalls then entered upon the duties of presiding officer.

The Montana election case was taken up as unfinished business and Mr. Gray resumed his argument in support of the claim of the democratic claimants. The matter went over till Monday.

The house bill to amend the census law by providing for the enumeration of Chinese population was read with the senate amendment.

The house bill to amend the calendar, amended by the insertion of the provision that the certificates mentioned therein shall not be taken as evidence in favor of any person claiming lots who entered them in violation of the president's proclamation, and it was passed.
