

BALMACEDE ESCAPES

The Fugitive Ex-President Safe on Board the San Francisco.

DISGUISED AS A SAILOR.

The Daring Plan by Which the Dictator Escaped from Valparaiso, Aided by Admiral Brown—Other Foreign News.

VALPARAISO, Chili, Sept. 15.—Balmaceda has escaped from the clutches of his enemies and is now safe on the high seas, under the protection of the United States flag.

After many plans for his escape had been suggested, discussed and rejected as too risky, one was at last hit upon that it was thought would work successfully. This was nothing less than to have Balmaceda disguise himself as a drunken United States sailor.

Admiral Brown's action will undoubtedly, for a time at least, increase the bitter feeling here towards the United States government.

Patrick Brown, living four miles east of Broken Bow, was killed by a vicious bull. He was found dead by his hired man, who found him in the pasture with his right side crushed in. The ground showed that a desperate struggle had taken place.

Ninety-one entries were made at the O'Neill land office Thursday by settlers on the Boyd county reservation land, north of this county. Over two hundred entries will be made before the rush is over.

POISONS FOR ARROWS.

The Various Queer Ways in Which They Were Obtained.

"The use of poisoned arrows is undoubtedly of very ancient origin," said Dr. W. J. Hoffman, to a Washington Star reporter.

"The Alnos of Japan prepare a poison for spreading upon bamboo or metal arrow-points to kill game with a small portion of flesh about the wound being cut out before the animal is cooked and eaten.

"The best known and most active of poisons is the woorara or 'urari' of South America. It is chiefly used for the tips of darts blown from the blow-gun, and the most important ingredient is the juice of the plant from which strychnine is obtained.

"The Seris of northwestern Mexico prepared poison by putting into the ground a cow's liver, rattlesnakes, scorpions, centipedes and other unpleasant things, and beating them with a stick.

Osification of the Eye. Samuel A. Avila, the Republican leader in the Eleventh ward in Brooklyn, recently had his left eye removed by a surgeon, says the New York Sun:

Thirty-five years ago, when in his nineteenth year, Mr. Avila was badly injured while he was at work in his father's paint shop, a piece of broken nail having lodged in his eye. By the advice of Dr. Agnew he concluded not to have the piece of nail removed, and until last March, when he began to suffer with pains in the left side of his head, he experienced no trouble from it. The pains in his head became so acute that he consulted Dr. Matthewson, who informed him that he was suffering from the very rare disease of ossification of the eye, and that he would have to get it out. The operation was successfully performed. Mr. Avila says that he never had a better time in his life than during the hour he was under the influence of ether. The small piece of nail is still in the ball, as the ball is so hard that the iron cannot be removed from it.

"Keep in the Middle of the Road."

People's Party Medal! Made of solid Aluminum, the size of a silver dollar, weighs about as much as a twenty five cent piece. Aluminum is stronger than iron and no heavier than wood. It is more valuable to humanity than gold or silver. It is becoming cheaper from day to day, as improved methods of securing it are devised. The best practical illustration of the fallacy of hoarding money. Its "intrinsic value" is far greater than that of gold or silver, though their market value is higher. The reverse side of this medal contains the commemorative inscription in the English and the People's Party May 29th and 30th, 1891, at Cincinnati, Ohio. It will be given to all existing campaign funds for the National Committee. PRICE 50 CENTS. Liberal discount to reform speakers and organizations. It is expected that many speakers will be able to pay their way by the sale of this medal. Let everybody boom his sale. Let everybody state whether you want the medal attached to a pin to be worn as a badge, or plain, to be carried in a pocket piece. Address all orders to ALLIANCE PER. C. V. Lincoln, Neb.
