

NEBRASKA NOTES.

P. J. Mosher, a pioneer resident, died at his home in Lincoln, aged 77 years.

Fifty carloads of cattle were shipped from Danforth to Peoria, Ill., where they will be fed.

An organization has been formed a Pender to hold a market day fair on certain days of each month.

Representative John M. Moan is lying seriously ill at his home in South Sioux City of malarial fever.

The North Nebraska Methodist conference voted to admit women as delegates to the general conference.

The safe of the Schlitz Brewing company at Omaha was blown open and contents amounting to \$7,500 secured.

Horton & Dawson of Unadilla have lost 100 head of fancy blooded hogs in the past two weeks from nasal catarrh.

H. C. Dawson, a prominent stockman at Esdick, has been turned over to the district court in the sum of \$800, charges with perjury.

Telephones were taken out of two Lincoln business houses because the proprietors swore at the telephone girls on an account of poor service.

It is estimated that from the 3,000 bushels of seed wheat sent into Box Butte by the relief commission 90,000 bushels will be thrashed as a return.

The Citizens' State bank of Newman Grove has filed articles of incorporation and will commence business immediately. The capital stock will be \$50,000.

A car load of Dunlop county produce will be sent to the Illinois state fair for advertising purposes. The exhibit will also be taken to the Missouri state fair.

Thomas D. Talle, of Nebraska City, supposed to be a correspondent of the Kansas City Sun, has received a white cap letter warning him to leave town before Sept. 24.

While a number of small boys were experimenting with a horsepower at Blue Springs a boy named Barber got his foot between the cogs. The member was badly crushed.

The members of the Congregational church at Aurora have introduced a new feature during the absence of their pastor. A lady member is selected for the purpose and reads a sermon.

Johns Lighting of Geneva has started for Central America to do missionary work. He will travel on a bicycle to Dallas, Tex., and expects to walk the balance of the way.

John Steen, superintendent of the Geneva industrial school for girls, has resigned, and is succeeded by J. D. McKelvy, assistant superintendent of the Kearney industrial school.

The Nebraska City distillery caught on fire while all the firemen were at Oak, Ia., attending a tournament. Citizens turned out and put out the fire, which did but slight damage.

Some beets were polarized at the sugar factory at Norfolk that showed 18.3-4 per cent. This is the highest test yet shown, but everything indicates a good yield of sugar all around.

The life of Dr. Malnhard, who committed suicide in Syracuse, seems to have been shrouded in mystery prior to his coming to Nebraska. He is supposed to have been a political exile from Germany in 1848 or 1849.

The sheriff of Thayer county has captured L. J. Shaddock, who so brutally assaulted a 12-year-old daughter of John Walters, near Holsen, more than a year ago. He was working for a farmer in southern Texas.

A man calling himself "Rev. C. H. Scott" went from Fremont to Palmyra as a candidate for the pastor of the Baptist church. He preached several sermons and borrowed \$60 worth of magic lantern slides and left the country.

Isaac L. McCoy, 70 years old, died in Omaha from injuries received in a runaway accident caused by dog catchers who were trying to catch a dog, frightening McCoy's horse. The dog catchers, Fred and Ernest Baker, are under arrest.

A shelf in a Harrison drug store fell and the bottles containing muriatic and sulphuric acid broke. Their contents coming in contact caused an explosion which broke the windows and scattered the contents of the store about promiscuously.

W. H. Baker of Stromsburg has been arrested charged with sending obscene matter through the mails to the Polk County bank in answer to a notification from the bank that his note for \$50 was due. The spittle was sent to the authorities at Washington, hence his arrest.

The outcome of the case is watched with much interest, as Mr. Baker is one of the wealthiest farmers in Polk county.

Rev. William Hamilton, one of Decatur's oldest and most respected citizens, is dead. The cause was undoubtedly pneumonia.

Father Hamilton was more than 80 years of age and had spent almost his entire life among the Indians, having been with the Omahas for nearly forty years.

Mike Schiesler of Dunbar shot his wife in the throat on account of jealousy. He was arrested and lodged in jail at Nebraska City. The woman will probably recover.

The record of real estate mortgages for Saunders county during August shows thirty-seven filed on farms, amounting to \$1,261.08, and fifty-six released, amounting to \$1,940.88, the decrease for the month being \$15,649.08. On city property there were thirty-one filed, amounting to \$5,614.85, and nine released, which amounts to \$2,693.00. This shows an increase in the indebtedness of city property of \$2,921.77. A large number of the mortgages given were for the purchase of new land by the farmers.

Threshing is enough advanced to show that Valley county never had such a crop as now, and if general, will entitle Nebraska to be called the garden of the nation. One farmer offered his farm six months ago for \$15 an acre and has now thrashed thirty-six bushels of wheat 3 to 4 here and sold it in the field for 75 cents, making the gross receipt \$27 an acre. Another thrashed eighty bushels of barley and sold it for 35 cents, making \$28 an acre. Corn is enormous.

Jack Gallagher, a thief confined in the Keys Paha county jail at Springfield, made a desperate attempt to escape the country to visit his wife and left her team at the jail, unbracing one horse, and when Armes, the deputy, opened the door to give him his dinner Gallagher knocked him down with a chain and undertook to make his escape by mounting one of the horses. Armes, however, got to his feet and fired at Gallagher, who he missed and hit the horse which he was trying to mount. Gallagher then took to the prairie on foot, but was captured inside of half an hour by men on horseback. Gallagher was returned to jail, the ball taken from the horse's leg and Mrs. Gallagher sent home with instructions not to visit her husband again.

Eau Claire Lumbermen Charge the Rail ways with Discrimination.

CHICAGO, Sept. 22.—Interstate Commerce Commissioners Morrison, Veazey and Knapp listened to arguments on the alleged discrimination in freight rates practiced by the railroads against the lumbermen of Eau Claire, Wis., and in favor of the river towns. The complaint of the Eau Claire lumbermen is that the St. Paul, Chicago, Burlington and Quincy, Northwestern and about ten other smaller roads have combined with forty-eight lumber firms for freight

discrimination against Eau Claire's interests. The practical effect of this discrimination is that the lumber dealers cannot reach the markets they are entitled to. The excess freight, it is charged, is 4 cents per hundred feet. The towns of Clinton, Lyons, Davison, Fort and MacArthur, Ia., and Fulton, Moine and Rock Island, Ill., are the towns alleged to have been favored. The hearing will probably continue several days.

THE UNION PACIFIC.

Meeting of the Creditors' Committee. The Financial Problem Still Unsolved.

New York, Sept. 22.—A meeting of the creditors' committee of the Union Pacific was held. It was agreed to defer action on the plan for a week. If the company can, on Saturday or before, show that they have obtained the signatures of all the creditors to the proposition to extend the floating debt, the plan will be declared operative by the committee. Several of the creditors in this city, as well as a number in Boston, have so far refrained from agreeing to the extension. It is not expected that a syndicate will be formed to provide the cash necessary to pay off these creditors, but the collateral notes which are not accepted by creditors may be taken by individuals. One of the members of the creditors' committee said: "The problem is yet to be solved, but it is much nearer a solution today than it has ever been before."

New Bicycle Records.

PEORIA, Ill., Sept. 22.—A. A. Zimmermann of the New York Athletic club, lowered the three, four and five mile American safety record in the first day's record-breaking trials now being run in connection with the race meeting which closed Saturday night. Zimmermann's time for three miles was 7:45 1/2; four miles, 10:17; five miles, 12:53 1/2. Zimmermann also won the one mile in the last quarter mile. W. F. Murphy and A. A. Zimmermann broke the world's one mile tandem record made last year on this track. Their time was 2:24 1/2, 15 1/4 seconds inside the English record at this distance. The half mile tandem record was also lowered just 2 1/2 of a second by Murphy and Zimmermann. Tyler did 2:25 for the mile in an attempt to better 2:15-1/2. He was poorly paced. Berlo of Boston started for the two mile record made by Murphy last week, 4:59 3/5. His time was 3:01 3/5, 2 seconds out of the way. Berlo will try again for this record. Murphy will have a tug at the mile and possibly the records from five to ten miles, and Zimmermann will try for three or four records.

Allerton Makes Another Trial.

INDEPENDENCE, Ia., Sept. 22.—Allerton was sent to beat his record, but only succeeded in tying it, the quarters being 1:21, 1:04, 1:17, 2:09.

THE MARKETS.

Chicago Grain and Provisions. CHICAGO, Sept. 22.

WHEAT—December, 90c; May, \$1.06 1/4. CORN—October, 49c; May, 48c. OATS—October, 26c; May, 29c. RYE—Cash, 87c; September, 87c; October, 87c.

The Penalty of Success.

"Did you ever see the wife of a successful man?" I am tempted to ask, when some one points out to me the shining lights of these two friends of mine. Not that the men are brutal, ill-tempered or exceptionally irritable; rather the reverse is true of them; they are amiable enough. Yet their unconquerable self-absorption has made them anything but boon companions. Their hours of labor or of research are prolonged unreasonably, with intervals of moodiness sometimes of utter silence. The bubble they follow is ever dancing before their eyes; the fury of pursuit is all-in-all, and life apart from that has lost its charm. Their wives share in the triumph of course, and why should they complain? They do not. Like the Dutchman's wife upon his deathbed, they are resigned because they have to be. It is only between the lines of their patient faces that one may read the wish of the heart for the old days to come back when things were otherwise.—Scribner

Charles Howard, who confessed that he attempted to wreck the Pennsylvania limited in Indiana, was taken to Crown Point, Ind., for trial, convicted and sentenced to ten years in the penitentiary.

Homes and Irrigated Farms, Gardens and Orchards in the Celebrated Bear River Valley on the Main Lines of the Union Pacific and Central Pacific R. R. near Corinne and Ogden, Utah.

Splendid location for business and industries of all kinds in the well known city of Corinne, situated in the middle of the valley on the Central Pacific R. R. The lands of the Bear River valley are now thrown open to settlement by the construction of the mammoth system of irrigation from the Bear lake and river, just completed by the Bear River Canal Co., at a cost of \$3,000,000. The company controls 100,000 acres of these lands and owns many lots and business locations in the city of Corinne, and is now prepared to sell on easy terms to settlers and colonies. The climate, soil, and irrigating facilities are pronounced unsurpassed by competent judges who declare the valley to be the Paradise of the Farmer, Fruit Grower and Stock Raiser. Nice social surroundings, good schools and churches at Corinne City, and Home Markets exist for every kind of farm and garden produce in the neighboring cities of Ogden and Salt Lake, and in the great mining camps. Lands will be shown from the local office of the Company at Corinne. 1517

The Fremont Hemp and Twine Company.

The above named company is prosecuting an enterprise which is of great importance to the people of this state, viz: the manufacture of binding twine from Kentucky or American hemp raised here. The company was incorporated in 1888, with a paid up capital of \$40,000. Its officers are Wilson Reynolds, president; Fred Meyer, vice-president; O. H. P. Shriver, secretary; W. E. Snaith, treasurer; M. Jerome, manager.

The twine manufactured by this company is of a superior grade, and works in the binding machines as well as the standard, jute, manilla, or any other kind. The output of the factory for this year was 550,000 pounds. For 1892 the output will be 1,000,000 pounds. The company has grown this year 22,000 acres of hemp. This hemp is grown on land for which the company pays \$2.50 to \$3.00 rental. The yield per acre is about two tons of cured hemp. The company pays \$6.00 per ton for the cured hemp.

It will be seen from the above that there is not much of a bonanza for the farmer in growing the hemp for sale, though it may add one to the crops which he may grow at a living profit.

Grown for the fibre alone, hemp is an exhaustive kind of machinery, one for making the hemp into twine, and the other for making the twine into twine. The latter is by all odds the most expensive, as the cost of the tow machinery is only from \$2,200 to \$3,000. A tow mill may be set up in any neighborhood, and the tow be separated and shipped to the twine mill. The Fremont company has a tow mill at North Bend, and another on the Godfrey farm eight miles east of Fremont, in addition to the one at Fremont. The manufacture of hemp twine by this company is done entirely by machine. Mr. Jerome, the manager, being the inventor of the process and the machinery.

Their twine will run from 550 to 575 feet to the pound, and tensile strength is from 90 to 120 pounds, which is greater than any other fiber manufactured.

These gentlemen are utterly opposed to trusts of any kind, and are looking to the farmers of this state to make this factory what it should be, a help to themselves and a saving to the farmers of the state.

This is an enterprise which cannot fail to meet the approval of all Nebraskans who desire to diversify farm crops and build up home industries. It is an industry in which the raw material and the finished product are not only produced but sold and consumed in the same community. In this fact are found all the economic elements of prosperity. If the finished product can be sold at a price that will pay all parties a fair equivalent for their labor and the use of their capital property must be the result. If all the twine annually consumed here, large amount of money now sent away would be retained to enliven our business ventures. Certainly all who are interested in the welfare of Nebraska will wish this Fremont enterprise the greatest success.

Resolutions.

BERWELL, Neb., Sept. 5, 1891.

At a regular meeting of the Garfield County Alliance the following resolution was passed:

Resolved, That this body will not support any Alliance man for state or county office who will accept a nomination for either the republican or democratic party. And, further,

Resolved, That the above resolution be published in THE FARMERS' ALLIANCE.

C. E. CARPENTER, Pres. HENRY FOLSON, Sec.

Assistant-Lecturer Pratt's Appointments.

Taylor, Loup " Sept. 25
Burwell, Garfield " " 26
Bartlett, Wheeler " " 28
Loup City, Sherman " " 30
Broken Bow, Custer " Oct. 2

Also a few nice houses in the city of Lincoln which I will sell or exchange for good farms in the right place. JOHN GASKY, 25th and Potter St. 12-3m Lincoln, Neb.

Incubators and Brooders.

Best ever invented for hatching and raising chickens. Brooders only \$5.00. Send for circular. Address GEO. S. SINGER, 12-3m Cardington, Ohio.

For Sale.

Blacksmith shop, tools and stock at a bargain. Come and see me or write. Only shop in town. THOMAS COLE, Burr, Otse Co., Neb.

Kate Field's Wastings.

Just so long as women are taxed for living in single-blessedness, just so long ought unmarried men be taxed. This tax should begin at the age of thirty and be doubled every five years.

The usual rule has been to tax men on something they have. Kate proposes to tax them on something they have not. And the older and more worthless that something becomes the higher the tax. We don't believe the boys will stand it.

County Alliance Meeting.

The next meeting of the Banner County Farmers' Alliance will be held at court house in Harrisburg, on Friday, Oct. 15, 1891. All delegates are requested to be in attendance. WM. LOWMAN, Pres. E. M. WHITE, Sec.
