NEBRASKA NOTES.

The citizens of Elm Creek, Buffalo county, want the name of their town and post-office changed. The mysterious disappearance of Hon. A. H. Schafer, a prominent business man of Ord, is reported. Edgar has been having a sugar famine on account of the great amount of fruit being canned there. Two churches were dedicated at Plattsmouth, the Bohemian Catholic and the South Park Baptist. The Democrats of the First judicial district have endorsed the Alliance nominees for district judges, J. E. Bush and Frank Martin. A colony of 200 German families, the Mendonites, has purchased a 10,000-acre tract of railroad land lying north of Madison, and will move there in the spring. William Sells' show, which gave a performance at Beatrice in big trouble over attachments being levied against bills of the concern's horses to meet unpaid bills. Judge Gastin has concluded to run as an independent candidate for judge of the Tenth judicial district, and has instructed the county clerk to have his name on the ticket. It is said that Bishop Worthington will incorporate the cities of Hartington, Bloomfield and Niobrara into one parish and will appoint Rev. W. D. Morrow, an Episcopal clergyman, to the charge. Alonzo Corey, one of Fillmore county's pioneers, died at his home on School creek, in that county, aged 63 years. He settled on the farm on which he died twenty years ago, and has lived there ever since. Rev. O. R. Beebe, pastor of the Methodist Episcopal church at Broken Bow, has been selected as the county representative on the advertising train. He has a large acquaintance in northern Ohio and Indiana. Two men, who refuse to give their names, were arrested at Plattsmouth charged with stealing rail trimmings from the B. and M. depot. The men came up the river with a boat, intending to get a load of plunder. One of the largest and most persistent charities known in the history of the state occurred at North Bend, the occasion being the wedding of Rev. C. C. Wilson. It commenced at 7:30 p. m. and lasted till midnight. Much property was destroyed. The Hubbell coal prospect hole has reached a depth of 722 feet. The last twenty-two inches are in ore that in an analysis is described as "magnetic iron ore." It proved so hard that work has been suspended until a diamond drill can be engaged. A petition of more than a majority of the people of Bloomfield, the bail of W. F. Seidel, held for shooting H. J. Paulsen, has been reduced from \$3,000 to \$1,000, which amount has been secured. Paulsen is recovering from the effects of his wounds. Political Paragraphs. The sinning pilgrim—Ikey Lansing. A field run to weeds—A. W. Field. It must be plowed under. Ikey Lansing should get off the republican ticket. He is a fat money man, and that is contrary to the principles of his party. Ikey, get off, or place yourself on a gold basis. The republicans cast their net in the political sea, in Lancaster county, and made a haul—a water haul. A typographical error appeared in Monday's Bee. It read that Walt Seeley drew \$900 as secretary of the senate two years ago, while Pirtle drew \$1,630 last year. It should have read that Seeley drew \$1,600 while Pirtle got only \$800. It was simply a typographical error, for of course Rosey would not lie about it. C. L. Brainard, chief clerk of enrolled bills in the senate last winter, is a candidate for county clerk in Dundy county. Of course he will be elected, for no truer independent can be found, and no more competent man for the position. In his position last winter he withstood the temptations of the lobby, and saved many bills by his watchfulness and incorruptibility, from passing in the interest of rings. Saunders County Alliance. The Saunders county Alliance will hold their regular meeting at Wahoo on Thursday October 23, 1891. Good speakers will be present and all members are expected to attend. W. A. WINSLOW, Pres. LEE JOHNSON, Secy.

misses there is nothing about the county court house for you to do. Not qualified, I suppose. With a republican sheriff, there is no employment about his mansion for a colored man, unless he be within the walls of the solitary cells. Not qualified, I suppose.

Now we want all nationalities to know that we are not such blockheads as the republicans of Lancaster county would have us appear. We have brains of thought and brain; ladies and gentlemen—intelligent ladies and gentlemen that are an honor to any race, such as would be an honor to any race, and they will not suffer such damnable falsehoods to go uncontradicted. We intend hereafter to be represented or at least nominated to serve as jurors. We are going to elect a commissioner that will have us summoned, viz: Matt Mauei. And with the help of the intelligent, honest and thoughtful voters we will elect our entire county and city ticket.

Now, colored men, let's come to the front and help to work for liberty and freedom from under the yoke of political slavery. Come now, let's vote the straight independent ticket and the rely place men in office who at least will recognize us as of some use to society, other than mere serfs. Let us try this new party for once, and see if we can't better our condition in this city and county. Now, I appeal to your better judgment. I ask you in the name of justice, in the name of your country, and in the name of our oppressed and down-trodden race, to give this matter your earnest consideration, and I am confident that your conclusion will be to vote the independent ticket.

Now, somebody will tell you that the independents and democrats are all the same. You tell them in reply to this, that the democrats and republicans are all the same, for they married each other in the last legislature, and see if there is no difference between them unless the bride can beat the bridegroom lying and deceiving the people.

Then again, they will tell you of slavery and the war; of your old master and mistress. In reply to this tell them that slavery and the war is over, and your old master and mistress dead and gone, and can never more inflict any stripes upon your back. We are not living for the past, but the present and the future, and hereafter the "damned niggers" as we are called are going to vote for the best, and not the best past, and stop some of this consideration of gratitude.

Yours Respectfully A. L. WARWICK.

Occasional. Railroad Passes and Obligations. We publish below an exact copy of the agreement entered into by the Union Pacific railroad and the sheriff of Lincoln county, D. A. Baker, a document of interest, and important as indicating probably the common practice of railroads of the state and the county sheriffs. Is there any limit to the corrupting power of the railroads?

SHERIFF'S PASS AGREEMENT. This agreement, made and entered into this day of January, A. D. 1891. Between D. A. Baker, party of the first part, sheriff of Lincoln county, Nebraska, and the Union Pacific railway company, party of the second part.

Witnesseth: That said party of the first part agrees that he will in his official capacity serve any and all summons, subpoenas, writs, processes and notices by law, or by it required to be served within the limits of said county, Nebraska, and that upon the service of any such papers he will return such papers to the proper place or office endorsed, "paid by the Union Pacific railway company and duly receipted."

That he will in like manner in all cases brought against said company in which any fees shall accrue to him for the service of any process of any sort in any suit, in case any judgment for costs shall be entered against said company, make and execute to said railway company, a receipt in full for the amount of his fees earned and charged in such case, stating the amount thereof.

He agrees on his part that he will from time to time on the request of the law department of said company, or any member thereof, or any superior, judge or general manager, or assistant general manager thereof, give to it or them any information of and concerning any matter or thing of general or particular interest to it within his knowledge or information so far as he may lawfully do so, and that he will from time to time and at all times render such aid to said company as he may be able to do, and in and about the saving and protecting of the property of said company within his jurisdiction as against trespassers or depredations of any person or persons whomsoever on real estate of said company, or of said company, without cost, charge or expense to it therefor.

That all of said services so by him agreed to be rendered without any compensation that therein provided for be rendered.

It is agreed that this contract may be terminated at any time by written notice from either party, and in case of a termination of said contract prior to the last day of the year, such sheriff shall return to said company the pass or passes furnished to him as such sheriff, as hereinafter stated.

In consideration of the foregoing agreements of said D. A. Baker, the said Union Pacific railway company agrees to furnish to him one annual pass for the year one thousand eight hundred and ninety one, (1891), which pass, with the conditions endorsed on the back thereof, is a part of this contract and agreement and is good upon the lines of the Union Pacific railway company in the state of Nebraska, only.

Provided however, that said railway company reserve the right to limit such annual pass to any train or class of trains and to refuse to honor said pass upon any special, limited or fast mail train.

Signed and executed by the parties hereto, the day and year first written above. D. A. BAKER, Sheriff of Lincoln County, Nebraska. The Union Pacific Railway Company, by \_\_\_\_\_ General Attorney.

An Address to the Colored Voters of Lancaster County. As one of your number, and one who is interested in your welfare, I desire to submit the following facts for your consideration:

1st. Some of you have lived here for fifteen or twenty years, and during that time you have voted the straight republican ticket, and that party has never before thought of placing one of your number on their ticket for any office, great or small, until the independents drove them to it.

2d. Under a republican administration in this county colored men are never summoned to serve as jurors. Why is this? Not qualified, I suppose.

3d. With a republican school board you are not acceptable as janitors of the public schools. Why is this? Not capable, I suppose.

4th. With republican county commis-

A Popular Gate. We take pleasure in calling the attention of members of the Alliance and the public generally, to the advertisement of the Eureka Gate Co. and their very excellent gate which appears in another column of this paper.

Concerning this gate the Railway Master Mechanic, a paper devoted to railroading says:

It has been the desire of many railway officials who have in charge the erection and maintenance of new fences to secure a good gate for crossings and other breaks where a gate is essential, that would have the elements of convenience, durability and economy. It goes without saying that cheapness must be taken into consideration in order to compete with and supersede the old loose board gate, at present so much in vogue.

There has, in fact, never been anything except cheapness to commend the board gate. It has only been cheap, however, in first cost. The thousands of dollars every railway company has had to pay for injured and slain stock which complacently knock down a few loose boards and contentedly re-erect down the track rarely taken into consideration, leaving out of the question entirely the heavy damage occasioned by wrecks now and then, when an exceptionally tough board locks arms with the locomotive. It is not so many years ago that we read about a beligerent bull being the cause of throwing completely off the track a locomotive and a train of thirty-four cars, making a magnificent portmout of e ephraim, etc. etc.

This gate has been designed with the object of aiding the railways to construct and repair their fences in as nearly a perfect manner as possible and at the lowest cost. It has been in existence for the past five years, but it has only been within the last twelve months that its owners have made any effort to introduce it. It has now been placed to a considerable extent in the west, north and south, and has received the hearty commendation of all farmers who object to having their cattle killed except in the orthodox way. Several railway companies are now negotiating for its introduction. In first cost the Eureka gate is about the same as a loose board one, so there is no excuse for failure to adopt it on that score.

It is a much superior, as anyone conversant with the different materials employed will readily comprehend. There is nothing about it to wear out. The best barb wire is used for cross bars, plain wire for the uprights and the frame is made of wrought iron tubing 1 1/2 inches in diameter, pointed braced at the corners, and is capable of withstanding great strain without yielding. Being built of iron and steel it is practically indestructible.

Since the above was written a number of railway companies have contracted for these gates to take the place of others on their entire lines. What can be said of a gate for railways applies with equal force to farm fences, especially in this western country where the materials entering into the construction of the ordinary gate are so expensive.

The Eureka gate needs but to be seen to be appreciated and our readers can order them with the assurance that they are exactly as represented. The material used in its construction is selected and prepared especially for this purpose and of the very best that can be procured. Since locating at Waterloo, Iowa, the company has had very flattering success, and we predict for them greater success in the future.

The arrangement made with Mr. Hartley, the state agent, is a liberal one and means the placing of gates in the hands of the farmers of Nebraska at the lowest wholesale cost. They can thus be sold for about half what they would cost if handled through the regular implement dealers. Being so light the freight charges are not so high as to discourage the best class of small lots direct to the consumer and an Alliance can make up an order of from two to twenty or more and have them delivered at trifling cost for freight. See the advertisement and write to Mr. Hartley for full particulars.

Notice. Notice is hereby given that by virtue of a chattel mortgage executed on the 15th day of June, 1891, and filed for record in the office of the county clerk of Lancaster county, Nebraska, on the 15th day of August, 1891, which mortgage was executed and delivered to Patrick Dorcy Lewis Burdick, conveyer to said Patrick Dorcy Lewis Burdick, of the east half of the northeast quarter of section twenty-four (24), township twelve (12), range six (6), Lancaster county, Nebraska, to secure the payment of one promissory note dated March 1, 1891, for \$300.00 payable January 1, 1892, with interest at 10 per cent from March 1, 1891 and whereas said note and mortgage and the mortgage has good reason to and does feel himself unsafe and insecure therefore he hereby offers to public auction all of the crop raised on said land consisting of about seventy acres of corn and one stack of wheat, to-wit: On the 15th day of November, 1891, at 10 o'clock p. m. on said land. The above is a portrait of D. Clem Deaver, a prominent Douglas county independent and nominee on the people's ticket for county clerk of that county.

Mr. Deaver was born in Ohio, August 28th, 1841, and raised on a farm in Perry county, Nebraska, in 1859. Became a district attorney in 1871, and in 1874 and 1875 was elected to the Nebraska Legislature. He attended the Omaha Business College and graduated with honors receiving the highest percentage given that year. Accepted a position as first book keeper in July 1888 which place he still retains, and he enjoys the entire confidence of his employers.

He is M. W. of the Douglas county Knights of Labor and holds all the corners to do to the K. of L. preamble, especially the financial plank. Received the nomination for county clerk of Douglas county by acclamation, and if elected he will serve the county with fidelity, and honor to himself and the independent party. He is an out and out independent and a worthy young man.

A MARRIAGE NOTICE. What the Independents Have Joined Together. OUGH, Neb., Oct. 5, 1891. EDITOR ALLIANCE: I am requested to forward to you a copy of the resolutions recently passed by the republicans of Chase county. The minutes of their meeting show that no other resolutions were adopted, so it is reasonable to suppose that the following is to be their only declaration of principles:

The following resolution offered by E. C. Bratney of Chase precinct was unanimously adopted: WHEREAS, The republican county central committee at their meeting in Imperial on the 29th day of August, 1891, appointed a sub-committee of five members to meet and confer with a like committee appointed by the democrats and central committees did agree upon the following distribution of the offices between said parties: The republicans to have the nomination of candidates to fill the offices of county clerk, county judge, county sheriff, county attorney and county superintendent. The democrats to have the nomination of candidates to fill the offices of county treasurer, county surveyor, county commissioner 1st district, and county coroner. And,

WHEREAS, We believe the republican county central committee and its sub-committee have acted in the matter for the best interest of the republican party of this county by its actions, therefore be it resolved, That we, the republicans of Chase county, in general convention assembled, do hereby endorse and sanction the action of our central committee and its sub-committee, and that we do hereby pledge our support in the confirmation of the coalition and compact agreed by said central committee.

The effect of the above is that many who had intended to support straight republican or democrat tickets, cannot swallow such a nauseating dose, and will consequently support the only straight ticket in the county, viz: The Independent. Fraternally, A CHASKITE.
