JAPAN'S BIG EARTHQUAKE

Whole Towns Destroyed and Thousands of Lives Lost.

THE DICTATOR RETIRES.

Fonseca Resigns His Office and Peixotto Is Now President of Brazil—Public Sentiment Triumphant Over the Government.

YOKOHAMA, Nov. 24.—A severe and prolonged shock of earthquake occurred on the morning of Oct. 28. The greatest damage to buildings and loss of life occurred in the prefectures of Achy and Gifu, in which nearly 4,000 people were killed outright, and the same number seriously wounded. In those two prefectures 42,000 houses are totally destroyed.

The disturbance was felt throughout thirty-one counties. Two hundred thousand people were rendered homeless. Up to Nov. 5 the earthquake still continued to be felt, but the intervals between them have gradually increased and the intensity of the shocks diminished. From the commencement of the disturbance up to that date it is estimated that 6,000 shocks have been felt.

The town of Gifu, on the Tokaido railway, with a population of 15,000, was almost entirely destroyed. Thirty-five hundred out of a total of 4,400 houses in the town were overthrown or burned and 747 people were killed. In the town of Kano 600 houses were overthrown and 100 people killed. In the town of Ogakaki 3,500 houses were overthrown, 2,000 houses burned and 700 people crushed to death, and 1,300 people were injured. In the town of Tokeghana nearly 600 houses were overthrown and a like number burned, and over 100 people killed. In the town of Kitagatimachi 84 people were killed. The entire village of Entipatomi was destroyed and 80 people killed.

These towns are all in three provinces, and represent a total of 3,400 killed and nearly 43,000 houses totally destroyed. Communication has not been opened up to all the outlying points, but it is now known that the total deaths will exceed 5,000.

FONSECA STEPS OUT.

Brazil's Dictator Resigns in Favor of Another.

NEW YORK, Nov. 24.—The steamship Horrox, Captain Henning, arrived from Rio de Janeiro after a voyage of twenty-three days. Captain Henning was shown the United Press dispatches in reference to the revolt which is reported to have taken place there, resulting in the retirement of Dictator Fonseca, and the assumption of his place by Floriano Peixotto, vice president of the provisional government. Captain Henning said that when he left Rio Janeiro matters were quiet on the surface, but there was an undercurrent of dissatisfaction with Fonseca which indicated his early desposition. He was not surprised that the dictator had been forced to retire, as the dispatches indicated, and thought that the opposition would have taken decisive action sooner had it not been for reports that Fonseca was fatally ill and likely to die at any moment. Captain Henning also said that he did not think the Peixotto could long hold the place of head of the Brazilian government. The people do not seem to know exactly what they do want, and it would be an utter impossibility to accurately predict what will take place from day to day. Were it not for the strong public feeling against the husband of the crown princess, he thought an effort might be made to restore the monarchy and place Dom Pedro's daughter in her father's place. Public opposition to the husband, however, he thought, would render futile any attempt in that direction.

Conservative Convention.

LONDON, Nov. 24.—The second day's proceedings of the Conservative convention was marked by the installation of Lord Windsor as president, vice the Earl of Latham. Among the resolutions adopted were those against the disestablishment of the Welch church, approving the government's Irish policy and urging equalization of representation of Ireland.

An Archbishop on Trial.

PARIS, Nov. 24.—The trial of the Archbishop of Aix, charged with insulting the authority of the minister of public worship, began in the court of appeals in the presence of a large crowd. His grace did not, as was predicted, appear in his canonicals, but in ordinary dress.

Electric Linemen Organizing.

ST. LOUIS, Nov. 24.—The electric wire men and linemen of the United States are in session in this city. The object of the convention is to form an international organization.

Edward Bulwer Lytton Dead.

PARIS, Nov. 24.—Right Rev. Edward Bulwer Lytton, the British embassador to France, died here.

Edison Light Company Assigns.

NEWPORT, R. I., Nov. 24.—The Edison Light company of this city, which numbers among its stockholders Cornelious Vanderbilt, L. L. Lorrillard, Ogden and Robert Goelet and other millionaires, has assigned. The company is said to owe $50,000 in this city alone.

A New York Town Ablaze.

UTICA, Nov. 24.—A big fire is reported raging in Illion, twelve miles east of here. The entire place is threatened with destruction. Fire apparatus has been dispatched from here and other towns.

Fire Losses at Minneapolis.

MINNEAPOLIS, Minn., Nov. 24.—The North Star Boot and Shoe company's building caught fire from some unknown cause last night and was totally destroyed. Loss on building, $100,000; loss on stock, $35,000.

THE COUNTY MUST PAY.

Mandamus Proceedings Bring Harper's Commissioners Into Court.

TOPEKA, Kan., Nov. 24.—J. M. Lapham, W. M. Moore and Alexander Farrell, commissioners of Harper county, are in the city to answer mandamus proceedings brought in the United States circuit court to compel them to make a levy to pay outstanding bonds amounting, with interest, to $56,000. The county fought the payment of these bonds through all the courts to the United States supreme court, but was defeated. The bonds were issued to build a court house and make other improvements, before the county was organized. They were signed in regular form by the state auditor and fell into the hands of innocent purchasers. The court house was never built nor the other improvements made, but the courts held that the innocent purchasers should not be held responsible.

Excited Depositors.

IRWIN, Pa., Nov. 24.—The Farmers' and Miners' Deposit bank, Pool & Son, proprietors, failed. Assets and liabilities unknown. Depositors surround the institution in angry crowds and there is great excitement.

WORLD'S FAIR MATTERS.

President Palmer Confident That Congress Will Make the Necessary Appropriations—Home of Columbus.

WASHINGTON, Nov. 24.—President Palmer is very frank about world's fair matters. He is confident that congress will make the additional appropriation of $5,000,000 needed to make the exposition a success, and in reply to adverse criticism on Chicago for alleged failure to keep her promise to raise the $10,000,000 which she agreed to raise if the exposition were held there, Mr. Palmer says Chicago has done what she agreed to do, and more. The additional $5,000,000 is now made necessary by a subsequent enlargement of the plan and scope of the exposition.

"It is proposed to have an exact production of the home of Columbus, including many of the buildings that were in existence during the time of his life; also a scene depicting the landing-place of Columbus on the shores of the western world. There is a large mass of valuable archæological matter pertaining to the time of Columbus still existing in Spain which should be brought to the exposition, and will be, if we can obtain sufficient money to defray the expenses of transportation."

Mr. Palmer does not expect that President Harrison in his message will recommend the appropriation. He hopes the president will give the reasons upon which Chicago makes the request.

"There is no question about the buildings for the exposition being ready in time for the opening. They are so far under way as to preclude all doubt on that point. If necessary they could all be completed within six months," said President Palmer.

"This exposition is being laid out in a much more elaborate scale than that held in Paris in 1889. We may not be able to excel the French in delicate workmanship and details, as in that respect they have no superiors in the world. The French exposition covered only 200 acres. Ours includes 600 acres, and over 150 acres of it will be under cover. Nearly every nation in the world will be represented at Chicago.

"Italy is almost the only country that has as yet taken no official action in the matter, and I presume she will come in before the gates are closed."

KANSAS FARM MORTGAGES.

Greater Reduction During October Than for Any Like Period.

TOPEKA, Nov. 24.—A statement of the mortgages recorded and released in fifty eastern counties in Kansas were published here showing that a net reduction of $302,407 was made during the month of October. The net reduction of farm mortgage indebtedness in eastern and central Kansas for an average period of five and one-half months up to November is $2,300,000. The report shows that the excess of releases on farm property is proportionately greater than on town property. The excess of city mortgages released in eastern Kansas is 8 per cent., and in central Kansas it is 56 per cent. The excess of farm mortgages released in eastern Kansas is 7 per cent., and in central Kansas it is 25 per cent. The total excess of farm mortgages released in fifty counties is 20 per cent.

THE LIBERIAN MISSION.

President Harrison Said to Have Decided to Appoint John H. Smyth.

WASHINGTON, Nov. 24.—The colored leaders are stirred up over the rumor that the president has decided to appoint John H. Smyth of the District of Columbia as minister to Liberia. Mr. Smyth gained some notoriety several months ago by a speech he made here in favor of a division in the school relations of the black and mulatto people of this country. He served some years ago as minister to Liberia, where he imbibed the teachings of Dr. Blyden, the noted African, who advocates the supremacy of the black race, unadulterated with Caucasian blood, over all others.

Cherokee Legislature.

TAHLEQUAH, I. T., Nov. 24.—A bill was passed in the lower branch of the Cherokee legislature, now in session at this place, providing for the removal of all intruders now in this nation contrary to law. The bill provides that they be given 120 days' notice in which to dispose of their property and remove from the country, and in case they fail to do so, the sheriffs of the several districts are required to eject them by force and confiscate their property. A bill was also passed to elect an attorney general for the Cherokee Nation for the prosecution of all manner of cases against the United States and all other legal claims.

Democratic Committee Called to Meet.

INDIANAPOLIS, Nov. 24.—S. P. Sheerin, secretary of the national Democratic committee and ex-officio secretary of the executive committee, has, by direction of Senator Brice, chairman, issued a call for a meeting of the executive committee at the Arlington hotel in Washington, Dec. 8. The executive committee is composed of twenty-five members of the national committee.

SHOT BY IOWA ROBBERS.

Dubuque Street Car Driver Killed While Resisting Two Thieves.

AN ENRAGED MAN SHOT.

He Begins Operations with a Chair and Receives a Bullet in the Abdomen. An Omaha Embezzler Arrested. Other Criminal News.

DUBUQUE, Nov. 24.—A daring highway robbery and probable murder was committed on the Eagle Point horse car branch of the storage battery line. The passenger heard two shots and rushed out to find the driver, an old man named Lochner, fatally shot in the side. Two unknown men had boarded the platform, demanded the driver's money and, being resisted, shot him. They were chased off a car on the overhead line after holding up two men on the highway. The country is being scoured for them.

An Enraged Man Shot.

PEABODY, Kan., Nov. 24.—A. M. Woodcock of Mulvane, Kan., whose wife keeps a millinery store in Peabody, was shot through the abdomen. Mrs. Woodcock has had in her employ a young man named George Baker, with whom Woodcock quarreled. Coming home and finding Baker there, he attacked him, knocking him down with a chair. The young man secured a revolver and told Woodcock to stand off. Woodcock made a rush at Baker with the chair and received a bullet in the abdomen. Baker gave himself up.

Arraigned for Murder.

ST. JOSEPH, Mo., Nov. 24.—The trial of David Albertson for the murder of Theodore Smith at Agency, last June, began in the criminal court. Smith was found dead in his store one morning. Apparently no clew existed. Detectives arrested Albertson, who claims to have been in the store when three men entered the store and shot Smith down. Attorneys say a woman is the cause of the trouble.

Keith Arrested.

OMAHA, Neb., Nov. 24.—Charles W. Keith, the Omaha agent for the implement house of William Deering & Co., was arrested upon the charge of embezzlement. Friends appeared soon after and secured his release for further appearance by furnishing a bond in the sum of $1,000.

HIS WIFE IS MISSING.

An Iowa Traveling Man Returns Home to Find His House Deserted.

DUBUQUE, Ia., Nov. 24.—Mrs. Duncan, the daughter of Colonel George Strait of Le Mars, Ia., president of the World's Accident association, married M. G. Duncan, secretary of the same association, at Dunbar, Neb., seven years ago. They have a boy 6 years old, and lived with the parents of Mrs. Duncan. When Duncan was leaving on his trip a week ago Mrs. Duncan burst into tears, but refused to tell her trouble. He pleaded to console her until train time. He then kissed her an affectionate good-by, as he was wont to do even when going to his office.

He was called back on business in connection with his office Thursday night. His wife was absent, but he very naturally supposed she was spending the night at her sister's house. As she did not return next morning he began to investigate the matter quietly, but did not suspect infidelity until he returned home Friday evening and found his mother-in-law in tears. She had discovered that Mrs. Duncan's wardrobe and jewelry were missing.

J. D. Bush, Jr., the son of Millionaire Bush, now deceased, left for Sheridan, Wyo., where he has investments. Duncan's suspicions were not aroused until friends informed him of alleged clandestine meetings of Bush and his wife. Bush was regarded as a model young man. His family is one of the oldest and wealthiest in this city.

DYNAMITE AS BAGGAGE.

A Hungarian's Trunk Exploded and Blew a Hole in a Car.

PITTSBURG, Nov. 24.—A trunk containing dynamite exploded in the baggage car of a mail train on the Pennsylvania road as the train passed Irvin. The explosion wrecked the trunk and tore a hole in the side of the car. The baggageman accidentally dropped another trunk on the one containing dynamite. The trunk was shipped from Phillippsburg, Pa., by Michael Gody, a Hungarian, bound for Cambridge, O. He and his wife were arrested at Pittsburg and at first denied that the trunk was his, but when confronted with a picture of his wife found in the wreckage, gave in. He refused to explain why he was carrying dynamite and was locked up.

Miraculous Escape of Firemen.

CINCINNATI, Nov. 24.—The factory of the Sexton Manufacturing company, on Riddle street, was destroyed by fire. Loss, $100,000. The front wall of the seven-story structure fell in carrying down the floor and roof and burying seven firemen. All, however, were extricated without serious injury.

Judgments Against the Howell Company.

ATCHISON, Kan., Nov. 24.—Judgments for amounts aggregating $200,000 were rendered by the Atchison county district court in the cases against Howell, Jewett & Co., the lumber merchants who failed last summer. The firm is trying to settle for 35 cents on the dollar.

W. T. Roberts, convicted of murdering Henry Kappella, a friend of Roberts' wife, has been sentenced to be hanged at Canon City, Col., during the week of the 20th of December. The supreme court is now investigating the case on an appeal.

A delegation of Arapahoe Indians, headed by Chief Scabby Bull, is on its way to Washington for the purpose of demanding that the forthcoming installment of $200,000, due the tribe as part of the purchase money for land sold the government, be paid them in cash, instead of in blankets and supplies.

DESTRUCTIVE STORM.

A Wave of Devastation Swept Northward From Georgia.

NEW YORK, Nov. 24.—The storm which has been so remarkable in its varied characteristics, so disastrous in its effects and far reaching in the area of its sweep, will be recorded, especially in the log books of the telegraph and telephone companies, as at once having equaled if not exceeded the utter paralysis wrought by the great blizzard of 1888. In truth, this has been a storm king's carnival and, as the sequel may prove, in many instances, the carnival of death.

Already from numerous points come reports of damage, destruction and death, and when a cessation of the warring elements permits of a restoration of telegraphic communication with points at present inaccessible by the prostration of the wires, the extent to which the seemingly wild rumors will be borne out by actual facts is wholly conjecture.

Originating near southern Georgia or northern Florida this resistless wave of devastation swept northward and easterly, bearing down in its path the wires, snapping off like reeds trees and telegraph poles, toppling over chimneys, tearing off roofs and crushing like playhouses of cardboard apparently substantial buildings. Bounding over the Alleghenies it fell upon Baltimore, Richmond, Washington and Philadelphia in turn, scattering through highway and byway mementos of its tremendous power.

NOTES OF THE STORM.

Washington Suffers a Loss of $250,000, Two Persons Killed and Several Injured by the Gale.

WASHINGTON, Nov. 24.—The total loss in this city from the storm will aggregate $250,000. George White was the only person killed. Reports from Williamsport, Altoona, Harrisburg and other towns in Pennsylvania, and from Baltimore northward along the New Jersey coast show great damage. In Virginia the Goshen rolling mill at Staunton was carried away and the Clifton forge foundry demolished.

At Hanover, Pa., the Ketterer wagon works were demolished and many private houses damaged. Howard Cavanaugh was killed by a falling building, which also injured seven others. At Carlisle, Pa., a school house was shattered, but fortunately only two pupils were injured.

Passed Over Baltimore.

BALTIMORE, Nov. 24.—A disastrous storm passed over Baltimore at 1:15. It came up suddenly and it was over in a few minutes, but it left ruin and wreck in its wake. There have been no deaths reported, but several persons injured, some of whom may die.

At Cape May.

CAPE MAY, N. J., Nov. 24.—The heaviest blow of the fall occurred here. The lower deck of the ocean pier was washed away by the breakers. The surf is beating heavily against the beach at Cape May Point, and is cutting down the bluff.

GOVERNOR HOVEY DEAD.

Indiana's Executive Yields to an Attack of Pneumonia.

INDIANAPOLIS, Nov. 24.—General Alvin P. Hovey, governor of Indiana, died at 1:20 p. m. of pneumonia.

The remans were taken to the capitol this morning, and are now lying in state in the rotunda of the capitol. The body will be conveyed to the hall of representatives, where appropriate services will be held by the Grand Army posts of the city. The body will be taken to Mount Vernon tonight on a special train, and will be accompanied by Governor Chase and members of the staff of the deceased, committees of the Grand Army, and detachments from three companies of the state militia. At Mount Vernon the remains will lie in state during the morning and will be buried in the afternoon with Grand Army ceremonies.

By the death of Governor Hovey, Lieutenant Governor Chase of Danville becomes chief executive of Indiana.

HEADING OFF THE SMUGGLERS.

Minnesota and North Dakota Borders Will Be Watched Closely.

CHICAGO, Nov. 24.—Reports of extensive opium smuggling and the establishment of illicit distilleries along the North Dakota and Minnesota border, together with continued and numerous violations of the Chinese exclusion act, caused the treasury department to take more decided measures against these illegal practices. The department has decided on a change, and the headquarters of operations along the northwestern border is shifted from Chicago to St. Paul, and Special Agent J. J. Crowley, who has had much experience in this class of work, has been placed in charge of the territory covering Minnesota, the Dakotas, Montana and Idaho. Crowley will assume his new duties Dec. 1, next.

Belgium Buys Extensive Mining Lands.

WEST SUPERIOR, Wis., Nov. 24.—Pattison & Bishoff have sold to King Leopold of Belgium, as head of the Promotion society of Brussels, 4,000 acres of mining land on the Atikokan range just north of the international boundary. The society agrees to construct a railroad from Port Arthur to the mines and to get out each month a certain quantity of ore, on which they are to pay a royalty amounting to 10 per cent. of its value at the surface.

Died of His Wound.

OMAHA, Neb., Nov. 24.—Charles Crow, head of a private detective agency, died at Lincoln. He shot himself a week ago and fired at, but missed his wife. He accused her of trying to kill him, but when he found that he would not recover he confessed the truth. He was more notorious than distinguished as a detective.

A Fatal Spree.

SIOUX CITY, Ia., Nov. 24.—John C. Funk of Watertown, Dak., arrived here a week ago with his wife and three children and $900, en route for Blair, Neb., to go into business. He went on a spree, and was seized with a fit of delirium tremens from which he died.

NEBRASKA NOTES.

Depositors of the Broken Bow bank will be paid in full.

There are 80,000 acres of government land in Sioux county.

John Smith, a pioneer resident of Nemaha county, is dead.

A savings bank has been organized at Fremont with a capital of $100,000.

A York county farmer sold two tons of broom corn the other day at $65 per ton.

Rev. Mr. Woodman will be tried by his church at Palisade on the charge of lying.

North Bend prohibitionists have organized a club for campaign purposes next year.

Diphtheria, which has been raging in Culbertson for the last six or eight weeks, has been checked.

Public meetings have been prohibited at Edgar for two weeks owing to the prevalence of diphtheria.

The trial of the wife of Franklin Vesey and her cousin for Vesey's murder is in progress at Fullerton.

The Deerks grain elevator at Fremont, which has not been in operation for two years, will be reopened.

The farm residence of Mrs. Bena Conrad, near Fremont, was destroyed by fire. Nothing was saved. Loss, $1,500.

Several freight cars loaded with grain were burned at Wymore by a fire which started from a stove in the way car.

Edwin Hardy, the Omaha traveling man who was injured in the railroad wreck at Fairmont, is now in a critical condition.

It is now thought that Captain Hattie Smith of the Salvation army, who was shot in Omaha by Nettie Biedler, will recover.

Otto P. Sand, a Holdrege farmer, has been bound over in the sum of $1,000 on a charge of assault preferred by Mrs. Nellie Holmgren.

Sparks from a Union Pacific engine caused a fire at Columbus, which destroyed forty stacks of hay, a large barn and a valuable horse.

Frank Burt, Frand Johnson and Frank Hallow, arrested at Fremont on the charge of counterfeiting, were discharged, the evidence being insufficient.

A. A. Sherwood, who was recently shot and killed at Pasorables, Cal., by Judge John Kelshaw, formerly resided at Pender and left for the coast between two days.

A company has been organized with a capital of $50,000 for the purpose of starting a plow factory at Blair. It is expected to give employment to from 150 to 200 men.

James Carroll was found guilty at O'Neill of stealing a team and a load of corn from his employer, Jack McDonald of Atkinson. He was drunk when he committed the crime.

Rasmus Peterson, a Plattsmouth merchant, went to Omaha to purchase goods and has mysteriously disappeared. His brothers are searching for him and foul play is suspected.

A barn belonging to J. Runnels and Mr. Andrew of Milford was destroyed by fire, and a horse and colt perished in the flames. It is thought that the fire was of incendiary origin.

Councilman Moriarity and seventeen others of the alleged lynchers of the negro Smith, at Omaha, have been discharged, leaving only four held for trial, with bail fixed at $2,500 each.

A son of L. Halmeson was instantly killed at Newton Grove while assisting his father to lower an iron pump into a well. The tube fell, striking the boy on the head, mashing his body into a pulp.

Joe Powell of Syracuse tried to hang himself with a sheet because "his girl went back on him," but the knot failed to hold and Joe fell to the floor with such force as to bring him to his senses.

Peter Kleid, a workman in the Grand Island sugar factory, was injured by a large limestone falling a distance of twenty-five feet, which struck him on the side, breaking several ribs and causing other injuries which may prove fatal.

George Olmstead of Pawnee City, while working on a water tank at DuBois, was precipitated to the ground by a hoop breaking. In the fall his leg was broken, and the hoop fell on him and cut a deep gash in his hip. He will probably recover.

Fire destroyed the elevator at Hickman, together with the coal house adjoining, thirty-one tons of coal, about 1,500 bushels of grain and one coal car. The cause of the fire is not known. The extent of the damage is about $6,000, with insurance of $5,500.

Land on the Sioux Reservation, between the Niobrara and Missouri reservation west, was opened for entry last week. Many are filing at Niobrara before the clerk of the district court and county judge. One party of fifteen from Waconade, S. D., have settled in a body near Barker's ranch, ten miles from Niobrara. The weather is cold and the Missouri is filled with ice, so that crossing is impossible.

The lives of a number of Burlington freight officials were saved by a tramp, who halted a special composed of Manager Holdrege's private car and an engine, forty feet from a partially burned bridge over a deep canyon near Crawford. The bridge is 110 feet long and three bents had fallen. The tramp was given a purse, a hearty meal and a pass to St. Joseph, but was on board No. 42 in the wreck at Leahy's siding and was badly shaken up. The train was going forty miles an hour and was stopped so suddenly that the occupants were distributed over the car and badly bruised.

Two passenger trains on the Burlington and Missouri that usually meet at Seward were ordered to pass at Leahy. Engineer Maynard of the train that was to take the siding forgot his orders and crashed into the other train, demolishing both engines. The mail car of his train was telescoped by the baggage and the postal clerks had a miraculous escape from death. Two men in the baggage car were slightly injured. The passengers on both trains were badly shaken up, but escaped injury. The engineers and firemen of both trains jumped. Engineer Maynard started off through a cornfield and turned up in Seward at night. He claims the whole responsibility for the accident.

A census bulletin giving the population of Nebraska is out. In the introductory is this statement: "The population of Nebraska in 1880 was 452,402. As returned under the present census the population of the state is 1,058,910, an increase of 606,508 or 134.06 per cent. Since 1880 a number of counties have been organized from what was at that time unorganized territory, and in addition other changes have taken place in county lines. At the time of the enumerating certain territory, formerly part of Dakota, which had been annexed to the state, was still unorganized, but since, by act of the legislature, this became Boyd county."

COLD WEATHER BARGAINS.

In dry goods of every description. Bargains that you are certain to appreciate. Bargains that are given by no other house in the city

We stated last week in this paper why we are enabled to give you better values for less money than any other house in the city. Read this list over carefully, pick out what you want and send in your order.

DRESS GOODS.

1,000 yards all wool dress flannels in all colors, worth 39c at	$ 23
750 yards fancy stripes and plaid flannels, worth 60c	35
600 yards fancy Plaid Camels hair The latest, worth 75c at	49
800 yards Fancy Plaid Cheviots, in brown and grey, worth 65c at	37½
767 yards 40 inch English serge all colors, all wool, worth 55c at	42
876 yards French Henriettas, all colors, just in, worth 75c at	49

SHIRTING FANNELS!

5 pieces scarlet twilled flannels, good weight, worth 25c at	$ 16
