Boys on the Farm.

Boys, stay on the farm.
Who has noticed the almost universal
practice of 'quitting the farm'
without apprehensions of evil results?

Boys on the Farm.

There is the future you can sow
for after greatness and reap a bounteous crop.
You are needed on the farm to-day,
not for your physical worth, but because of your ambition.

Blessed Be the McKinley Tariff.

Farmers, how much have you saved
during the past year on binding twine,
sugar and eggs? The price of the articles
were all effected by the McKinley bill.

The Advantage of Free Coinage.

A standard argument with those
who oppose the free coinage of silver,
is that it would give the workingman
a dollar worth only 80 cents.

Pinching to Make It Grow.

At a recent meeting of the Rhode
Island weavers, a distinguished and
popular, conservative, economic writer
addressed the hard struggling work-

speaker rose the pinnacles of America's
millionaires at Newport where gigantic
fortunes are annually squandered with
lavish hands where Mr. McAllister and
his butterfly cohorts of wealthy govern-

THE DREAD OF GHOSTS.

Indian Ghosts, Supposed to Be Mischiv.

The dread of ghosts, so well known
to all uncivilized and semi-uncivilized
countries, is common in the aborigines
of India to an unusual degree.

The 'man-tiger' is, perhaps, the
most dreaded of all the Indian demon-
ghosts; for, when a tiger has killed a
man, the tiger itself is considered safe

reform.

The non-partisan plan of the Alliance
was originally proposed, but it takes
only half an eye to see that the man who

OBTAIN CHICAGO PRICES FOR YOUR

PRODUCE.

The way to do this is to ship your Butter, Poultry, Eggs, Veal,
Hay, Grain, Wool, Hides, Beans, Broom Corn, Green and
Dried Fruits, Vegetables, or anything you have to us. The fact that you
may have been selling these articles at home for years, is no reason that you
should continue to do so, if you can find a better market. We make a specialty
of receiving shipments direct from FARMERS AND PRODUCERS, and
probably have the largest trade in this way of any house in this market. Whilst
you are looking around for the cheapest market in which to buy your goods,
and thus economizing in that way, it will certainly pay you to give some attention
to the best and most profitable way of disposing of your produce. We invite cor-
respondence from INDIVIDUALS, ALLIANCES, CLUBS, and all organizations who de-
sire to ship their produce direct to this market. If requested, we will send you
free of charge our daily market report, shipping directions and such information
as will be of service to you. If you contemplate shipping. When so requested
proceeds for shipments will be deposited to the credit of the shipper with any
wholesale house in Chicago. Let us hear from you.

DO YOU USE GATES?

EUREKA TUBULAR GATE,

MANUFACTURED BY

EUREKA GATE COMPANY,

WATERLOO, IOWA.

The Best and Cheapest Gate Ever Placed on the Market.

The above cut shows the ordinary 10 foot gate. They are also made 12 and 14 feet

wide to admit blades, etc.

Practical tests made during the past four years has proved the Eureka superior to any

gate made. Notice the following points of superiority:

STRENGTH--The frame is made of wrought iron tube 1-1/2 inches in diameter, so braced

(see cut) as to give great strength and resisting qualities. It is the stiffest and strongest gate

in the world.

LIGHTNESS--The entire full sized gate completely only weighs fifty pounds, and swings

on its hinges at the slightest touch.

DURABILITY--Being all iron and steel, it is practically indestructible.

EASE OF SETTING UP--The eye bolts and nuts are all furnished complete, also the chafe,

hook and staples to fasten the gate. All the farmer has to do is place his gate posts the

proper distance apart, bore a half inch hole for the hinge bolts and screw up.

USEFULNESS--They are especially adapted for use with wire fences; catch no snow in

winter, are not affected by the wind, and being so light they can be readily placed where most

needed.

CLEANLINESS--There is no other gate possessing all the qualities that this one does that

can be sold for the same money.

THOUSANDS of these gates are in use in Iowa, and throughout the eastern states. Flat-

tering inducements received from

Farmers, Stockmen, Railroad Companies and All Others
