

KILLED BY HER HUSBAND.

Mother and Child Murdered by a Hannibal, Mo., Negro. VICTIM OF HIGHWAYMEN.

A Kansas Farmer Slugged and Robbed and His Body Placed on a Railroad Track—A Texas Tragedy—Shot by a Policeman.

HANNIBAL, Mo., Dec. 15.—Edward Brown, a colored teamster, found his wife, who was soon to become a mother, in a state of intoxication. A quarrel ensued, during which Brown drew a revolver and shot his wife through the abdomen. She gave birth to a child, which was born dead, and she died at midnight. The ball had passed through the head of the unborn infant. Brown has been held without bond.

Riddled with Bullets. RICHLAND, Tex., Dec. 15.—Dr. Allen, a young physician, was murdered here by Matthew Dunlevy, one of the wealthiest stock raisers of the state. The murderer stepped out of a barber shop and hailed the doctor. As Allen turned Dunlevy fired both barrels of a double barreled shotgun at him, and the doctor fell, riddled with shot. As he half rose in his death agony the murderer drew a revolver and shot his victim again through the neck. Dunlevy was arrested. He asserts that Allen made disparaging remarks about his daughter.

Shot by a Policeman. DES MOINES, Ia., Dec. 15.—Sim Dardon, a through character, was shot and seriously wounded by Policeman Skinner, who was attempting to arrest him and others in a notorious street in what is known as the "Water-chapel" district of the city. Dardon assaulted Skinner with a cutting pin and then started to run, but was halted by shots from the policeman's revolver. He will probably recover.

Victim of Highwaymen. ATCHISON, Kan., Dec. 15.—H. M. Johnson, a young farmer of Parnell, this county, was assaulted on his way to church by unknown persons and robbed. His assailants evidently thinking they had killed him placed him on the railroad track from whence he was rescued by a track walker five minutes before train time. Johnson is in a precarious condition.

Young Field Indicted. NEW YORK, Dec. 15.—The grand jury found an indictment against E. M. Field for misappropriating \$50,000 worth of bonds. Field was brought into court. He was very dejected.

ENGLAND IS ALL READY.

Sir Edwin Arnold Says War Would Find Britain Prepared. ST. LOUIS, Dec. 15.—Sir Edwin Arnold was interviewed on the fight between English troops and the hill men in India. He said: "The crisis is unusually alarming for the special reason that the blood of English officers has been spilled in this skirmish near Gilgit. To one familiar with Anglo-Indian history and spirit, the gravity of such a fact can hardly be explained. With the blood of English officers already spilt, war will follow any action save the most complete reparation and expiation. The British empire is prepared for war. It is so tremendously prepared that no man can estimate the vast extent of the preparations, both in money and in men. A better time for war, if war must come, could not be selected."

NEW CURE FOR DRUNKENNESS. A Cleveland Physician Who Will Give His Discovery Free to the World. CLEVELAND, Dec. 15.—Dr. Keeley has a rival in the person of Dr. Charles Steel, man, who has been treating cases of drunkenness in the city workhouses here for some weeks, and believes that he has as effective a cure for the drink habit as that of Dr. Keeley. Five typical hard drinkers in the workhouse have yielded to the treatment and now declare that they have no desire for liquor. Several have stood severe tests and shown no return of the appetite. Dr. Steel is very much encouraged at the results, and will continue his treatment of workhouse and other patients until he feels fully convinced of the value of his method, when he intends to make it public in order that all can avail themselves of it at the face cost of the ingredients.

"Blind Boss" Buckley Returns Home. MONTREAL, Dec. 15.—"Blind Boss" Buckley of San Francisco, who has been living here since Oct. 1, has returned home owing to the action of the supreme court in declaring the grand jury which indicted him illegally constituted.

Receiver Wanted. FREMONT, Neb., Dec. 15.—At a meeting of the directors of the Nebraska Mortgage and Investment company, held in this city, an application was made to the United States district court for the appointment of a receiver for that concern.

China and the World's Fair. NEW YORK, Dec. 15.—A Washington special says the Chinese government has officially notified the state department that China will take no part in the world's fair, owing to the discrimination against the citizens of that country.

Judge Kinne Resigns. DES MOINES, Dec. 15.—The governor received the resignation of Judge Kinne as judge of one of Iowa's judicial circuits. He was elected to the supreme bench at the last election. His successor will be appointed before the first of next year.

The Chess Contest. ST. LOUIS, Dec. 15.—The fifth game of the Judd-Shawalter championship chess contest ended in a draw after the sixty-fifth move. The score now stands: Judd, 2; Shawalter, 1; drawn, 2.

France and Germany's Schemes. WASHINGTON, Dec. 15.—It has leaked out that a quiet but determined effort will be made this winter by diplomatic representatives of Germany and France to secure the repeal of the bounty upon beet sugar, granted by the last congress. Both of these countries, which are large exporters of this product, producing each year more than sufficient to supply the needs of their people, have been seriously hurt by the prospect that within a few years the United States will produce from the beet an amount not only sufficient for domestic consumption, but sufficient to enter into competition with them in the markets of the world.

PETRIFIED BODY FOUND.

Mrs. Mary Reynolds' Remains Increased from 200 to 800 Pounds in Weight. MILLENSBURG, O., Dec. 15.—A curious find has been made near Nashville, eleven miles west of here, by the village undertaker. Some years ago there died a woman named Mrs. Mary Reynolds, who weighed about 300 pounds at the time of her death, and was buried in a secluded country burying-ground. Last spring her husband died and was buried beside her. The village undertaker was employed this week to take up both remains and remove them to the cemetery at Nashville. The body of Mrs. Reynolds was found to have been petrified and weighed nearly 800 pounds, so that it required the combined strength of a dozen men to load and unload it from a wagon. Several hundred visited the cemetery to see the remains, which appeared very natural to those who knew her in life.

THE ALTON BOYCOTT.

An Effort to Drop the Fight Falls to Pass at a Conference of Eastern Agents and Trunk Lines.

NEW YORK, Dec. 15.—The trunk lines committee and the general agents of the east bound freight committee of Chicago met in joint session here. F. C. Donald, vice chairman of the Central Traffic association presided. The following roads were represented: Grand Trunk, New York Central, West Shore, Walash, Pennsylvania, St. Louis, Kansas City and Chicago, and Erie. The meeting was called to consider the report of the special committee on the occasion of the Alton and the boycott of the street. A resolution was offered to the effect that the functions of the committee regarding the boycott should cease. The matter, however, did not come to vote, a resolution being substituted to continue the committee with power to employ clerical help. The substitute also failed to reach a vote. A great diversity of opinion on the matter was displayed, which will have to be bridged over before the meeting can proceed with its work. The sentiment of the meeting, it is afterwards said, was for a continuance of the non-payment of commissions. The differences arose over the question of how the western roads, which do not live up to the agreement, should be treated.

Before the end of 1892 the Puget sound country will have the benefit of the competition of four great transcontinental lines. It is expected that trains will be running into Kalespel by Jan. 10, and perhaps earlier.

Captured the Richmond Terminal Co. This report has been confirmed.

Fire and Lightning.

In the Lancaster County Co. the work goes steadily on we now have on file over \$110,000 and if each member will look around a little and report to the Sec'y when any of your neighbors wants some insurance we will have \$200,000 by May in the meantime remember that we have right here in our county a Co. to insure against.

Cyclones

Which will take effect when we have \$150,000 worth of property insured. This Co. necessarily covers a large territory and like a similar Co. in Iowa will without the slightest doubt be instrumental in saving many thousands of dollars for the farmers of the state. The cost in the Iowa Co. averaged 37 cent per annum for seven years, while in the Stock Co's. in this state if you insure like a similar Co. in Iowa (a mutual) it would cost you \$4.00 per year, or 100 per cent for five years. In other words the Iowa mutual Co. carried their insurance for seven years for the same price that a Stock Co. would charge in this state for one year. Therefore it is not time for us to be looking out for ourselves and put a Cyclone Co. on its feet, to stop the unnecessary drain from the farming fraternity of the state. We need one or more good men in each county in the state to go to work during the winter and write some insurance and help to stop one of the worst lines in the state from growing. We hope to see many men who are interested in mutual insurance at the State Alliance.

Please read this and hand to your neighbor and ask him to subscribe for the ALLIANCE as we will put all the insurance news in the column. I am in the office over the Alliance store at Cor. 11th & M on Saturday's.

J. Y. M. SWIGART Sec. of Neb. Mut. Cyclone Ins. Co.

FELL FROM THE ROOF.

Three Firemen Injured While Fighting the Flames—Eight Buildings Burned. ASHLAND, Pa., Dec. 15.—Fire broke out in a frame dwelling at Centralia, a mining town, one mile from here, and before it was extinguished it had destroyed eight buildings. When the alarm of fire was first given there was a large crowd in the opera house, where an entertainment was in progress, and the people rushed madly over each other for the doors. Fortunately no one was very badly injured. Two firemen while fighting the flames fell from the roof of a building, sustaining serious injuries. Another fireman was badly burned. The buildings were but partially insured. The loss is estimated at \$13,000.

CRUSADE AGAINST A RACE TRACK.

Chicago's City Council Has a Scheme to Stop the Garfield Course. CHICAGO, Dec. 15.—An important move was made in the crusade against the Garfield park track, the city council, with one dissenting voice, adopting the order directing the commissioner of public works to report the ordinance extending the Jackson boulevard and Huss avenue. This would bring the thoroughfare across at right angles through the racing course, rendering further jockeying or pool selling there impracticable. The action is the outcome of Sunday's meeting addressed by ex-Mayor Harrison, Rev. Dr. Withrow and others, who denounced the track as worse than a hell hole.
