Mrs. Bessie Embree, the wife of a student of the Wesleyan university at Lincoln, has become insane from overwork in trying to give her husband a ministerial education in the university.

James Dailey, an Omaha man who has been at Blair under treatment for the liquor habit, escaped from that city and was found in Lincoln in a sad state of intoxication. He will be returned to Blair.

Great preparations are being made at Fremont for the annual convention of the State Editorial association, which takes place Jan. 18 and 19. It is expected that about one hundred and fifty editors will be present.

A B. and M. freight train was wrecked near Culbertson, and the caboose, in which were thirty night laborers and the train crew, was thrown into the ditch. Although a number of men were hurt and bruised none were seriously injured.

A wholesale job of stealing was done in Todd Creek precinct, Johnson county, the other night, in which J. E. Simmons lost a team of horses, Dan Moranstein a set of double harness, S. Sams a pair of horse collars and D. C. Vanlandingham a lot of rings.

Alexandria citizens are agitating the question of erecting a roller mill on the banks of the Big Sandy, just one half mile south of town. The wealthy farmers are also taking a great interest in the enterprise. The mill is a sure thing and will be commenced some time in the spring.

Lancaster county has two clerks of the district court, each with a full complement of deputies, stenographers, etc. Messrs. Baker and White both claim to have been elected to the office and both have taken their oaths of office and filed their bonds. Baker holds the certificate of election.

Nick Fox, the Omaha man who killed his wife and then tried to end his own life, was assured until Saturday that his wife was all right, and the deception was found necessary to keep the man from self-destruction. A watch has to be kept over him constantly to keep him from killing himself.

The fast freight, westbound, struck a team and wagon driven by Clarence Cliffman, aged 14, near Overton. Cliffman was thrown about 30 feet, landing at the side of the track on his head. He was brought to Lexington by the trainmen. His injuries are serious but not necessarily fatal. One horse was killed and the wagon demolished.

Governor Thayer and Labor Commissioner Luden are actively at work in securing the proposed trainload of corn to be sent to the famine sufferers in Russia, and from dozens of points in the state responses are coming to the proclamation of the governor. Mr. Luden estimates that 200,000 pounds of breadstuffs will be donated by Nebraskans.

The Falls City canning factory has closed business for the year. The output for the season was as follows: Tomatoes, 72,000 cans; corn, 55,000 cans; peaches, 15,000 cans; pumpkins, 12,000 cans; beans, 22,000 cans; apples, 38,000 cans; total, 209,000. The company paid for wages, fruit and vegetables, \$10,000. Next year the factory will be worked up to its full capacity.

Burglars made an attempt to crack the safe in the county treasurer's office at Schuyler, but did not succeed in getting it open. The outside bolts, bars and combination timber were all wrenched and broken off. A hole was drilled in the door, but before reaching a sufficient depth the drill broke in the hole and made further attempt useless. Though the hole had been charged with powder, a quantity sufficient to open the door could not be used.

### CHILE WILL APOLOGIZE

Unqualified Expression of Regret for the Baltimore Affair.

### BRAZIL AND THE VATICAN

Remor that the Pope Will Excommunicate President Pileotto and His Cabinet—Separation of Church and State the Cause.

VALPARAISO, Jan. 5.—The Chilean government has cabled orders to Minister Pedro Montt at Washington, making a sincere apology to the United States for the unfortunate and deplorable attack upon the Baltimore sailors on Oct. 16 last. The apology is unqualified in its character. Other matters which have been in dispute between Chile and the United States are to be speedily considered by the new administration.

From semi-official sources it is learned that the reason why the Santiago police are kept in the vicinity of the American legation is that the intendente of the city is in constant receipt of letters containing threats to burn and sack the legation. The government desires to have the police near at hand so as to prevent the execution of any such threats. It is no secret here that many of those who cherish the idea of war between the United States and Chile are friends of the Baltimores.

Brazil and the Vatican. ROME, Jan. 5.—It is rumored that the relations between the Vatican and the Brazilian government are so strained that a rupture is imminent. The pope, it is said, has intimated that he will excommunicate President Pileotto, his cabinet and the members of the Brazilian congress unless measures are taken to renew the former relations between the church and state in Brazil. The Vatican has received numerous complaints from the Brazilian clergy of the disastrous effect upon church interests of the policy of separation adopted by the republic. It is said that many churches are without pastors, and the seminaries are being deserted, because the government refuses to continue contributions for the maintenance of the clergy and of chairs in the seminaries.

Heartless Conduct of a Ship's Captain. DUBLIN, Jan. 5.—A boat's crew of six men landed at Grenore at 2 o'clock a. m., after tossing on the waves of the Irish channel all Sunday night. They were from the steamship Eleanor. Sunday night a crazy passenger jumped overboard and the boat's crew was sent to pick him up. When they found him their ship had disappeared, and soon after the rescued man died. The sailors had a fearful night's experience, and when they reached shore were badly frosted and completely exhausted. Great indignation is expressed against the captain of the ship for deserting the boat's crew in the midst of storm and darkness.

An Unruly Prisoner. LONDON, Jan. 6.—Mr. Shaughnessy, the New York detective who is here looking after the cases of the American criminals, O'Brien and Ashforth, whose extradition will probably be completed within a fortnight, is sick bed with influenza. O'Brien is justifying his reputation for meanness by uttering threats that he will kill District Attorney Hamilton of Albany on sight at the first opportunity he has. Hamilton, who has sailed for home, was unflinching in pushing the proceedings against O'Brien and connected the case in a most masterly manner.

Antipyrene Proscribed. BERLIN, Jan. 5.—One of the most extensively used medicines in cases of influenza has been antipyrene. The physicians uttered repeated warnings of the dangers of unprofessional administration of this secret drug, but apparently without much effect. It is now announced by various doctors of unquestionable reputation that several deaths have occurred which their positive knowledge were due to the excessive use of antipyrene. It is strongly urged by some of the government physicians that the sale of the drug except upon a physician's prescription.

De Manpassant Mad. PARIS, Jan. 4.—Gny de Manpassant, the famous writer, is mad. He was at Cannes at the time his case grew desperate. But before leaving Paris for that city he had an outbreak of insanity. He imagined he was a duke and clamored for the baroness. He tried to murder a servant, who was making efforts to calm him. A fortnight after this attack of insanity he disappeared. Some time after he was found on the top of a mountain, quite insane.

Missing with Many English Marines. HALIFAX, N. S., Jan. 6.—No word has been received here yet of the arrival at Plymouth, England, of the troop ship Tyne, which sailed hence on Dec. 14, and is now nine days overdue. She had on board the old crews of the war ships Champion and Pheasant of the Pacific squadron, who were brought here by rail from Victoria, B. C., and numbered over 300 men, besides her own crew of 150.

Embezzler Arrested. BERLIN, Jan. 5.—Herr Muller, a pastor of Goldenstedt, Oldenburg, who recently absconded with about 60,000 marks after embezzling hundreds of thousands of marks belonging to confiding friends, relatives and clients, has been arrested at Bremen, to which city he had absconded in the disguise of a cattle dealer.

Aimed at British Trade. PARIS, Jan. 5.—The French will increase the duty on cotton goods admitted to the Gaboon region in Africa 45 per cent. ad valorem. The increase will take effect in February and is chiefly aimed at British trade in that quarter, which has heretofore been considerable.

Barial of General Meigs. WASHINGTON, Jan. 5.—The body of the late General Meigs was interred in Arlington cemetery with military honors.

### JUSTICE MILLER'S ESTATE.

The Washington Home Incumbered—The Kookuk Property Unproductive. KOOKUK, Ia., Jan. 5.—Many friends of the late Justice Miller at his old home have received copies of the appeal for aid for the widow sent out from St. Paul. It is understood that its circulation by mail is confined to the eight states which composed the circuit of the dead jurist. Persons here familiar with the widow's affairs say the death of her husband left her practically penniless. The home that the couple occupied in Washington is heavily incumbered, while the property of the estate in this city is nonproductive, consisting largely of unimproved real estate. The report has been extensively circulated that the real estate holdings of Judge Miller in this city were valuable, but men in the position to know say that it is not true, and that the rentals are not sufficient to keep up repairs and pay taxes on the unimproved portion.

THE RAILROADS. Eastbound Freight Shipments Materially Improved—Reduced Rates for the St. Louis Convention. CHICAGO, Jan. 5.—Eastbound shipments of freight from Chicago last week, exclusive of live stock, aggregated 134,676 tons. During the corresponding week last year shipments only footed up 77,337 tons, so that by comparison a marked improvement is shown over the business of a year ago. The grain shipments alone amounted to 75,908 tons. The movement of flour, grain and provisions from Chicago to the seaboard by the lines in the Central Traffic association reached a total of 93,714 tons against a total of 69,301 for the preceding week, a decrease of 9,227 tons, and against 46,750 for the corresponding week last year, an increase of 49,955 tons.

Reduced Rates for the Convention. ST. LOUIS, Jan. 6.—The Chicago and Alton railroad announces that it will make excursion rates of one fare for the round trip for the People's Party convention, which is to be held here Feb. 22. The time for which tickets will be good will be announced later. The convention will embrace delegates from the following organizations and it is expected that fully 10,000 people will be here to look after the work of the convention and the interests of the party: Farmers' Alliance and Industrial Union, Knights of Labor, Farmers' Alliance, Farmers' Mutual Benefit Association, Farmers of Industry, the Grangers, City Alliance, federal and trades unions and Colored Alliance.

Colored People Want Better Coaches. BIRMINGHAM, Ala., Jan. 5.—The railroad companies of the state have thus far failed to comply with the statute requiring them to provide first class coaches for colored passengers. In view of this fact the colored people are planning to hold a state convention next month to devise measures for compelling the railroad companies to carry out the provisions of the law.

The Georgia Central. SAVANNAH, Jan. 2.—The new members of the board of directors of the Georgia Central railroad elected were General Henry R. Jackson, George J. Miller and G. M. Sorrel of this city and J. C. Maben of New York. Sorrel is the general manager of the Ocean Steamship company.

Drowned While Crossing a Stream. SPRINGFIELD, Mo., Jan. 5.—A few days ago two young women registered at hotel here as May Morton and Mollie Farlow of Sedalia. They obtained a buggy and drove fifteen miles in the country to visit relatives. On returning the next day they attempted to cross Little Sac river and the stream was greatly swollen and they were drowned. Their bodies were not recovered until last Sunday. It is thought their real names are Olivia and Mollie Blue. They were buried in the same grave.

Verdict Against a Corporation. NEW YORK, Jan. 5.—Verdicts aggregating \$119,941.40 were given in the superior court against the Grand Rapids Hydraulic company in favor of Coffin & Swanwick, bankers of this city, and Woodbury & Monlon, bankers of Grand Rapids, Mich. The suits were brought on promissory notes given in a consolidation scheme of two water works companies of Grand Rapids.

May Delay the Cruisers. BETHLEHEM, Pa., Jan. 5.—Commodore Folger made an official visit to the Bethlehem Iron company's works. Owing to unsatisfactory test of the curved armor plate at Indian Head, Thursday last, work has been suspended on the remaining five plates to be used to form certain parts of the Monterey, now building at San Francisco. One plate weighs 40,000 pounds.

For Injuries in a Wreck. BETHLEHEM, Pa., Jan. 5.—In the suit of George Herstine against the Lehigh Valley railroad an order was entered directing that the plaintiff accept \$13,000 in lieu of the damages awarded him or the defendant be awarded a new trial. Herstine several years ago sustained injuries on a Lehigh passenger train, and upon bringing suit was awarded \$19,800 damages by a jury.

Stock Canceled. BALTIMORE, Jan. 5.—The governing committee of the Baltimore Stock exchange ordered the City Passengers stock to be stricken from the list. This action was taken because the company refused to acknowledge orders for the transfer of privileges to receive the new stock.

A New York Blaze. NEW YORK, Jan. 5.—Fire in the five-story building at the corner of Murray and Church streets caused a loss of \$22,000.

Death of Ex-Mayor Campbell. CARLISLE, Pa., Jan. 5.—John Campbell, formerly mayor of Carlisle, died here. Aged 65 years.

Arrived from Chile. SAN FRANCISCO, Jan. 5.—The United States cruiser Baltimore arrived from Chile.

### SHERMAN AND FORAKER.

The Ohio Senatorial Contest Closer Than Ever.

### SHERMAN MAKES A GAIN.

But Foraker's Friends are Still Hopeful. The Republican Caucus Called for this Evening—Seven Legislators Classed as Doubtful.

COLUMBUS, O., Jan. 5.—At last the date of the senatorial caucus has been set and at 8 o'clock Wednesday night in the hall of the house of representatives will be fought without gloves. Senator Ohi of the caucus committee and Mr. Dougherty of the house with President Harris of the senate and Speaker Laylin met and agreed upon this step. The Foraker men have made a desperate fight to put off the caucus as long as possible, preferring Thursday, but with good grace they take the decision. The contest remains about the same as since the legislative caucus, or if there may be any favor, Sherman has gained it. Senator Rawlins of Clark county, who has been classed as a doubtful Foraker man, has announced himself for Sherman. Foraker feels as confident as ever, saying that he has enough to win, but the desertion of Senator Spencer during the past few days should give him no cause to feel jubilant.

Doubtful Members. The members yet considered doubtful are Representatives Clapp, McCoy, Desinger, Lutz, Dunn and Pudney, and Senator Lamson is also yet claimed by the Foraker men. Most of these doubtful gentlemen are, indeed, claimed by both sides, and the fight is so close that there may be some embarrassing situations before the contest is reached. It is impossible that Messrs. Welch and Dicks, who announce that they will vote respectively for Governor-elect McKinley and Secretary Foster, may hold the key to the situation. While a deadlock is not probable, it is not by any means impossible that the contest may drift into a condition by which neither of the pronounced candidates can secure a majority of the caucus.

New York Assembly Organization. ALBANY, Jan. 5.—The Democrats of the assembly met in caucus. Galen B. Hitt of Albany, presiding. Dr. Robert P. Bush, of Chemung was nominated for speaker by a unanimous vote. The Democratic senators also held a caucus and nominated Jacob A. Carter for president pro tem. The Republican assembly caucus was held in the assembly parlor in the evening and was very brief. James W. Husted was selected for speaker.

Bynum in State Politics. INDIANAPOLIS, Jan. 5.—It is semi-officially stated that Congressman Bynum will soon be announced as a Democratic candidate for nomination for governor. It is known that Mr. Bynum is very much disappointed over the defeat of Mills for speaker and the appointment of committees which brought new men to the front, to his own disappointment. This is said to be the chief reason why he is now disposed to turn his attention to state politics.

New York's Senate. ALBANY, Jan. 5.—The senate met at 11 a. m. and organized by the election of the Democratic caucus nominees.

BOARD OF TRADE ELECTION. A Lively Contest at Chicago and a Heavy Vote Polled. CHICAGO, Jan. 5.—The annual election of officers of the board of trade was one of the most exciting of recent years. The vote polled was the highest ever reached on the board. The opposition ticket headed by Charles D. Hamill, polled 755 votes, and the regular ticket headed by Jeremiah G. Dickson, 551. The regular ticket was said to be in favor of the "close corporation policy," while the opposition was believed to be more liberal and likely to favor a free use of continuous quotations.

The Wolf Pest in New Mexico. PITTSBURG, Jan. 5.—Paul Hacke of this city, who has a kennel of wolf hounds at Greensburg, received a letter from a number of planters in a remote section of New Mexico asking him to send five of his wolf hounds to that territory. The letter states that during 1891 150,000 calves and cattle were killed by wolves, which entailed a loss of \$1,000,000. Every remedy which the planters have thus far tried has failed in the extermination of the pest, and the planters request Mr. Hacke to send a pack of his hounds to them in the hope that through them the loss of cattle and money will be lessened. Mr. Hacke ordered his keeper at Greensburg to put five of the hounds under training for the Mexican planters. Mr. Hacke is certain any one of his hounds can, singly and alone, tackle and kill the largest and most vicious wolf.

CANNON BALLS COLLIDE. Six Persons Killed and Many Injured in a Washburn Collision. JACKSONVILLE, Ills., Jan. 5.—Six persons were killed, two fatally and many badly hurt in a collision between east-bound and west-bound cannon ball trains on the Washburn road at Addington, Mo., a small station near Hannibal.

A Famous Scout Dead. NEWARK, Jan. 5.—Captain William F. Meeker, a famous scout on the Blackwater during the war of the Rebellion and a body guard of Butler in New York at the time of the draft riots and the attempt to burn the city by southern incendiaries, died on Saturday at the National Soldiers' home in Virginia, aged 64.

Half a Million for a Library. NEW HAVEN, Conn., Jan. 5.—The Chicago university has purchased through its president, Professor Harper, a library which, it is said, consists of 500,000 volumes. It is stated that the price is \$500,000.

### MORMONS RELEASED FROM CUSTODY.

Arrested for Violation of Election Laws. Decided They Could Not Be Held. Boise, Idaho, Jan. 5.—In the United States district court indictments against nearly one hundred Mormons accused of violating the election laws by registering and voting in 1888 were dismissed upon motion of United States District Attorney Woods. The indictments involved the construction of the Idaho test-oath law, which provides that so long as the church of Jesus Christ of Latter Day Saints recognized and encouraged polygamy no Mormon should be entitled to the right of suffrage. Woods claims it would be impossible for the United States government to prove that previous to 1888 Mormons had not at the meeting of state presidents and apostles urged further practice and teaching of polygamy not only in Idaho, but throughout the jurisdiction of the church.

THE BORDER TROUBLES. News From Fort Ringgold Again Coming by Wire—The Garza Bands Scattering. SAN ANTONIO, Tex., Jan. 5.—The official reports received at military headquarters here concerning the movement of the United States troops in the border section, where the Garza revolutionists have their stronghold and are committing depredations, were very encouraging to General Stanley. The vexatious delay caused by the telegraph wires between Fort Ringgold and this city being cut is now over and frequent telegrams are received at the department headquarters concerning the progress of the work of putting down the uprising. The following dispatch was received by Colonel J. P. Martin, assistant adjutant general, from Captain William B. Wheeler, of the Eighteenth infantry, who is now in command at Fort Ringgold:

A courier is just in from First Lieutenant Wm. Bench of the Third cavalry who is at Pleno ranch. He passed Captain Francis E. Hardie at Saleno. All information from that direction and from scouting parties in the vicinity of this post indicate the breaking up and scattering of the bands of revolutionists that had begun to form into Garza's larger forces.

Troop D, Third cavalry, under command of Captain George P. Chase, left Fort McIntosh for the supposed rendezvous of the principal forces of Garza at Pulito Blanco in Duval county. They are supplied with rations and expect to spend several weeks in the field. Captain George K. Hunter in command of troop K also left Fort McIntosh for Los Angeles, a Mexican village about one hundred and twenty miles from Laredo. There are said to be a number of bands of revolutionists in that section and he has been ordered to disperse and capture as many of them as possible.

Funds Furnished by the Clerical Party. LAREDO, Tex., Jan. 5.—It is declared that documents captured on the person of one of Garza's men show beyond a doubt that the revolutionists are being supplied with funds by the Clerical party in Mexico, and that Bishop Montes de Oca of Monterey is the disburser agent. The Humboldt family is believed to be in the plot. It is known that Prince Ithurbide is an avowed candidate for the presidency against Diaz.

TELEGRAPHIC BRIEFS. The express messengers on the Illinois Central road are on a strike. The New York failed firm of Henrik, Titus & Co., is found to have \$3,000 assets and \$200,000 debts. The Mexican states of Choeapas and Puebla are ripe for revolution, if reports from there are to be credited. Fire at Durango, Colo., destroyed several business houses and dwellings. Loss, \$68,000; insurance, \$57,000. A railroad wreck at Rockbottom, Pa., caused the death of two men and the serious injury of many others. May Martin and Mollie Parlin, two young women of Sedalia, Mo., were drowned in the Little Sac river. The San Antonio and Aransas Pass railroad company has succeeded in getting but one train over its line since the strike was inaugurated. Representatives of France and Sweden in Paris came to a complete arrangement in regard to the new commercial relations between the two countries. The work of collecting contributions of flour for the Russian sufferers goes on. One million seven hundred thousand pounds have been collected up to date. A mob at Eastbourne, England, attacked a party of Salvation Army people, and despite the efforts of the police, inflicted severe injuries on the men and women of the army. Edward W. Magill, assignee of John Burdette, has caused suit in the common pleas court at Philadelphia against the suspended Keystone National bank to recover \$100,000.
