THE COMING CLIMAX

IN THE Destinies of America.

Somehow or other there is something about a candidate that inevitably suggests signs to every man he meets. Somerville Journal. A gentleman of Canajoharie, N. THE COMING CLIMAX

IN THE Destinies of America.

By LESTER C. HUBBARD. 480 pages of new facts and generalizations in American politics. Radical yet constructive. An abundant supply of new ammunition for the great reform movement. Hon. JONATHAN DONNELLY, the author of "Cass's Column," writes: "I am under many obligations to you for your kindness in sending me an advance copy of 'The Coming Climax,' by Lester C. Hubbard. I have read about three-fourths of it with profound interest and stop, for a moment to say that it is an exceedingly able and valuable book, and should be in the hand of every voter in the United States. It preaches a mighty sermon, and, very appropriately, a European that ever made our institutions, by study, I refer to the following extract from Alexis de Tocqueville's Democracy in America. 'Can it be believed that the Democracy, which has overturned the feudal system and vanquished kings, will retreat before tradesmen and capitalists?' This is a pregnant question. Mr. Hubbard shows very plainly the course which the Plutocracy will adopt when beaten, as they will be, at the ballot box. Forciveness is forgotten. Every one should read this valuable work. Very respectfully yours, JONATHAN DONNELLY. Gen. H. B. paper, 50c. Agents wanted. CHARLES H. KERR & CO., Publishers, 175 Dearborn St., Chicago.

A POOR MEMORY.

Radder—'What's the matter with you this morning, old chap? I never saw you in such a brown study. Anything troubling you?' Adder—'I should say there was. I brought matters to a climax last evening with Miss Boubon—actually proposed to her—and, failing to make note of her answer at the time, I'm blamed if I can remember now, whether she accepted me or not.'—Boston Courier.
