NEBRASKA NOTES.

Herman wants a Methodist paragon. A new race track is to be built at Min den. Seventy five horses are being trained on the Syracuse track.

County division will be discussed by a delegate convention to be held at Broken Bow, May 16. James Kiddie died at Friend at the age of 95 years.

There are twenty-seven Sunday schools in Dawson county, 105 teachers and officers and 1,560 scholars. Tramps burglarized a tailor shop at Fairbury and secured several suits of clothes and some money.

S. E. Kennedy, a clerk at the Omaha National bank, has been found short in his accounts and has been dismissed. Captain H. H. Rosengrant, of Madrid, a prominent Grand Army man, died last week and was buried with military honors.

General C. H. Van Wyck is announced to discuss the issues of the day from an independent standpoint at Wisner, on May 14. The O'Neill land office has been allowed another clerk by the department at Washington, and George D. Riggs has been selected for the place.

Nebraska lumber merchants say there is more building going on within the circles of the business than any spring before in the history of the country. The Commercial hotel at Stanton burned. Very little furniture was saved.

The loss is about \$5,000, on insurance on buildings, \$2,000, and on stock, \$1,200. The origin of the fire is unknown. Snow has fallen at Rushville to a depth of sixteen inches. It will be severe on cattle in the sand hills and will retard farm work.

About three-fourths of the small grain is in and the first sown is up and looks fine. Mrs. Ball, mother of D. D. Ball, and Mrs. J. H. Walker, died at Juniata. She was past 95 years of age and the oldest person in the county.

Agent Helm paid the Ponca Indians \$4.75 per head, being the semi-annual reservation for the sale of the old Ponca reservation. They will receive, along with the Santees, \$1 per head in a few weeks at their first payment in the sale of the Sioux reservation.

Peru post, Grand Army of the Republic, will commemorate Memorial Day by appropriate exercises to be held in Normal hall. They will be assisted by the Normal and Peru bands and the Normal Cadet company. Patrick O. Hayes of Omaha will be the orator of the day.

Sammie Edgerton is the name of a 12-year-old Tekamah terror who has just been brought to grief. Sammie formed the habit of carrying a revolver, and when he wanted to scare anybody he usually "pulled his gun." He tried it the other day on the wrong boy, and was arrested, tried and sentenced to the Kearney reform school.

The bondsmen of the Blue Springs water works contractors, Shepard and Hudson, have notified the city council that they will take charge of and complete the works under the contract. One of the contractors, H. M. Shepard, is dead and the bondsmen are tired of the long drawn out failure to finish the work.

Marshall Spodgove, a boy 14 years of age, while plowing near Lexington, had his team run away, breaking loose from the plow, and as he had the lines around his body he was dragged to death. The team ran until tired and stopped a mile from the field, and the boy was found with the lines still around his body.

Lambert and Ioula, the two men who are accused of stealing several head of horses at Chadron some time ago, have been overtaken in Kansas City by Deputy Sheriff Phillips. Sheriff J. C. Dahlman and his deputies have been on their trail ever since they started, trailing them overland until they were finally captured.

Governor Boyd has commuted the sentence of John N. Campion of Omaha, who was sent to the penitentiary over a year ago to serve three years for embezzling funds from the Consolidated Tank Line company. The governor commuted the sentence to a year and three months, and Campion will be released May 27.

While out driving E. R. Polley of Waneta barely escaped a fatal accident. One of the lines breaking, the team, a team of half broken colts, became unmanageable and ran headlong into a deep canyon, jumping over a steep bank ten feet high.

One horse escaped unhurt, while the other is injured so badly as to be almost worthless. Mr. Polley succeeded in jumping from the buggy at the start. The buggy turned a complete somersault as the horses went down.

THREE THOUSAND HOMELESS. Six Hundred Families Driven from Their Residences at Lincoln. LINCOLN, Neb., May 10.—In that portion of the city which is known as the bottoms, where 3,000 people dwell, it is estimated that 800 families have been driven from their homes and are sheltered in the park at the First and K street school buildings.

The University Methodist church has many people quartered there. Many, however, are bound to suffer terribly from exposure. Just before noon three residents of the bottoms appealed to the city authorities for aid in removing the property to places of safety. The patrol wagon, the street commissioner and Health Officer Bartam worked manfully and all the people were safely removed.

In the afternoon the water rose more rapidly and the city is now surrounded on the north by a sea that is lashed to a foam by a stiff northwest breeze. A street and O street bridges are liable to go out as the water rises higher. The bridge across the Antelope at Twenty-fourth and Randolph streets went out. The Lincoln park and other small dams in the vicinity of the city have been swept away. The wagon bridges that spanned them were also washed out.

The chief sufferers will be the railroads. The Missouri Pacific track to the packing house is badly wrecked and no trains have run that way since forenoon. The Burlington and Missouri tracks in the switch yard are above water, but a few hours more of rising water at the present rate will submerge them.

The Lincoln tannery, the bottling works and Henry Coatsworth's lumber yards are all under water. The Herring-Hall-Martin Safe company, a combination of the leading safe manufacturers of the country, has been incorporated under the laws of New Jersey, with a capital stock of \$3,000,000.

All but three of the Sioux chiefs captured during the last outbreak have been sent from Fort Sheridan to their homes. The three who remain are Kicking Bear, Short Bull and Bring the White.

The local committee having in charge the building of a Democratic wigwam at Chicago, will receive only 2,000 tickets of admission. The national committee will defray the expense of enlarging the building.

One of the most extensive Loan Exhibitions our western country has ever seen will be opened in the new building of the Young Men's Christian Association of Lincoln, Friday, May 20th, and will continue to and including Wednesday, June 1st.

Several thousand rare and valuable, as well as interesting articles, will be exhibited, arranged under the following departments: Art, Education, Colonial, Educational, Historical, Grand Army, German, Oriental, and Swedish.

An entertainment will be given in the concert hall each evening except Thursday. Nearly four hundred of the representative ladies of Lincoln have charge of the Exhibition.

The object of which is to raise money for furnishing the Association building. A fee of twenty-five cents will be charged which will give admission to everything except the entertainments.

These will be ten cents extra. A rate of one fare and one-third for the round trip upon the certificate plan has been secured from the railroads.

Tickets will be good from May 17 to June 4 from any point in Nebraska within one hundred miles of Lincoln. This is a rare chance for our readers to visit Lincoln and see the beautiful Association building and Loan Exhibition for a small sum.

For further information address G. W. PARKS, Lincoln. Congressional Convention. Fourth District.

The Congressional Convention of the People's Independent Party for the Fourth Congressional District of Nebraska, is called to meet, in K. of L. Hall, in the City of Lincoln, June 20, at 10 o'clock, p. m.

It is the duty of the delegates to select a candidate for representative in congress, will meet in the court room in Lincoln, on Thursday, August 11th, 1892, at 2 o'clock p. m.

It is left optional with the electors of each county, whether they send the same delegates to both conventions, or elect separate delegates for each convention; and by suggestion of the delegates, the delegates to the convention that meets in Lincoln, may be the delegates to the state convention; so do the delegates to the state convention, and the basis of apportionment is the same as that used for the state elections.

It is recommended that no proxies be allowed. Headquarters of the committee in Lincoln, at the Chamberlain, Chairman, J. R. DODDS, Secretary, Beatrice.

Sixth Congressional Convention. To be Independent voters of the Sixth Congressional District of Nebraska: A meeting of the Congressional Committee, of the Sixth Congressional District, held at Haverda, March 10, 1892, it was decided to elect four delegates from each county of the Sixth District to the State Convention, to be held at Lincoln, June 20, 1892, to elect a delegate to the National Convention, which meets at Omaha, July 4, 1892.

It was further decided to call a Congressional Convention of the Sixth District, to meet at Kearney, August 3rd, 1892, at 10:30 a. m. for the purpose of nominating a candidate for congress, selecting a Congressional Committee, and attending to such other business as may properly come before the convention.

In conformity with the above, a Congressional Convention is hereby called to meet at Kearney, Nebraska, August 3, 1892, at 10:30 a. m. The basis of representation shall be one vote for every one hundred votes, or major fraction thereof, cast for J. W. Edgerton, for Supreme Judge in 1891.

We recommend that delegates to this convention be elected by the county convention when they meet to elect delegates to the State Convention to be held at Kearney, August 3, 1892.

The number of delegates from each county will be the same as the number in the state convention which meets at Kearney on the same date. J. H. EDGERTON, Chairman, J. J. STINX, Sec.

Some Foolish People. Allow a cough to run until it gets beyond the reach of medicine. They often say, "Oh, it will wear away," but in most cases it wears them away.

Successful medicine called Kemp's Balsam which is sold on a positive guarantee to cure, they will immediately feel the excellent effect after taking the first dose. Price 50c and \$1. Trial size free. At all druggists.

TAYLOR'S HARROW ATTACHMENT FOR PLOWS is light draft, can be attached to any mule or horse, does not effect proper working of the plow, breaks up the solid chunks of ground before it gets dry and baked in the sun and wind, and saves the time and labor of going over the ground with a harrow.

It will save the price of steel in a short time. Have parties desire to buy one of these attachments for their own use, and there is no agent in that locality, I will fill orders from the factory at \$5.00 each.

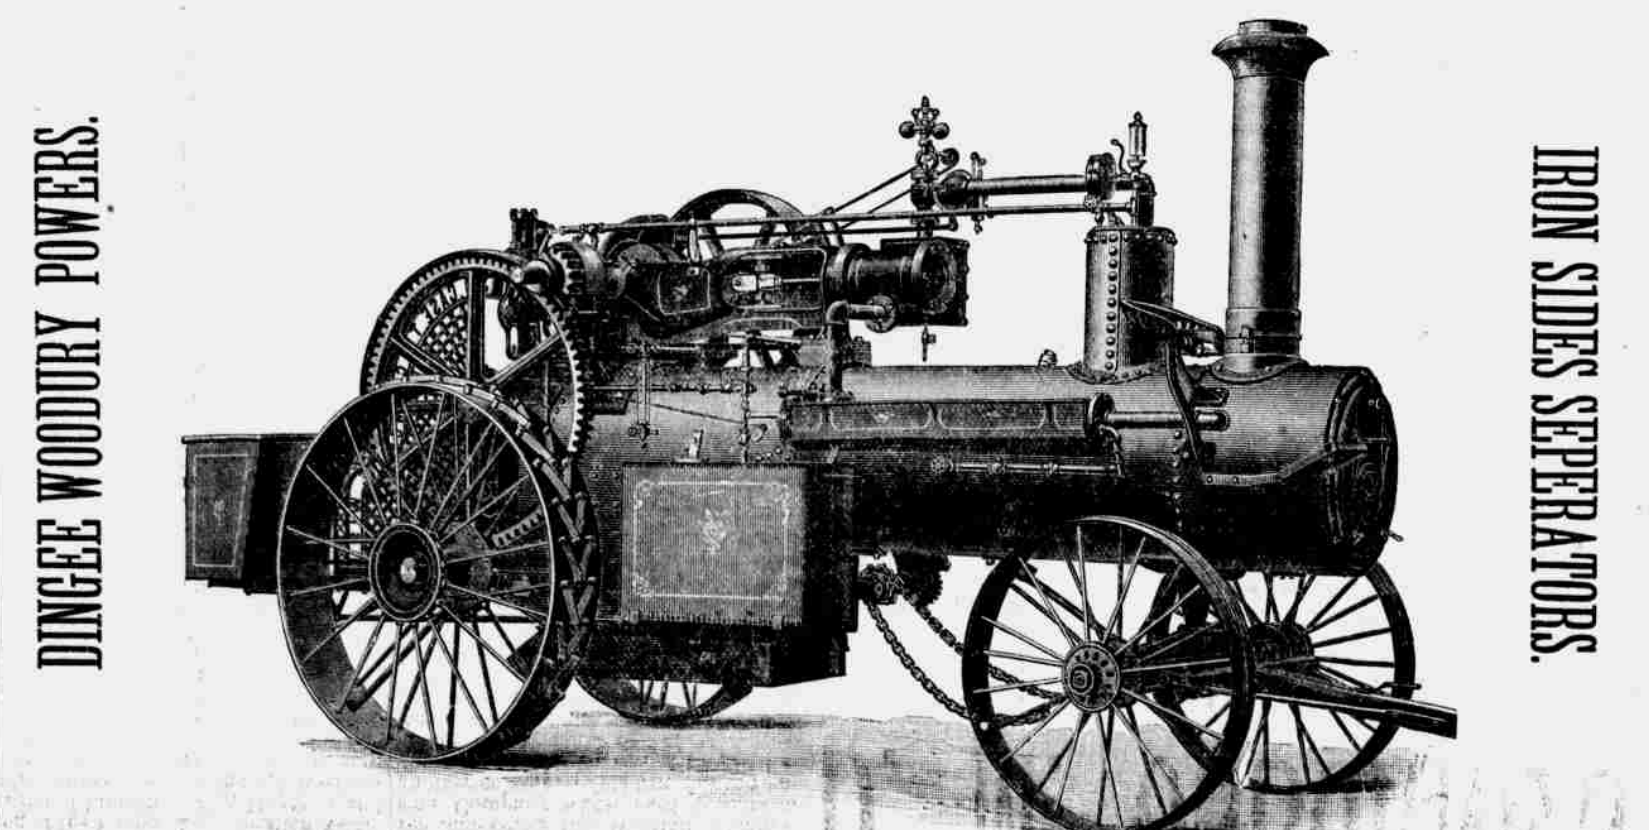

SPECIAL OFFER.—In order to introduce these attachments in all parts of the country this season, I have decided to make the following special offer to parties who would like to secure the exclusive agency for them in their neighborhood.

The first man in each township who will send me an order for two of the TAYLOR HARROW ATTACHMENTS and the price of one (\$5.00 each), will give him the exclusive right to manufacture and sell all that he can in his own township from now until January 1, 1893; or if he will order four attachments and forward the rest at price \$5.00 each, with the order, I will give him an exclusive right until January 1, 1894.

To parties who would rather not manufacture the attachments themselves, I will agree to furnish them all that they can sell within the time for which they secure the exclusive agency at cost.

Every enterprising man who takes advantage of this Special Offer should be able to sell an average of 5 or more attachments to each section of land, which would yield a splendid profit. In case the territory asked for should be already secured, your order will be given the next best territory in that locality. Two or three adjoining sections of land can be secured on the same terms if taken before they are secured by some other person. Address all orders to MENTION THIS PAPER WHEN YOU WRITE C. H. TAYLOR, Manufacturer, 3042 S Street, Lincoln, Nebraska.

D. M. OSBORNE'S Steel Harvesters and Mowers.

When D. M. Osborne built the first all steel Harvester and Binder in 1885 it marked a new departure that left all our competitors far in the rear.

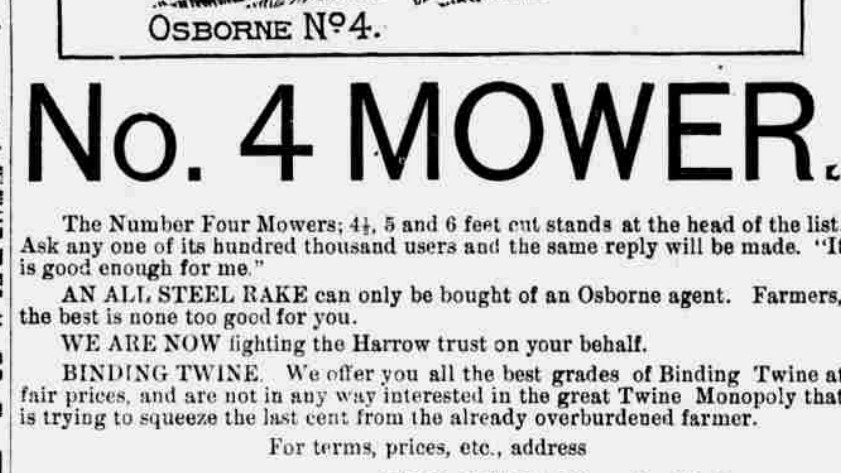

The New Osborne placed upon the market this year is also a long stride in advance that places us at the head and proclaims us the leaders in all that pertains to cutting and binding grain.

THE NEW OSBORNE IS THE Lightest Strongest and Simplest Machine Made.

WHY? BECAUSE its frame is all made of angle steel and put together with steel bolts. No round or square iron pipe about it. BECAUSE it has the steepest deck, thus insuring a quick delivery to the packers, and avoiding all trouble from packing and choking.

BECAUSE it has the widest drive wheel, being over 10 inches on the face, thus avoiding all danger of sliding in dry or sinking in wet weather. BECAUSE you don't have to elevate the grain so high. BECAUSE all its parts are steel and malleable iron, thus insuring four times the strength at half the weight of cast iron.

No. 4 MOWER.

The Number Four Mowers, 4, 5 and 6 feet cut stands at the head of the list. Ask any one of its hundred thousand users and the same reply will be made. "It is good enough for me."

AN ALL-STEEL RAKE can only be bought of an Osborne agent. Farmers, the best is none too good for you. WE ARE NOW lighting the Harrow trust on your behalf.

BINDING TWINE. We offer you all the best grades of Binding Twine at fair prices, and are not in any way interested in the great Twine Monopoly that is trying to squeeze the last cent from the already overburdened farmer.

For terms, prices, etc., address GEO. YULE, Lincoln, Neb. T. J. ROSS, Omaha, Neb. D. M. OSBORNE CO., Chicago, Illinois

REFORMERS WILL CONFER.

Efforts to Be Made to Unite the Prohibition and People's Parties. CHICAGO, May 10.—Chairman G. M. Miller, of the executive committee of the National Reformers, issued a call for an informal conference to be held at the Palace hotel, Cincinnati, June 28, for the purpose of effecting, if possible, a union of the Prohibition and People's parties, or at least concerted action in the coming campaign.

The call states that prominent leaders in both parties named have promised to be present. Mexico Is Not Paying. EL PASO, Tex., May 10.—The international boundary survey between Mexico and the United States is at

Alabama Mirror: The country is tired of strikes, and the cause of strikes must be removed. Equal and exact justice to all must take the place of class legislation. The miner and manufacturer, the farm laborer and prince, must all be placed upon the same footing.

Equal rights to all and special privileges to none." It is the platform upon which all must stand. It must be the keynote of the present campaign, and its sound must be heard in the legislative halls of every trades union and industrial and labor organization in the land. It must be made the final strike of the present century—the universal strike of the wealth producers for a share in the profits of their labor.
