

TOM CARTER.

The farmers of Burt county, Nebraska, have been refreshing their memories concerning one Tom Carter, formerly a swindling book agent, but now chairman of the republican national committee. Some ten years or more ago Mr. Carter dropped down into Burt county, and created a regular craze over a book called "Foot Prints of Time" which he was selling. As general agent, he sold territory in all parts of the United States, to ambitious would-be agents taking farms, or goods and chattels of any description in return. He was then a democrat. Since then he has changed his politics, but his business is substantially the same, i. e., gulling and robbing the people.

The republicans doubtless are very much ashamed of their chairman, but then they had to have somebody you know, and no one else would undertake the job. So Tom Carter, the swindling book agent, must be swallowed.

The people's party people of Tennessee are wonderfully active and enthusiastic. They talk confidently about electing a lot of men to office, a governor among them perhaps.

One of the best songs we have for campaign purposes is "The Alarm Beat." It is the trumpet call to action, and will arouse intense enthusiasm. See price in our advertisement of campaign music in this issue.

We mean exactly what we say, when we propose to have 50,000 subscribers to this paper. Will you help us get them?

FOR SALE:—A fine Holstein bull calf, 1952 G street

The people's party representatives in congress must not be surprised to find large sums of money being used to prevent their re-election. The lords of Wall street cannot afford to have these brave, untrammelled men returned to congress. They are troublesome to the capitalists of America and Europe and must be defeated, if money can bring defeat. Will the people be bought with a price? Not many of them. The rank and file cannot be touched. Here and there a "leader" will succumb to the temptation. But the common people cannot be bought. Most of them have little wealth but they have honesty and honor which the gold of Wall street cannot touch. They are needy but they are not for sale. Herein lies the hope of the people's party.
