

INSURANCE DEPARTMENT.

J. Y. M. SWIGART, Secretary of the Nebraska Mutual Cyclone, Tornado and Wind Storm Insurance Company, EDITOR. All communications on Fire, Cyclone or Hail Insurance should be addressed to him at Lincoln, Nebraska.

Every prudent person has his property insured even if it does cost the stock company rates, but since we had an independent legislature we have a law by which we can organize and incorporate farm mutual companies.

It is better to be safe than sorry, and in a purely mutual company the cost is so little that every one can be safe without feeling the cost.

Long exemption from a loss is no assurance that you will not be the loser to-morrow or next week.

The wisest men of our county are insured against all the elements of destruction because it is the best policy. You owe yourself and your family a duty in this line as much as you do to pay your taxes to save your homes, because should you have a loss by fire or lightning or tornado it might start you down hill at such a rate that you could not even pay your taxes, and eventually lose your home and everything else.

The destruction of property by wind storms has been increasing annually ever since the Mississippi and Missouri valleys have been settled, the increase is owing to the increase in the number of buildings in this wind stricken territory. And for any man to say that he is in a community which a cyclone never hit is not saying that it never will be. The hill top or the deep valley is equally liable, hence the necessity of insuring and the company in which you should insure should be considered.

The Nebraska Mutual Cyclone offers you the following inducement:

First. Our fees are small and yet all that is necessary. Our company is not organized for the purpose of making money, and no one except the secretary and agents get anything for their work so far, the agents fee is one dollar for each application, and any one who has ever done any canvassing will know that he will not get rich very fast at that rate.

The secretary's fee is fifty cents with each application. So far our total fees amount to \$107.00 for our total number of policies is 214.

Our object in telling this at this time is to prove to you that our company is not a money making scheme, and if any mutual company refuses to do the same you may do well to avoid giving it your insurance, because any mutual company should throw its books open to the members and show that it is working in the interest of its members and not in the interest of its agents and officers.

We now have over \$230,000 worth of property insured in thirty-eight counties and would like an agent in every neighborhood in the state to represent us.

Our fees are, membership \$1. Survey \$1.00, and ten cents per hundred dollars insurance, i. e. \$3.00 for the first \$1,000.00 and \$4.00 for the second \$1,000.00.

With the above fees our company has met the expense incident to organization and at this time has over \$130.00 in the treasury.

We do not insure against fire and lightning.

We invite correspondents from all who are interested in insurance subjects, please look in this department if you do not get a personal letter.

Before this article is in print the editor hereof will be in the western part of the state for the purpose of adjusting hail losses. All who are interested should watch their mail as I will give notice about the time I will be with you.

In writing to us on any insurance matter please write in the name of the editor, because there is another mutual company here and we want to avoid confusion of our mail.

A Rousing Meeting in Groely County.
SCOTIA, Neb., Sept. 18, 1892.

EDITOR ALLIANCE-INDEPENDENT:

An enthusiastic crowd gathered at the rink Thursday evening to listen to the words of wisdom and truth from John M. Devine and J. M. Easterling. Mr. Devine received close attention for two hours. He made many converts and strengthened the few weak ones. Mr. Easterling made a good showing and many republicans have said they will vote for him. Mr. Stone of Ord spoke here last evening for the republicans, he waved the "bloody shirt" at the democrats and attempted to refute Mr. Devine's facts on finance, but got badly tangled up. When asked why the exception clause was placed on the treasury notes, he said it was to strengthen the credit of the government and the cause of the depreciation of the notes was the battle of Bull Run. The independents of Scotia are full of vim and are all working hard for the success of the entire ticket.
