**Mr. George Howard Gibson, Formerly Editor of this Paper Volunteers Testimony Which will Interest its Readers.**

The readers of this paper who suffer from catarrh and throat troubles will be specially interested in the testimony of its former editor, the author of "Songs of the People." It is given below:

LINCOLN, NEB., Sept. 27, 1892.

DR. R. L. MOORE & Co.,

Lincoln, Neb.

GENTLEMEN:—It gives me pleasure to add my testimony to the hundreds who have been, in the last year, satisfactorily and successfully treated by you for chronic affections of the throat and nasal passages. Before going to you in June last I was for two months or more under treatment for catarrhal laryngitis and pharyngitis, my physician being one of the best regular practitioners in the city. He employed the usual remedies for throat and nasal inflammations, but the disease had become so firmly entrenched, having been thirty years at work, that no advantage could be gained over it. At last becoming satisfied that a thoroughly equipped scientific specialist, having the best instruments and remedies, could alone cope with the disease, my physician, who was also my friend, advised me to go to you and accompanying me to your office gave me a personal introduction to Dr. Moore. My treatment began immediately and the disease soon began to yield ground. I am now able to say from personal experience that catarrh can be cured. And I unhesitatingly commend Dr. Moore & Co. to all catarrhal sufferers.

There are specialists and specialists. I shared with intelligent people the common fear of being imposed upon by charlatans who always freely advertise. But this reasonable doubt was destroyed before going to you by the assurance of my trusted medical adviser that you were first, regular physicians, graduates of the best medical schools, and that you had taken in addition special courses to thoroughly fit you for the successful treatment of eye, ear and throat diseases.

Yours very truly,

GEO. HOWARD GIBSON.

Neglecting a case of catarrh may cost you your life, or the loss of sight, hearing or smelling. We cure catarrh. We cure all forms of catarrhal diseases, such as loss of hearing, weak and sore eyes, granulated lids, chronic sore throat, ringing and noise in the ears, enlarged tonsils, hay fever and asthma. Our treatment is the best known to the scientific world, skillfully and methodically applied. We cure where other specialists fail, because we devote our whole attention to this class of diseases and apply the treatment personally. Remember that a little cheap powder blown into the nostrils will not cure catarrh.

Hours, 9 to 12, 2 to 5 and 7 to 8, Sunday 3 to 5 p. m. Office over First National Bank, O and 10th Sts. Correspondence solicited.

**The Arena for October.**

The contributions to the October Arena are varied, interesting and able. In this issue Hon. Thomas E. Watson, who created such a furor in the house of representatives by his charge of drunkenness among congressmen, appears in a thoughtful paper on the "Negro Question in the South." He does not believe in federal interference, but shows that the only solution of the problem is a division of the vote between white and black. Congressman Brosius discusses in a thoughtful manner the plan of limiting the number of the house of representatives. Rev. Thomas P. Hughes, D.D., answers Ibn Ishak in a masterly contribution entitled, "Has Islam a Future?" Under the title, "The True Character of Christopher Columbus," Mr. A. P. Dunlop gives a severe arraignment of Columbus, quoting numerous authorities. This paper is refreshing after the flood of extravagant eulogiums which has recently surfeited even hero worshippers. One of the most notable features of this issue is the closing of the Symposium on Woman's Dress, prepared under the auspices of the National Council of Women of America. The papers in this issue are by Lady Harberton, of England, Octavia W. Bates, Ph. D., Grace Greenwood and Mrs. E. M. King. The editor also supplements this symposium with a striking editorial entitled, "The Next Step Forward for Women." This paper is illustrated. Among other leading features of this issue should be mentioned the superbly illustrated sketch of Edward Hugh Sothorn, the brilliant young American actor, the continuation of the Bacon-Shakespeare discussion, a striking paper on Astrology, by Edgar Lee, of London, and a paper by Sylvester Baxter on "The Social and Economic Influence of the Bicycle."

The Arena, besides being the most fearless and aggressive of our reviews, is always varied and exceedingly interesting. It combines the intellectual wealth and profound thought of the serious review, with the entertaining qualities of the popular magazine.

We have the promise of an excellent article on "the honest dollar" from Judge Broady next week.

OMAHA rejoices over the prospect of another great bridge over the Missouri. We hope she may get it.

ROSEWATER calls the men who have the courage to tell the truth about Nebraska mortgages, the "defamers of Nebraska."

GENERAL WEAVER is to be in Nebraska for several speeches the last of this month but the dates have not yet been set.

THE latest report is that Judge Gresham is going to vote for Grover Cleveland. It is said he told Judge Allen while sitting with him at Springfield Ill. The democrats are making a great noise about it, and it is said the Judge refuses to be interviewed. If the Judge isn't careful he will begin to appear ridiculous in the eyes of the American people.
