Gentlemen—I have been a victim of rheumatism for several years past. I have suffered intensely at times, and have gone to the Hot Springs of South Dakota, and the Hot Springs of Arkansas five times, secking relief. I have also taken much medicine under the directions of able physicians.

About one month ago I suffered from one of the most violent attacks of the disease, and at once began taking hot salt water baths at your new and splendid bath house in this enty. Under the care of your gentlemanty and efficient attendant, Mr. Henry Schmatts, I have, i think, entirely recovered.

I do not hesitate not only to recommend, but to urge every person suffering from rheamatism to try a course of baths at your bath house under the directions of one of the physicians in charge.

I believe your new and magnificent bath house will trove a great blessing to the many victims of rheumatism in this vicinity, and I hope it will receive the liberal patronage it merits.

You have not requested of me any testimonial, but I deem at proper that I should acknowledge the great relief I have received at your hands, and you may use what I have said in such manner as you may deem proper.

The report will deny in general all charges pected, as the investigation seems to be but another step in the farce. Mr. Baker said yesterday, among other remarks, that he believed the newspaper representatives have been imposed upon by people who have some ulterior design in spreading such reports.

There is no doubt that the matter of the investigation will be referred to The Republicans and Populists Fack the United States grand jury next week by Judge Dundy. The judge has said as much. CLAIMS OF DIFFERENT PARTIES:

Claim the Victory-Jerry Simpson Says It Was a Campaign of Education Looking to the Contest Next Year-Views of Chairman Breidenthal.

TOPERA, Kan., Nov. 7 .- It is not expected that a large vote will be cast in Kansas to-morrow for the full vote is never polled except at presidential elections, and further, there has been a decrease in population since 1888, due to the first rush to Oklahoma and the recent exodus to the Cheroket strip. In the West it is expected that the vote to morrow will indicate a departure of 25 per cent of the people who were inhabitants of that section a year ago, and the total of the state is not expected to be more than 275,-000, if that.

The Democrats have straight tickets in the field in something like seventynine counties. The Democratic strength in the state in 1890 was probably best represented by the vote for lieutenant governor when Isett re-ceived 55,873. From this must be subtracted the Democrats who have gone to Oklahoma, probably 5,000 in all.

Both the Republicans and the Populists are confident of victory. Secretary Brown of the state central committee says the Republicans will elect more county officers than ever before in the history of the state. This is derided by Chairman Breidenthal of the Populist committee, who offers to bet \$1,000 to \$500 on it. Bernard Kelley, who in his capacity as department commander of the G. A. R. has been over the state a great deal, says the Republicans will easily carry sixty-five of the 105 counties and may carry seventy-five and that they will get a plurality of the aggregate

vote. The Populists meet these claims with like confidence. They are looking for a stampede into their ranks, caused by the repeal of the Sherman act, but they only give out as their figures sixty to seventy counties and a plurality of from 10,000 to 20,000.

Congressman Jerry Simpson says the vote to-morrow will show the actual strength of the Populists in the state. It has been a campaign of education looking to the contest next year and the Populists will vote their ticket without a scratch. He believes the Populists will poll a plurality of the votes, but as the Demo-cratic strength is an unknown quantity this fall he is not prepared to give any figures. The number of votes the Populists frown, a blacksmith, left town rather will poll depends on the effect the he has talked to oceans of people dur-ing the short time he has been in the campaign and they manifested great enthusiasm for the Populist movement,
