

IN THE CITY.

It is said that the new Clifton Hill school will be one of the best heated and ventilated in the city.

The grading of Military avenue, in the north-west part of the city is one of the improvements anticipated for this season. When this is done the Street Railway company say they will put in a double track from Hamilton street to Grant, and thus obviate the frequent long waits at the switch on Hamilton street.

An effort is being made by the citizens of Clifton Hill to divide the Sixth ward. The territory included in this ward is entirely too large, and the large population in the north-west part of the city are left almost entirely without representation in the city council. It is proposed to make Thirty-third street the eastern boundary of the new ward, leaving all other boundary lines the same.

The Paxton Hotel Barber Shop and Baths, with Filtered Water, the Best.

The mechanic or laborer who pays \$10 per month for rent, at the end of twelve years has paid out \$1440, and has nothing whatever to show for it.

Out of town subscribers to pay express charges.

Dr. Andrew D. White will open the March Popular Science Monthly with a chapter on Astronomy in his warfare of science series. The strenuous exertions made by both the Catholic and the Protestant clergy to suppress the teachings of Copernicus and Galileo are set forth in this article with such strong evidence as to admit of no denial or shifting of responsibility.

Young America.

Another young American has located in Omaha. He came Tuesday evening, and is domiciled at the home of Mr. Geo. Green, 1234 Park avenue. The young mother and the future citizen are doing well.

A QUARTER BLOCK

Will be covered by Bennett's Building when the annex, work upon which will be begun at once, is completed. The building will be extended clear down to Fifteenth Street and will have a frontage of 132 feet on Capitol Ave., and 104 feet on Fifteenth Street.

We expect to move into the new store about April 1st, and we're going in with an entire new stock—nothing from the old store goes into the new. We realize that this is an awful dull season in which to close out a big stock like ours—but we know a way to do it. We've brought into requisition a power before which all obstacles in merchandising melt as dew before the noon-day sun—it's the power of price, and it's making itself especially felt in our Furniture, Crockery and Departments. Remember everything in these lines must positively be closed out at some price—any price—and if you need anything of the kind, or if you expect to need anything within a year, it will certainly pay you to look these goods over.
