

KNIGHTS' EMPLAR

Boston Chosen as the Place for Holding the Next Conclave

NEW OFFICERS ARE ELECTED.

Hugh McCurdy of Michigan Succeeds Goble as Grand Master—Grand Secretarial Guild of Free Masonry Formally Organized—Firemen's Parade.

Denver, Aug. 12.—Boston will entertain the triennial Knights Templar conclave in 1893. This was settled last evening when Boston got 96 votes and Cincinnati 78. The fight has been an interesting one from the start. While Louisville promised for a while to play an important part and to possibly knock the pessimists, her claims were withdrawn to allow the fight to be waged between the two cities which came early and had earnestly pressed their claims. This, with the election of grand and camp officers, were the important features of the meeting yesterday.

Election of Officers. The grand encampment went into session promptly at 9:30 a. m. and at once proceeded to the election of officers for the next three years. The Hon. Hugh McCurdy of Corrunna, Mich., was, as anticipated, elected grand master of the Knights Templar of the United States. Mr. McCurdy was deputy grand master and according to the customary rule the other three highest officers of the grand encampment were made up. W. Lawrence Thomas of Danville, Ky., was elected deputy grand master; Renben H. Lloyd, of San Francisco, grand generalissimo, and H. T. Stoddard of Bryan, Tex., grand captain general.

Secretarial Guild of Free Masonry. Yesterday morning was made permanent the organization of the "Grand Secretarial Guild of Free Masonry for North America," an association of the Masonic grand secretaries and grand recorders of North America for the purpose of systematizing the secretarial labors of Free Masonry. The Guild will meet twice every three years at the triennial convocations of the general grand chapter and triennial conclaves of the grand encampment. It may hold a meeting at Chicago next year. The officers until 1894 are:

John H. Brown of Kansas, president; Charles E. Meyer of Pennsylvania, first vice president; George C. Conner of Tennessee, second vice president; William B. Bowen of Nebraska, secretary, and Edward C. Parnallee of Colorado, treasurer.

Parade of Denver Firemen. Thousands of expectant people thronged the streets along the line of march to witness the grand parade of the gallant firemen of Denver. They were well regarded, because the exhibition was a most creditable one. The boys looked their best. Their uniforms were of neat blue, with silver buttons showing a world of hard work in the polishing line. The different apparatus also shown resplendent and the harness on the horses was black as ebony. The steeds themselves, had been polished up until their sleek skins wore a gloss not equalled by anything of a higher class in the city.

Carriage Workers Adjourn. COLUMBUS, O., Aug. 12.—The International Carriage Workers' association adjourned after electing the following officers: President, W. A. Stuart, Cleveland; vice president, A. Daughters, Denver; secretary and treasurer, J. S. Tompkins, Cleveland; executive board, C. A. Bolan, Chicago; John Gavton, Columbus; R. J. Buckley, Boston; J. S. Baker, Indianapolis.

Island Park Assembly. ROME CITY, Ind., Aug. 12.—This was governor's and the last day of the Island Park assembly. The speakers were Secretary of State and Democratic candidate for governor Claude Matthews, Governor Ira J. Chase, Leroy Templeton, of the People's Party, and Rev. Mr. Worth for the Prohibitionists.

Fond du Lac Cheesemakers Victimized. FOND DU LAC, Wis., Aug. 12.—Fond du Lac county cheesemakers are out about \$6,000 by the disappearance of Everett Clarke, a cheese buyer. Clarke bought heavily four weeks ago of the dairy board, received the goods, and then disappeared. Factory men were done up for amounts from \$300 to \$500.

Electric Light Companies Consolidate. TORONTO, Ont., Aug. 12.—The convention of Edison Illuminating companies concluded its session here. The Edison and Thomson-Houston companies, hitherto rivals, have been consolidated and arrangements made that the consolidation shall apply to all cities in which the companies are working.

The child was a great favorite with Mr. Holman, and he was deeply affected by her death. Mr. Holman is confined in his room, suffering from slight indisposition.

Failed to Find Revolutionists. WASHINGTON, Aug. 12.—The war department has received a telegram from the commanding officer of the department of Texas stating that a party had searched the country in the vicinity of Fort Reno for revolutionists said to be near there, but had found none.

Vein of Gold at Found at Stillwater. ST. PAUL, Aug. 12.—John Pepin a mining expert, claims to have made a rich find of gold on Brown's creek, near Stillwater. He says the vein of gold bearing quartz is eleven inches thick at the top and increases in width. The discovery is believed to be bona fide.

Montana Miners Sentenced. BOISE CITY, Ida., Aug. 12.—Judge Beatty imposed sentences varying from four to eight months' imprisonment in the county jail upon nine of the Montana rioters and discharged eleven of them.

YELLOW FEVER AT TAMPA, FLA.

CREW OF A BOATMAN FROM MARYLAND... TAMPA, Fla., Aug. 12.—The schooner Eva Douglas from Havana to Port Tampa to land with phosphate in a quarantine station below Edgemont Key with six well-developed yellow fever cases on board. The schooner arrived at Port Tampa Aug. 5, and was thoroughly fumigated and placed in quarantine for five days. Next day the captain sent word that he was sick and Dr. Porter, state health officer, investigated and pronounced it yellow fever. He immediately had the vessel removed to a good anchorage near Edgemont Key, and he, with nurses, went on board. So far six cases have developed and as the crew consists of nine men there is a probability that all will come down with it, as the men are all from the north. The quarantine is strict now and no further trouble or danger is expected, and there is no possibility of the fever getting on shore.

SHRINERS AT OMAHA.

The Parade for Next Monday Promises to Be a Large One. OMAHA, Aug. 12.—Colonel Aiken, illustrious potentate of the Mystic Shrine, estimates from the letters he receives that over three thousand Shriners will be in Omaha at the great parade next Monday night. The war in railroad fares induced such a rush to Denver that many Shriners who had intended going there decided to stay away for fear of too much of a crowd. Instead of decreasing the attendance of the Shriners' meeting at this city, the circumstance promises to increase it. Among the Shriners who come to this city are many from Kansas City, St. Joe and St. Louis, and these orders if they can be carried out will practically charter the leading hotels.

Seven Attempts at Suicide. NEW HAVEN, Conn., Aug. 12.—Petrillo, the Italian murderer, who is in jail here awaiting execution in November next, added another to a long list of futile attempts at suicide. This time he tried to end his life by nicotine, using it as a poison. He obtained the drug from his pipe, saving it from time to time until he had collected a quantity about the size of a marble. No effect followed the dose, however, other than an hour's intense nausea. This is the seventh attempt since Petrillo was sentenced to be hanged and shows a desperate determination to kill himself before next November.

An Encampment Attraction. WASHINGTON, Aug. 12.—A novel feature of the reunion of the naval veterans here at the Grand Army encampment will be the erection of a model of the old warship Kearsage, the conqueror of the Alabama, on the grounds adjacent to the White House. The model will be 340 feet long, built mainly of wood, armed with four guns, and have a canvas over the deck. The addresses are to be delivered from the poop deck, while the berth deck will be fitted with hammocks for the accommodation of the guard.

Hugh Riddle Dead. CHICAGO, Aug. 12.—Hugh Riddle, chairman of the executive committee of the Chicago, Rock Island and Pacific directory and ex-president of the same company, died Thursday, his 50th birthday, of heart disease. Mr. Riddle began his career as a railroad man with the Erie road forty-six years ago, and remained with that company for nearly a quarter of a century. He entered the employ of the Rock Island in the year 1869.

Seized 100,000 Acres on a Judgment. ST. PAUL, Minn., Aug. 12.—The North American Loan and Trust company of Huron, in the circuit court at Miller, S. D., took execution papers on 100,000 acres of land belonging to the Colonial and United States Mortgage company of Hull, England, and will sell the same to satisfy a \$45,000 judgment. The land is situated in Hand, Beadle, Spink, Kingsbury and Brookings counties. The 20,000 acres in Hand county will be sold Sept. 13.

Rich Gold Vein Struck. MOUNTAIN HOME, Ida., Aug. 12.—There is great excitement over the discovery of fabulously rich gold-bearing quartz ledges in the Dixie district, twenty-two miles up the Rocky Bar road. On one mine a shaft has been sunk fifty feet, and has a large vein exposed, which gives an average value of fifty-five ounces to the ton. Other and smaller veins give much higher returns.

A Great Northern Strike. GREAT FALLS, Mont., Aug. 11.—The boiler makers in the Great Northern railway shops in this city struck work. They have been receiving \$8.10 and demand \$9.50 per day. NO CONCURRENCE.

Salisbury's Tories Ousted by a Vote of 350 to 310.

EXCITING SCENE IN THE COMMONS.

Gladstone Will Be Instructed with the Formation of a New Government—The Revolution in Honduras—Italy's Army Increased—News from Abroad.

LONDON, Aug. 12.—The vote of "No Concurrence" was passed in the house in 350 to 310. The scene during the final debate and decisive vote on the address has not been equalled in interesting and exciting features since the similar crisis of the home rule debate in 1886, when Mr. Gladstone, now victorious, was overthrown. Every inch of available space on the floor was occupied and some of the members had to find seats in the galleries, and even to speak from those elevated and distant positions. Every English member was present, and the total number of absentees was only thirteen. The visitors who crowded the outside galleries were well repaid for their attendance by witnessing one of the peaceful revolutions by which England overthrows one set of rulers and sets up another.

Though Herbert Gladstone declares that his father has fully recovered his health, and that the stories of his weakness are the invention of malicious enemies, and though the British Medical Journal on the authority of Sir Andrew Clarke states that Mr. Gladstone is sound in body and mind, and able to work with any man of his age, nevertheless, the aged statesman looked pale and distressed and sank into his seat as though exhausted. He was nervous and irritable. The light from the opposite windows annoyed him, his eyes being still weak from the effects of the injury sustained by one of them during the campaign in Scotland. At a signal from him, the attendants closed the windows and drew the curtains. During most of the debate Mr. Gladstone listened with his eyes closed, keeping his hand to his ear in token of attention to what was being said. Mr. Chamberlain never came so near losing control as in his rage at the tactics employed by Tim Healy to prevent his delivering a speech. The Brummagem statesman's face was almost green with choler. He heaped denunciations upon Healy's head. Healy smiled sarcastically during most of the diatribe, but when Chamberlain declared that Healy was a person who would insult any man, and then, pausing, added with offensive emphasis "or any woman," the face of the Irish member underwent a sudden change of appearance, and became livid with suppressed rage. The Tories yelled with delight at Chamberlain's home thrust and kept up the shouting until they were hoarse. After Chamberlain's speech, he and Lord Randolph Churchill were seen chatting together in the lobby—the first time they have been known to converse in years. The Tories were chagrined at their failure to extort replies from the Liberals. The latter were content to do very little talking and to rely upon their votes.

Italy's Army Increased. ROME, Aug. 12.—Signor Grinaldi, minister of finance, plans complete reform of the import duties and hopes thereby to increase the revenues by about 10,000,000 lire. Contrary to all expectation General Pelloux, minister of war, not only fails to realize the hope of retrenchment indulged in, but has completed a plan for the increase of the territorial army by ten cavalry regiments. This plan has been approved by the king, whose opposition to any reduction of the army was confirmed during the conference with Emperor William.

Affairs in Honduras. PANAMA, Aug. 12.—The report brought here from Honduras by the S. S. Barracouta, nine days ago, is confirmed. General Leonardo Nulva has been completely successful in his holding his own in the north. General Bonilla is victorious in the south. There are, however, fears of another revolution and the overthrow of the government.

Recovered Her Husband's Body. CINCINNATI, O., Aug. 12.—Six months ago Mr. Preston Twitchell, formerly of this city, was shot dead at Tama, Mex., by an assassin. He was then master mechanic of the Mexican Central road. His widow tried to have his body returned. The Mexican authorities refused to return it till five years after the murder had elapsed. She applied to the state department at Washington and through that department and by the payment of about \$400 to secure the body from its custodians in Mexico she succeeded. The body arrived here.

Will Let the Band Come In. HAMILTON, Ont., Aug. 12.—The celebrated Thirteenth battalion band of this city, some time ago engaged to play at the Buffalo exposition, but last week word was received that the engagement had been cancelled, as the officials threatened the Thirteenth band with arrest under the alien labor law if they went through. Word was received that the collector of customs at Buffalo had decided that members of the band were skilled musicians and as such were not liable to the law in question, and the band will go direct to Buffalo from Denver, where they are now playing for the big conclave.

Answer to the Sugar Trust. PHILADELPHIA, Aug. 12.—District Attorney Ingham will in a day or two file a bill in the United States supreme court in the sugar trust case. It will be a formal document denying the position taken by the defendants in their answer. The court will be asked at the next session to appoint an examiner to hear the testimony and the case be rushed to a speedy termination.

One Killed, Seven Injured. DENVER, Aug. 12.—An engine on the Circle railroad struck an electric car at a street intersection at midnight, killing one person and injuring seven others, most of them fatally.

WITHOUT WARNING.

FIVE MEN INSTANTLY KILLED BY THE COLLAPSE OF A BRICK WALL. HARTFORD, Conn., Aug. 12.—A terrible accident occurred at the glass factory about 1:30 p. m. A crowd of men were engaged in laying the brick wall surrounding the new tank, when without a second's warning the west wall, brick, mortar and earth, caved in, burying seven men. Albert Inman, William Foreman, Alexander Moore of Hartford City, Charles Sawyer of Keyston, and Jack Pammel, from the country, were instantly killed. Cyrus Eppley, the foreman of the brick wall, had an ankle sprained and his head hurt. Preston Bradshaw sustained an injury to his foot. The dead men when dug out were horribly crushed. Cyrus Eppley, the contractor's foreman, is almost deranged, taking the blame of the accident upon himself.

THE MOB FAILED TO OVERTAKE THE MEMPHIS MURDERER EN ROUTE.

NASHVILLE, Tenn., Aug. 12.—H. Clay King, the Memphis murderer, was brought to this city and was at once conveyed to the penitentiary by the sheriff. The journey to this place was a quiet one. Governor Buchanan gave one of his reasons for commutation to life imprisonment of the death sentence of King his belief that King should have had a change of venue. Affidavits were produced to show that Juror Smith had communicated with the outside and expressed an opinion on the case. The jury should not have left the state during the trial.

LIZZIE BORDEN ARRESTED.

FALL RIVER, Mass., Aug. 12.—The arrest of Miss Lizzie Borden, charged with the murder of her father and mother, was brought about at 6 o'clock p. m. Even though the community has been in some measure prepared for this terrible outcome by the pending inquest, Lizzie Borden's arrest caused an immense sensation. She was lodged in jail, and access was denied to her by everybody, even her counsel coming under the ban. When driven through the streets her face was veiled. When she lifted her veil at the warden's residence it betrayed no emotion. It is believed that her arrest would not have been ventured upon unless some positive evidence had resulted from the continued session of the inquest yesterday.

LABOR LEADERS WILL CONFER.

NEW YORK, Aug. 12.—The executive council of the American Federation of Labor will hold a secret meeting some time this week. It is called in relation to the labor troubles at present disturbing the country, with particular reference to the New York and Homestead strikes. It is said that some retaliatory measures will be devised. The members of the council are: Samuel Gompers, president, C. E. Evans, John B. Lemon, P. McGuire and William A. Carney.

GUNNING FOR BALLOT BOX STEFFERS.

BIRMINGHAM, Ala., Aug. 12.—A panic prevails in Rockford, the county seat of Coosa county. One hundred men entered the town, all armed, and declared their intention of killing the probate judge, Mr. Jones, the sheriff and the circuit clerk, whom they allege tampered with the ballot boxes after they were returned to the court house, and reduced the majority by which the county went for Kolb at the recent election.

THE FIRE RECORD.

T., Aug. 12.—A farmer who has just come in from county "D," thirty miles northeast of El Reno, says Texas fever, or some kind of disease which resembles that malady, is raging in that section. It is believed that the herds which have been ejected from the Cherokee Strip left a trail of the terrible disease.

HAL POINTER DEFEATS DIRECT.

GRAND RAPIDS, Aug. 12.—The great est racing ever seen in Michigan was witnessed by 10,000 people. The event of the day—the Hal Pointer-Direct race—was taken by Pointer in straight heats.
