

ASIATIC CHOLERA

Panic Stricken Hamburgers Are Fleeing the City.

OFFICIAL REPORTS RIDICULED.

German War Makes Its Appearance—A Case in New York—Our Government Orders Twenty Days Quarantine On All Vessels from Infected Ports.

HAMBURG, Sept. 2.—The thermometer has fallen to 70 deg. and there have been several light showers. The air is cooler than it has been in the last ten days. Nevertheless the abatement of the plague has not been so considerable as to bring much comfort to the stricken place. The most trustworthy reports give the number of fresh cases as 681 and deaths as 847. The decrease in the number of fresh cases is 43; in the number of deaths, 23. These figures do not agree, however, with the reports of the Hamburg officials, who have reduced the number of deaths to 45. The city government has thus again declared for the fatuous policy of suppressing the facts and its reports are received with ridicule. The number of burials has fallen from 395 to 318.

Reports of an abatement of the panic in consequence of the lower death rate are untrustworthy. They emanate from official sources and are part of the general plan of concealing the situation. The people are too thoroughly frightened to be reassured by a slight change, which is likely to be succeeded with a return of the high temperature by an increase of the plague.

The flight of persons who constitute the city's business and social world continues. About 10,000 persons left on the railways during the day. All these were citizens with their families, as non-residents practically deserted the city early in the week. Most of them left in haste and their baggage will be sent after them. Porters have left their posts and transportation companies are too short-handed to handle half the baggage of the fugitives, so that most families going away are obliged to leave behind what they themselves cannot carry.

Many postmen are among the victims as the delivery of the mails has been retarded. A postal official said the business of the postoffice had fallen off 50 per cent. in the last five days and that apparently business correspondence was dead. All the factories in operation are working short-handed and many factories have been closed for an indefinite period. Families of workmen thrown out of employment have begun calling for aid. Want is already apparent. If not speedily stilled it will facilitate the progress of the plague among the ill nourished poor.

The number of physicians attending cholera patients is quite inadequate. The state of affairs was apparent several days ago, but the municipal authorities neglected to call for aid from other towns. The physicians who have been among the stricken from the first are worn out by overwork and there were few at hand to take their places. Almost a third of the deaths are said to have taken place before medical aid could be secured.

In the harbor district only about four patients among seven are able to secure physicians to treat them. There is also great difficulty in getting enough nurses to replace those retiring from the hospitals because worn out by the killing work imposed upon them in the last ten days.

Most urgent appeals for help have come from the suburbs Horn and Hammerbrook, where the people have died by the dozen since daybreak. Nurses, doctors and health officers are said to leave these suburbs almost unnoticed and whole families have been wiped out without having had a word of advice or a prescription. The harm done to the rest of north Germany by official incompetency here is enormous. Persons fleeing from the city, in the last five days, have carried the infection to twenty-three other northern German towns. In Luebeck, Liegnitz, Buda, Bergedorf, Neukirch, Magdeburg and more than a dozen villages the breaking out of the plague has been due directly to arrivals from this port.

A Case in New York. NEW YORK, Sept. 2.—A suspected case of cholera has been discovered in the heart of the tenement house district on the East Side. Shortly after 7 o'clock last night Dr. Beck was summoned to the tenement, 95 Orchard street. In a room on the fourth floor of the building he found a man lying on a sofa, suffering great agony. The man said he felt pains in his body, his stomach ached and that he vomited freely. Dr. Beck immediately became suspicious when he saw the case, and asked the man, who was a foreigner, his name and how long he had been in the country. The man replied that his name was Joseph Etnauiz, that he was 35 years old and had arrived in this country on Sunday last by the steamship Russia, by way of Hamburg. He said he was born in Russian Poland.

The doctor after affording the patient some temporary relief reported the case to the police, saying the symptoms and the fact that the man only came to this country recently by way of Hamburg led him to believe the man was suffering from cholera. The police promptly notified the board of health and an inspector was sent to the house. The house is occupied by about twenty families. There are over 100 people living in the place. They became greatly alarmed when they heard that Etnauiz, who was living with his sister, was believed to be suffering from cholera and many of them preferred to walk the streets rather than go to bed.

Treatment. HAMBURG, Sept. 2.—Professor Northnagle has given cholera patients enemata of warm salt water. It is claimed by those who have followed this course of treatment that fully 50 per cent. have recovered.

Only Cabin Passengers. NEW YORK, Sept. 2.—The Inman line management has decided to carry only first and second cabin passengers from Liverpool during the month of September.

TO PROTECT OUR PEOPLE.

Twenty Days' Quarantine of All Vessels From Infected Ports.

WASHINGTON, Sept. 2.—President Harrison has taken decisive action on the plague which now threatens to ravage the whole country. Twenty days' quarantine of vessels from all infected countries has been ordered and if necessary even more drastic measures will be taken. Mr. Harrison reached Washington shortly before 9 o'clock and proceeded to the White House. While he was at breakfast Private Secretary Halford sent a telephone message to the members of the cabinet, who are in the city to appear without delay at the White House for a consultation.

The conference began at 11 o'clock and lasted until 12. Those who participated in it were Secretary Charles Foster, Attorney General Miller, Assistant Secretary Spaulding and Surgeon General Wyman. The president listened to all that his advisors had to say concerning the cholera, and then the question of closing the ports was discussed.

There was a difference of opinion regarding it, and at last it was suggested that a twenty days' quarantine could be ordered against all vessels from infected countries; it was agreed that that order would have the same effect as closing the ports. Mr. Spaulding, who has paid more attention to the subject than any of the rest, was sanguine that such an order was sufficient and the conference adjourned after agreeing that such an order should be issued.

The president immediately after the conference instructed Assistant Secretary Spaulding to prepare the order imposing a twenty days' quarantine in all ports where such an order would not conflict with the local laws. He also instructed the attorney general to prepare a legal opinion on the subject, and told Secretary Foster to give out the prepared interview setting forth the government's position and intentions in full. He also ordered the postoffice department to fumigate mails. The president's proclamation orders the detention at quarantine for twenty days of all vessels conveying immigrants.

The president is of the opinion since the conference that there will be no necessity of calling congress in extra session. He still believes that he can close the ports entirely, but has faith that the twenty-days' quarantine will answer as well.

At Liverpool.

LONDON, Sept. 2.—At a meeting of the health committee of Liverpool an officer reported that the emigrants who embarked yesterday were in excellent health; that the city of Liverpool is in the healthiest condition it has been for a long time past, and there is no reason to fear an epidemic. The passengers of the steamer Gemma from Hamburg were released from quarantine at Gravesend.

Lizzie Borden Held. FALL RIVER, Mass., Sept. 1.—The hearing of the case of Lizzie Borden, charged with the murder of her father and step-mother, was closed. After the lawyers on each side had made their arguments, Judge Blaisdell said that sympathy should be laid aside, and duty, stern duty, requires upon this evidence but one thing to be done. Supposing that a man was seen in the chamber of Mrs. Borden, the chamber of death, and that he was in the room of the father when death came; supposing that a man should tell as many different stories as Lizzie has done. The way would be plain. "I find that she is probably guilty." She was ordered remanded to the county jail at Taunton for trial at the November term.

Wanted in Five States.

LA JUNTA, Colo., Sept. 2.—Sheriff Worden of Potter county, Tex., arrived, as did also Attorney McGarry of Dodge City, Kan. They both want E. R. Wingate, the man who claims to be a world's fair agent, on the charge of forgery. Word was received that the First National bank of Cheyenne and the Denver National bank had each been fleeced to the amount of \$200 by the same man. He is now wanted in five states. A Sioux City bank claims that under the name of F. E. Rogers he swindled it to a considerable amount.

A Masked Man's Mistake.

KANSAS CITY, Sept. 2.—Last evening at 9:20 a masked man flagged an east-bound freight train on the Missouri Pacific road at Dead Man's curve, just west of Lee's Summit. When he saw it was a freight train he ran into the bushes. As the freight was running on the east-bound passenger train's time it is supposed that the man made a mistake. The country is now being searched by officers.

Sugar Bounty Claims.

WASHINGTON, Sept. 2.—A statement prepared at the treasury department shows that there have been filed during the fiscal year 1893 claims under the law paying a bounty for sugar production as follows: Cane sugar, 649; beet, 6; sorghum, 2; maple, 6,106. Last year the applications aggregated 4,980. The increase in the number of applications is in those producing maple sugar.

Diagnosed with the Work.

KANSAS CITY, Sept. 2.—The sixteen switchmen employed by the suburban belt road quit work and asked for the money due them. The men say that it is not a strike; that they simply threw up their jobs and any men who want them are welcome to them. The men were getting \$55 a month while the pay of switchmen is \$2.50 for a day of ten hours.

Cabinet Council.

WASHINGTON, Sept. 1.—There was an informal cabinet council at the White House all last evening. The secretary of war, postmaster general and the attorney general were in consultation with the president about the affairs of their respective departments. Secretary Foster had his consultation in the morning.

Hall Must Hang.

RICHMOND, Va., Sept. 2.—Governor McKinney refused to interfere, and it is now certain that Talton Hall will be hanged today. The jail is heavily guarded and nothing short of a general uprising can stop the execution.

Hops for Governor Eagle.

LITTLE ROCK, Ark., Sept. 2.—A telegram from Richmond, Ky., states that the doctors think that Governor Eagle is doing as well as could be expected.

DOWN THE LAKE

The Western Reserve Goes Down Off Au Sable Banks.

TWENTY-SIX LIVES ARE LOST.

Two Barges and Fourteen Sailors Missing. Lost in the Tuesday Night's Storm. Thirty-three Lives Sacrificed in a Fated Belgian Mine.

MARQUETTE, Mich., Sept. 1.—The steamer Western Reserve broke in two off Au Sable banks Tuesday night and all but one of the twenty-seven on board were drowned. Harry Stewart of Algonac, Mich., was the only one saved. Two of the bodies were washed ashore. The Western Reserve, which was bound for Cleveland, was a steel boat of 2,000 tons, owned at Cleveland and valued at \$230,000.

The following persons were on board when the fated vessel went down:

- CAPTAIN PETER MINCH, the owner with his wife and two children, Charles and Florence.
MARY and BERTHA ENGLEBERRY of Vermillion.
ALBERT MEYERS, captain, of Vermillion.
W. H. LEAMAN of Cleveland, chief engineer.
FRED ENGALLS, first mate.
CHARLES LEBEAU, second mate.
CHARLES WELLS, assistant engineer.
BURT SMITH, steward.
RAY APPELBE, steward.
SCHUYLER STEWART, watchman.
DANIEL FORBES, lookout.
CARL MEYERS, wheelman, son of the captain.
JOHN SATCHEL, fireman.
S. D. HOLDEN, fireman.
HORACE BURROUGHS, fireman.
MARTIN KLAUSER, greaser.
ROBERT SIMPSON, greaser.
DANIEL STICKNEY, deck hand.
R. LONGFIELD, deck hand.
M. COFFEY, deck hand.
JOHN WILSON, deck hand.

This was the make-up of the crew who served on the last trip of the steamer and it is probable that it was not changed since.

Captain Peter Minch, the owner of the Western Reserve, retired five years ago and settled down in Cleveland to manage his vessel interests. The present trip was intended as a pleasure trip for himself and family and several friends.

The boilers of the steamer were inspected recently and repairs were ordered but had not yet been made.

THIRTY-THREE LIVES LOST.

Twenty-five Killed and Eight Mortally Wounded in a Mine Explosion.

BRUSSELS, Sept. 2.—A mine explosion resulting in great loss of life occurred at Borinage, in the province of Hainaut. The Aggrat coal mine was the scene of the disaster, which was caused by accumulated gas. The noise of the explosion was heard for a great distance and a column of coal dust shot up from the main shaft. Men were at once put to work to rescue the living and ascertain the number of dead. Twenty-five persons were killed and eight mortally injured. The mine is the property of the Rothschilds and accidents there have been frequent. One hundred and twenty-one miners were killed in this mine in May last and another calamity in 1892 destroyed 183 lives.

Fourteen Sailors Missing.

ASHLAND, Wis., Sept. 2.—The steamer Toledo, Captain McKenly arrived in port minus its consort, Guiding Star and Onesta. On Tuesday, while off Manitowish Island, the boat encountered the worst storm for years, and the steamer and tow were tossed about without mercy. The tow line broke and the two barges were left to the mercy of a terrible sea. On board each schooner was a crew of seven men. The captain cruised around all Tuesday afternoon and night and Wednesday morning, but could find no trace of his missing barges. One of the boats belonged to Ward's Lake Superior line.

Double Tragedy at Denver.

DENVER, Colo., Sept. 2.—Shortly after midnight Henry D. Orm, a fare dealer, shot and instantly killed his mistress, who was known here as Dolly Rees, but whose real name was Lavissa Hildekirk, who came here from Hazelton, O. Orm then shot himself and will probably die. Orm is about 23 years of age while his mistress was 35. They had quarreled and she threatened to leave him, whereupon he took her life and made what will possibly result as a successful attempt to end his own.

Curtis' Funeral.

WEST BRIGHTON, S. I., Sept. 2.—The funeral of George William Curtis will be strictly private and will take place today from the family home here. The Rev. Dr. Chadwick, pastor of the Unitarian church in Brooklyn, who was an intimate friend of Mr. Curtis, will conduct the services. The body will be placed in the family vault in Old Moravian cemetery at New Dorp. Numerous telegrams of condolence from prominent persons have been received. One came from Grover Cleveland.

New Postmasters.

WASHINGTON, Sept. 2.—The president appointed the following named postmasters: Frank W. Atkinson, St. Joseph, Mo.; Leonard H. Mohr, Troy, Mo.; Oscar Cramer, Cape Girardeau, Mo.; G. A. Schulz, Two Harbors, Minn.; Mrs. Nettie J. Van Inwagen, Ortonville, Minn.; Reuben R. Hickox, El Reno, O. T.

The Weather.

WASHINGTON, Sept. 2.—For Nebraska: Showers in western portion; cooler; south to west winds. For Iowa: Fair in east and occasional showers in west portions; cooler by Saturday; south winds, becoming westerly.

Silver Bullion.

NEW YORK, Sept. 2.—Silver bullion on deposit against warrants, 1,951,950 ounces; certificates outstanding, 1,950.

Everybody in Town

Seems to appreciate the fact that they can buy shoes at the Whitney mortgage sale at 103 South Fifteenth, cheaper than ever before in Omaha, and get the best of goods. The stock is selling very fast, but there is still a fine assortment. Come soon and show up your family.

WANTS.

FOR SALE OR TRADE—Two good sewing machines. This office. 6-24-11

Articles of Incorporation of The Milen Cure Company.

To whom it may concern:
Notice is hereby given that a corporation has been formed under the name of The Milen Cure Company. The principal place of transacting the business of the corporation shall be in the city of Omaha, Douglas county, Nebraska.

ARTICLE III.
The general nature of the business to be transacted by this corporation shall be the treatment of the liquor, opium, tobacco and other narcotic habits and diseases; the medicinal use of electricity, and after such treatment, the disposal of the right to use such remedies in various localities, and such other business as may be necessary, incidental or proper to the carrying out of the aforesaid purposes.

ARTICLE IV.
The amount of the capital stock is twenty-five thousand dollars, divided into five hundred shares of fifty dollars each; said stock shall be assessable to the amount of fifteen dollars on shares and no more, and after assessments to the amount of fifteen dollars have been made on any share, such share shall thereafter be non-assessable. The corporation may commence business, and after assessments to the amount of fifteen dollars have been made on any share, such share shall thereafter be non-assessable. The corporation may commence business, and after assessments to the amount of fifteen dollars have been made on any share, such share shall thereafter be non-assessable. The corporation may commence business, and after assessments to the amount of fifteen dollars have been made on any share, such share shall thereafter be non-assessable.

ARTICLE V.
The highest amount of indebtedness or liability to which the corporation shall at any time subject itself shall not exceed an amount equal to one-fourth part of the capital stock actually issued.

ARTICLE VI.
The stockholders shall not be liable for the corporate debts beyond the amount of their unpaid subscription.

ARTICLE VII.
The time of the commencement of the corporation shall be the first day of August, A. D. 1892, and the termination thereof the first day of August, A. D. 1922, unless sooner dissolved by a two-thirds vote of the stockholders.

ARTICLE VIII.
The affairs of the corporation shall be conducted and managed by the following officers: A board of five Directors, to be elected at the annual meeting of the stockholders to be held in Omaha, on the first day of August of each year; and a President, Vice-President, Secretary, Treasurer and General Manager, to be elected by said Board of Directors. All of said officers, with the exception of the General Manager, must be stockholders of the corporation.
GEORGE HIGGINS,
GUSTAV HAHN,
Incorporators.

Notice of Discharge of Administrator.

STATE OF NEBRASKA,) ss.
Douglas County,) ss.
In the County Court of Douglas County, Nebraska, August 29, A. D. 1892.
In the matter of the estate of Moses Doyle, deceased:
All persons interested in said matter will take notice that on the 24th day of August, 1892, the county judge of Douglas county, Nebraska, made the following order:
That the said Moses Doyle, deceased, be and he is hereby appointed administrator of the estate of said Moses Doyle, deceased; and that he be and he is hereby authorized to file the petition of Patrick C. Heafey, showing that on the 3rd day of January, 1891, he was duly appointed and commissioned as administrator of said estate; that twelve months have elapsed since his said appointment, and that he has filed a final account of his acts and doings as such administrator, and that notice of the pendency of said petition and the hearing thereof, be given to the persons above named and all other persons interested in said matter, by publishing notice of this proceeding in THE AMERICAN, a newspaper printed in said county, four weeks successively previous to the time appointed.

W. E. ELLER,
County Judge.
And you will further take notice that unless you appear to contest the said petition of Patrick C. Heafey at the time and place appointed for that purpose, the court may in your absence grant the further prayer of said petitioner, without your hand and official seal this 24th day of August, 1892.
W. E. ELLER,
County Judge.
