YOUR DUTY.

From now until the polls close on the day of the coming election Americans should be on their guard.

They should, by this time, be aware of the fact that Rome works in an insiduous manner, seldom showing her hand; that her strength lies in her secrecy and that they can only hope to overpower and prestige by practicing the lesson she has so well learned.

SON OF A SALOON-KEEPER.

Archbishop Corrigan's Surroundings as a Youth Make Him Well Informed on the Liquor Question.

NEW YORK, August 14.-Archbishop Corrigan is the son of a saloon-keeper. The difficulty he is having in reconciling the interests of saloon-keepers within the precepts of the church has revived in the memory of the few who know how the prelate's youth was passed, a series of incidents which, at the time, indicated that Michael A. Corrigan would become anything but a famous ecclesiastic.

The saloon kept by the elder Corrigan was located in Newark, N. J., and flourished for several years, beginning with 1838. The future archbishop was born in the second story front room on the night of August 10, 1839. The father's place was at 143 Market street, and the business was carried on in the basement. Thomas Corrigan was himself but an indifferent church goer, but his wife was very devout, and from the first intended that her sons (there were four) should be devoted to the faith. Accordingly George, James and Michael were sent to the theological seninary, but the remaining boy was less religiously inclined, and he became a physician. Today he is practicing in Florida. Father James Corrigan died some years ago, but the other brother inherited a mental infirmity which asserted itself so violently that he was sent so an asylum.

The elder Corrigan intended to bring up his son Michael as a saloon-keeper; but Father Balleis recommended the church as his career, and accordingly, young Michael was sent to St. Mary's college at Wilmington, Del. Among his classmates were Father Corrigan of Hoboken, who lately died, but who was in no way related to the archbishop; Father Kileen, the bearded priest of New Jersey, and various other men who have since become eminent as churchmen.

So that if the saloon-keepers imagine that Archbishop Corrigan cannot appreciate their position, they are in error. He might today have been one of them.

The Difference.

KANSAS CITY, August 12.-Editor THE AMERICAN: The attention of the voters in the American Protective Association is called to the following, from the Star of the 10th:

"Marshal Stewart very properly de-nied admittance to the throng of visitors who besieged the county jail yesterday with requests to see the conthe democratic party, and disgusting victed cashier of the late Kansas City Safe Deposit and Savings bank. In refusing to subject Sattley to this humiliation he discharged his duty as an officer in a manner which invites commendation. Sattley is in the hands of the law. It is right that he shall suffer the penalty wnich the statutes prescribe for hisgrave offense. But it prieties to subject him while ia prison to the taunts and reproach of persons whose anger has been kindled against

It is a well-known fact, when Bishop MacNamara was in jail, that this same Marshal Stewart permitted many Roman Catholic ruffians in the city to see him. The marshal allowed these Roman Catholic toughs to insult, revile and spit on him while he was his pris oner. Stewart went to Independence on the Sabbath day and brought the bishop back to the Kansas City jail for these thugs to humiliate, and subjected him while in prison to their taunts, reproaches and insults. The Kansas City Star had nothing to say against violating the proprieties at that time, but the voters had something to do about it at the spring election, and will have still more to do in the coming campaign. Marshal Stewart and Prosecutor Brown, or any other official who has shown favors to one political party or church, and abused prisoners of other parties and faith, must be voted out of office and kept out-Bishop McNamara, who harmed no one, was cast into prison and treated like a doz, while Sattley, who harmed between 8,000 and 9,000 people and brought trouble and distress into their homes, is treated by Marshal Stewart like a gentleman, and the Star approves. Fellow American citizens, we must clean out our court house this fall and put in men who will treat all alike in accordance with the law.
