#### BISHOP MCNAMARA.

#### The Coming Anniversary a Celebration to be Remembered.

The fact which we have to state in this paragraph is one that will make many hearts rejoice in Kansas City and all over the United States; and this fact is that our friend Bishop J. V. Me-Namara is again in Kausas City, making arrangements for a great anniversary celebration of his memorable work here last January. All Amorica has read of Bishop McNamara's tamous leetures in Kansas City, which laid bare the true character of popery in such a fashion that Rome resolved to murder him and his wife on the night of the 16th of that month. Failing to accomplish their hellish purpose, they got their lowest enaracters to swear that the bishop had uttered language criminally libelous against priests and reverend mothers. They plunged him into jail and dragged him through the courts from that day to this. But while Bishop McNamara was suffering all this persecution he promised those infamous gangs that he would do something before long to help put their political thieves out of office in this vicinity. This prediction has been verified, and today our friends are in possession of nearly all the offices in this city and county, except those offices which have been stolen by the fraudulent action of Romish partisans. We in Kansas City all acknowledge that this overthrow of | ton our enemies is due to the determined year by Bishop McNamara and his was impossible for our councils to rent a large hall in Kansas City for patriotic lectures. But now Bishop McNamara walks into our midst and on his own individual responsibility asks for Turner Hall, and his name is of sufficient influence to have that same auditorium Turner Hall, and the patriots of Kansas City are rejoicing that free speech they are resolved to hold with their servant in Christ, A. M. CURTIS, champion, McNamara, such an anniversary celebration during this month of January as will make Rome understand that truth and patriotism cannot continue several days with lectures by the bishop on subjects such as "Popery, a Double-Headed Monster," "The Popjects replete with interest to the people of this country. #### THE AMERICAN

### Who Is an American Citizen?

The patriotism of our pope-believing emigrants is not so apparent as is their devotion to the acquisition of wealth, and their devotion to a system of foreignism and its resident representatives, antagonistic to our patriotism; which reflects upon our wisdom in permitting such to become citizens in person before they become citizens by an acclimatization of intelligence. The standard of American citizenship is intelligence and humanity-individuality. Our motto should be: Let none but Americans in intelligence be citizens, planted and grown on our own soil, under the kind and practical hand of our national mother-the public school. It is one thing to point out an evil and another thing to remedy it. General Grant said the soldiers did the fighting and won the battles.

A broad-gauge patriotism can't be run by a narrow-gauge creed. We must either have all creed and no patriotism, or all patriotism and no creed. The issue is squarely before us. Peace and prosperity go with patriotism; strife, poverty and disunion go with creed, as a man that thinks more of money more of man than money is a christian, and won the battles.
